3. Study Leave/Flexibility for faculty pursuing Ph.D program.

The Principal narrated the importance of Ph.D qualified faculty in the institute in the present context. He stressed upon how the number of Ph.D faculty in the institute has become one of the important parameter which impacts the institute performance in a multiple ways. He further informed its significance at a National level in NIRF and Accreditation. He informed that in the past, S.P.I.T demonstrated extreme broadness in deputing the faculty member for full time Ph.D program giving a full 3 years paid leave. He further informed the GB that at present 3 faculty members in the domain of E&TC and Computer Engineering are pursuing Ph.D program at IITB, and he stressed upon the need to reinstitute the scheme of full or partial deputation OR empower Principal to give a concession in academic engagement and working days to the faculty members who are doing Ph.D with IITs/NITs/TIFR etc., to accelerate the process of having maximum number of Ph.D as early as possible.

This issue was deliberated at the length. The Chairman has expressed his concerns over full time deputation. He informed the GB that in the past we had deputed faculty on the lines of Government or Aided institutions for Ph.D, however, many of those have left the institute and some have taken undue time for completion of the Ph.Ds. He pointed out that the scenario has changed significantly. Now, Ph.D is available at many places and no self financed institute does such a deputation. He further remarked that institute presently gives a 6 months paid vacation for completion of the course work to the faculty pursuing Ph.D. He insisted that since the faculty is available with in the institute now, there is no need to full time depute the faculty of entire 3 years. However, he suggested that the Principal be empowered to give some academic concession or concession in timings for faculty pursuing Ph.D on case to case basis. Other members backed this and suggested to continue the practice of one semester full deputation and in addition Principal may decide the concession in timings or the academic engagement on case to case basis.

Resolution 03/13 : The Governing Body resolves that it is not possible to give a full 3 years deputation to the faculty for Ph.D, and the present policy of giving a 6 months deputation for completion of the course work be continued for such faculty. Principal is empowered to give concession in academic engagement or timings on case to case basis.
