Founder's Message

“Education would fail ignominiously in its objective if it manufactures only a robot and called him an economic man stressing the adjective economic and forgetting the substantive man. A university cannot afford to ignore the cultural aspects of education whatever studies it specializes in. Science is a means, not an end. Whereas culture is an end in itself. Even though you may ultimately become a scientist, a doctor, or an engineer, you must while in college, absorb fundamental values which will make you a man of culture. An engineer has not merely to build bridges; he has to be a devoted husband, a kind father, a friendly neighbour, a dutiful citizen, and a man true to himself. He will have trials and tribulations, his heart will fail him at times, and he will then need the strength which true culture alone can give.”

Kulpati Dr. K. M. Munshi

Principal's Message

Let us wish Heartiest Congratulations to the Students and Faculties for their Achievements. As the Principal of Sardar Patel Institute of Technology (S.P.I.T.), the Numero Uno, self-financed, autonomous Institution of Maharashtra, I am pleased to take this opportunity to present the annual report of documenting its development, achievements, and contribution to society over the course of the year 2023-24. We are a constituent of Bharatiya Vidya Bhavan, not just a conglomeration of more than 300 institutions, but a culture, a saga, a holy journey, started by Dr. K.M. Munshi with the support of Mahatma Gandhi in 1938.

Imparting value-based education with Indian cultural ethos has always been the motto of Bhavan.

We focus on “How to learn?” rather than “What to learn?” We believe in multidisciplinary exposure to the learners, yet ensuring growth in one vertical, cherishing human sensitivity and empathy. A thoughtfully articulated unique academic model is in place well before NEP guidelines towards this. Our splendid academic performance, sparkling placements (quantitative and qualitative), enrolment for higher studies at the best places of the world, prizes won by our students in national/international level technical competitions, consistent over many years are the true testimonials for this. Engineers & technologists form the backbone of any nation's economic development. The world is presently undergoing a very unprecedented, extraordinary, challenging time. **To make aspiring minds confident and future-proof, education must prepare them for a “marathon” rather than a “sprint”.** S.P.I.T. makes continuous, sincere efforts towards this.

Notably, in this academic year, the institute has demonstrated its commitment to academic excellence by applying for the First Cycle of NAAC Accreditation under Tier 1. Furthermore, two undergraduate and one postgraduate programmes EXTC, Computer Engineering, and MCA, respectively have applied for NBA Accreditation under Tier 1 for the first time. This marks the 5th NBA Accreditation cycle for the undergraduate programmes, reflecting a sustained focus on quality education and continuous improvement.

With the support of a dedicated hardworking faculty and staff, the institute has achieved enviable visibility and ranking in a short span. On behalf of all stakeholders of S.P.I.T., I congratulate you all and look forward to your valuable contribution for a better tomorrow.

Let's grow together...

Prof. Bhalchandra N. Chaudhari
Principal

Acknowledgement cum Massage

Dean-Administration and IQAC

It gives me great pleasure and immense satisfaction to present the Annual Report of Sardar Patel Institute of Technology for the Academic Year 2023–24. The consistent progress and accomplishments showcased in this report are a direct outcome of the unwavering guidance and visionary leadership of Prof. Sesha Iyer, Chairman, Governing Body, and Prof. B. N. Chaudhari, Principal. This report stands as a testament to our institute's enduring commitment to academic excellence, transparency, and continuous quality enhancement.

To further strengthen our internal systems, the Internal Quality Assurance Cell (IQAC) reinforced quality assurance mechanisms across departments through regular internal and external audits ensuring institutional clarity and adherence to regulatory frameworks. IQAC played a vital role in curriculum development in alignment with the NEP 2020 framework, ensuring it to be flexible, contemporary, and industry-relevant. IQAC has contributed significantly by enhancing the key documents like Self Appraisal Forms, Process Manual, Feedback Forms, as well as Institutional Values, Policies, Responsibilities, and Code of Conduct for faculty, staff and students of the institute.

A key highlight of this year was the Innovative Teaching-Learning and Evaluation Methodology Award, instituted to recognize faculty members for student-centric pedagogical practices. This award, presented annually in collaboration with LPI Inc., Canada, has added tremendous value to our teaching-learning ecosystem.

These collective initiatives reflect a maturing institutional culture grounded in quality, collaboration, and forward-thinking. Such progress is a result of the shared dedication and efforts of our faculty, staff, and students.

I express my sincere gratitude to Prof. B. N. Chaudhari, Principal, for his inspiring leadership and steadfast support. I also thank all Deans, Heads of Departments, the Training and Placement Officer, the Controller of Examinations, and the NAAC/NBA/NIRF Coordinator and Criteria In-charges and the entire team for their meticulous data contribution and coordination in preparing this report.

Special appreciation goes to our student bodies and professional chapters, along with their faculty mentors, for their aesthetically curated inputs. I gratefully acknowledge the timely support of all faculty members, technical and administrative staff, students, and all those who have directly or indirectly contributed to this endeavour. A heartfelt note of thanks to our committed faculty-student editorial team whose dedication brought this Edition of the Annual Report to fruition.

Let us continue to move forward with a shared spirit of excellence, unity, and purpose as we aim for even greater milestones in the years ahead.

Together, let us stay committed to quality, growth, and institutional excellence.

Prof. Sudhir N. Dhage

Dean-Administration & IQAC

1. About the Institution

Sardar Patel Institute of Technology (S.P.I.T.) is a constituent of Bharatiya Vidya Bhavan, a trust of national eminence, a culture by itself, started by Dr. K.M. Munshi with the support of Mahatma Gandhi in 1938. Imparting value-based education with Indian cultural ethos has always been the motto of Bhavan. S.P.I.T. is a premier Autonomous Engineering Institution affiliated with the University of Mumbai (UoM). Established in 1995 as an unaided wing of the Sardar Patel College of Engineering (S.P.C.E.), S.P.I.T. became an independent entity in 2005 and was granted autonomous status in 2017, making it one of the youngest autonomous institutes under UoM. Later, in 2022 UoM conferred Empowered Autonomous status to the institute making it a greatest milestone of being the only private engineering institution achieving this remarks.

Spread across a lush 47-acre campus in Munshi Nagar, Andheri (West), S.P.I.T. shares its grounds with other esteemed Bhavan's institutions, including the S.P.C.E., SP Jain Institute of Management and Research, and Bhavan's College. This urban campus offers a serene environment conducive to academic pursuits.

S.P.I.T. offers a range of undergraduate and postgraduate programs in engineering. Undergraduate courses include B.Tech. in Computer, Electronics and Telecommunication, Computer Science and Engineering. Postgraduate programmes in Computer, Electronics & Telecommunication Engineering, and MCA. The institute also provides doctoral programs in Electronics, Electronics & Telecommunication, Computer Engineering and MCA disciplines.

With a strong backbone of curriculum as per NEP-2020 guidelines, TLE based on OBE Philosophy, state-of-the-art infrastructure, a dynamic campus environment, SP TBI being a hub of research & innovation and inclusive administration policies, it is committed to academic excellence. The institute has been able to achieve graduate outcome consistently which is visible in the placement record with a median CTC of @13 Lakh per annum for the graduating Batch of 2023-24, with top-tier companies like Google, Meta, Amazon, Microsoft, JPMC, Goldman Sachs, Morgan Stanley and PhonePe recruiting from its campus and admits for higher studies at top ranking institutions. S.P.I.T. continues to be a leading choice for students aspiring to excel in the fields of engineering and technology.

1.1 Institutional Values

The institution is a constituent of Bharatiya Vidya Bhavan started by Dr. K.M. Munshi with the aim to imbibe fundamental values which will make the learner a man of culture mind besides having academic excellence. Accordingly, the Institutional Values are in alignment to the holistic development of the learners stated as follows:

1. Integrity – Integrity is defined as the quality of being honest and having strong organisation of life with the mind-set, of the students to soar new heights, integrity is of paramount importance. Bharatiya Vidya Bhavan's Sardar Patel Institute of Technology takes pride in working with integrity and a sense of righteousness to hold itself to consistent moral and ethical standards.

2. Excellence – Excellence is the hallmark of consistency. Bharatiya Vidya Bhavan's Sardar Patel Institute of Technology has consistently ranked among the top educational institutions in the city and state. It currently occupies a position in the 101 to 150 bracket of the National Institute Ranking Framework (NIRF). All this has been possible with dedicated input from the management and faculty members, who consistently try to mould the institution towards constant improvement and progress.

3. Social Sensitivity – The prime goal of an educational institution like Sardar Patel Institute of Technology, under the aegis of management like Bharatiya Vidya Bhavan, strives to make the society better in all respects by providing quality education. One of the highlights of the new curriculum under autonomy has been to provide relevant education that would make a difference to the society. The institution also tries to instill the values of social service among its students and faculty members by being a part of various social welfare schemes, and tie-ups with NGOs from time to time.

4. Globalization-*Vasudev Kutumbakam* – **The whole universe is our family.** With a strong belief in Vasudev Kutumbakam, Bharatiya Vidya Bhavan's Sardar Patel Institute of Technology extends its services in education to one and all without any discrimination on any grounds whatsoever. It strives to consistently uplift the standard of education provided, with relevance to the current global trends and standards.

1.2 Vision and Mission

Keeping in view the growing and changing needs of Industry & Society as well as the Institutional Values, S.P.I.T. is committed to creating an environment which will raise the intellectual and moral standards of our students. Our endeavour is to strive for the overall development of students, thereby enabling them to accept challenges. In tune with this our vision is-

Vision

“To be a leading technical institution constantly pursuing excellence to develop holistic contributors for the society.”

Mission

- To provide a conducive academic and research environment that stimulates learning, promotes intellectual growth, and ensures professional development of students, faculty, and staff.
- To collaborate with renowned industry, academic institutions, and research laboratories for academics and research to solve real life problems.
- To leverage the strength of alumni to foster industry-relevant coaching and mentoring of the students.
- To nurture values with a sense of social responsibility and inculcate attitude and skills required for holistic development of the students.

1.3 Organization Structure

The entire governance process, execution process reflects the core values that every Bhavanite must practice in order to attend the Institute's and Founder's vision. The institute organogram has a well-defined structure with roles and responsibilities. The Principal has been empowered fully for the functioning of the institute with regard to curricular, co-curricular and extra-curricular activities. The institute observes a clear delegation of the financial powers, and decentralization of the authorities.

1.4 Board of Governance

The Governing Board (GB) has been formed in accordance with the UGC norms to oversee the institute's operations and offer guidance for its effective functioning. The BoG meets regularly to evaluate the institution's endeavours, strategic plans, and provide guidance for continuous improvement, taking into account its Vision-Mission. Following is the details of constitution of BoG for the AY 2023-24.

Name of the Committee Members: Governing Body		
1	Dr. Sesha Iyer <i>Professor and Adviser to the Dean, SPJIMR</i>	Chairman
2	Dr. Prachi Gharpure <i>Ex. Professor & Director of NMIMS, Indore</i>	Management Nominee
3	Shri. Asif Mulla <i>Advocate</i>	Management Nominee
4	Dr. Vikram M. Gadre <i>Professor of Electrical, IIT-Bombay</i>	Member
5	Shri. Rahul Chari <i>Founder & CTO – PhonePe</i>	Member
6	Shri. Suresh Mhatre <i>Ex. Professor, NMIMS, Mumbai</i>	Member
7	Shri. Kiran. T. Talele <i>Associate Professor & Dean-Students Affairs) S.P.I.T.</i>	Teaching Member
8	Dr. Pooja Raundale <i>Professor, S.P.I.T.</i>	Teaching Member
9	Dr. Sunil Bhirud <i>Vice Chancellor, COEP</i>	Nominee of University of Mumbai
10	Dr. Manju Singh <i>Joint Secretary, UGC</i>	Nominee of UGC
11	Dr. Pramod Naik <i>Joint Director of Technical Education, Maharashtra.</i>	Nominee of the DTE
12	Dr. Sudhir N. Dhage <i>Professor and Dean-Administration & Quality Assurance, S.P.I.T.</i>	Invitee
13	Dr. Y. S. Rao <i>Professor and Dean-Academic & Research, S.P.I.T.</i>	Invitee
14	Dr. B. N. Chaudhari <i>Principal, S.P.I.T.</i>	Principal

2. Academics

Since the inception of the institute, it has tried its best to achieve academic excellence and also demonstrated vertical growth by not only offering UG programmes but the relevant PG and doctoral programmes have also been offered.

2.1 UG, PG and Ph.D. Programs Offered

The institute offers UG, PG and Ph.D. degree programs in the following areas. The goal of the institute is to educate students who excel in engineering and applied science and also have a working knowledge of other disciplines.

2.2 Status of Admission

Number of Male, Female and total number of students admitted under various programs and semester for the Academic Year 2023-24 is as follows.

Sr. No.	Year	Branch	Male	Female	Total	
UG						
1.	F.E	Computer Engineering	214	52	266	
2.	F.E	Computer Science and Engineering	103	34	137	
4.	F.E	Electronics & Telecommunication	103	28	131	
Total					534	
1.	S.E	Computer Engineering	122	34	156	
2.	S.E	Computer Science and Engineering (Data Science)	54	24	78	
3.	S.E	Computer Science and Engineering (AI&ML)	57	19	76	
4.	S.E	Electronics & Telecommunication	107	43	150	
Total					460	
1.	T.E	Computer Engineering	119	35	154	
2.	T.E	Computer Science and Engineering (Data Science)	58	22	80	
3.	T.E	Computer Science and Engineering (AI&ML)	58	21	79	
4.	T.E	Electronics & Telecommunication	118	31	149	
Total					462	
1.	B.E	Electronics	57	17	74	
2.	B.E	Computers	65	14	79	
3.	B.E	Information Technology	61	18	79	
4.	B.E	Electronics & Telecommunication	65	13	78	
Total					310	
UG Total					1766	
PG						
1.	MCA	1st year	53	15	68	
2.	MCA	2nd year	52	14	66	
Total					134	
1.	M. Tech.	CMPN	1st year	3	1	4
			2nd year	0	1	1
Total					5	
2.	M. Tech.	EXTC	1st year	1	0	1
Total					1	
PG Total					140	
Grand Total					1906	

There are total 1766 number of students for UG program and 140 PG students. The graphical representation of distribution of Male and Female students across all the programs and year of study are as follows.

F.E. UG Student Strength

S.E. UG Student Strength

T.E. UG Student Strength

B.E. UG Student Strength

MCA Student Strength

M. Tech. Student Strength

2.3 Results

The number of students appearing in the sem VIII of each UG and PG program and the number of successful graduating students is as follows. The average result of all the programs is at par the accreditation standards.

Sr. No.	Branch	Students Appeared	Students Passed	Pass %
UG				
1	B. Tech. (Electronics Engineering)	76	74	97.37
2	B. Tech. (Electronics & Telecommunication)	78	77	98.71
3	B. Tech. (Computer Engineering)	79	78	98.73
4	B. Tech. (Information Technology)	79	78	98.73
PG				
5	Master of Computer Applications	65	65	100

UG Result

PG Result

3. Faculty Information, Contributions & Recognition

Faculty members are well experienced in their respective domains and consistently make efforts to stay updated. The college also deputed the faculty members to Faculty Development Programmes, Short Term Training Programmes and developmental programmes to ensure continuous up gradation. Many faculty members are also actively engaged in research work. Several faculty members regularly publish papers and research articles in leading journals nationally and internationally.

3.1 Faculty Information

Principal

Prof. Bhalchandra Nemichand Chaudhari

Deans

1. Prof. Sudhir N. Dhage (Dean-Administration & Quality Assurance)
2. Prof. Y.S. Rao (Dean-Academics & Research)
3. Prof. K.T. Talele (Dean of Students, Alumni & External Relation)

Computer Engineering Department

1. Prof. Sudhir N. Dhage (Professor, Dean-Administration & Quality Assurance)
2. Dr. Prasenjit Bhavtankar (Associate Professor & HOD Computers)
3. Shri. Anand Godbole (Associate Professor)
4. Dr. Surekha Dholay (Associate Professor)
5. Dr. Anant Nimkar (Associate Professor)
6. Dr. Kailash Devdhar (Associate Professor)
7. Smt. Kiran Gawande (Assistant Professor)
8. Smt. Jyoti Ramteke (Assistant Professor)
9. Dr. Natasha Raul (Assistant Professor)
10. Smt. Reeta Koshy (Assistant Professor)
11. Smt. Swapnali Kurhade (Assistant Professor)
12. Shri. Sisodia Jignesh (Assistant Professor)
13. Shri. Abhijeet Salunke (Assistant Professor)
14. Shri. Pramod Bide (Assistant Professor)
15. Shri. Sunil Ghane (Assistant Professor)

Computer Science and Engineering Department

1. Dr. Dhananjay R. Kalbande (Professor, HOD-CSE)
2. Dr Sujata Kulkarni (Associate Professor)
3. Shri. D.D Ambawade (Associate Professor)
4. Smt. Renuka Pawar (Assistant Professor)
5. Smt. Sheetal Chaudhari (Assistant Professor)
6. Smt. Varsha Hole (Assistant Professor)
7. Smt. Nikahat Kazi (Assistant Professor)
8. Smt. Aparna Halbe (Assistant Professor)
9. Prof. Pooja Raundale (Professor-MCA)
10. Dr. Aarti Karande (Assistant Professor-MCA)
11. Shri. Harshil Kanakia (Assistant Professor-MCA)
12. Smt. Nikita Mangaonkar (Assistant Professor-MCA)
13. Smt. Sakina Banu Shaikh (Assistant Professor-MCA)
14. Smt. Pallavi Thakur (Assistant Professor-MCA)

Electronics and Telecommunication Engineering Department

1. Prof. Y.S. Rao (Professor, Dean-Academics & Research)
2. Dr. K.T. Talele (Associate Professor, Dean-Students Affairs & ER)
3. Dr. Reena Sonkusare (Associate Professor HOD- EXTC)
4. Dr. Rajendra Sutar (Associate Professor)
5. Dr. Narendra Bhagat (Associate Professor)
6. Dr. Deepak Karia (Associate Professor)
7. Dr. Sukanya Kulkarni (Associate Professor)
8. Shri. Manish Parmar (Associate Professor)
9. Dr. Anand Mane (Assistant Professor)
10. Smt. Vijaya Kamble (Assistant Professor)
11. Dr. Prashant Kasambe (Assistant Professor)
12. Smt. Payal Shah (Assistant Professor)
13. Smt. Manisha Bansode (Assistant Professor)
14. Shri. Govind Haldankar (Assistant Professor)
15. Shri. Milind Paraye (Assistant Professor)
16. Dr. Amol Deshpande (Assistant Professor)
17. Smt. Priya Deshpande (Assistant Professor)
18. Shri. Najib Ghatte (Assistant Professor)
19. Smt. Pallavi Malame (Assistant Professor)
20. Smt. Sneha Weaky (Assistant Professor)

Applied Science, Mathematics and Humanities Department

1. Dr. Rita Das (Associate Professor, HOD-ASMH)
2. Dr. D.M. Patil (Assistant Professor)
3. Shri. C.R. Gajbhiye (Assistant Professor-Maths)
4. Dr. Hemant Vasaikar (Assistant Professor-Mechanical)
5. Smt. Meghana Naik (Assistant Professor-Maths)
6. Shri. Kaisar Katchi (Assistant Professor-Engineering Drawing)
7. Smt. Ananthalakshmi V. (Assistant Professor-Chemistry)

Library

1. Smt. Aditi Gaikwad (Librarian)
2. Shri. Sanjay Joshi (Assistant Librarian)

List of Full-Time Adhoc Faculty

1. Dr. Rajendra Sawant (Professor – EXTC)
2. Ms. Prajakta Jadhav (Assistant Professor-ASMH)
3. Smt. Ruchika Patil (Assistant Professor-ASMH)
4. Shri. Mangesh More (Assistant Professor, ASMH)
5. Ms. Firdous Imran (Assistant Professor, ASMH)
6. Ms. Sonali Wankhede (Assistant Professor, COMP)
7. Dr. Abhijeet Bhogale (Assistant Professor, ASMH)
8. Mr. Nawal Dandekar (Assistant Professor, ASMH)
9. Ms. Khushbu Chauhan (Assistant Professor, CSE)
10. Dr. Deepak Nair (Assistant Professor, ASMH)
11. Ms. Akanksha Desai (Assistant Professor, ASMH)
12. Mr. Kaustubh Kulkarni (Assistant Professor, COMP)
13. Mr. Atul Kumar Shukla (Assistant Professor, ASMH)
14. Ms. Abhilasha Dwivedi (Assistant Professor, ASMH)
15. Ms. Aruna Thakkar (Assistant Professor, ASMH)
16. Ms. Sonali Dudihalli (Assistant Professor, ASMH)
17. Ms. Sumaj Majee (Assistant Professor, ASMH)
18. Mr. Aman Yadav (Assistant Professor, ASMH)

Student Counsellor

1. Smt. Mona Upadhyaya (Student Counselor)

3.2 Research Contributions

Research activity is one of the pillars in any institute that contributes to the solutions of the problems of academic interest as well as society. Apart from imparting motivation from the institute, our faculty are self-motivated for various research activities. One such activity is the publications in reputed international journals and conferences. The details of all these publications by various departments have been presented for reference.

Patents Granted (06)

1. Dr. B. N. Chaudhari received Indian Patent Grant for the Patent titled, “An Outer Rotor Permanent Magnet Polyphase Transverse Flux Machine”
2. Dr. B. N. Chaudhari received Indian Patent Grant for the Patent titled, “An Outer Rotor Hybrid Excited Polyphase Transverse Flux Machine”
3. Dr. D. R. Kalbande received Indian Patent Grant for the Patent titled “Grant Auto Walas: an App for Vehicle Management”
4. Dr. Kalbande Dhananjay Ramrao, Mrs Asha received Indian Patent Grant for the Patent titled “Architecture for Predicting Malaria and Dengue Incidence.”
5. Dr. D. R. Kalbande received Indian Patent Grant for the Patent titled “Big Data Architecture for Predicting Malaria and Dengue Incidence”

6. Borade Shwetambari and Dhananjay Kalbande have been granted a patent for their invention titled "System for Developing a Deep Scattering Convolution Network for Cosmetic Skin Classifications."

Patents Published (15)

1. Dr. Sudhir N. Dhage , Shital Kakad Published a Patent titled "Semantic Web Rule Based Student Placement Ontology For Intelligent Information Retrieval "
2. Sudhir Namdeorao Dhage, Pawar Dipti Rohan, Pawar Rohan Subhash Published a Patent titled " Neural Signals Based Silent Speech Decoding System"
3. Dr. Sudhir N. Dhage , Shital Kakad Published a Patent titled "Semantic Information Retrieval Using Bio-Inspired Optimization Based Ontology Construction"
4. Dr. Aarti milind Karande, Dr. Alpna Dey, Ms Anvita Dey, Dr. Sonali Vyas, Dr. Ajay Lala, Dr. Jayprakash Upadhyia published a Patent titled "Smokeless Camping Stove Based on Internet of Things"
5. Deshpande Priya, Kasambe Prashant, Kadam Prathamesh, Makwana Dhvanik, Kamtekar Suraj, Dedhia Fenil, Kadam Namita, Mukherjee Shrutiman published a Patent titled "Photographic Recognition for The Visually Impaired"
6. Rathod Surendra, Kalbande Dhanajay published a Patent titled "AI Powered Single Switch Based Remote Health Monitoring System for Elderly"
7. Gohildarshan, Aralikatti Akhilesh, Halder Riya, Talele Kiran published a Patent titled "System and Method for Generating Intelligent Responses with a Speaker"
8. Talele Kiran, Parasnis Guruprasad, Gadgil Tanmay, Bhoje Rajas, Joshi Aarnav and Kanhere Shubham published a Patent titled "Real-Time Obstacle Detection And Response System For Safer Driving"
9. Manasi Diwedi, Asar Dishita and Rupali Sawant published a patent titled "Naari Kavach - A Privacy Preserving Women Safety App"
10. Ambawade Dayanand, Joshi Aarnav, Ghare Kaustubh, Kanhere Shubham published a patent "Real-Time QR Code Authenticity Validation System"
11. Ambawade Dayanand, Bhagat Narendra, Shinde Omkar, Gada Samay, Jain Hitanshu Published A Patent "Sustainable Decentralised Solution For Socio-Environmental Problems Of The Surroundings"
12. Shubham Sawant, Bilal Sani, Niharika Mehta, Kiran Talele Published A Patent "Systems And Methods For A Web-Based Learning Platform For Online Courses"
13. Pal Hiral Shivkumar and Raul Nataasha have published a patent for their invention titled "A Collaborative AI-Powered Intrusion Detection System with Edge Computing." This system enhances security by using artificial intelligence for intrusion detection while incorporating edge computing to provide real-time threat assessment and response.
14. Dr. Nataasha Raul, Komal T., Siddhant Rao, and Sanika G. have published a patent for their invention titled "Safestrider – An AI-Powered Women Safety Application." This application is designed to improve women's safety using AI-driven features such as real-time tracking, emergency alerts, and intelligent monitoring to enhance personal security.

15. Darshana Sankhe, Rajendra Sawant and Anshal Padole ave published a patent for their invention titled "An Efficient Telecom Power System for 5G – BTS Networks Powered by PV Based Solar Energy Source"

3.3 FDP, Workshops & Tutorials Organized

To be with the modern and recent trends in the technology, faculty of the institute participate in various Faculty Development Programs (FDP), webinars, workshops, tutorials, etc. Moreover, to impart technological knowledge to society, many workshops and short-term training programs are also regularly conducted by faculty. The detailes of such activities in AY 2023-24 have been exhibited in the table below.

Name of the Faculty	Type of Program (Professional Development Programmes, Orientation/Induction Programmes, Refresher Course, Short Term Course)	Durati on (No. of days)	Start Date and End Date	Name of the Organising Institution
Dr. Pooja Raundale	Research and Publication Ethics	12	1/12/23 to 12/12/23	S.P.I.T. Mumbai
Dr. Pooja Raundale	Institutional Building : Academic Leadership for excellence in Higher Education	12	5/12/23 to 16/12/23	AICTE ATAL, New Delhi
Mr. Hardik Joshi	FDP on Entrepreneurship in Academic Campus	1	1/4/24	DST, New Delhi
Dr. Prasenjeet Bhavthankar	Generative AI	6	1/1/24 to 6/1/24	AICTE ATAL, New Delhi
Dr. Sujata Kulkarni	Blockchain Technology: Future of Cyber Security	6	3/7/23 to 8/7/23	IEEE Bombay Section, Bombay
	Machine Learning, Deep Learning, Raspberry PI integration of Real-world Solution"	6	31/7/23 to 5/8/23	MathsWorks India Pvt. Ltd.

3.4 Faculty Awards: International

Sr. No.	Name of the Faculty	Details of the Achievements/Award	Name of the Central government agency/international agencies from where award has been received
1.	Dr. Sudhir N. Dhage	Best Paper award	ICEI 4.0
2.	Dr. Pramod Bide	Best Paper award	DJ Sanghavi

3.5 Faculty Awards: National

Sr. No	Name of the Faculty	Details of the Achievements/Awards	Name of the Central government agency/international agencies from where award has been received
1	Dr. Sujata Kulkarni	Best Researcher Award	Knowledge Research Academy
2	Prof. Varsha Hole	Best Software Project Award	Barclays
3	Prof. Varsha Hole	Topper 5% of NPTEL Python for Data Science	IIT Madras
4	Prof. Sheetal Chaudhari	Topper 1%+Elite Gold in NPTEL Course Python for Data Science	IIT Madras
5	Dr. Deepak C Karia	"Elite Certification in NPTEL course on Developing Soft Skills and Personality"	NPTEL-SWAYAM
6	Dr. Shanti Swamy	Best Inspiring Professor Award	Knowledge Research Academy (An MSME Registered Organization)
7	Dr. Sudhir N. Dhage	Best question paper Award	S.P.I.T. Andheri
8	Dr. Prasenjit Bhavathankar	Best question paper Award	S.P.I.T. Andheri
9.	Dr. Pramod Bide	HPC Master Trainer	AICTE and CDAC
10.	Dr. Surekha Dholay	Best question paper award	S.P.I.T. Andheri
11.	Dr. Anant Nimkar	Best question paper award	S.P.I.T. Andheri
12.	Prof. Jyoti Ramteke	HPC Master Trainer	AICTE and CDAC

3.6 Outreach Activities

Outreach activities are meant to engage a large audience and to bring knowledge and expertise on a particular topic to the general public. Outreach activities can take several forms, such as institute presentations, workshops, public talks and lab visits, etc.

Outreach activities include visiting other institutes, giving talks at assemblies, discussions with students, or participation in events such as career fairs and science and technology camps. The institute constantly encourages these activities for each faculty that includes to be a part of various academic committees at various levels in the state universities. These activities are the major contributing factor for the branding of an institute. Several such activities are presented as a detailed report for various departments.

Electronics & Telecommunication Department

Dr. Aarti Karande	CDAC Hyderabad	Quantum computing using indigenous quantum Simulator Qsim	workshop

4. LLC - Life, Literature and Culture

Holistic development of the learner giving exposure to the various courses under humanities, literature, life skills, culture, natural sciences, health, agriculture, environment, etc, nurturing the hobbies, connecting with society, reducing stress by studying other things, are the broad objectives of this experiment. Faculties are appealed to think, conceptualise, design, and suggest mini courses of 1 credit (ensuring 30-40 hours of work by students) for possible inclusion in the list of approved courses under “Social Empowerment through Various Activities” (SEVA) / Self Accomplishment through Various Activities” (SATVA) umbrella. The indicative list of SEVA/SATVA courses is prepared in articulating the said structure.

We have introduced the SEVA/SATVA courses in our curriculum. These are a sort of liberal learning courses in various domains such as Art and Culture, Physical and Sports, Spiritual and Philosophical, Innovation-Entrepreneurship-Leadership, Social Connect and Giving back to society. Earlier, this was available at SPIT to some extent, in the form of Life Skill Courses. Interestingly this fits perfectly in the NEP philosophy being deliberated and scheduled for implementation by 2030. During the pandemic we could not offer these courses in the spirit. Now, since the institute has resumed the in-person T-L-E process, a systematic and serious implementation of SEVA/SATVA courses is the need of time. We are offering several courses including running, skipping and basic cooking.

Many of which will take place in offline mode. Besides these, few self-study courses will also be offered. We open this basket to students. Some courses may get dropped. Every semester @ 1500 students will enrol for more or less @ 25 such courses. Mostly external experts/mentors will be invited to teach/mentor for these courses. Implementation of this demands careful and sincere management efforts. For most of the courses, instructors are identified, and internal coordinators are given. It is envisaged that a team of faculty members for each course may be sufficient to manage this effectively with one coordinator at institute level. It is a new and challenging experiment and may have an interesting impact on education. This is a tiny step towards holistic development of the learners, and us too in this process. We all have joined hands to make this a fruitful exercise, truly successful with the motto let us experiment, let us learn...

Percentage distribution of students enrolled for variety of courses in ODD Semester

Percentage distribution of students enrolled for variety of courses in EVEN Semester

5. Internship

S.P.I.T. offers a unique, flexible, globally competent curriculum aiming for holistic development of learners. New and updated curriculum under autonomy provides flexibility for Semester Long Internships. The new curriculum caters to industry expectations in India and the world. This ensures students learn state of the art technologies and are therefore easily absorbed in the industry. The syllabus also offers students to complete a six-month internship, even before graduating. This gives students industry experience, along with theoretical learning in classrooms. The holistic development is targeted through several open electives, humanity electives etc. An optional semester long industry internship/research internship is another strong feature of this program.

Our Institute encourages the students to take the internship at various companies and organisations. The Placement cell provides all necessary help to give internship support to all interested students. Following is the graphical representation of total number of students participated in research internship across various Programmes.

5.1 Participation of students in Research internship

Percentage distribution of total students for Research Internship among various orgnaizations

5.2 Participating of Students in Industry Internship

Programme-wise percentage distribution of total students for Industry & Research Internships

Distribution of total students across all Programmes for Industry & Research Internships

5.3 Outcome of Industry Internship

- 64 Students did a industry Internship from COMPS department
- 59 Students from the IT department
- 62 students from EXTC Department and last but not the least 59 Students from Electronics Department
- 244 B.Tech students across all the branches underwent 6 Months Industry internship.
- Students did their internships from huge companies like PhonePe, JMPC, MorganStanley, Shaadi.com etc giving them a real on-ground experience for their placement.

5.4 Outcome of Research Internship

- 27 students performed research internships at IIT Bombay.
- 10 students have been to IIT Patna for research internship.
- From Computer Engineering, 2 students interned at IIT Bombay, 2 at IIT Patna, 1 in IIT Bombay startup and 1 inhouse intern
- From IT, 8 students interned at IIT Bombay, 6 at IIT Patna, 4 In House, and 1 at other company.
- From Electronics and Telecommunication Engineering, 10 students interned at IIT Bombay, 1 at IIT Patna, 2 In House, and 1 at various companies and institutes.
- From Electronics Engineering, 7 students interned at IIT Bombay, 1 at IIT Patna, and 2 at various companies and institutes.
- Out of which a team of 4 students are undergoing research internship under Dr. V. M. Gadre, Electrical Department at IITB on the project titled “Contactless Biometry”. This team has signed MoU with Govt. of India UIDI for AADHAR Card and is also selected by NCETIS, an organization at IITB which works closely with Govt security agencies like BSF, BPR, etc has selected this work. Moreover, a team is also ready with the patent for publication.
- A second team of 3 students Aniket Nadkarni, Prabhat Kumar, and Tirth Patel worked under Dr. Fernandes, Electrical Engineering Department, and IITB on the project titled “Solid State Transformer” has received the best Project award at an Exhibition organized by IEEE, Germany.
- A third team of 4 students Bhagwat Atharv, Tanish Shah, Rushikesh Snagole, and Vrushali Varde are undergoing research internship under Dr. V. M. Gadre, Electrical Department at IITB on the project titled “ECG” have received publications in IEEE Transactions.

The academic year 2023–24 was a remarkable one, filled with hands-on learning and real-world exposure for our students. A total of 244 B.Tech students across all branches took part in 6-month industry internships at top companies like PhonePe, JMPC, and Morgan Stanley. Alongside, 37 students pursued research internships at premier institutes such as IIT Bombay and IIT Patna. Their achievements including government collaborations, award winning projects, and IEEE publications speak volumes about their dedication and talent. It’s inspiring to see our students step confidently into the future, equipped with both knowledge and experience.

6. Placement & Higher studies

The Training & Placement Department of Sardar Patel Institute of Technology has been in the forefront of activities, bringing corporate close to the campus and encouraging them to establish facilities to cater to the needs of the students. It plays a pivotal role in counselling and guiding the students for their successful career, which is a crucial interface between the stages of completion of academic programs of the students and their entry into the job market. Its aim is to provide career guidance and placement opportunities to all students studying in the institute. The Training and Placement Department arranges and coordinates various programs that aim at moulding the students to meet the industry expectations in their career building and in turn bring laurels to the parent institution. The department sincerely believes in imparting comprehensive training to the students to face the challenges of the dynamic and demanding job market and build a successful career for themselves.

6.1. Placement Process

I. About Training & Placement Cell

In order to achieve the highest standard of employability, the Training & Placement Officer (TPO) motivates and prepares students for the interviews and prospective workplace. Careful and systematic preparation is initiated and sustained for this purpose. It is a full-fledged department having its own infrastructure for successfully executing the placement process.

II. Constitution of Training & Placements Cell

The constitution of this cell is well planned and strategically formulated to include all relevant stakeholders. It has its own hierarchy to maintain transparency in the entire placement process. This consists of the Head of the Institute, Training & Placement Officer (TPO) and Training & Placement Coordinators (TPC) who are a group of students selected from every branch and the Point of Contact (POCs) who are the Class Representatives (CRs).

III. Placement Process

The Training & Placement Cell has its own well defined and unique process for providing placements to S.P.I.T. students only through campus interviews. This process is executed in phases namely:

Phase I: Planning & Training The selection and training phase takes place at the beginning of every year. In this phase, the TPCs of the previous year, selects two or three students from the 6th Semester of each branch after a rigorous interview and trains them to understand the placement process. The list of eligible students for placement is declared by the TPO. Training is divided into two parts. For external training, demo sessions by various training institutes are arranged and based on students feedback, the agreed upon course is then scheduled across the 6th semester on weekends and training is conducted accordingly. For internal training, sessions are conducted by previously placed students and Alumni working with corporates who share their experiences and knowledge on select topics as requested by students.

Phase II: Providing Internship S.P.I. T is the only engineering institution in Maharashtra to offer a semester-long industry or research internships in the sixth or eighth semester of the B.Tech program. M.C.A students must complete a 6-month internship as a part of their curriculum in the 6th semester. As Internship is a great way to provide industrial exposure to students, students are encouraged and advised to go for internship and required support is provided in this direction. The screening process is done via an online coding test or an aptitude test followed by an interview.

Phase III: Commencement of Placements The Placement process begins with the framing of the placement policy in consultation with the Principal and considering the current market trends. A cell formed in the TPO specially concentrates on identifying the CORE companies and taking steps to invite them to campus. After formulating the placement calendar, the companies are asked to share their eligibility criteria and the desired skills for the role and this information is shared with students. If a TPC is unplaced, then this student is allowed to focus on his academics and his placement cell role is taken over by an already placed student. There is also a deferred placement policy wherein students are encouraged to begin start-ups and given a time frame of two years to make a success at entrepreneurship.

Phase IV: Compilation of Data The data of selected students is compiled simultaneously during the process of placement. Students selected once by a dream company are not allowed to appear for another company while students selected by normal companies are permitted to participate in the dream company selection process. Closer to the end of the placement process a group is formed for the unplaced students and openings with various companies are communicated to them. Unplaced students are also informed of the various apprenticeships training available.

S.P.I.T is the numero uno technical institution in Maharashtra exceeding institutions like IIIT Pune, NIT Nagpur, College of Engineering, Pune etc. with a strong industry connect leading to the top position for placements. Among all the areas like Curriculum Design, TLE, R&D, Placement Cell, S.P.Technology Business Incubator (SP-TBI), in which S.P.I.T. has excelled in its attempt to create enthusiastic engineers. S.P.I.T discourages mass recruitment in a specific domain.

6.2 Placement Statistics

S.P.I.T 's legacy of such excellent placement records is not the result of a day, a month or a year's efforts, instead it is a continuously evolving process which is reviewed, deliberated upon and modified every year taking into consideration feedback from all the stakeholders (students, alumni and recruiters). There are extensive discussions prior to forming the placement policy and students are trained in a focused manner with the help of mock Group Discussions, mock interviews, and various other tools. The placement for AY 2023-24 was also exciting as visible from the statistics.

Programme wise performance of students in placement

Summary of Students Placements

1. In spite of the post pandemic scenario in the AY 2023-24, we saw a good number of companies visit and students placed.
2. 46 Super Dream Companies visited and 139 Students Placed
3. 20 Dream Companies visited and the number of students placed was 47
4. 27 Elite Companies visited and Students Placed 92
5. The highest CTC offered was 61.55 lakh. The average CTC offered was 15.3 lakh, and the median CTC offered was 13.33 lakh, highlighting the illustrious performance of S.P.I.T.
6. In conclusion, the various thrust areas of the institute like Curriculum Design, TLE, R&D, Placement Cell, and S.P. Technology Business Incubator (SP-TBI) complement each other in ensuring that graduating students have a bright future and are helping the institute realise its vision and mission.

	23. Snowflake		
	24. SEDEMAC		
	25. NVent		
	26. Ugam		
	27. Josh Tech		
	28. ARP Invest		

The above represented statistical analysis shows that SPIT has developed its reputation over the years resulting almost 100% placement with the help of Hon. Talele sir and Hon. Sikka sir. The packages are on par to the nation's some top institutes. The placement percentages are 100% for all B.Tech courses and 97.64% for the MCA course.

6.3 Higher Studies

The Training & Placement Cell is also involved in e-governance for students aiming for foreign universities by developing an online system for providing Letters of Recommendations (LoRs). However, over a period of time this role has evolved into not only providing LoRs but also assisting such students to undertake 6 months long Research Internships during the VI Semester. These research internships have improved the quality of our B. Tech Projects and are also contributing to quality publications as well fetching recognition in national and international competitions.

Sr. No.	Name of B.Tech. Programme	% of Students Opted for Higher Studies	Number of student selected for Higher Studies in Top institutes
1	Computer Engineering	10.26	8
2	Information Technology	8.86	7
3	Electronics and Telecommunication Engineering	11.54	9
4	Electronics Engineering	18.92	14

7. Student Chapter Events

The Student's Council is a very active body at the institute level which organizes and promotes popular events like Techno-cultural festival: Oculus, Sports festival: Agility & SPoorthi, Technical events: Hackathon, Tech-Race & MUN and Open Mike for students to show their literary, technical and musical talents. There are other committees like E-Cell, Rotract Club, English Literary Association (ELA), etc. The E-Cell regularly conducts activities to educate and upskill the self-sustainability, business mindset and entrepreneurial capabilities of the Institute's student bodies. This chapter organizes various events for social causes for e.g. Marathons, Blood donation drive, Clothes donation drive, etc. This club conducts activities and competitions in English language like debates, GDs, Presentations, etc. to enhance students' communication skills. This club is an editorial board which publishes the College Annual Magazine.

Apart from the Institute level committees, every department has its own active and vibrant student associations like FETS, ITSA, CSI, ESA, FACE, ACE and IETE. The main objective is to arrange seminars and workshops for students. The events conducted by these committees and clubs are documented in this chapter.

7.1 Professional Society Events

IEEE Events

1. AARAMBH X UDAAN

This event marked the beginning of the academic year, bringing students together in Room 008 for an evening filled with entertainment and camaraderie. Hosted by Prathamesh Mane and Atharva Chavan, the event featured interactive games like "Guess the Movie," "Shazam," and "Balloon Pop," creating a festive atmosphere. The Talent Show allowed students to showcase their diverse talents, while an Icebreaker Session encouraged networking and friendships among participants. Refreshments were also provided, enhancing the overall experience.

2. IEEE Day Celebration

Held at Sardar Patel Institute of Technology, this event was organized by IEEE SPIT and included participation from various IEEE societies. The highlight was a Membership Benefits Session led by Mr. Dattatray Sawant, which discussed the advantages of IEEE membership and featured success stories from current members. The event fostered community spirit, highlighted by a cake-cutting ceremony and the distribution of certificates to recognize participant engagement.

3. E-waste Panel Discussion and Blog Writing Competition

This event focused on the critical issue of e-waste management, featuring industry experts who discussed the need for a circular economy. The event included a blog writing competition aimed at raising awareness about e-waste, with cash prizes for winners. E-waste collection bins were also placed around the campus to promote responsible disposal practices.

4. CODE-HUNT

A unique blend of coding and treasure hunting, CODE-HUNT featured a session by guest speaker Mr. Vivek Gupta, a Google Software Engineer. Participants engaged in coding challenges and a treasure hunt, with winners recognized for their problem-solving skills. The event showcased the vibrant coding community at SPIT and emphasized innovation and creativity. The preliminary round involved 22 teams submitting project abstracts, evaluated by a panel of jury members. Nine teams advanced to the final round, where they presented their innovative solutions to real-world problems. The event underscored SPIT's commitment to promoting innovation and social responsibility among students, with prizes awarded to outstanding projects.

STUDENTS' COUNCIL

1. Teachers' Day Celebration 2023:

The Students' Council of S.P.I.T. kicked off its events with the vibrant Teacher's Day Celebration on September 5, 2023. The occasion showcased the remarkable talents of MUDRA's students through captivating performances. The festive spirit continued with an enthusiastic game of Housie, where faculty and staff members participated eagerly, competing for exciting prizes. The event not only celebrated the teachers but also highlighted the unity and enthusiasm of the entire college community.

2. Garba Night 2023:

IEEE S.P.I.T organized an informative session for the studentThe Garba Night event held at Bhavans Ground on 19th, October was a successful cultural event organized by the Students' Council. The event aimed to unite the college community and celebrate the festive season with enthusiasm and unity. The venue was adorned with vibrant lights and traditional decorations, creating a festive atmosphere that set the stage for an enjoyable evening. Students enthusiastically participated in the Garba dance, dressed in traditional attire, and created cherished memories with their peers. The event was well-received by the attendees, and it was a great success in participation and enthusiasm.s of S.P.I.T on the latest technological advancements in the field of Blockchain. Esteemed guest speakers, Mr. Aman Bandvi (Co-founder of India Blockchain Alliance) and Kuldeep Dubey (Founder of Damacloud, Co-Founder & CTO of Assurekit), shared their extensive knowledge and experience on the subject, simplifying the concept of Blockchain and highlighting its present impact and future potential. The session shed light on the emerging trends in Blockchain and the role it plays in shaping the future.

3. Agility:

The Sports Committee successfully organized Agility, the introductory sports event of the Academic Year, which showcased various sports events for students within the institute. The event received an overwhelming response from the student body, creating immense enthusiasm among the participants.

4. S.P.I.T. Hackathon:

S.P.I.T. hosted its flagship tech event, the S.P.I.T. Hackathon, on February 10-11, 2024, which attracted over 1500+ registrations from across India, and 50 teams were shortlisted for the on-site hackathon. The hackathon commenced with an opening ceremony, followed by the technical team explaining the problem statements to team leaders. Participants worked tirelessly throughout the night, submitting their final commits before 11:00 AM. On February 11th, 2024, esteemed judges carefully deliberated and selected the top 10 teams whose presentations stood out for their

innovation and creativity, culminating in the crowning of the champion.

5. SPoorthi:

Spoorthi 2024, the intercollege sports festival organized by S.P.I.T., was a resounding success, captivating the sporting community of Mumbai with its unparalleled scale and inclusive spirit. From February 12th to 18th, 2024, the event showcased nine thrilling sports competitions simultaneously, drawing participants from over 55 colleges across Maharashtra. This year's edition raised the bar by increasing the participation caps for all sports, fostering fiercer competition and wider involvement. The event was a testament to teamwork, with dedicated efforts from the Marketing, PR, Decor, Social Media, and Creatives teams. Spoorthi continues to serve as a beacon of unity and celebration, inspiring and uniting through the transformative power of sports.

6. General Championships:

The General Championship serves as a vital platform for students to exhibit their talents and sportsmanship, fostering healthy competition. It encourages the exploration of diverse interests in cultural activities, technical knowledge, and sports, building a strong sense of community. To enhance student synergy within branches and strengthen their bond with the institute, the Student's Council organized the second edition of S.P.I.T.'s General Championships (GC). This multi-month event featured Technology, Cultural, and Sports competitions, drawing enthusiastic participation from students across all branches, each vying for their branch's glory.

7. Freshers' Party 2023:

The institute welcomed the first-year students (FEs) with the traditional Freshers' party, a flagship event by the Students' Council. It marked the first significant offline cultural gathering for the newcomers. Following tradition, FEs engaged in friendly branch-based competitions, including a Mr. and Ms. Fresher pageant and a musical battle with branch-formed bands. The event culminated in a spirited branch-wise dance competition, concluding with an energetic DJ night for all FEs.

8. Oculus 2024:

Oculus'24, held from March 29th to 31st, was a vibrant college fest that kicked off with the Techrace treasure hunt on February 4th, where participants navigated clues across Mumbai. The festival featured dynamic events like the Virtual Stock Market (VSM), where participants competed in team rounds covering various market sectors, and the IPL Auction, where teams bid on legendary cricketers like Sachin Tendulkar and Kapil Dev. Aelan-E-Jung (AEJ) showcased electrifying dance performances judged by Richa Negi, while Carnival, the intercollegiate fashion show, ignited passion among aspiring designers from Mumbai, with four colleges competing. The highlight was the two Pronite concerts. Pronite 1 on March 30th featured performances by rising star Yashraj, followed by DJs Zulex and 14.20, while Pronite 2 on March 31st continued with performances by Ayush Sharma, DJ Sahil Gulati, and the closing act AshKing. These nights of music and dance ensured an unforgettable experience for the audience. Oculus'24 offered a multifaceted experience, blending financial strategy, sports enthusiasm, artistic showcases, and musical entertainment, making it a standout event in the college fest calendar.

9. Marathon:

The S.P.I.T. Marathon - Miles for Smiles, a beacon of mental health awareness, successfully brought together athletes from across Maharashtra to celebrate athleticism. This year's event featured three race categories, including a joyous 5km run and a challenging 10km timed race, catering to all ages and abilities. With 800 enthusiastic participants, the marathon was a resounding success. As we conclude Marathon 2k24, we look forward to continuing our journey of Miles for Smiles, inspiring and uplifting all who join us.

7.2 Department Forum Events

CSI

1) Git and Github Workshop:

On September 13, 2023, CSI S.P.I.T. held a Git and GitHub workshop for first-year students, led by two third-year students. The session covered version control, branching, merging, and collaboration through hands-on exercises. It included a doubt session and fostered efficient code management and teamwork, equipping participants for future collaboration.

2) Source Start:

From October 17 to 31, 2023, CSI-SPIT hosted Source Start, a two-week celebration of open-source contributions for Hacktoberfest 2023. It began with an informative session by GSOC '23 intern Vedant Jolly. The event featured 12 GitHub repositories, a competitive element with a leaderboard, and saw over 100 pull requests, promoting an open-source culture among SPIT students.

3) Code Housie:

On November 1, 2023, CSI-S.P.I.T. hosted Code Housie for first and second-year students. Participants received tickets with six numbers, each representing a HackerRank question. With a 2-hour time limit, teams earned 100 points per correct solution. Prizes over INR 3000 were awarded for "Full Housie" and row completions. The event ended with four row completions and one "Full Housie."

4) M.L. Workshop:

On January 27, 2023, during Tech Week, a 2-hour online ML workshop was conducted by Dr. Ayesha Hakim. The session covered Python libraries like Numpy and Pandas, fundamental concepts like regression, and their applications in astrophysics. Topics included astrophysical data interpretation, preprocessing, regression, classification algorithms, and result optimization. Active student participation highlighted the event's success.

5) S.P.I.T. Hackathon:

On February 10-11, 2024, the flagship S.P.I.T Hackathon, organized by C.S.I S.P.I.T in collaboration with the Students' Council S.P.I.T, was held at Sardar Patel Institute of Technology, Mumbai. The event garnered over 1500 registrations from across India for the initial online abstract submission round, from which 50 teams were shortlisted for the on-site hackathon. The event began at 9:00 AM with an opening ceremony that included lamp lighting and speeches by Dr. B.N. Chaudhari, Principal of S.P.I.T, Dr. Y.S. Rao, Dean of Academics, and Prof. Kailas Devadkar, faculty mentor of CSI S.P.I.T. Following this, the technical team briefed the team leaders on the problem statements from 10:00 to 11:00 AM, and the coding round commenced at

11:00 AM. Participants received meals and refreshments at regular intervals, and two mentoring rounds, both offline and online, were held to assist teams with their ideas and implementations. Teams worked diligently through the night, submitting their final commits on GitHub before the 11:00 AM deadline on February 11. They also provided presentations detailing their project's functionality and future scope. On February 11, esteemed judges from diverse domains evaluated the projects, ultimately selecting the top 10 teams for their innovation and creativity. The winners were announced, with Iterative Bytes taking first place, Loading... coming in second, and MinGWx86 securing third place.

6) Empower-Her Ideathon:

In celebration of Women's Week, C.S.I-S.P.I.T, W.I.E-S.P.I.T, and the Student Council organized a women-only Coding Contest to empower Women in STEM. The event combined a case study and hackathon, challenging students to create and present women-oriented app ideas. Winners of the Empower-Her Ideathon were:

PS-1:

1. Vanshika Shah, Darshini Kadme, Awani Khodwe

2. Sanjeev Ratnani, Muskan Sharma, Heenal Patel

PS-2:

1. Hrishikesh Dalal, Venisha Kalola, Maureen Miranda

2. Om Patole, Samrith Shetty, Aditi Rao

7) CODE UNCODE:

CSI SPIT, DJSCE CodeStars, and KJSCE CodeCell organized a major competitive programming competition, supported by TLE ELIMINATORS and featuring CodeForces Candidate Master Priyansh Agarwal. Open to all skill levels, the event included prelims on April 7, regionals on April 9-11, and finals on April 14. With 1000+ registrants, the event included solution discussions and offered a prize pool of ₹50,000 for first place, ₹30,000 for second, and ₹20,000 for third.

8) SE Hackathon:

On April 20-21, C.S.I. S.P.I.T. organized the ‘S.E. Hackathon,’ a 24-hour event exclusively for second-year S.P.I.T. students. The hackathon aimed to equip participants with skills beneficial for their careers and prepare them for regional and national-level hackathons. Objectives included developing a full-fledged project within 24 hours, exchanging ideas with peers from different tech domains, brainstorming market-level product features, effectively working in groups by leveraging individual skills, and receiving guidance through mentoring rounds to overcome roadblocks. The event provided a valuable platform for skill enhancement and collaboration.

IEEE WIE SPIT - WDC

1. Animetoon

This event was held on 20th October 2023. The WIE student chapter hosted a quiz on favorite cartoon and anime characters for first-year students. Participants could compete individually or in teams of 2-4, using buzzers to answer questions. Correct answers earned 4 points, but incorrect or

out-of-turn responses deducted 2 points. Rounds included picture, trivia, and audio challenges. Team APK, led by Pranav Tanawade, emerged victorious. Prizes were awarded by the WIE Chairperson. The event concluded with participants enjoying a photo booth

2. C Coding Bootcamp

This event was held on 19th November 2023. WIE SPIT organized a bootcamp led by Shivani Bhat, focusing on C programming for first-year students. Promotion was done via social media, and attendees joined via a WhatsApp Group and Google Meet. Shivani covered concepts from C language basics to file handling, providing practical demonstrations and explanations. Topics included data types, conditional statements, sorting algorithms, arrays, strings, structures, pointers, memory allocation, and file handling. Attendees engaged in interactive sessions and polls. Shivani shared her practical experience, resolving attendees' doubts. The session garnered positive feedback, with students appreciating the WIE Team's efforts in facilitating the event's success.

3. Constitution Day Celebration

On 26th November 2023, WIE conducted the celebration of the constitution day. During the break, all students were instructed to assemble at the entrance. They were briefed about the history of Constitution Day. All students took the national pledge. WIE team also visited students in classrooms, giving them information about Constitution Day and they also took the pledge. Thus, this event was informative for students.

4. Savitribai Phule and Jijamata Jayanti

On 19th January 2024, IEEE WIE SPIT, along with IIC SPIT and Electoral Literacy Club, organized an event led by Dr. Aarti Karande, Prof. Sheetal Chaudhari, Madhura Kanfade, and Shivani Bhat. Shivani hosted the event, which began with the lighting of the lamp and speeches by the Principal, Dr. Pooja Raundale, Dr. Pramod Bide, and Sanjay Sir. They highlighted the contributions of Savitribai Phule and Jijamata to female education and Indian history. Dr. Raundale was felicitated for her speech. The event concluded with a harmonica performance.

5. Menstruation and Mental Health

The event was held on 7th February 2024 and was hosted by Madhura Kanfade and Nirmitee Sarode, targeting all female students in seminar hall 008. Ms. Mishika Dhakan spoke on body language's significance in professional and casual settings, emphasizing posture, presentation skills, confidence, personal hygiene, and mental health maintenance. The session concluded with a lively Q&A session, enjoyed by all attendees.

6. Resume Writing

The event was held on 7th February 2024 and was hosted by Madhura Kanfade and Nirmitee Sarode, targeting all female students in seminar hall 008. Ms. Mishika Dhakan spoke on body language's significance in professional and casual settings, emphasizing posture, presentation skills, confidence, personal hygiene, and mental health maintenance. The session concluded with a lively Q&A session, enjoyed by all attendees.

7. Abhimat

The dynamic Lok Sabha-style debate, hosted by WIE IEEE SPIT in collaboration with IIC SPIT and Enactus SPIT, showcased students' intellectual prowess. Teams of 1-3 members engaged passionately, discussing bills like EWS reservation and privatization. Shraddha Kankeshwar led the event, while judges Pooja Anandani, Prof Aditya Rajmane, and Mohit Sali evaluated performances. Parvez Tamboli won Best Speaker, with Khaas admi party and Local Train Janta Party earning Best Party and Best Logo awards, respectively. Devanshi and Parth received Best Question, Soham Ghaisas Best Counter, and Dibyaranjan Best Mimicry. Sphurti Asawa's insightful responses secured Best Answer. The event fostered critical thinking and effective communication skills.

8. Inauguration of Women's week

IEEE WIE SPIT and Student Council SPIT organized a vibrant celebration of womanhood at SPIT's entrance, adorned in white and purple. Hosted by Manavi Jhalani and Gargi Kadam, the event began with a prestigious ceremony led by the Principal, emphasizing the importance of honoring women's achievements. Mudra members captivated the audience with dance and a skit, highlighting narratives of resilience. Attendees enjoyed culinary delights and admired resin art, showcasing the creativity of womanhood. Gratitude and inspiration filled the air as the event concluded, leaving a lasting impression on all attendees, celebrating the beauty, strength, and diversity of womanhood.

9. Empowerher Ideathon

WIE SPIT, Student Council SPIT, and CSI SPIT collaborated for an event in seminar hall 008, hosted by Shivani Bhat. Teams of three students from all years tackled problem statements focusing on women's issues. Twenty teams, split into two panels, pitched solutions. In room 008, students devised platforms for pregnant women, judged by Mayuri Ghuge and Pranjal Patil. In lab 203, they brainstormed financial literacy platforms for women, judged by Dhruvi Gopani and Mansi Dwivedi. Team OnlyGirls and Team ConceptCrafters triumphed for their innovative solutions, highlighting the event's success.

WIE SPIT and Student Council SPIT organized an event in room 008, inviting faculty from all departments and hosted by Shivani Bhat. The event began with musical performances by Shivani Bhat, Uday Chavan, Prof Vipul Kushwaha, and Nikhil Chaudhari, followed by faculty participating in dumb charades and Guess the Song by emojis. Prof Renuka Pawar excelled in the latter. Refreshments were served, concluding with music and dance performances by the faculty, creating a memorable atmosphere of camaraderie and enjoyment.

STUDENT COUNCIL

IIC S.P.I.T.
Institution's Intervention Council

Bhartiya Vidya Bhavans

Sardar Patel Institute Of Technology

An Autonomous Institute Affiliated To University Of Mumbai

FACULTY EVENT

WIE SPIT organized a faculty event on 14th March 2023. Faculty from all departments participated in music and games and had a wonderful evening.

F.A.C.E SPIT

1. Cricket World Cup Auction:

The Cricket World Cup Auction, held on Sunday, October 22, 2023, featured a dynamic format that included bidding for teams, power cards, and players, creating a fast-paced environment. The auction had two slots with 10 teams each, all working within a budget of 90 crore rupees to form their dream teams. A dedicated website provided real-time updates on team compositions, player statistics, and leaderboards, enhancing excitement and transparency. The team with the highest total points, based on the historical performance of their purchased players, was declared the winner. Teams Netherlands and Pakistan emerged victorious in the first slot, while Pakistan and Bangladesh won in the second slot, each receiving a cash prize and coupons for a no-escape room.

2. FACE Cup:

The Face Cup event featured a series of engaging intellectual and entertainment activities. The Chess Tournament, held online on Lichess on January 22, 2024, began at 11:30 AM with a round-robin format. Shaan Agarwal from TE A secured first place, Vinayak Yadav from FE B came second, and Megh from FE C finished third.

The FACE Cup Quiz Competition, hosted by alumnus Suyash Chavan on January 28, 2024, from 8:00 PM to 11:00 PM, was conducted via Google Meet. It featured ten teams and an alumni team, with questions spanning general knowledge, current affairs, science, technology, and pop culture. The alumni team won with 290 points, followed by the Second Year Div B team with 270 points and the Third Year Div A team with 260 points.

The Valorant Competition, an esports event held on February 6, 2024, showcased gamers' skills in the first-person shooter game. Following "Valo Rules," it featured two groups of four teams each. SE B took first place, BE second, and SE A third.

The Football Tournament on January 26, 2024, at Suntech Turf, involved teams from different academic years, each with six players and one substitute. FE B won first place, BE second, and TE A third. The Cricket Tournament on January 21, 2024, from 8:30 AM to 4:00 PM, included teams from all academic years, each with seven players and one substitute. SE B won first place, FE A second, and TE A third. This diverse array of events provided students with opportunities to engage in both intellectual challenges and physical activities, promoting a well-rounded competitive spirit.

3. Codefolio:

The Codefolio event, held from April 19 to April 22, 2024, provided first-year (FE) and second-year (SE) students with a platform to showcase their coding skills and creativity by developing portfolio websites. The event attracted eight participants from the FE and SE cohorts, with submissions collected via Google Forms. Continuous guidance and resources were provided to participants. The judging round took place online on April 22, 2024, with judges Aditya Kharote, Varun Korrane, and Shruti Haryan. This phase offered valuable feedback and engaging discussions, helping participants refine their projects. The event concluded with Satyam Vyas winning 1st prize, Manjiri Chavande 2nd, Tabish Shaikh 3rd.

NISP Council

NISP Council S.P.I.T. intends to guide HEIs for promoting students' driven innovations & start-ups and to engage the students and faculty in innovation and start-up activities on campus. It aims at enabling HEIs to build, streamline and strengthen the innovation and entrepreneurial ecosystem in campus and will be instrumental in leveraging the potential of student's creative problem solving and entrepreneurial mind-set.

The National Innovation & Startup Policy (NISP) is being implemented by MoE's Innovation Cell and in coordination AICTE, UGC, state/ UT governments and universities in promoting a strong intra and interinstitutional partnerships with ecosystem enablers and different stakeholders at regional, national and international level. Implementation of policy has been undertaken for quick adoption by HEIs.

1) Dreams & Deals (D&D):

On October 31, 2024, the event focused on engaging first-year students while encouraging participation across all grades. It featured extensive publicity through offline and online campaigns, and Halloween-themed cards with unique QR code riddles to prevent cheating. A dedicated website tracked scores and leaderboards. The top 10 teams presented pitches for fictional products. Mr. Hardik Joshi, CEO of SP-TBI, judged the final round, concluding the event with a celebration of its success.

2) WIPO IP Diagnostics:

On October 25, 2023, the WIPO IP Session, hosted by IIC and N.I.S.P, provided comprehensive training on Intellectual Property Rights (IPR). Led by industry experts and legal professionals, the session covered patents, copyrights, trademarks, and their legal implications. Participants gained insights into protecting innovative ideas and creations, and the global significance of IPR, enhancing their ability to safeguard intellectual property effectively.

3) Startup Day Celebration:

On January 25, 2024, the “Entrepreneurship, Innovation and Startups” event, led by Dr. Kiran Talele and organized by the NISP Council, made a significant impact. Dr. Talele integrated local startup stories from SPIT with analyses of industry giants like Flipkart and PhonePe, using their strategic innovations as case studies. The event, which attracted a diverse audience of students, faculty, and enthusiasts, offered practical insights into SPIT’s incubation and funding processes. Attendees left inspired and equipped with a comprehensive understanding of entrepreneurship, highlighting the event’s role in fostering an entrepreneurial culture.

4) Intellectual Property Rights (IPR) Seminar:

On February 2, 2024, Adv. Rachna Shroff conducted a webinar on the importance of intellectual property (IP) protection for startups. The session covered topics like Coca-Cola's copyright policy, joint IP rights, and license agreements. Adv. Shroff emphasized patents, trademarks, copyrights, and trade secrets, highlighting their practical applications. Attendees gained valuable insights into protecting innovative ideas, fostering collaborations, and leveraging IP for growth, enhancing their ability to navigate IP complexities effectively.

5) BMC (Business Model Canvas) Workshop:

On February 23, 2024, Dr. Aarti Karande led a successful seminar on the Business Model Canvas. Participants learned about business planning, market analysis, and writing executive summaries through engaging and interactive sessions. The seminar provided valuable insights for better decision-making and clear expression of business ideas, enhancing participants' chances of attracting investors. The event, which drew students interested in entrepreneurship, received positive feedback and enriched the entrepreneurial community, inspiring innovation and the pursuit of entrepreneurial dreams.

6) Startup Stories:

The Startup Stories event, organized by the National Innovation and Startup Policy Council (N.I.S.P.), featured five insightful sessions. On 4th April 2024, Professor Sakina Salmani captivated first-year engineering students with a case study on UpGrad, emphasizing critical thinking and practical knowledge. On 15th April 2024, Dr. Kiran Talele discussed Collegedunia with 50 engaged students, fostering debates and entrepreneurial ambitions. Later that day, Professor Salmani led an interactive session with 20 students, blending theory and practice. On 16th April 2024, Dr. Aarti Karande explored startup phases, providing real-life examples. The event culminated with a session led by Professors Salmani and Karande, focusing on UpGrad's success, inspiring students with perseverance and adaptation insights.

7) Industrial Visit to KPMG:

The Industrial Visit to KPMG's Innovation Kaleidoscope Center in Mumbai on 9th May 2024 provided students with an insightful experience into the practical applications of theoretical concepts in real business environments. Interacting with KPMG professionals, students received valuable insights, advice, and mentorship, enhancing their professional growth and networking skills. The visit began with an informative presentation on KPMG's innovative projects, followed by an exploration of various zones within the center. Students experienced cutting-edge solutions, including virtual reality technology and innovative retail practices, showcasing how technology revolutionizes traditional business models. This visit enriched students' learning by deepening their understanding of organizational dynamics, professional practices, and the crucial role of innovation in the corporate world, preparing them for future careers.

Entrepreneurship Cell (Ecell)

1.) E-Summit:

E-Summit 2024, organized by E-Cell S.P.I.T. in collaboration with the Students' Council and SPTBI, attracted entrepreneurship enthusiasts nationwide. The first day featured speakers like Ankur Warikoo and Raunaq Rajani, providing insights without any attendance fees. Warikoo shared lessons on entrepreneurship and resilience, while Rajani added humor to the event. The summit included BizQuest, with over 120 participants in a Business Quiz, fostering teamwork and critical thinking. E-Merge allowed startups to seek funding and mentorship from investors like Mr. Nikhil Vora and Mr. Sarvesh Agrawal. The National Case Study Competition drew over 600 registrations, challenging teams to propose solutions for Spotify's issues, culminating in offline presentations. Acquisition Arena focused on strategic thinking in mergers, with 150 teams participating in an online quiz and live bidding, followed by presentations from the top 20 teams. On the second day, Mr. Rahul Chari, co-founder of PhonePe, inspired attendees with his insights on entrepreneurship. The event's free access underscored E-Cell S.P.I.T.'s commitment to fostering entrepreneurial learning and development.

2. Pitch-Hunt:

E-Cell S.P.I.T. organized "Pitch Hunt," an event for first-year students aimed at developing their

ideation and pitching skills essential for aspiring entrepreneurs. Around 150 to 200 participants formed teams of two to brainstorm solutions for real-world business challenges. The competition was intense, with teams creating innovative solutions within a limited timeframe. They then condensed their ideas into 90-second pitches, testing their quick thinking and communication skills. A panel of industry experts judged the pitches based on creativity, feasibility, and presentation, with winners receiving prizes. The event not only showcased participants' talents but also provided valuable insights into their entrepreneurial journeys.

3. Food Challenge:

E-Cell S.P.I.T. and the Student Council hosted "Food Challenge 2023" on November 8th, 2023, in the Quadrangle, coinciding with #NOTIFFINDAY. This culinary event featured teams setting up food stalls to showcase their skills and serve signature dishes to the campus community. The atmosphere was lively, filled with laughter and delicious aromas. Participants operated their stalls like startups, focusing on profit and culinary creativity, while food bloggers added excitement. Attendees could either run their stalls or enjoy the offerings from others, fostering a sense of community. Overall, the Food Challenge was a successful celebration of food and entrepreneurship, blending competition with collaboration.

Institution of Electronics and Telecommunication Engineers (IETE)

1. AARAMBH X UDAAN:

AARAMBH X UDAAN, organized by I.E.T.E. S.P.I.T. and I.E.E.E. S.P.I.T., celebrated the start of the academic year with enthusiasm and camaraderie. Central to the event was an Ice Breaker Session aimed at helping freshers connect and feel welcomed in university life. Engaging activities and

games fostered interpersonal skills and a sense of community, while delicious snacks kept the energy high. A highlight was the Talent Show, where participants showcased diverse skills, from singing and dancing to comedy, promoting self-expression and peer support. Overall, AARAMBH X UDAAN was a vibrant celebration of unity and diversity, setting the stage for an exciting academic journey for incoming freshmen.

2. Speaker Session on Chandrayaan 3:

I.E.T.E. S.P.I.T. and Astrophysics Club S.P.I.T. hosted a Speaker Session on Chandrayaan-3, attracting 75 enthusiasts. ISRO scientist Santosh Vadawale provided insights into the mission's significance and advancements, fostering a deeper connection with the subject matter. The event celebrated India's space achievements, instilling pride and inspiring future explorers. The intimate setting allowed meaningful interactions, enhancing the learning experience. The event's success exemplified the power of collaborative knowledge-sharing initiatives.

3. BugBuster:

BugBuster 2024, hosted at Bharatiya Vidya Bhavan's Sardar Patel Institute of Technology by IETE S.P.I.T. and IEEE S.P.I.T., aimed to enhance troubleshooting skills among engineering students. The event attracted 53 teams of three and included workshops on Proteus and Keil, facilitated by Cybermotion Technologies Pvt. Ltd. Participants practiced their skills using Test-Portal, with judges evaluating them via Google Meet. Eighteen teams advanced to the final offline round on April 13, where they identified errors on PCB boards, culminating in the recognition of five outstanding teams. The event fostered collaboration and innovation, significantly improving problem-solving abilities among aspiring engineers.

Oculus

Oculus 2024, a premier college fest, was held from March 29th to 31st, showcasing an array of dynamic events that brought together students, artists, and enthusiasts from various disciplines. The event kicked off with the Techrace treasure hunt on February 4th, setting an exciting prelude to the main festivities.

Techrace:

A treasure hunt spanned across Mumbai starting from college and ending at marine lines. This event happened on Sunday, 4th February. We had 200 participants ranging from all years across SPIT. The clues displayed are both audio and text based clues on app made in-house by our tech team. There are a total of 12 clues, with a major checkpoint in between, throughout the entire route. This event served as an engaging and thrilling precursor, energizing participants for the upcoming main event.

Virtual Stock Market (VSM):

The Virtual Stock Market (VSM) was a three-day event where participants engaged in competitive team rounds. They covered various market sectors, strategizing to achieve financial success. This event did not require prior knowledge, making it accessible to all and attracting hundreds of participants daily. The competition for epic prizes and subscriptions added to the excitement, making it a favorite among the participants.

IPL Auction:

Recreating the excitement of the Indian Premier League auctions, the IPL Auction saw teams bidding for famous cricketers using a fixed virtual budget. Conducted in both online and offline modes, this event spanned three days and included strategic bidding for players based on their performance records and potential. The inclusion of legendary players like Sachin Tendulkar and Kapil Dev in the player pool added to the thrill, making it a highly engaging event.

Aelan-E-Jung (AEJ):

Aelan-E-Jung (AEJ) was a showcase of electrifying dance performances and battles, with talented groups from across the state competing on stage. The presence of Richa Negi, a viral sensation from the COVID-19 pandemic era, as the judge added a unique perspective to the event. AEJ highlighted the creativity and energy of the participants, making it a memorable part of Oculus 2024.

**Carnival - Intercollegiate Fashion Show:**

Carnival, the intercollegiate fashion show held on March 30th, ignited a passion for fashion among aspiring designers from Mumbai. Four colleges competed, showcasing meticulously crafted garments that reflected their artistic vision and technical skills. The event fostered a sense of community and camaraderie, allowing budding designers to learn from and inspire each other, making it a cornerstone of the festival.

**Pronite Concerts:**

The highlight of Oculus 2024 was the two Pronite concerts, which captivated audiences with their stellar performances.

- Pronite 1 (March 30th):

The evening kicked off with Yashraj, a rising star in the local music scene, who captivated the audience with his dynamic performance, blending soulful melodies with upbeat tracks. His charisma and stage presence set an energetic tone for the night. Following Yashraj, DJs Zulex and 14.20, known for their association with the renowned DJ duo Lost Stories, took over the decks. Their electrifying sets transformed the venue into a dance floor paradise, featuring expertly mixed tracks and pulsating beats that kept the crowd moving throughout the night.

- Pronite 2 (March 31st):

The excitement continued with Ayush Sharma as the opening act, who showcased his fresh talent and vibrant energy, engaging the audience with a mix of soulful and upbeat performances. Next, DJ Sahil Gulati took the stage, delivering a powerful set that seamlessly blended genres and kept everyone dancing. The night culminated with a captivating performance by Ashking, whose closing act left a lasting impression on the audience, marking an epic finale to the event. Together, both nights of Pronite offered a perfect blend of emerging talent and established artistry, ensuring an unforgettable experience for all attendees and solidifying Pronite as a must-attend event for music lovers.

Oculus 2024 offered a multifaceted and memorable experience, blending financial strategy, sports enthusiasm, artistic showcases, and musical entertainment. The diverse range of events catered to a wide audience, making it a standout event in the college fest calendar. From the adventurous

Techrace to the strategic VSM and IPL Auction, the creative AEJ and Carnival, and the electrifying Pronite concerts, Oculus 2024 was a testament to the talent, enthusiasm, and creativity of its participants, leaving a lasting impression on all who attended.

SPark

Magazines and Reports:

One of the primary responsibilities of the SPark Committee is the creation of magazines and reports that capture the essence of college life. These publications serve as a window into the diverse range of events, achievements, and talents within our college community. It also handles the responsibility of drafting the annual report

Event Coverage:

Throughout the year, SPark diligently covered a multitude of college events, ensuring that each one received the attention it deserved. From cultural extravaganzas to academic symposiums, SPark's coverage was thorough and insightful, providing readers with a comprehensive understanding of the events.

1) Open Mic :

Open Mic 2024, held on March 26th, highlighted the artistic talents of S.P.I.T. students and faculty, fostering community engagement. The event featured thematic décor, including neon lighting and photo booths, with attendees receiving neon bracelets. Performances included acts by students and faculty, such as an opening musical number by Prof. Vipul Kushwaha and a one-act drama by Principal Dr. Bhalchandra Chaudhari. The event provided a platform for personal growth and relaxation, allowing attendees to connect and build community. With strong attendance and positive feedback, Open Mic 2024 concluded with a lively DJ night.

2) Flicks and Chill:

The Movie Fest at S.P.I.T. was a vibrant celebration of cinema, bringing together students and faculty for an engaging experience. The event featured a diverse lineup of films, showcasing various genres that captivated the audience. Attendees enjoyed a lively atmosphere, with the festival highlighting the artistic talents of filmmakers and encouraging discussions about the films, fostering a sense of community. A cricket match was streamed after the movie screenings, adding an exciting sports element to the event. This combination of film and sports provided a well-rounded entertainment experience, allowing attendees to unwind and connect.

IEEE: Aerospace and Electronics Systems Society (AESS)

1. Introduction to Drone Workshop:

On January 24, 2024, the IEEE AESS hosted an "Introduction to Drone Workshop" in Room 008. The session began with an opening address and covered topics such as drone components, thrust-to-weight ratio, and regulatory frameworks. Participants engaged in discussions about drone innovation and applications. The workshop concluded with a summary and a quiz to assess understanding, featuring questions on drone design and aerospace principles. Attendees gained insights into aerodynamics and propulsion through hands-on activities, developing practical skills in drone design. The workshop also highlighted industry trends, inspiring participants to explore careers or further studies in drone technology.

2. Drone Applications Hackathon:

The Drone Applications Hackathon was conducted in two phases. In Phase 1, teams from across India submitted online abstracts that highlighted their drone designs, motivations, and innovative ideas. This round garnered significant interest, attracting over 50 participants eager to showcase their creativity. Phase 2 took place on April 6, 2024, at Sardar Patel Institute of Technology, where 15 shortlisted teams presented their drone prototypes in person. During this offline round, participants demonstrated their models and shared detailed presentations about their concepts. The hackathon not only provided a platform for budding innovators but also inspired students at SPIT to explore the exciting possibilities of drone technology, emphasizing the talent and ingenuity present within the student community.

Sports Committee, S.P.I.T

1) Kalsubai Trek :

On the night of October 14, 2023, under a star-studded sky, 160 participants gathered with excitement and anticipation to embark on an adventurous trek to Kalsubai, organized by the Sports Committee of Sardar Patel Institute of Technology (S.P.I.T). This memorable journey commenced at 10 PM and lasted until 10 PM the following day, offering students a unique opportunity to connect, develop their fitness and skills, appreciate nature, and partake in a fun, culturally enriching event. The Sports Committee left no stone unturned, ensuring the safety, well-being, and enjoyment of all participants.

2) Agility :

Then came our intra-college Sports Fest, Agility conducted from 28th Oct to 5th Nov which was a celebration of inclusivity, with 4 different sports, and a special football tournament for women. This year we introduced mixed doubles in badminton, which gained great attention. We received great participation and enthusiasm from all years highlighting our dedication to unity and empowerment in sports.

**3) Spoorthi Spoorthi :**

Rise to Conquer, S.P.I.T.'s intercollege sports fest, redefined Mumbai's sporting scene with a vision of unparalleled scale and inclusivity. Over seven days, from February 12th to 18th, 2024, including the sports - Football, Basketball, Cricket, Volleyball, Badminton, Lawn Tennis, Chess, Table Tennis. Events unfolded simultaneously, attracting participants from over 55 colleges across Maharashtra. This year, we raised the bar compared to last year by increasing the caps for

all sports, ensuring wider participation and fiercer competition. Right from Marketing, PR, and Decor, to Social Media and creatives, Spoorthi was a result of the great team efforts put in by everyone. As a beacon of unity and celebration, Spoorthi continues to inspire and unite through the power of sports.

4) S.P.I.T. Marathon :

S.P.I.T. Marathon - Miles for Smiles, held on 10th March 2024 aimed higher this year, running to spread mental health awareness, drawing participants from across Maharashtra for a celebration of athleticism. Participants in the marathon began their race at Bhavan's Ground, following a planned route for both 5km and 10km categories. The 5km race went from Bhavan's Ground to Juhu Circle and back, while the 10km race extended to Soho House Juhu before returning. The well-marked course included water stations and student volunteers for traffic control and support, ensuring a safe and enjoyable run. The marathon, meticulously planned and flawlessly executed by the Sports Committee, provided a seamless experience. Runners received clear instructions and race bibs at Bhavan's Ground. Volunteers guided runners and provided water, while medical teams were on standby for emergencies. With 800 runners, the marathon was a resounding success. Our Chief Guest Gitanjali Lenka inspired the runners. The event concluded with a festive atmosphere at the finish line, where participants received medals and refreshments, celebrating their achievements. The coordinated efforts of organizers, volunteers, and local authorities ensured the marathon's success, promoting physical fitness and mental health awareness.

5) General Championship Sports :

Last event of the Sports Committee's tenure was the highly anticipated GC, held in April 2024. Each branch fiercely competed to excel in various sports and lead their branch to victory. This year's lineup included Football, Cricket, Volleyball, and Tug of War. To promote and empower girls' participation in sports, the committee also introduced Dodgeball as a dedicated sport for female participants.

IEEE: Computer Society

1. Webinar: Unleashing the Power of Hydrogen: Clean Energy:

On September 16, 2023, the IEEE CS SPIT and IIC SPIT hosted a virtual webinar on hydrogen technology in collaboration with the IITB-TUM-SEED Center at the Indian Institute of Technology Bombay. Led by PhD scholar Mr. Ahmad Raza, the session attracted over 100 students from first, second, and third-year engineering programs. The discussion centered on the applications and potential of hydrogen, fostering an engaging dialogue that enhanced participants' understanding of its significance in future energy solutions and sustainable development.

2. CodeXplore

On October 1, 2023, IEEE CS, in collaboration with IIC SPIT, hosted the monthly coding contest "Codexplore," which attracted over 100 participants from first, second, and third-year engineering students. The contest aimed to enhance coding skills and provide students with an opportunity to assess their programming progress through various challenges. This engaging event fostered a competitive spirit among participants, allowing them to apply their knowledge and improve their problem-solving abilities, while also connecting with peers in the field.

Rank	User	Score	Time	Country

3. Expert talk: AI Applications and Addressing Concerns:

IEEE CS SPIT organized an online meeting hosted by Dr. San Murugesan, a technology expert, focusing on the rapid advancements in Artificial Intelligence (AI). The session attracted a diverse group of participants who explored the latest developments in AI and its significant impact across various sectors. Dr. Murugesan guided discussions on emerging trends, societal implications, and ethical considerations related to AI, fostering collaboration and deeper understanding among attendees. The meeting provided valuable insights into the transformative potential of AI, encouraging participants to consider its applications and challenges in today's world.

4. Codeoff Phase:

IEEE CS SPIT hosted "CodeOff," a knockout-style competitive programming and DSA event that highlighted participants' coding skills under time constraints. The competition featured teams of two, pairing 1st-year students with 2nd or 3rd-year counterparts, with sixteen teams competing in a DSA hackathon for the champion title. The event budget included essentials and prizes, enhancing motivation. Key objectives included fostering inter-batch collaboration, bridging experience gaps, and promoting networking. CodeOff provided hands-on experience for first-year participants, boosting confidence and community engagement. Overall, CodeOff exemplified community-driven initiatives, fostering collaboration and healthy competition while enhancing technical skills and building lasting connections among students.

5. Aeravat AI Hackathon:

The Aeravat AI Hackathon, held at S.P.I.T on March 22nd and 23rd, was a vibrant 24-hour event organized by IEEE CS SPIT in collaboration with the IEEE Bombay Section. The hackathon aimed to accelerate innovation in Artificial Intelligence (AI) by bringing together participants to address societal challenges and explore cutting-edge developments. With 43 teams from across Maharashtra, the event fostered creativity, collaboration, and problem-solving in a dynamic environment. Participants engaged deeply with real-world challenges, showcasing remarkable teamwork and pushing the boundaries of AI innovation, ultimately nurturing a community dedicated to leveraging

technology for positive impact.

Rotaract Club, S.P.I.T

1. Technovate Hackathon

Technovate, a 24-hour hackathon organized by District 3141 in collaboration with RC Spit, took place on September 16th and 17th, providing a platform for innovative minds to come together and tackle pressing issues related to the environment and social causes. Participants were tasked with addressing problem statements ranging from environmental sustainability to social justice, fostering creativity and collaboration among teams. The hackathon was a dynamic event, with participants brainstorming ideas, developing prototypes, and presenting their solutions to a panel of judges within the 24-hour timeframe. Throughout the event, mentors provided guidance and support to help teams refine their ideas and projects.

2. Beach Cleaning Drive

The beach cleaning drive conducted on 2nd October 2023 aimed to clean and preserve the shore of Mithi River, addressing environmental pollution concerns. Conducted in collaboration with Beach Please, the initiative collected over 6 tons of garbage through meticulous planning and active volunteer involvement. It fostered awareness about cleanliness and environmental conservation while showcasing the club's commitment to community welfare.

3. The Pad Project

The Pad Project organized by RC-S.P.I.T at Saksharta Foundation on 15th October, 2023 aimed to raise awareness of menstrual hygiene and provide sanitary pads to middle school girls in need. Through education programs and distribution efforts, the project improved menstrual hygiene practices and reduced the stigma surrounding menstruation. Interactive sessions, including fun activities, enhanced engagement and enjoyment.

4. Blood Donation Drive

The Blood Donation Drive conducted on 27th October, 2023 aimed to collect units of blood for patients in need while raising awareness about the importance of blood donation. The event garnered an overwhelming response, with 104 donors contributing generously. It provided a convenient platform for students and staff to participate, emphasizing the significance of regular blood donation in saving lives.

5. Visit to Advitya Foundation

The visit to Advitya Foundation on 7th November, 2023 aimed to understand and contribute to the empowerment of individuals with conditions like Down's syndrome or autism. Through engaging activities, discussions, and shared meals, our team fostered meaningful connections and promoted inclusion. Positive feedback from volunteers and staff highlighted the success of the event in creating a sense of community engagement and collaboration.

6. Addiction Awareness Week

Addiction Awareness Week aimed to educate college students about various types of addiction, coping mechanisms, and supporting others in recovery. The initiative included a "Wall of Hope" where uplifting messages were displayed from November 1st to 7th. On November 7th, a street performance on addiction awareness, blending humor and motivation, captivated audiences and honored guests from RC 3141. The event fostered dialogue on mental health and received positive feedback from students and faculty, enhancing teamwork within the RC committee.

7. Night Cycling

The night cycling event held on January 27th in South Mumbai attracted approximately 100 participants who embarked on an exhilarating journey through the city's iconic landmarks, starting from the Gateway of India and continuing along Marine Drive, Haji Ali, Flora Fountain, and concluding at Chhatrapati Shivaji Maharaj Terminus (CSMT). Participants were briefed about the route and safety measures before setting off, and highlights included breathtaking views of the Arabian Sea, cultural pit stops at landmarks and shared camaraderie among cyclists. Overall, the event was a resounding success, fostering community engagement and appreciation for the city's heritage

8. S.P.I.T. Marathon

The S.P.I.T Marathon, held on March 9th & 10th at SPIT Campus and Juhu Beach, aimed to promote mental health awareness under the theme "Miles for Smiles." Organized by Rotaract Club SPIT and Sports Committee SPIT, the event attracted over 800 participants, showcasing strong community support. Renowned Chief Guest Gitanjali Lenka inspired the runners. RFID-equipped bibs ensured precise tracking of participants. The marathon had a significant and positive impact on the community, promoting both physical fitness and mental health awareness. By drawing attention to mental health issues, the event helped reduce stigma and encouraged open conversations about mental well-being.

Enactus

Enactus, a student-driven non-profit, fosters entrepreneurial endeavors to enhance lives. The acronym (EN)Entrepreneurial, (ACT) action made by (us) embodies its mission. Serving as a university hub, Enactus empowers recipients by leveraging their skills for community development. Enactus S.P.I.T., part of Enactus India at Bhartiya Vidya Bhavan's Sardar Patel Institute of Technology, champions social entrepreneurship, striving to bolster employability, sustainability, and societal advancement since its establishment in August 2020

1. Cloth Donation Drive

In a remarkable collaboration with a dedicated NGO, the cloth donation drive, held from October 23rd to 26th, garnered an overwhelming response from donors, leading to resounding success. The primary goal was to provide clothing for underprivileged children and elderly individuals, and the outpouring of generosity from donors of diverse backgrounds truly made a difference. Volunteers worked tirelessly to collect, organize, and distribute the donated clothing, ensuring that each item

reached those in need. This initiative not only supplied clothing for the vulnerable but also acted as a platform for valuable learning and skill development. Volunteers gained hands-on experience in event planning, communication, and teamwork, while deepening their understanding of social issues and forging meaningful connections within Students' Council Annual Report 2023-24

2. Blood Donation Drive

Blood donation drive on 27th October, in collaboration with Rahega hospital and RC S.P.I.T. , was a phenomenal success, all thanks to the incredible donors who joined us. The main aim was to gather a substantial amount of blood (over 100 units) to meet the medical needs of patients. The massive turnout underscored the need for awareness campaigns about regular blood donation, showing its critical role in addressing medical needs. The event's success highlighted the importance of convenience, with snacks and refreshments ensuring smooth participation. Overall, this experience enriched our understanding of mobilizing communities and the positive impact of facilitating involvement in noble causes. Attendance: 104 donors.

3. Abhimat-Lok Sabha Debate Competition:

Abhimat, hosted by Enactus, is an exhilarating and vibrant debate event spanning four hours. It serves as a grand forum where students from diverse colleges convene to exchange their ideas. Similar to a parliamentary assembly, the event comprises two main segments where participants engage in discussions and debates on various topics, endeavoring to sway others with their eloquence and viewpoints. To ensure equity, astute judges attentively observe and listen, evaluating the participants' knowledge of the topics and the articulation of their ideas. Exceptional performance may lead to the coveted prize of money. However, beyond winning, the event is also about reveling in the experience and gaining new insights. Notably, 114 participants graced the event with their presence, contributing to its dynamic atmosphere.

Association of Computer Science and Engineering Students (ACSES), S.P.I.T

1) Engineers' Caravann:

Engineers' Caravan was a vibrant event uniting engineering enthusiasts, showcasing the power of collaboration and mentorship within the community. With boundless enthusiasm, the event connected seasoned seniors with eager first-years, fostering mentorship and camaraderie. Attendees enjoyed interactive workshops and insightful discussions, igniting inspiration and sharing knowledge. The atmosphere was buzzing with energy, setting a spirited tone for the year ahead and promising growth within the dynamic realm of engineering.

2) CYBER SAGA:

In the virtual realm of gaming, an electrifying saga unfolded under the auspices of ACSES, the esteemed committee of SPIT. Players from diverse backgrounds converged in a digital arena, transcending geographical boundaries to embark on an epic journey. Gamers navigated intricately designed levels that tested their strategic prowess and quick thinking, facing new obstacles that demanded both collaborative efforts and individual skill. Amidst fierce competition, camaraderie flourished as alliances were forged and rivalries ignited. Spectators were enthralled, witnessing the spectacle unfold in real-time, while commentators added excitement with their insightful analysis. The climax saw champions emerge victorious, their names etched in digital glory. Beyond the accolades, the true essence of the cyber saga lay in the bonds formed, the memories created, and the spirit of sportsmanship that resonated throughout the virtual realm, inspiring future generations of gamers to embark on their own odyssey.

3) CLOUD COMPUTING BOOTCAMP:

The ACSES Committee of SPIT recently organized an intensive Cloud Computing Bootcamp, aimed at equipping participants with essential skills for the evolving field of cloud technology. Over several weeks, the bootcamp covered cloud infrastructure, virtualization, storage, security, and deployment models. Industry experts led hands-on training with practical exercises, case studies, and real-world scenarios. Participants engaged in interactive discussions, networked with peers, and explored career opportunities in cloud computing. By the end of the program, attendees gained a solid understanding of cloud principles, practical experience, and the confidence to navigate modern IT environments. The bootcamp provided a valuable platform for aspiring professionals to enhance their skills and remain competitive in the digital landscape.

4) PYTHON BOOTCAMP:

The ACSES Committee of SPIT organized a comprehensive Python Bootcamp to empower students with essential programming skills. Spanning several weeks, the bootcamp covered fundamental Python concepts such as data types, control flow, functions, and object-oriented programming. Participants engaged in hands-on projects and exercises that reinforced their theoretical knowledge with practical experience. Expert instructors led the sessions, fostering a collaborative environment where students could address doubts and exchange ideas. By the end of the bootcamp, attendees had developed strong Python proficiency and gained the confidence to tackle complex coding challenges, preparing them for success in the dynamic tech landscape.

5) MINI PROJECT EXHIBITION:

The Technological Marvels Exhibition, organized by the ACSES Committee, showcased an impressive array of innovative projects, reflecting the latest in tech and digital advancement. Held in vibrant halls, the exhibition featured groundbreaking software solutions and sophisticated hardware prototypes, demonstrating the students' dedication and expertise. Visitors were captivated by the seamless blend of creativity and technology, exploring a diverse range of exhibits that highlighted the future of interconnected solutions. The event celebrated engineering excellence, inspiring attendees and showcasing the potential of technological innovations to transform the world..

6) DBMS BOOTCAMP:

The ACSES Committee of SPIT organized a thorough DBMS boot camp designed to meet the increasing need for database management skills. The program catered to both beginners and those looking to advance their knowledge, blending theoretical concepts with practical exercises. Participants explored key areas such as database design, normalization, SQL querying, and administration through interactive sessions, workshops, and real-world case studies. Expert

instructors provided personalized support, fostering a collaborative learning environment. The bootcamp concluded with a capstone project that allowed participants to tackle real-world database challenges. By the end, attendees had developed a strong grasp of database systems and the skills necessary for effective database management.

G.D.S.C

1) Cloud Jam at S.P.I.T:

In collaboration with the Google Developers' Student Club (GDSC), the Innovation and Incubation Cell at Bhartiya Vidya Bhavans Sardar Patel Institute of Technology organized Cloud Jam. This transformative event spanned over a month, focusing on cloud computing and generative AI. Led by Sonu Sahu and Professor Jignesh Sisodia, the program aimed to equip students with fundamental cloud computing knowledge. Promoted on social media, Cloud Jam attracted 150 participants, engaging them in discussions on platforms like AWS, Azure, and Google Cloud. A highlight was the Google Cloud Jam offering exclusive access to Google Cloud Technologies Dashboard, enabling participants to earn official certificates. This event successfully enriched students' understanding of cloud technologies, fostering a vibrant community of passionate learners.

2) Open Source Workshop:

The Google Developer Student Clubs at Sardar Patel Institute of Technology organized an Open Source Workshop, introducing participants to open-source technologies, focusing on Git and GitHub contributions. The event included a presentation on open-source projects, a live demonstration, and a discussion on Hacktoberfest. Over 100 students attended the online event, which featured an interactive session addressing queries on open-source tech and programming concerns. The workshop promoted a supportive learning environment, enhancing students' skills and knowledge. It inspired collaboration and innovation, and its success can be attributed to the organizing team and enthusiastic participants. More initiatives are eagerly anticipated.

3) Session on Problem Solving and Ideation Workshop:

The Problem Solving and Ideation Workshop aimed to educate students on problem-solving skills, fostering critical thinking, creativity, and teamwork. The session cultivated analytical and strategic skills, stimulated innovative thinking, and enhanced communication and time management skills. Participants gained practical knowledge and tools, promoting a culture of continuous learning and an intrapreneurial mindset. The workshop successfully achieved its objectives, providing valuable skills and knowledge applicable in personal and professional contexts. Facilitated by experts, the event emphasized decision-making, resilience, and adaptability, ultimately empowering participants to drive positive impact and improvement within their respective environments, contributing to their growth and development.

4) Bit-by-Bit:

"Bit-by-Bit," an engaging initiative by GDSC, delivered bite-sized coding insights via our official Instagram page. Every Thursday, we shared valuable information in digestible portions, supplemented with interactive quizzes. This approach allowed for gradual learning, ensuring longer retention and easier consumption. To promote the event, we leveraged Instagram's visual appeal and reach, encouraging participation through appealing stories about informative coding topics. "Bit-by-Bit" not only served as a learning platform but also fostered community engagement. We successfully delivered accessible coding knowledge, enhancing the learning experience for our audience while promoting our club's objectives.

5) Code Red:

"Code Red," a Google Developers-organized event at Sardar Patel Institute of Technology, challenged participants to think critically and solve problems through an immersive storyline-based competition. Held on March 18th, the two-hour event engaged over 60 teams, fostering teamwork and strategic thinking. Unlike traditional coding competitions, "Code Red" focused on navigating complex scenarios, offering a fun and interactive alternative. Promotion through social media and posters attracted participants eager to test their problem-solving skills in a unique and engaging format. "Code Red" proved a resounding success, exceeding expectations in both participation and enthusiasm.

Astrophysics Club

1) CanSat Workshop:

This event was held on 16th Jan 2024, in both online and offline mode. The speaker for this event was Mr Jayesh Banatwala, a licensed HAM Radio Operator. He guided the team on ground station, communication subsystem, antenna design and power subsystem design. His inputs were an asset to Team Spriha. Attendees engaged in discussions ranging from satellite communication to building processes, with insights from Jayesh Sir and Amateur ZA from the Mumbai Amateur Radio Institute. The session culminated in a Q&A and networking segment, fostering connections and expanding knowledge in Physics, Astronomy, and Satellite technology.

2) ML Hackathon:

This event, organized on 7th February 2024, showcased a grand problem-solving challenge on Kaggle. Teams of 1-2 members tackled datasets curated by the organizers, rooted in astronomy. With problems ranging from simple to complex, participants applied cutting-edge models to derive insights. The virtual platform fostered competition and collaborative learning, merging technology with astronomy. The hackathon spurred students to push boundaries, decode cosmic mysteries, and showcase problem-solving skills in a celestial context.

3) IITB Workshop:

This event was organized by IIT Bombay on 16th March 2023 and was attended by a team of SPIT Students. The Ground Station Workshop began with an overview of the Pratham Satellite project, highlighting its challenges and achievements. KJ Somaiya's BeleifSAT-0 team shared advancements in Satellite technology. Demonstrations showcased satellite tracking techniques and Yagi-Uda antenna construction. Interactive sessions covered antenna theory, electronics, and obtaining an amateur radio license. The workshop, a blend of technical sessions and practical demonstrations, fostered a keen interest in satellite communication and amateur radio among astrophysics club members.

F.E.T.S

1) Workshop on Microcontroller Programming:

On October 27, 2023, the Sardar Patel Institute of Technology hosted a workshop on microcontroller programming for freshman students. With the support of the F.E.T.S Committee, Adhik Mewada led an engaging session that provided valuable insights into electronics and computer-related concepts, hands-on project experiences, and the inspiring journey of starting Smowcode. The event was a resounding success, igniting students' enthusiasm to explore Smowcode further and serving as an excellent platform for learning, networking, and potential future opportunities in this field.

2) Alumni Connect Event:

The Alumina Meet, organized by the F.E.T.S committee, united accomplished alumni from the EXTC department to share their distinctive career journeys. This event aimed to offer students firsthand insights into the challenges and triumphs encountered in their pursuit of success. Attended by 86 students of diverse academic years, the Alumina Meet provided a wealth of knowledge, guidance, and inspiration for students aspiring to carve their professional paths. The diverse range of speakers illuminated multifaceted aspects of career development, highlighting the institution's commitment to the holistic development of its students and the enduring bond between the institution and its alumni.

Shrestha Club

Expert Talk : Facebook to Mindbook

The event titled Facebook to Mindbook, organized by the Shrestha Club at SPIT, Mumbai on 17th October 2023, featured Mr. Vijay Shejval Patil, General Manager at Adani Electricity, as the keynote speaker. Aimed at addressing the distractions and dangers of the digital world, the session guided students on how to engage with social media mindfully and align their online behavior with their personal and professional goals. Mr. Patil began with thought-provoking insights on how frequent exposure to digital content affects attention, creativity, and decision-making. He emphasized that social media, like a tool, can be used either constructively or destructively depending on the user's awareness.

Bhartiya Vidya Bhavans
Sardar Patel Institute of Technology
Autonomous Institute affiliated to University of Mumbai

IIC S.P.I.T.
Institution's Innovation Council

Shrestha Club conducted an amazing workshop

Topic: Facebook to Mindbook

Speaker: Mr. Vijay Shejval Patil, General Manager at Adani Electricity, Keynote Speaker, TV Panelist

The event emphasized the power of conscious digital consumption.

Introducing the concept of Mindbook, Mr. Patil encouraged the audience to transform the "online noise" into inputs that nourish inner growth and focus. He shared actionable tips such as filtering digital content, practicing meditation, removing distractions, and building mental discipline to stay aligned with one's goals. The session ended with a vibrant Q&A, where Mr. Patil addressed queries with personal anecdotes and clarity. Attended by around 30 students, the event received excellent feedback and created a buzz on LinkedIn, leaving a lasting impact on attendees eager to adopt mindful digital habits

MUDRA

The academic year 2023-24 was a milestone for MUDRA, marked by significant growth and the introduction of Domain Heads for Music, Dance, Drama, Fine Arts, and Fashion. This new leadership model brought structure, autonomy, and better coordination, allowing each domain to organize focused events like workshops, performances, and competitions. These well-executed activities showcased student talent, encouraged collaboration, and strengthened MUDRA's impact on the academic community.

MUSIC

- **OPEN MIC:**

An Open Mic event was conducted in collaboration with SPARK.

- **BAND FORMATION**

This year marked the formation of SPIT's official band—a long-awaited milestone. After a week of intense auditions, top musical talents were selected to form a band that reflects the college's spirit and diversity. Their debut performance at the Open Mic showcased the result of dedicated practice and passion. Looking ahead, the band aims to grow its lineup, compete in inter-college events, and make a name for SPIT's musical talent.

- **POWADA**

The Music Domain of MUDRA, in collaboration with the Drama Domain, brought history to life with a powerful performance of Powada, a traditional Marathi ballad depicting the legendary tale of Chhatrapati Shivaji Maharaj and his strategic victory over Afzal Khan. The fusion of music and drama, with Shreyansh Salvi portraying Shivaji Maharaj, captivated the audience, highlighting Shivaji's courage, valor, and wit. The performance not only paid tribute to a great warrior but also showcased the incredible talent within the college, leaving the crowd cheering and applauding

- **NAVRATRI**

For Navratri, they planned a series of 9 Instagram posts, one each day. On Day 2, Hemangi Sagbhor, Shivani Bhat, and Shreeya Inamdar delivered a captivating vocal performance, enhancing the festive atmosphere. On Day 6, Shivani Bhat's soulful keys and vocals, accompanied by Shashvat Sangle on tabla, created a mesmerizing musical highlight that made the celebrations unforgettable.

- **REPUBLIC DAY**

On the occasion of Republic Day, they honored the immense sacrifices made by our heroes and celebrated the glory of our great nation. As a tribute to India, Akshat Ambastha delivered a heartfelt rendition of the iconic "Saare Jahan Se Accha," filling the atmosphere with a sense of patriotism and unity.

DRAMA

- **POWADA**

The Music Domain of MUDRA, in collaboration with the Drama Domain, brought history to life with a powerful performance of Powada, a traditional Marathi ballad depicting the legendary tale of Chhatrapati Shivaji Maharaj and his strategic victory over Afzal Khan. The fusion of music and drama, with Shreyansh Salvi portraying Shivaji Maharaj, captivated the audience, highlighting Shivaji's courage, valor, and wit. The performance not only paid tribute to a great warrior but also showcased the incredible talent within the college, leaving the crowd cheering and applauding.

- **SHORT FILM**

On the third day of Navratri, MUDRA S.P.I.T and the Drama Domain proudly presented a very short experimental film titled "*Jignesh Phobos and Deimos: Brass Band Version*." This film was an artistic attempt to encourage the audience to embrace their inner chaos and let it flow into their senses. With its unique approach and thought-provoking theme, the film offered a fresh, introspective take on self-expression.

- **INDIVIDUAL CLASS PR**

Aakash Mokani and Shreyansh Salvi, the heads of the Drama Domain, came up with a brilliant idea to perform a live drama inside the First Years' classes specifically for them to boost recruitment for the club. The live performance not only showcased the vibrancy and talent of our energetic Drama heads but also captivated the freshers, leading to a significant and exponential

increase in registrations. This innovative approach proved to be a highly successful strategy for engaging new members and expanding the club's reach.

- **NAVRATRI**

FINE ARTS

- **DIWALI DIARIES**

Mudra S.P.I.T's *Diwali Diaries* brought festive cheer to the campus with a vibrant Rangoli competition organized by the Fine Arts Domain. Participants beautifully blended tradition and creativity, crafting intricate designs that lit up the campus with color and cultural spirit. The event saw enthusiastic participation, with stunning rangolis competing for cash prizes, making it a joyful and artistic celebration of Diwali.

- **Navratri**

The nine forms of Devi, collectively known as *Navadurga*, embody the divine feminine power and represent the various stages and roles in a woman's life.

Each day of Navratri, we shared a beautiful illustration of one Devi, conceptualized by our incredibly talented Fine Arts Heads, Mridula Raul and Heenal Patel, and exquisitely drawn by Mridula herself. These artworks, posted daily on our story, captured the essence and significance of each goddess.

1. **Shailaputri**

Shailaputri represents the innocent and playful phase of a young girl's life, symbolizing purity and boundless energy.

2. **Brahmacharini**

Brahmacharini stands for adolescence, reflecting the pursuit of knowledge, self-discipline, and self-realization.

3. **Chandraghanta**

Chandraghanta embodies a woman in her prime—graceful, strong, and courageous.

4. **Kushmanda**

Kushmanda symbolizes creation, representing fertility and the nurturing power to give life.

5. **Skandamata**

Skandamata represents motherhood, expressing maternal love, care, and protective instincts.

6. **Katyayani**

Katyayani is the symbol of strength and determination, reflecting a woman's resolve to safeguard her loved ones.

7. **Kaalratri**

Kaalratri represents the fierce battles and sacrifices that women endure, symbolizing the darkness before dawn.

8. **Mahagauri**

Mahagauri, emerging from life's trials, symbolizes wisdom, grace, and the calm that comes with maturity.

9. **Siddhidatri**

Siddhidatri represents the final stage of a woman's journey—spiritual fulfillment, wisdom, and divine perfection.

DANCE

- **NAVRATRI**

On Day 8 of Navratri, the Mudra dance team delivered a captivating Garba performance set to the theme of purple. Dressed in traditional attire, the dancers blended energetic yet graceful movements with the festive spirit, beautifully showcasing the cultural richness of Garba. Their performance honored the timeless essence of Indian tradition while adding a touch of contemporary expression, leaving the audience mesmerized and deeply moved

- **DANCE WORKSHOP**

A highly engaging dance workshop was conducted in the Quadrangle area, drawing enthusiastic participation from students across all years. Led by Dance Heads Mrunali More and Kush Nhayade, the workshop introduced a variety of dance styles. The event was brimming with energy and excitement, offering participants a chance to explore new moves, improve their skills, and enjoy a lively, collaborative experience. It was a vibrant celebration of dance, creativity, and community.

- **CLASSICAL DANCE**

For the classical segment, Mudra welcomed Lord Ganesha with a graceful semi-classical dance performance to the powerful track “Gajanana” by Sukhwinder Singh. Executed beautifully by Chairperson Anushka Acharya and Dance Head Mrunali More, the performance captivated the audience with its expressive choreography. It served as a heartfelt invocation of Bappa’s presence, blending devotion with artistry and making the occasion spiritually enriching.

- **REPUBLIC DAY**

On Republic Day, Mudra S.P.I.T celebrated the spirit of our nation through a dynamic and high-energy dance performance, dancing to the vibrant rhythms of patriotism. Every move in this stunning choreography embodied the essence of freedom and national pride, as the performers consisting of our dance head Kush Nhayade, Rishabh Goyal and Vatsal Jain saluted the spirit of our sovereign nation through their art. The performance was a true banger, leaving the audience inspired and filled with patriotic fervor.

- **INTERNATIONAL DANCE DAY**

On International Dance Day, Mudra S.P.I.T celebrated tradition and artistry with a graceful semi-classical dance performance to the soulful track 'Natrang Ubha'. Performed by Dance Head Mrunali More, the piece beautifully showcased the elegance and depth of classical dance. Her expressive movements and captivating presence paid homage to the timeless art form, leaving the audience spellbound and honoring the day with pure cultural finesse.

- **TRADITIONAL DAY FLASHMOB**

Embracing their roots with zeal, Mudra S.P.I.T celebrated Traditional Day 2024 with a high-energy flashmob that blended classical and contemporary dance forms. The performance beautifully showcased cultural heritage with a modern twist, captivating the crowd and turning the celebration into a vibrant display of unity, tradition, and joy.

DÉCOR OF OTHER EVENTS CONDUCTED IN COLLEGE

The Fine Arts Domain of the college played a key role in enhancing the visual appeal of various events throughout the year with their creative and thematic decor. From Independence Day and Republic Day to Freshers' Welcome, Farewell Party, Navratri, and Diwali, their vibrant and thoughtful decorations captured the essence of each celebration and added a unique charm to every occasion.

FASHION

- **NAVRATRI**

The Fashion Domain created an Instagram reel for Navratri, featuring a curated selection of Indo-western and traditional outfits. The reel provided style inspiration with elegant ensembles suitable for Garba nights and festive events, encouraging attendees to embrace thoughtfully designed outfits over casual wear.

- **HALLOWEEN**

For Halloween, the Fashion & Fine Arts team presented an innovative makeup look symbolizing the internal conflict between virtue and temptation. The concept contrasted an angel's command to "Be good!" with a devil's temptation to "It's way more fun not to." This creative vision was brought to life by Shreya Mahajan, Powromita Ughade, and Samikha Sawant, with Shloka Mardikar, the Fashion Head of Mudra, modeling the final result.

8. Institute Activities

Following is a list of the functional MOUs between various organizations and reputed institutes in the academic year 2023-24. The basic purpose and the details of these organizations are described below.

8.1 MoUs

Year of signing MoU	Name of the organization with whom MOU/Collaboration being signed	Duration	Purpose of MOU/Collaboration
2023-24 (4th August 2023)	Western Regional load Dispatch Center(WRLDC)	3 years	encourage research , consultancy of mutual interest,
2023-24 (21st Dec 2023)	K.K.Wagh. I.E.E.R-Nashik	3.5 years	Cooperation in Activities of AICTE Idea Lab like FDP Organisation
2023-24 (25/07/23)	Walchand College of Engineering	5 years	Enhancing the quality of Technical Education , student exchange , collaboration for IDEA lab , IOT lab setup ,
2023-24 (24/08/23)	IOT Department of Thakur College of Engineering	1 year	to have interaction with IDEA lab of S.P.I.T. , internship , projects
2023-24(11/08/2023)	Bombay College of Pharmacy Mumbai	1 year	Strengthen the Academic relations ,
2023-24(24/07/2023)	RCOEM COE (Ramdeo Baba College of Engineering)	1 year	Strengthen the Academic relations , IDEA Lab of s.P.I.T.
2023-24 (26-06-2024)	Utkarsh Minds Mumbai	1 year	Launch professional course in AI, Deep learning and Data analytics
2023-24 (	Pearl Academy	1 year	Open elective Course Development
2019-2024 (20/12/19-19/12/24)	Maharashtra Industries Development Institute	5 years	Mutually beneficial working relationship

8.2 Grants/Funds by Faculty

Name of Government organisation from which grant is received	Name of the Program or Scheme	Amount of Grant received (Rupees)
Ministry of Commerce and Industry - DPIIT	Startup India Seed Fund Scheme (SISFS)	15000000
Department of Science and Technology (DST), New Delhi	NIDHI PRAYAS - Fund Cycle 2022-23	10000000

9. SP-PDC

Vision and Mission: The vision and mission of this program revolves around the overall development of students in the sphere of innovation. The main aim is to instil a sense of creativity in sync with technical aspects. All in all, to harness invention and innovation.

Objective:

- To convert project to prototype for commercialization
- To develop and test hardware/Software products
- To provide technology support for creative product development
- To develop skills required for end-to-end product development

Asset Cost: Rs. 21, 00,000, Civil Infrastructure: 14.15 Lakhs, Equipment: 6.85 Lakhs

Contributor: SPIT Alumni Network, SPTBI, SPIT

Consultancy Projects: One Consultancy Projects Completed: Design and Development of pressure and vacuum controlled Induction casting machine

Project completed by Dr Rajendra Sawant (PI), Dr. Y.S. Rao, Dr. B. N. Chaudhari for the DST, Technology Development Program. Project was sanctioned on 11 April 2023 with an amount of Rs. 70, 20,723/-.

10. SP-TBI

Sardar Patel Technology Business Incubator (SP-TBI) is an incubation center established in the year 2015 as an initiative of **Bhartiya Vidya Bhavan's Sardar Patel Institute of Technology** and supported by Department of Science and Technology (DST), Government of India (GOI).

It is set up to support start-ups and entrepreneurs, to help them in building science and technology-based ventures of the future. SP-TBI works as a catalyst by providing the start-ups & entrepreneurs state-of-the-art infrastructure, training & mentoring for technology development, business planning.

SP-TBI is affiliated with Bharatiya Vidya Bhavan, which is an organization that houses various colleges like SP Jain Institute of Management and Research (SPJIMR), Sardar Patel Institute of Technology (SPIT), Sardar Patel College of Engineering (SPCE) to name a few.

- **Total Area:** over 15,000 square feet
- **Infrastructure Houses:**
 - AR-VR & IoT Lab
 - Digital Studio
 - 31 Dedicated Rooms for Startups
 - 4 Meeting Rooms

- 1 conference room
- Product Development Centre
- DST Prayas Shala

SP-TBI has incubated **174** startups since its inception. Currently, **55** startups are incubated.

Above are the startups incubated year-wise. Till now SP-TBI has supported over 200+ Entrepreneurs and have created over 800 jobs. Apart from this, SP-TBI has supported Students, Faculty and even PwD startups.

Funding Initiatives:

SP-TBI has received sanctions of **INR 20 Crore** from two different Government of India departments for supporting startups financially.

1. NIDHI SSP

Under the umbrella of National Initiative for Developing and Harnessing Innovations (NIDHI), DST runs a Seed Support Programme. INR 10 Crore are sanctioned to SP-TBI under this programme. Startups can raise up to INR 1 Crore as seed investment under this initiative for

commercialization of the technologies, product development, testing and certification, product trials etc.

Under this scheme, SP-TBI has received its first tranche of **INR 2 Crore** and has supported 7 **startups** with an equity/loan partnership.

2. NIDHI PRAYAS

Under the umbrella of **N**ational **I**nitiative for **D**eveloping and **H**arnessing **I**nnovations (NIDHI), DST supports **P**Romoting and **A**ccelerating **Y**oung and **A**Spiring Technology Entrepreneurs (PRAYAS) programme. SP-TBI under this programme will extend financial support of INR 5 Crore in form of grants over five years to 50+ innovators to convert their ideas into prototype. Each selected applicant receives up to INR 10 Lakh under this initiative.

Under this scheme, SP-TBI has been sanctioned **INR 5 Crore** for supporting applicants along with **INR 93 Lakhs** for setting up the DST PRAYAS SHALA (Prototyping Lab).

SP-TBI has supported **11 applicants** for prototype grants in this financial year and has supported **23 applicants** in total.

Setting up of DST PRAYAS SHALA

With the support from **DST**, SP-TBI had successfully set up DST PRAYAS SHALA, a **3,500+ square feet area functional prototyping facility** where it houses equipment for creating prototypes and allowing startups and students to push boundaries and experiments. The lab has equipment which are divided into six segments:

- Electronic/Prototyping Facility
- Metalworking Facility
- Supply & Measuring Equipment
- Power Tools
- Hand Tools

3. Startup India Seed Fund Scheme (SISFS)

Department for Promotion of Industry and Internal Trade (DPIIT) supported Startup India Seed Fund Scheme (SISFS) has sanctioned INR 5 Crores to SP-TBI. Startups can avail up to INR 20 Lakh as grant for prototyping, validating proof-of-concept or product trials, and up to INR 50 Lakh as seed investment for business development from SP-TBI under this initiative.

Under this scheme, SP-TBI has supported **3 startups** for Grant-in-aid in this financial year and has supported **11 startups** in total; 6 under Debenture and 5 under Grant-in-aid.

Events and Activities Conducted

1. Business Modelling Workshop

1st April 2023

A comprehensive, end-to-end online session on Business Modelling was conducted, attracting active participation from incubated startups. The session covered essential concepts such as **value proposition, customer segments, revenue streams, and cost structures**. It provided a clear understanding of how to structure and align business components effectively for long-term success. Spanning two hours, the workshop delivered **practical strategies and real-world examples** that helped participants grasp the significance of a well-defined business model. The interactive nature of the session encouraged engagement, allowing attendees to clarify doubts and apply insights directly to their ventures. Overall, it was a valuable experience for aspiring entrepreneurs.

2. Secrets to Business Setup Session

12th April 2023

Expert speakers Rajat Kapoor, FCA, DISA, FAFD; Veena Bajaj, CS and Lawyer; and Navratan Soni, FCA, Registered Valuer, delved into the compelling reasons to invest in the UAE, highlighting the **region's strategic advantages for businesses**. Additionally, the session **covered crucial regulatory compliances** necessary for establishing and operating a business in the UAE, providing attendees with a clear understanding of the legal landscape.

3. Cresndo - Sports Event

21st April and 22nd April 2023

A 2-day sports event held for the incubated startups, featuring five different team games: Cricket, Table Tennis, Carrom, Tug of War, and Dodgeball. This event fostered **teamwork, camaraderie, and a healthy competitive spirit** among the participants. The event was a great success, promoting physical fitness and community bonding among the startups.

4. Curative on Sales and Marketing

19th May 2023

The session aimed to **enhance the sales and marketing skills** of the incubated startups. Deepaq Vartak provided in-depth knowledge on effective sales strategies, marketing techniques, and customer engagement practices.

5. Train the Trainer

6th June 2023

A one-week "Train the Trainer" program exclusively for SP-IT and SPCE faculty members, as well as SP-TBI Prayasee, **focusing on product fabrication** was conducted. This intensive program aimed to familiarize participants with the various equipment used in product fabrication and provide hands-on experience.

6. Smart India Hackathon Shortlisting

15th September 2023

SP-TBI's incubated companies' founders were invited as judges to assist in shortlisting students from SPIT for their Smart India Hackathon competition. With a total of 57 teams presenting their projects, each judge was allocated approximately 9 teams to evaluate.

7. Entrepreneurship Session at VIT, Wadala

15th September 2023

VIT Wadala hosted an engaging entrepreneurship session **led by Mr. Hardik Joshi, CEO**. He spoke about his entrepreneurial journey, covering the early stages of starting up, finding purpose, and navigating uncertainty. His experiences gave students a **raw and relatable perspective** on what it takes to begin something from scratch and stay committed through the initial hurdles.

The session provided a platform for aspiring entrepreneurs to interact with a seasoned leader. Mr. Joshi's practical advice and motivational approach inspired participants, equipping them with **essential tools, strategies, and confidence** to pursue their entrepreneurial dreams with clarity and determination.

8. Engagement with SPJIMR Talent Pool

October 2023

A collaboration was established between SP-TBI incubated companies and SPJMIR ADMAP Members with the aim of **fostering mutual benefits**. The collaboration sought to provide incubated companies with access to the talent pool at SPJIMR, allowing students to work part-time with the companies.

9. Fun Friday

6th October 2023

A series of indoor games was organised for startup teams to foster collaboration and team spirit. These activities were designed to create an engaging and interactive environment, encouraging participants to **work together and build stronger relationships**.

**10. ISBACON23 - Session on Productive Incubator Management***26th October 2023*

Mr. Hardik Joshi was invited as a guest speaker to ISBACON23, where he shared his expertise on **effective management practices for incubators**. Drawing from his extensive experience, he discussed key operational strategies, leadership approaches, and frameworks that can help incubators run more efficiently and support innovation-driven startups.

The session focused on empowering incubator managers with tools to enhance productivity, streamline internal processes, and build stronger support systems for budding entrepreneurs. Mr. Joshi emphasized the importance of creating a startup-friendly ecosystem that encourages **collaboration, mentorship, and sustainable growth**, making the discussion both insightful and highly relevant to the evolving startup landscape.

11. Dreams and Deals, NISP Council*31st October 2023*

Mr. Hardik Joshi contributed as a judge for the "Dreams and Deals" event hosted by the NISP Council of SPIT College to evaluate and provide feedback on the participants' project ideas.

**12. Diwali Celebration***10th November**2023*

A series of festive events were organized on the occasion of Diwali. The celebrations included Traditional Day, where participants donned cultural attire, and a vibrant Rangoli Making competition. Additionally, a lively game of Tambola was organized, fostering a sense of community and enjoyment. The events culminated in a **networking session**, providing an opportunity for **startups to connect and collaborate** in a festive atmosphere.

**13. Moderation at "Investment in Early State Startup"***16th November 2023*

Mr. Hardik Joshi moderated a panel on the topic "Investment in Early State Startup" in Entrepreneurship Awareness Program for students and Inaugurations of Startup Preincubation Centres organized by Maharashtra State Skills University in association with Maharashtra State Innovation Society at Lala Lajpat Rai College of Commerce and Economics organized by Maharashtra Skill.

The panel focused on key aspects of **early-stage funding**, including investor expectations, fundraising strategies, and common challenges faced by new ventures. Mr. Joshi guided the discussion with thoughtful insights, encouraging meaningful dialogue between panelists and the audience.

14. Faculty Development Program*4th January 2024*

A faculty development program was conducted at the college, featuring Mr. Hardik as one of the speakers where he provided a **brief overview of our incubation**. Subsequently, members visited our incubation center to gain insights into our infrastructure and observe startups in action.

15. Session on Ideation Process and Problem Identification

5th January 2024

Mr. Nitish Metha led an insightful session on 'Ideation Process and Problem Identification' during the ideathon workshop organized by SNTD and SPIT for Diploma students. He broke down the **early stages of entrepreneurship**, helping students understand how to observe, analyze, and identify real-world problems worth solving. His approach **encouraged critical thinking and creative exploration**, laying a strong foundation for innovation.

In the second part of the session, Mr. Metha focused on 'Budget Management,' where he emphasized the **importance of financial planning in any entrepreneurial journey**. He provided practical tips on managing limited resources, allocating funds wisely, and avoiding common financial pitfalls. The session equipped students with essential budgeting tools to help turn their ideas into sustainable projects.

16. SPJIMR's SYB Programme, Business Plan Presentations

6th January 2024

Mr. Hardik Joshi was invited as one of the judges to evaluate the presentations presented by the SYB (Start Your Business) students from the SPJIMR. The presentations were focused on pitching their business plans.

17. GeM Startup Runway 2.0

16th January 2024

SP-TBI partnered with Startup India for conducting the workshop in the campus that helped startups thoroughly understand the government procurement process on Government e Marketplace (GeM).

18. SPJIMR (GCPE) Presentations*21st January 2024*

Mr. Abhishek Gupta was invited as one of the judges to evaluate the presentations presented by the Graduate Certificate Programme in Entrepreneurship (GCPE) batch students. The presentations were focused on pitching their startups ideas.

19. Venture Capital Bootcamp – Mumbai Edition*30th January 2024*

SP-TBI in collaboration with FundEnable and DBS Bank, hosted the Venture Capital Bootcamp - Mumbai Edition in the campus. It was a comprehensive program to give startup founders the skills and information they need to **successfully negotiate the challenges of funding**.

**20. Incubation Visits**

Throughout the year, SP-TBI welcomed students from various colleges for incubation visits. These visits provided students with the opportunity to **explore our state-of-the-art facilities** and following the facility tour, **an orientation session** was conducted to familiarize students with the range of services and resources offered by our center. Additionally, the session highlighted **various funding opportunities available to aspiring entrepreneurs**. These visits served as invaluable opportunities for students to gain exposure to the entrepreneurial ecosystem and explore potential avenues for their own ventures.

11. Research and Development Activities

Bharatiya Vidya Bhavan's S.P.I.T. emphasises research as a vital component of academic pursuits, urging undergraduates to engage in innovative research in the emerging fields. The institution offers Postgraduate and Ph.D. programs dedicated to fostering a research-centric culture. The Research and Development (R&D) Cell oversees these initiatives, coordinating various research projects and consultancy efforts across different departments. The scope of research activities spans academic and funded projects, along with patents in the Faculty of Engineering and Technology.

11.1 Sponsored Research Projects

Sr. No.	Name of Faculty (Principal Investigator)	Name of the Funding agency	Title of the Project	Amount Received (In Rupees)
1.	Dr. Kiran Talele	Sidbi Venture Capital Limited, Mumbai	Activities of Student Chapter	1017169.00
2.	SP TBI	Ministry of Commerce and Industry - DPIIT	Startup India Seed Fund Scheme	3,62,96,831.00
3.	SP TBI	Government of India, Department of Science and Technology	Establishment of PRAYAS Centre	9600000.00

11.2 Ph.D. Thesis Defended (07)

- Prof. Dayanand Ambawade defended Thesis titled "Study of Event Correlation Analysis Techniques for Network Security"
- Prof. Pramod Bide defended Thesis titled "Social Network User Behavior Analytics for Manmade Disaster"
- Prof. Renuka Pawar defended Thesis titled "An Intelligent IoT Approach for Enabling an Access Control Solution for Smart Health Care System"
- Prof. Dipti Rohan Pawar defended Thesis titled "A Speech model for Unvoiced Speech Recognition based on Electroencephalography"
- Prof. Shital Arun Kakad defended Thesis titled "Cross domain data interoperability and annotation using semantic web of things"

- Prof. Ashwini Satish Sawant defended Thesis titled “Medical Image Enhancement and Abnormality Detection”
- Prof. Vidya Rajesh Keshwani Satish defended Thesis titled “Design of Compact Monopole Antenna with Low Specific Absorption Rate using Metamaterial”

11.3 Ph.D. Thesis Submitted (04)

- Prof. Siddhant Arun Goswami submitted Thesis titled “Design and Analysis of Metamaterial Inspired Antenna for Wireless Body Area Network”
- Prof. Payal Shah (UoM) submitted Thesis titled “Modeling and design of silicon neurons and synapse for neuromorphic chip implementation”
- Prof. Manish Bansode submitted Thesis titled “Design of compact electromagnetic band gap structures for high speed signaling”
- Prof. Jignesh Amarsingh Sisodia submitted Thesis titled “Video analytics for monitoring of activities of elderly people to detect neurodegenerative disease Parkinson”

12. Library

SPIT library is a knowledge resource center, which has an invaluable resource for the students and faculty members in the area of Engineering and Technology. It is providing effective information services to the users within a shortest possible time using SLIM library management software.

12.1 Introduction

Library has a collection of more than 24000+ books and 8000+ e-books. Library has subscribed to National and International periodicals along with online journals like IEEE ASPP + POP and ACM Digital Library. It is a member of National Digital Library. Library has E-books with multi user, IP based 24X7 access with no limit on the number of downloads.

SPIT library maintains Institution Repository with open-source software: DSpace having Institution events, reports, institutional magazines, faculty publication, academic rules, question papers, syllabus etc. Library has NPTEL online lectures of eminent personality of various IITs, and there are made available to user online through Intranet. Library provides Book Bank facility to students. SPIT Library is open to other academic users for reference.

Library is wi-fi enabled and has an Internet Center having 10 PCs.

Objectives of the Library

- To develop an enriched collection of books and other resources to the students and staff of SPIT.
- To implement new technologies learnt for betterment of our library services.
- To see institute library as the front runner in implementing the new information and communication technologies

Working Hours

Library Timings: 8.00 A.M. TO 7.30 P.M.

After Library hours students can sit in room 101 or 003.

SPIT Library Committee

Name	Position
Dr. Sudhir Dhage	Library In-charge
Abhijit Salunke	Member
Sneha Weakey	Member
Sakina Salmani	Member

Library Users:

Total Number of Users	- 1768
Students	- 1916
Teaching	- 78
Non-Teaching	- 57

12.2 Library Title Volume Data

Course	Division	Starting Year	No. of volumes	No. of Titles	National Journals	International Journals	E-Journals
B.Tech COMP	1	2005	4559	1295	11	47	47
B.Tech ETRX	1	2005	4885	1391	11	47	47
B.E. Tech I.T.	1	2005	4157	1287	11	46	46
B.Tech EXTC	1	2005	3826	961	11	45	45
MCA	1	2009	3974	658	11	45	45
M.Tech EXTC	1	2010	1394	235	10	45	45
M.Tech COMP	1	2011	1216	198	10	45	45
Total			24011 (print)+ 8410 (e-book)	6025 (print) + 8410 (e-book)	75	320	320

12.3 E Resources

E-Resources	Type of Resources	Website
Wiley (IP Based)	E-Books	http://onlinelibrary.wiley.com
Springer (IP Based)	E-Books	http://link.springer.com
IEEE ASPP + POP (IP Based)	E-Journals	http://ieeexplore.ieee.org
ACM Digital Library (Login based)	ACM Publications	http://dl.acm.org/
OPAC (Intranet)	Library Catalogue	http://172.16.70.82/w27/
NPTEL (Free on Internet)	E-Learning through online web and Video Courses	http://nptel.ac.in/
National Digital Library (Free on Internet)	Pilot project of Virtual repository of learning resources with a single- window search facility.	https://ndl.iitkgp.ac.in/
Dspace Digital Library (Intranet)	Institutional Repository of SPIT having Staff Publications, Student Project Reports, College Magazine etc	http://dspace.spit.ac.in/jspui/handle/123456789/6
TMH	E-books	https://www.expresslibrary.mheducation.com/
Turnitin	Turnitin solutions promote academic integrity, streamline grading and feedback, deter plagiarism, and improve student outcomes.	https://www.turnitin.com/
Shodhganga	Shodhganga: a reservoir of Indian theses is a digital repository of theses and dissertations submitted to universities in India	https://shodhganga.inflibnet.ac.in/

12.4 National Journals List (Hard Copy) 2023-24

Sr. No.	Journal Title	Publisher	Frequency
1	Artificial Intelligent Systems & Machine Learning	Coimbatore Institute of Information Technology	Monthly
2	Automation & Autonomous Systems	Coimbatore Institute of Information Technology	Monthly
3	Bulletin of Calcutta Mathematical Society	Calcutta Mathematical Society	Bi-Monthly
4	Bhvan's Journal (Three Years 21-23)	Bhartiya Vidya Bhavan's	Fortnightly
5	Calcutta Statistical Association Bulletin	Sage Publications India	Half Yearly
6	Current Science (22-26 Four Years)	Current Science Association	Fortnightly
7	Data Mining & Knowledge Engineering	Coimbatore Institute of Information Technology	Monthly
8	Decision	Springer Nature India Pvt Ltd.	Quarterly
9	Defense Science Journal	Defence Scientific Information and Documentation Centre	Bi-Monthly
10	Digital Image Processing	Coimbatore Institute of Information Technology	Monthly
11	Digital Signal Processing	Coimbatore Institute of Information Technology	Monthly
12	Economic and Political Weekly	Economic and Political Weekly	Weekly
13	Energy Future	TERI	Quarterly
14	Finance India	Indian Institute of Finance	Quarterly
15	Fuzzy Systems	Coimbatore Institute of Information Technology	Monthly
16	ICTACT Journal on Communication Technology	ICT Academy of Tamil Nadu, Chennai	Quarterly
17	ICTACT Journal on Image and Video Processing	ICT Academy of Tamil Nadu, Chennai	Quarterly
18	ICTACT Journal on Soft Computing	ICT Academy of Tamil Nadu, Chennai	Quarterly
19	ICTACT Journal on Micro electronics	ICT Academy of Tamil Nadu, Chennai	Quarterly

20	IETE Journal of Education	Institution of Electronics and Telecommunication Engineering, New Delhi	Bimonthly
21	IETE Journal of Research	Institution of Electronics and Telecommunication Engineering, New Delhi	Half Yearly
22	IETE Technical Review	Institution of Electronics and Telecommunication Engineering, New Delhi	Bi – Monthly
23	Indian Journal of Advanced Communication Engineering	Academic Research Journal, New Delhi	Bi-Annual
24	Indian Journal of Agricultural Economics	The Indian Society of Agricultural Economics	Quarterly
25	Indian Journal of Pure & Applied Physics	CSIR-National Institute of Science Communication And Information Resources, New Delhi	Monthly
26	Indian Journal of software Business Management	Academic Research Journal, New Delhi	Bi-Annual
27	Indian Literature	Sahitya Academy	Bi-Monthly
28	International Journal of Distributed and Cloud Computing	<u>Publishing India Group</u>	Biannual
29	International Journal of Emerging Trends in Science and Technology	<u>Publishing India Group</u>	Biannual
30	International Journal of Knowledge Based Computer System	Publishing India Group	Biannual
31	International Journal of Next Generation Computing	Perpetual Innovation Media Pvt. Ltd., Delhi	Three time in a year
32	International Journal of Web Applications	Digital Information Research Foundation, Chennai	Quarterly
33	Journal of Aerospace Sciences and Technologies	The Aeronautical Society of India	Quarterly
34	Journal of Computer Science	Karpagam Publication (IBH), Coimbatore	Bi-Monthly
35	Journal of Data Processing	Digital Information Research Foundation, Chennai	Quarterly
36	Journal of Digital Information Management	Digital Information Research Foundation, Chennai	Bi-Monthly
37	Journal of Education and Pedagogy	National Educationist Council, Meerut (U.P.)	Biannually

38	Journal of Engineering Education Transformations	K.E. Society's Rajarambapu Institute of Technology	Quarterly
39	Journal of Environmental Science Research	Research Science Press (India), Gurgaon	Bi-annual
40	Journal of Indian Institute of Science	Indian Institute of Science, Bangalore	Bi-Monthly
41	Journal of Indian Mathematical Society	The Indian Mathematical Society, Aurangabad	Quarterly
42	Journal of Information Security Research	Digital Information Research Foundation, Chennai	Quarterly
43	Journal of Institution of Engineers (India) - Series B	Springer (India), New Delhi	Quarterly
44	Journal of Intellectual Property Rights	Council of Scientific and Industrial Research, New Delhi	Bi-Monthly
45	Journal of Intelligent Computing	Digital Information Research Foundation, Chennai	Quarterly
46	Journal of Network and Information Security	Publishing India Group	Biannual
47	Journal of Networking Technology	Digital Information Research Foundation, Chennai	Quarterly
48	Journal of the Ramanujan Mathematical Society	Ramanujan Mathematical Society	Quarterly
49	Journal of Rural Development	National Institute of Rural Development	Quarterly
50	Journal of Scientific and Industrial Research	Council of Scientific and Industrial Research, New Delhi	Monthly
51	Journal of Scientific and Technical Research	Publishing India Group	Biannual
52	Journal on Circuit and Systems	i-Manager Publication, Tamilnadu	Quarterly
53	Journal on Cloud Computing	i-Manager Publication, Tamilnadu	bi-annual
54	Journal on Communication Engineering & Systems	i-Manager Publication, Tamilnadu	Quarterly
55	Journal on Computer Science	i-Manager Publication, Tamilnadu	Quarterly
56	Journal on Digital Signal Processing	i-Manager Publication, Tamilnadu	Quarterly
57	Journal on Electronics Engineering	i-Manager Publication, Tamilnadu	Quarterly
58	Journal on Embedded Systems	i-Manager Publication, Tamilnadu	bi-annual
59	Journal on Future Engineering and Technology	i-Manager Publication, Tamilnadu	Quarterly

60	Journal on Image Processing	i-Manager Publication, Tamilnadu	Quarterly
61	Journal on Information Technology	i-Manager Publication, Tamilnadu	Quarterly
62	Journal on Instrumentation and Control Engineering	i-Manager Publication, Tamilnadu	Quarterly
63	Journal on Mathematics	i-Manager Publication, Tamilnadu	Quarterly
64	Journal on Mobile Applications and Technologies	i-Manager Publication, Tamilnadu	Bi-annual
65	Journal on Pattern Recognition	i-Manager Publication, Tamilnadu	Quarterly
66	Journal on Power Systems Engineering	i-Manager Publication, Tamilnadu	Quarterly
67	Journal on Software Engineering	i-Manager Publication, Tamilnadu	Quarterly
68	Journal on Wireless Communication Networks	i-Manager Publication, Tamilnadu	Quarterly
69	Networking and Communication Engineering	Coimbatore Institute of Information Technology	Monthly
70	Programmable Device Circuits and Systems	Coimbatore Institute of Information Technology	Monthly
71	Resonance – Journal of Science Education	Indian Academy of Sciences	Monthly
72	Science and Culture	Indian Science News Association	Bi-Monthly
73	Software Engineering and Technology	Coimbatore Institute of Information Technology	Monthly
74	Wireless Communication	Coimbatore Institute of Information Technology	Monthly
75	Yojana	Journals Unit, Publications Division	Monthly

12.5 Magazines (hard copy) Subscribed

Sr. No.	Title	Publisher	Frequency
1	Competition Affairs	Balvinder Singh Chawla, Chandigarh	Monthly
2	Competition Success Review	Competition Review Pvt. Ltd	Monthly
3	Dataquest	Cyber Media (India) Ltd, New Delhi	Fortnightly
4	Digit	9.9 Interactive Pvt. Ltd.	Monthly
5	Digital Learning	Elets Technomedia Pvt. Ltd.,	Monthly
6	Electronics For You	EFY Enterprises Pvt. Ltd., New Delhi	Monthly
7	India Today (English)	WECARE	Monthly
8	Open Source For You	EFY Enterprises Pvt. Ltd., New Delhi	Monthly
9	Outlook	Outlook Publishing (India) Pvt. Ltd., New Delhi	Weekly
10	PC Quest	CyberMedia (India) Ltd.	Monthly
11	Practical Electronics	Wimborne Publishing Ltd.,	Monthly
12	Reader's Digest	Living Media India Limited, Delhi	Monthly
13	Safe and Secure (LifeTime)	Vision Media Hitech Pvt Ltd	Monthly
14	Time	Time Asia,	Weekly
15	University News	Association of Indian Universities (177)	Monthly
16	Week	Manorama Press, Kottayam	Weekly

12.6 IEEE All Society Periodicals Package + IEEE Proceedings Order Plans (ASPP+POP)

IEEE ASPP Online combines high-quality technical literature with the power of online searching, including:

- 190 IEEE online society-sponsored journals, transactions, and magazines — [Download complete list of titles \(XLS\)](#) included in IEEE ASPP
- Peer-reviewed publications, concentrating on theoretical and experimental papers
- Quality magazines focusing on practical applications in research, design, and specification
- More than 461,000 documents, many of them available in HTML as well as the original PDF format
- Complimentary access to content from Nokia's *Bell Labs Technical Journal*
- The most [highly-cited](#) journals in the field

- Approximately 5 million abstract records
- Backfile to 2010
- Robust search tools with a user-friendly interface
- Daily updates—hundreds of papers added each week
- Abstract/citation and bibliographic records for subscribed content
- Title lists with persistent links and new periodical titles: www.ieee.org/kbart
- Online access to articles accepted for future print publication

12.7 List of IEEE Transaction (2023-24)

SR. No.	Title
1	Advanced Packaging, IEEE Trans. On*
2	Aerospace and Electronic Systems, IEEE Trans. On* (T-AES)
3	Affective Computing, IEEE Trans. On* (T-AFFC)
4	Antennas and Propagation, IEEE Trans. On (T-AP)
5	Applied Superconductivity, IEEE Trans. On (T-ASC)
6	Artificial Intelligence IEEE Trans. On*
7	Audio, Speech and Language Processing, IEEE/ACM Trans. On (T-ASL)
8	Automatic Control, IEEE Trans. On (T-AC)
9	Automation Science and Engineering, IEEE Trans. On (T-ASE)
10	Big Data, IEEE Trans. On* (T-BD)
List of IEEE Transaction (2023-24)	
11	Biomedical Circuits and Systems, IEEE Trans. On (T-BCAS)
12	Biomedical Engineering, IEEE Trans. On (T-BME)
13	IEEE Transactions on Biometrics, Behavior, and Identity Science
14	Broadcasting, IEEE Trans. On (T-BC)
15	Circuits and Systems for Video Technology, IEEE Trans. On (T-CSVT)
16	Circuits and Systems Part I: Regular Papers, IEEE Trans. On (T-CAS1)
17	Circuits and Systems Part II: Express Briefs, IEEE Trans. On (T-CAS2)
18	Cloud Computing, IEEE Trans. On (T-CC)
18	Cognitive Communications and Networking, IEEE Trans. On* (T-CCN)
19	Cognitive and Development Systems, IEEE Trans on (T-CDS)
20	Communications, IEEE Trans. On (T-COMM)
21	Components, Packaging and Manufacturing Technology, IEEE Trans. On (T-CPMT)
22	Computational Biology and Bioinformatics, IEEE/ACM Trans. On (T-CBB)
23	Computational Imaging, IEEE Trans. On* (T-CI)

24	Computational Intelligence and AI in Games, IEEE Trans. On* (T-CI)
25	Computational Social Systems, IEEE Trans. On* (T-CSS)
26	Computer-Aided Design of Integrated Circuits and Systems, IEEE Trans. On (T-CAD)
27	Computers, IEEE Trans. On (T-C)
28	Consumer Electronics, IEEE Trans. On (T-CE)
29	Control of Network Systems, IEEE Trans. On* (T-CNS)
30	Control Systems Technology, IEEE Trans. On (T-CST)
31	Cybernetics, IEEE Trans. On (T-CYB)
32	Dependable and Secure Computing, IEEE Trans. On* (T-DSC)
33	Device and Materials Reliability, IEEE Trans. On (T-DMR)
34	Dielectrics and Electrical Insulation, IEEE Trans. On (T-DEI)
35	Education, IEEE Trans. On (T-E)
36	Electromagnetic Compatibility, IEEE Trans. On (T-EMC)
37	Electron Devices, IEEE Trans. On (T-ED)
38	Electronics Packaging Manufacturing, IEEE Trans. On
39	Emerging Topics in Computational Intelligence, IEEE Trans. On
40	Emerging Topics in Computing, IEEE Trans. On (T-ETC)
List of IEEE Transaction (2023-24)	
41	Energy Conversion, IEEE Trans. On (T-EC)
42	Engineering Management, IEEE Trans. On (T-EM)
43	Evolutionary Computation, IEEE Trans. On (T-EVC)
46	Geoscience and Remote Sensing, IEEE Trans. On (T-GRS)
47	Green Communications and Networking Trans. On (T-GCN)
48	Haptics, IEEE Trans. On (T-H)
49	Human-Machine Systems, IEEE Trans. On (T-HMS)
50	Image Processing, IEEE Trans. On (T-IP)
51	Industrial Electronics, IEEE Trans. On (T-IE)
52	Industrial Informatics, IEEE Trans. On (T-IINF)
53	Industry Applications, IEEE Trans. On (T-IA)
54	Information Forensics and Security, IEEE Trans. On (T-IFS)
55	Information Technology in Biomedicine, IEEE Trans. On
56	Information Theory, IEEE Trans. On (T-IT)
57	Instrumentation and Measurement, IEEE Trans. On (T-IM)
58	Intelligent Transportation Systems, IEEE Trans. On (T-ITS)

59	Intelligent Vehicles, IEEE Trans. On (T-IV)
60	Knowledge and Data Engineering, IEEE Trans. On (T-KDE)
61	Learning Technologies, IEEE Trans. On* (T-LT)
62	Magnetics, IEEE Trans. On (T-MAG)
63	Mechatronics, IEEE/ASME Trans. On (T-MECH)
64	Medical Imaging, IEEE Trans. On (T-MI)
65	IEEE Transactions on Medical Robotics and Bionics
66	Microwave Theory and Techniques, IEEE Trans. On (T-MTT)
67	Mobile Computing, IEEE Trans. On* (T-MC)
68	Molecular, Biological, and Multi-Scale Communications, IEEE Trans. On*(T-MBMS)
69	Multi-Scale Computing Systems, IEEE Trans. On
70	Multimedia, IEEE Trans. On (T-MM)
71	NanoBioscience, IEEE Trans. On (T-NB)
72	Nanotechnology, IEEE Trans. On (T-NANO)
73	Network and Service Management, IEEE Trans. On (T-NSM)
74	Network Science and Engineering, IEEE Trans. On* (T-NSE)
75	Networking, IEEE/ACM Trans. On (T-NET)
76	Neural Networks, IEEE Trans. On
77	Neural Networks and Learning Systems, IEEE Trans. On (T-NNLS)
78	Nuclear Science, IEEE Trans. On (T-NS)
79	Parallel and Distributed Systems, IEEE Trans. On* (T-PDS)
80	Pattern Analysis and Machine Intelligence, IEEE Trans. On (T-PAMI)
81	Plasma Science, IEEE Trans. On (T-PS)
82	Power Delivery, IEEE Trans. On (T-PWRD)
83	Power Electronics, IEEE Trans. On (T-PEL)
84	Power Systems, IEEE Trans. On (T-PWRS)
85	Professional Communication, IEEE Trans. On (T-PC)
86	Radiation and Plasma Medical Sciences, IEEE Trans. On (T-RPMS)
87	Reliability, IEEE Trans. On (T-R)
88	Robotics, IEEE Trans. On (T-RO)

89	Semiconductor Manufacturing, IEEE Trans. On (T-SCM)
90	Services Computing, IEEE Trans. On* (T-SC)
91	Signal and Information Processing over Networks, IEEE Trans. On* (T-SIPN)
92	Signal Processing on Signal and Information Processing Over Networks, IEEE Trans.on
93	Signal and Power Integrity, IEEE Trans. On
94	Signal Processing, IEEE Trans. On (T-SP)
95	Smart Grid, IEEE Trans. On (T-SG)
96	Software Engineering, IEEE Trans. On (T-SE)
97	Sustainable Computing, IEEE Trans. On (T-SUSC)
98	Sustainable Energy, IEEE Trans. On (T-STE)
99	Systems, Man, and Cybernetics, Systems, IEEE Trans. On (T-SMC)
100	Technology and Society, IEEE Trans. On
101	Terahertz Science and Technology, IEEE Trans. On (T-Thz)
102	Transportation Electrification, IEEE Trans. On* (T-TE)
103	Ultrasonics, Ferroelectrics and Frequency Control, IEEE Trans. On (T-UFFC)
104	Vehicular Technology, IEEE Trans. On (T-VT)
105	Very Large Scale Integration Systems, IEEE Trans. On (T-VLSI)
106	Visualization and Computer Graphics, IEEE Trans. On* (T-VCG)
107	Wireless Communications, IEEE Trans. On (T-WC)

12.8 List of IEEE Magazine (2023-24)

SR. No.	Title
1	IEEE Aerospace and Electronic Systems Magazine (M-AES)
2	IEEE Annals of the History of Computing (M-AHC)
3	IEEE Antennas and Propagation Magazine (M-AP)
4	IEEE BITS the Information Theory Magazine

14	IEEE Control Systems Magazine (M-CS)
15	IEEE Design and Test Magazine (M-D&T)
16	IEEE Electrical Insulation Magazine (M-EI)
17	IEEE Electrification Magazine (E-M)
18	IEEE Electromagnetic Compatibility Magazine (M-EMC)
19	IEEE Engineering in Medicine and Biology Magazine
20	IEEE Geoscience and Remote Sensing Magazine* (M-GRS)
21	IEEE Industrial Electronics Magazine (M-IE)
22	IEEE Industry Applications Magazine (M-IA)
23	IEEE Instrumentation and Measurement Magazine (M-IM)
24	IEEE Intelligent Systems Magazine (M-IS)
25	IEEE Intelligent Transportation Systems Magazine (M-ITS)
26	IEEE Internet Computing Magazine (M-IC)
27	IEEE Internet of Things Magazine
28	IT Professional Magazine (M-ITPRO)
29	IEEE Micro Magazine (M-MICRO)
30	IEEE Microwave Magazine (M-MW)
31	IEEE MultiMedia Magazine (M-MULTI)
32	IEEE Nanotechnology Magazine (M-NANO)
33	IEEE Network: The Magazine of Global Internetworking (M-NET)
34	IEEE Pervasive Computing Magazine (M-PVC)
35	IEEE Power Electronics Magazine (M-PEL)
36	IEEE Power & Energy Magazine (M-P&E)
37	IEEE Pulse: A Magazine of the IEEE Engineering in Medicine and Biology Society (M-PULSE)
38	IEEE Robotics and Automation Magazine (M-RA)
39	IEEE Security & Privacy Magazine (M-S&P)
40	IEEE Signal Processing Magazine (M-SP)
41	IEEE Software Magazine (M-SOFT)
42	IEEE Solid-State Circuits Magazine (M-SSC)
43	IEEE Systems, Man, and Cybernetics Magazine* (M-SMC)
44	IEEE Technology and Society Magazine (M-T&S)
45	IEEE Technology Policy and Ethics

46	IEEE Vehicular Technology Magazine (M-VT)
47	IEEE Wireless Communications Magazine (M-WC)

12.9 List of IEEE Journal (2023-24)

SR. No.	Title
1	Automatica Sinica, IEEE/CAA Journal of (J-AS)
2	Bell Labs Technical Journal
3	Biomedical and Health Informatics, IEEE Journal of (J-BHI)
4	IEEE Canadian Journal of Electrical and Computer Engineering
5	Electromagnetics, RF and Microwaves in Medicine and Biology, IEEE Journal of (J-ERM)
6	Emerging and Selected Topics in Circuits and Systems, IEEE Journal on
7	Emerging and Selected Topics in Industrial Electronics, IEEE Journal on
8	Emerging and Selected Topics in Power Electronics, IEEE Journal of (J-ESTPE)
9	IEEE Journal on Flexible Electronics
10	IEEE Internet of Things Journal* (J-IOT)
11	Lightwave Technology, Journal of (J-LT)
12	Microelectromechanical Systems, Journal of (J-MEMS)
13	IEEE Journal on Miniaturization for Air and Space Systems
14	Multiscale and Multiphysics Computational Techniques, IEEE Journal on (J-MMCT)
15	Oceanic Engineering, IEEE Journal of (J-OE)
16	IEEE Photonics Journal
17	IEEE Journal on Selected Areas in Communications
18	IEEE Journal on Selected Areas in Information Theory
19	IEEE Journal of Selected Topics in Quantum Electronics
20	Quantum Electronics, IEEE Journal of (J-STQE)
21	IEEE Journal of Radio Frequency Identification
22	IEEE Journal of Selected Topics in Signal Processing
23	IEEE Sensors Journal (J-SEN)
24	Solid-State Circuits, IEEE Journal of (J-SSC)
25	IEEE Systems Journal (J-SYS)

12.10 List of IEEE Letters (2023-24)

SR. No.	Title
1	IEEE Antennas and Wireless Propagation Letters (L-AWP)
2	IEEE Communications Letters (L-COMM)
3	IEEE Computer Architecture Letters (L-CA)
4	IEEE Letters of the Computer Society (L-OCS)
5	IEEE Control Systems Letters (L-CSS)
6	IEEE Letters on Electromagnetic Compatibility Practice and Applications
7	IEEE Electron Device Letters (L-ED)
8	IEEE Embedded Systems Letters (L-ES)
9	IEEE Geoscience and Remote Sensing Letters (L-GRS)
10	IEEE Magnetism Letters (L-MAG)
11	IEEE Microwave and Wireless Components Letters (L-MWC)
12	IEEE Networking Letters
13	IEEE Photonics Technology Letters (L-PT)
14	IEEE Robotics and Automation Letters (L-RA)
15	IEEE Sensors Letters (L-SEN)
16	IEEE Signal Processing Letters (L-SP)
17	IEEE Solid State Circuits Letters (L-SSC)
18	IEEE Wireless Communications Letters (L-WC)

12.11 List of IEEE Reviews (2023-24)

SR. No.	Title
1	Biomedical Engineering, IEEE Reviews in (R-BME)
2	IEEE Engineering Management Review

IEEE Communications Surveys & Tutorials* (COMST)

12.12 ACM Digital Library Subscription 2023-24

The **ACM Digital Library** is a research, discovery and networking platform containing:

- The Full-Text Collection of all ACM publications, including journals, conference proceedings, technical magazines, newsletters and books.
- A collection of curated and hosted full-text publications from select publishers.
- The ACM Guide to Computing Literature, a comprehensive bibliographic database focused exclusively on the field of computing.
- A richly interlinked set of connections among authors, works, institutions, and specialized communities.

ACM Journals/Transactions (2023-24)

1. ACM Journal on Computing and Sustainable Societies
2. Collective Intelligence (COLA)
3. ACM Computing Surveys (CSUR)
4. Digital Government: Research and Practice (DGOV)
5. Distributed Ledger Technologies: Research and Practice
6. Digital Threats: Research and Practice (DTRAP)
7. Formal Aspects of Computing
8. Games: Research and Practice
9. ACM Transactions on Computing for Healthcare (HEALTH)
10. Proceeding of the ACM on Interactive Mobile, Wearable & Ubiquitous Technologies
11. Journal of the ACM (JACM)
12. ACM Journal on Autonomous Transportation Systems
13. Journal of Data and Information Quality (JDIQ)
14. Journal of Experimental Algorithmics (JEA)
15. ACM Journal on Emerging Technologies in Computing Systems (JETC)
16. Journal on Computing and Cultural Heritage (JOCCH)
17. ACM Journal on Responsible Computing
18. Proceedings of the ACM on Computer Graphics and Interactive Techniques (PACMCGIT)
19. Proceeding of the ACM on Human - Computer Interaction (PACMHCI)
20. Proceedings of the ACM on Networking
21. Proceeding of the ACM on Programming Languages (PACMPL)
22. Proceeding of the ACM on Measurement & Analysis of Computing Systems (POMACS)
23. ACM Transactions on Autonomous and Adaptive Systems (TAAS)
24. ACM Transactions on Accessible Computing (TACCESS)
25. ACM Transactions on Architecture and Code Optimization (TACO)
26. ACM Transactions on Algorithms (TALG)
27. ACM Transactions on Asian and Low-Resource Language Information Processing (TALLIP)
28. ACM Transactions on Applied Perception (TAP)

29. IEEE/ACM Transactions on Audio, Speech and Language Processing (TASLP)
30. IEEE/ACM Transactions on Computational Biology and Bioinformatics (TCBB)
31. ACM Transactions on Cyber-Physical Systems (TCPS)
32. ACM/IMS Transactions on Data Science (TDS)
33. ACM Transactions on Economics and Computation (TEAC)
34. ACM Transactions on Embedded Computing Systems (TECS)
35. ACM Transactions on Evolutionary Learning and Optimization (TELO)
36. ACM Transactions on Human – Robot Interaction (THRI)
37. ACM Transactions on Interactive Intelligent Systems (TIIS)
38. ACM Transactions on Internet of Things (TIOT)
39. ACM Transactions on Intelligent Systems and Technology (TIST)
40. ACM Transactions on Knowledge Discovery from Data (TKDD)

13. Feedback

As part of the preparation for NAAC accreditation, a survey was undertaken to determine the perception of best practices at S.P.I.T. The survey template developed by IQAC was circulated amongst all stakeholders of the institute like faculty, students, industry experts, office staff, domain experts, teachers of other higher education institutions and so on. The survey had 37 respondents.

Stakeholder

37 responses

Highlights of the feedback

- Considerate of student needs related to academics and internships and taking appropriate steps
- Various opportunities to enhance co curricular skills
- Practical knowledge demonstration
- Easily accessible professors for help
- Best TPO
- Scope courses, Freedom to choose electives, Innovative labs
- Autonomy, giving motivation for startups, research internships
- Flexibility in the Work Environment and encouraging the performer
- Good Faculties
- Good Placements
- Focus on assignments and studies
- Good Extracurricular Activities
- Relative grading
- Improving sports facilities and infrastructure
- ESE gets finished within a short span of time

- Holistic Development by involving SEVA/SATVA/HSSA and other allied subjects
- Industry and Research Internship at 6th/8th Semester facilitates student to gain industrial research experience and understand corporate work culture before actual getting into corporate/PG Courses
- Provision of PDC, Idea Lab, TBI which encourages and boost students to go ahead with entrepreneurship/research/product formulation/patenting.
- Conducting regular ISEs and MSEs to ensure concept understanding
- A practical approach to every subject in labs, including presentations as a part of the exam.
- Conducting technical and cultural events
- Paper publication encouragement for BE students, use of innovative teaching learning, emphasis of all round development through seva courses
- Best Community of Students
- Work culture, approachable colleagues, encouragement for continuous improvement.
- Encouragement of students to participate in funded projects/competitions /extracurricular activities/outreach.
- Class size is small so faculty can better interact with students.
- Liberty for teachers to make innovations while taking lectures.
- Tutorials are also conducted batch wise Which helps both teachers and students to have smooth communication.
- Taking care of the students when in campus. Counsellor for mental health is available
- Labs are open 24x7 for students by key permission, Proactively Activity-based Learning,
- Integrity, Positive approach and transparency
- It allows its students to choose from a variety of fields helping them to improve life skills and overall development of an individual.
- Quality intake, Best Pay Package to Students, Adequate Work freedom, Consistency in adopting best practices.

13.1 Parents Feedback Analysis

S.P.I.T. collects the feedback on perception, Mission of the institute, curriculum aspects, Teaching Learning, Infrastructure from different stakeholders such as the Parents, students, alumni, Faculty and Employers. The Institution has established the Academic Council in order to ensure and analyze the academic excellence at student and faculty levels.

The institute thoroughly reviews the curriculum for every academic year. The college maintains an IQAC as a quality consistence and quality enhancement measure. Various departments and committees work for Career Guidance, Anti-Ragging and Sexual Harassment Committee, etc. reinforce the curriculum by incorporating suggestions from various stakeholders and experts. The college conducts annual Alumni Meet, in which suggestions and feedback is received from Alumni students. Feedback from industry/ recruiters and professionals is obtained through department feedback committee. The provided feedback data is analyzed and incorporated for necessary implementation in curriculum and other developments.

Parent feedback is important for an engineering institute because it provides valuable insights into the experiences and expectations of the students' families. This information can help the institute identify areas where they are doing well and areas where they can improve, which can ultimately lead to a better overall learning experience for the students. Additionally, parent feedback can help the institute feel more connected to the families and foster a stronger sense of community.

Methodology

A google form was designed based on a template developed by the IQAC and circulated among parents of all students belonging to UG as well as PG program. The feedback was divided into different categories like perception, Institute's adherence to its mission statement, Curriculum, Teaching, Learning and Student performance, and Infrastructure and Facilities with few questions under each category. A total of 52 parents responded to the survey with 98% of the responses from the UG category.

Feedback Analysis

Perception: Nearly 82% of the parents expressed pride at their ward being students of S.P.I.T. while 90% of the parents have appreciated the learning environment especially in online mode.

Getting admission in S.P.I.T. for my son/daughter is a matter of pride for me
50 responses

The atmosphere at S.P.I.T is helpful for learning specially in the current online teaching learning mode?
48 responses

Nearly 95% parents also feel that employability is the one of the prime focus areas of S.P.I.T
Employability is one of the prime focus in the Institute, as well as is the higher education
50 responses

Report Summary on Departmental PTM Meeting:

Meeting Name:	Departmental Meeting		
Date of Meeting	28/Nov/2023	Time:	4:00 pm
Minutes Prepared By:	Prof. Reeta Koshy & Prof. Abhijeet Salunke	Location-	608
Meeting Agenda: Parent Teacher Meeting to discuss child’s progress, questions regarding curriculum and other activities in department and invite feedback.			
Present Members:			
1. Dr. P. B. Bhavathankar		6. Prof. Aditya Rajmane	
2. Dr. Surekha Dholay		7. Dr. Anant Nimkar	
3. Prof. Anand Godbole		8. Prof. Jyoti Ramteke	
4. Prof. Siddhartha Chandra		9. Dr. Disha Sail	
5. Prof. Swapnali Kurhade		10. Prof. Abhijeet Salunke	
Parents' suggestions	Parents openly conveyed their concerns. The suggestions provided by them are as follows: 1. The results are delayed which may affect the placements opportunities of their ward. 2. The improvement in Alumni connect can open new avenues for students.		

13.2 Feedback on Mission Statement

Feedback was collected from parents on various aspects of our mission statement which is as follows:

- Provide high quality education in engineering and technology promoting the Indian Values and Ethos that will prepare the participants to lead lives of personal integrity and civic responsibility in a global society.

- Promote an Educational Environment that combines academic study with the excitement of intellectual curiosity for engineers of tomorrow.
- Enhance career opportunities for students through Industry-Institute interaction, value-added courses and projects in cutting edge technology.
- Inculcate Entrepreneurial mindset in students to make them job creators.
- Focus on applied research to create next generation technologies.

The responses are outlined below:

Institute takes efforts in generating awareness about Indian values, personal integrity and civic responsibility (through campaigns like community environment and sustainability/ ethics and values etc.)
50 responses

Students are motivated to participate in various competitions (such as Hackathon/ trouble-shooting, coding/ethical hacking/ Moot courts for legal aspects/ debates)
50 responses

Industry supported skill based courses are introduced in the syllabus (through internships, visits, consultancy, projects, etc.)
49 responses

Courses in the syllabus promote Entrepreneurship (students are encouraged and supported to initiate startups by Startup school mentor-ship)
49 responses

Research culture is encouraged (technical paper presentation / publications in journals/ motivation ...arch projects / Faculty serving as research guides)
49 responses

13.3 Feedback on Curriculum

Most parents feel that the curriculum gets the students ready for industry by imparting analytical and reasoning skills as well as language and soft skills apart from technical competencies required by industry at the same time providing academic flexibility and facilitating holistic development of students.

The academic flexibility provides opportunities to students to pursue their interest.

...er of pathways / electives from different areas of specialization)

49 responses

Holistic development of students is encouraged.
sports, cultural and co-curricular activities)

(participation in various

49 responses

13.4 Feedback on Teaching, Learning and Students Performance

Most parents are satisfied with the quality of teaching offered and mentorship and career guidance being provided by S.P.I.T.

Rate the satisfaction level about the quality of teaching offered to your ward?

49 responses

Are you happy with the mentor-ship and career guidance your ward receives?

50 responses

They have also expressed satisfaction with the information dissemination system of the institute and the unbiased evaluation process.

Information distributed through website/circular/e-mails/notices/announcements regarding rules and regulations, events, curriculum, examination are satisfactory?

50 responses

Do you agree that the evaluation methods are sufficient and unbiased to assess the potential of the son/daughter?

50 responses

Feedback

13.5 Feedback on Infrastructure

Parents have rated the various infrastructure parameters of S.P.I.T as follows:

Class Room

Labs

Library

Wi-Fi and Internet Facility

Campus Canteen

Other facilities

13.6 Suggestions for improvement

Some of the suggestions given by parents include timely declaration of results, regular update about their ward's performance, and effective design of timetable which ensures students do not waste time in between lectures and use their time more efficiently. Parents have also suggested that equal emphasis should be placed on placements and higher education and students interested in higher education should be mentored as effectively as their placement counterparts. They have suggested that the Institute should invite foreign universities for seminars and guidance on admission processes there. Many parents from across the state have requested development of suitable hostel facilities.
