(Autonomous institute affiliated to Mumbai University)

MUNSHI NAGAR, ANDHERI W, MUMBAI – 400058.

CURRICULUM REVISION : AY 2019-20

Curriculum Revision : 2019 Iteration

Sardar Patel Institute of Technology collects feedback on curriculum from a variety of stakeholders including parents, Alumni, and employers. The feedback responses are thoroughly studies and analysed and the curriculum is revised regularly to suit the needs of the industry.

Feedback is collected from recruiters during the placement drive conducted every year. The recruiters visiting the campus during this period included Citius Tech, Colgate,L & T infotech, KPMG, Capgemini, Deloitte, HDFC Life etc. . The skills in demand included Java, .net, SQL, ERP, cybersecurity, conflict management, Python, Cloud, IoT, Blockchain etc. while improvement was required in areas like basic technical knowledge, Finance Analytics etc.

In line with the above feedback, during the 2019 iteration of the Curriculum revision, Python Programming and Structured Programming Approach were introduced. Courses in the Finance domain were also introduced like Taxation policies, Financial Planning and Investment. Other new courses in the technology domain included Human Machine Interaction, High performance computing lab, Enterprise Resource Planning Lab, Cloud computing, Database management systems etc.

CURRICULUM REVISION : AY 2020-21

Curriculum Revision : 2020 Iteration

Sardar Patel Institute of Technology collects feedback on curriculum from a variety of stakeholders including parents, Alumni, and employers. The feedback responses are thoroughly studies and analysed and the curriculum is revised regularly to suit the needs of the industry.

Feedback is collected from recruiters during the placement drive conducted every year. The recruiters visiting the campus during this period included J P Morgan Chase, PhonePe Baker Hughes, Deloitte and others. The skills in demand included Java, .net, SQL, ERP, cybersecurity, conflict management, Python, Cloud, IoT, Blockchain etc. while improvement was required in areas like basic technical knowledge, Finance Analytics, Advanced platforms, Data Analytics etc. It was also suggested that students should be exposed to mock interviews, presentations and group discussion in order to prepare them for the interview process.

In line with the above feedback, the 2020 iteration of the Curriculum revision at S.P.I.T saw the introduction / revamping of the Professional Communication Skills the second year of all B Tech Programs. This course is designed as a purely ability enhancement course with mock interviews, group discussions, presentations and so on. Similarly other courses like Imperative Programming, Object Oriented Programming, Clous and Internet Technologies, Network Security and Data Analytics were introduced alongwth 3-D printing. Further, additional focus was placed on equipping Electronics and Telecommunications students with basic coding skill in order to make them industry ready.

Dr. R.G. Sutar
Head of Academics
Sardar Patel Institute of Technology
Mumbai-58

PRINCIPAL

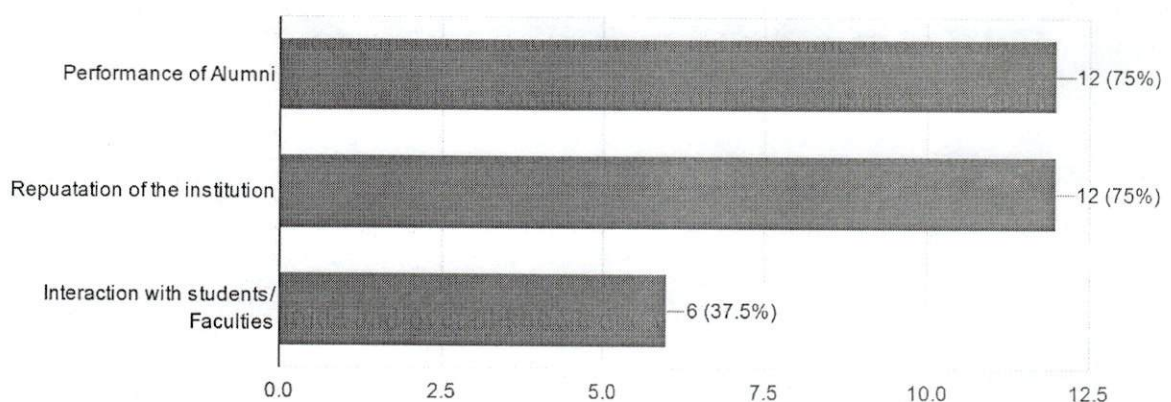

In the year 2020-21 the placements were held online for the first time. In Spite of Covid-19 and the critical environment, we were able to conduct drives of 60+ companies. In addition to this, the drives were also conducted with SP TBI startup and few off-campus startups.

The feedback shows that most of our recruiters were happy with the students' performance. Students attitude and overall knowledge was at par with the panel's expectation.

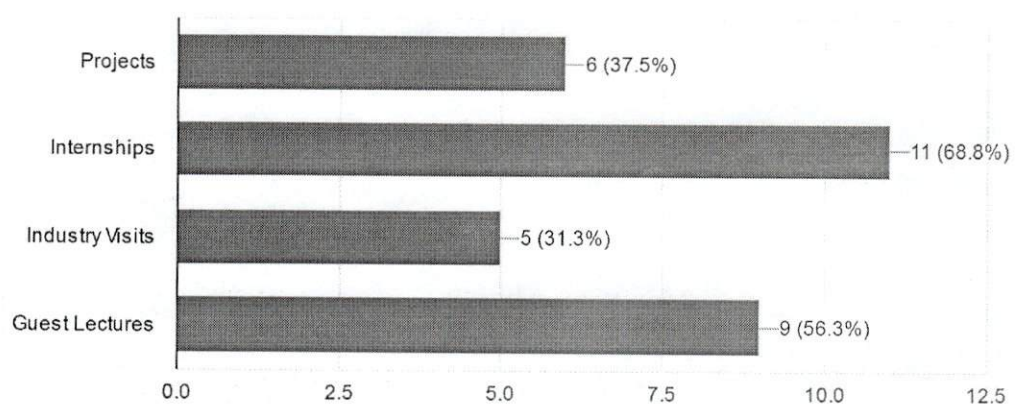

Please indicate the reasons from the following for considering Sardar Patel institute if Technology for Campus Recruitment

16 responses

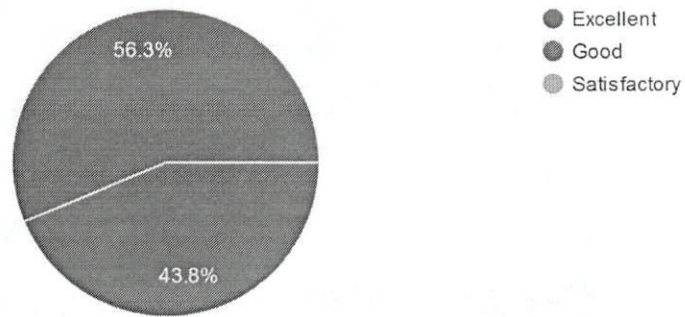

Any other way(s) in which you would like to interact with our students/faculty members:

16 responses

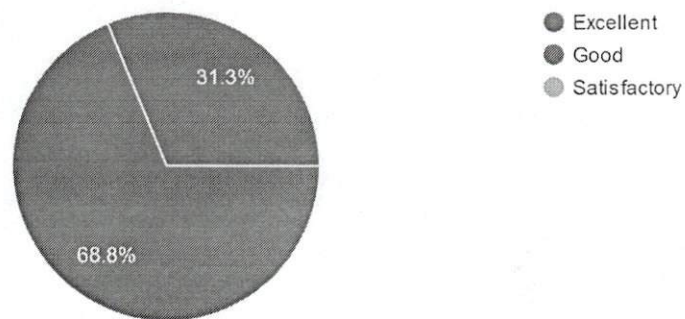

How do you find their performance in general?

16 responses

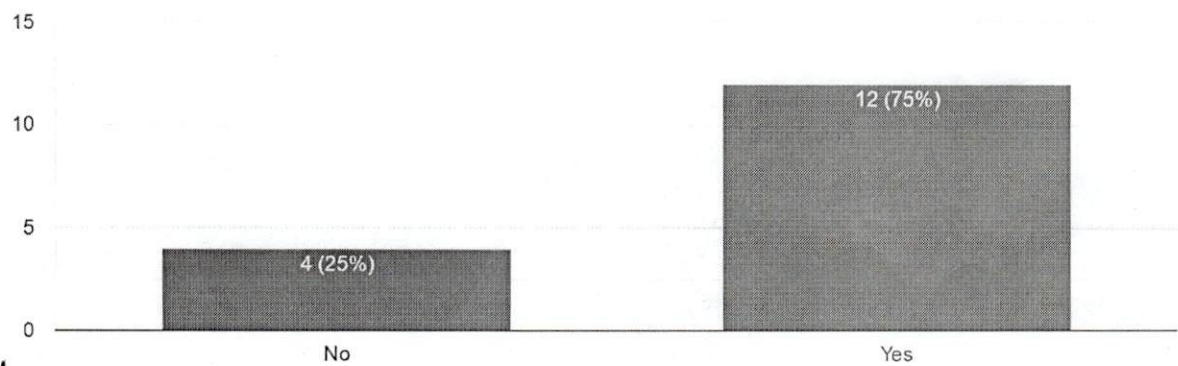

How did you find overall hospitality/interaction of the Training and Placement cell?

16 responses

Do you have any of our Alumni working with your organization?

MUNSHI NAGAR, ANDHERI W, MUMBAI – 400058.

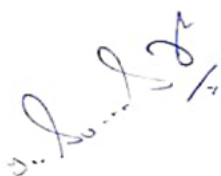

CURRICULUM REVISION : AY 2023-24

Curriculum Revision : 2023 Iteration

Sardar Patel Institute of Technology collects feedback on curriculum from a variety of stakeholders including parents, Alumni, and employers. The feedback responses are thoroughly studies and analysed and the curriculum is revised regularly to suit the needs of the industry.

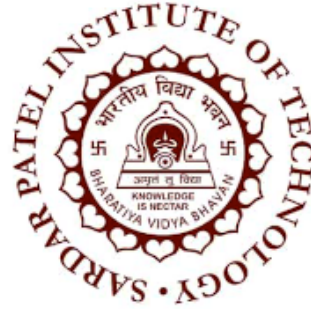

Feedback is collected from recruiters during the placement drive conducted every year. In the period 20-21, 21-22 and 22-23, many recruiters like Deloitte, Oracle, Colgate, Quantiphi, PhonePe Nomura, WorkIndia etc conducted placement drives in both online as well as offline mode during this period and provided their feedback on various aspects including curriculum. While the overall feedback was high appreciative of S.P.I.T students, few areas were highlighted as requiring improvement. These included communication skills, soft skills, analytical thinking etc. Students were also advised to be updated about current trends in the technology domain such as AI and Analytics, Big data Analytics, machine learning, Internet of Things etc. as well as interdisciplinary domains like Finance, creative thinking, design thinking and so on.

In line with the above feedback, the 2023 curriculum revision at S.P.I.T focused on interdisciplinary minors involving Finance, as well as a host of new courses like Web Technology, Cloud and Devops Labs, Interface and Experience Design, SIMOS-VLSI design and so on. The communications skills course offered for FY B.Tech students was also redesigned as a Soft Skills course in line with industry requirements.

Bhavan's Campus, Munshi Nagar, Andheri (W) – 400 058.

Date: 19th December 2019

"Industry Meet 2019-20"

A meeting of representatives from various industries was held on 19th December at 4:00 PM in Room Number 105 at Sardar Patel Institute of Technology, Andheri (West) Mumbai. Minutes of the meeting are as follows:

Principal, Dr. Y. S. Rao welcomed all the representatives from various Industries and the faculty members present from all the departments. He explained the need of Industry involvement in academics, and also requested the representatives to contribute in the development of the Institute. Prof. K T Talele Presented the current status of the developments in the institute, like State of the Art Centres, Placements, Internship, Industry Connect etc. He also highlighted select achievements of the institute.

Dr. Rajendra Sutar (Dean Academics), presented the salient features of the Curriculum, Various activities in the curriculum and their importance towards all-round development of students. He also highlighted some of the courses conducted in association with the Industries. He also mentioned the scope of contribution of industries in curriculum enrichment and making the students industry ready. During the discussion Mr. Chris Samuel from Cognizant inquired about the possibility of running any industry course at SPIT. Dr. Sutar, while replying said that such course can be run for fast learners but need to take the approval of BoS and

subsequently the academic council. Dr. Deepak Karia (HOD Electronics Department) insisted the need of such courses for improvement in student's placements. Commenting on the definition of fast learners, many representatives suggested defining fast learners based on some other criteria instead of present criteria of grade pointers. In this connection Mr. Sameer Jain and Jigar Pandit from General Mills, insisted upon need of imparting basic programming skills and core subject knowledge to PG students. They also cautioned about basic enhancement of basic needs for research.

Prof. Dayanand Ambawade presented the proposed structure of curriculum according to AICTE guidelines.

Dr. D R Kalbande (Dean Industry Relations) discussed about the success of semester long internship and the process of assessment of students during their internship. He also mentioned about the need of industry institute connect, its benefit to industry and institute. Dr. Kalbande highlighted the scope of industry involvement in enriching the curriculum of PG programmes.

Dr. Y. S. Rao requested all the industry representatives to introduce themselves and speak about the way they can contribute towards the development of the institute as well as making the PG programme effective so as to improve the placement of PG students. In reply to that, following were the comments of industry representatives assuring their help in the process of Institute's overall development.

- 1) A. R. Aminpure from J. P. Morgan assured to support in coding competition.
- 2) Gaurav Ghelani from Tata Consultancy Services (TCS) assured their support by participation in BoS meetings.

BHARTIYA VIDYA BHAVAN'S
SARDAR PATEL INSTITUTE OF TECHNOLOGY
(Autonomous Institute Affiliated to Mumbai University)
Bhavan's Campus, Munshi Nagar, Andheri (W) – 400 058.

- 3) Chris from Cognizant assured to contribute in developing and helping in conduction of course on cyber security.
- 4) Vaibhav Deshpande from Capgemini assured to relook the possibilities of Student exchange program with the institute from Netherlands.
- 5) Anivesh Joshi from Infosys Python ensured to help in curriculum design of Python programming, Cyber Security and certification for additional courses for fast learners.
- 6) Sameer Jain and Jigar Pandit from General Mills mentioned their support via participation in BoS meetings.
- 7) Representatives from Nvent said that they would offer participation in BoS meetings.

At the end Prof. Vinod Sikka (Training and Placement officer) thanked all the industry representatives for attending the meeting and also for their continued support in the development of the institute.

Bhartiya Vidya Bhavan's

Sardar Patel Institute of Technology

Training And Placement Cell - Feedback Form

1. Please Indicate the reason(s) from the following for considering Sardar Patel Institute of Technology for Campus Recruitment:

- ☒ a. Performance Of Alumni
- b. Reputation of the institution.
- c. Interaction with the students/Faculties during seminars, projects, internships etc.
- d. Any other (Please Specify)

Siddhant Dalvi & Anish. M (2012)
(2010)

2. Any other way(s) in which you would like to interact with our students/faculty members:

- a. Projects
- ☒ b. Internships
- ☒ c. Industry Visits
- ☒ d. Guest Lectures
- e. Other (Please specify)

3. How did you find the overall hospitality/ interaction with the training and placement cell?

excellent

4. Do you have any Alumni from our institute working for your company?

yes

5. How do you find their performance in general?

Good.

6. How and in what manner have the students from Sardar Patel Institute of Technology fulfilled your experience?

Good.

7. In your opinion, where do our students fall short in terms of skills and expertise?

Problem solving skills could be improved / Thinking in abstract
Expertise in at least 1 technology language/framework.

8. Are there any specific areas where you would like the institute to mentor the students in?

AI/ML / Deep learning
Expertise

Organization: upgraded education.

Designation: Sr. HR Executive.

Signature: Raw

Training And Placement Cell - Feedback Form

1. Please Indicate the reason(s) from the following for considering Sardar Patel Institute of Technology for Campus Recruitment:
- Performance Of Alumni
 - Reputation of the institution.
 - Interaction with the students/Faculties during seminars, projects, internships etc.
 - Any other (Please Specify)

A and B

2. Any other way(s) in which you would like to interact with our students/faculty members:
- Projects
 - Internships
 - Industry Visits
 - Guest Lectures
 - Other (Please specify)

All the above

3. How did you find the overall hospitality/ interaction with the training and placement cell?

Thank you so much ! It was
a great experience. Mihir was really helpful.

4. Do you have any Alumni from our institute working for your company?

Yes - Samyak Mehta.

5. How do you find their performance in general?

Overall I will rate 3.5/5

6. How and in what manner have the students from Sardar Patel Institute of Technology fulfilled your experience?

7. In your opinion, where do our students fall short in terms of skills and expertise?

Depth of understanding is missing.
For example - students may know about web development but if questioned around how to improve performance of database, they may struggle

8. Are there any specific areas where you would like the institute to mentor the students in?

I felt students know what needs to be done. Perhaps more exposure on "why it is done in a specific manner."
