From Principal's Desk

Bharatiya Vidya Bhavan's Sardar Patel Institute of Technology has entered in its 16th year of independent existence in 2020-21, this 16th year witnessed the pandemic that shocked the world. It impacted all walks of human life including the education. We had to immediately shift to online academics in last couple of months of 2019-20. And unfortunately, we had to run entire AY 2020-21 completely online. First time in the history of education a complete academic year shifted to online mode. Everything like instructions in classrooms, laboratory sessions, evaluation, assessment, projects, vivas, administration, admissions, placement, industry internship, results, etc. was online. Our faculty went out of their way and innovated T-L-E (Teaching-Learning-Evaluation) processes to ensure that every student who graduated would possess nearly the same skills as that of one who graduated in the normal course, despite the hurdles placed by the pandemic.

Our faculty and non-teaching staff rose to the occasion and willingly undertook all the training required to make this transition possible. Our teaching and non-teaching staff have made themselves available, going beyond the call of duty to provide aid, counselling, support to all our students particularly those who are most vulnerable to stress, anxiety due to the devastating impact of the pandemic on their personal lives. While the pandemic still rages on and continues to disrupt normal life, this institution remained committed to providing the students with uninterrupted quality education. Our faculty has enriched their technical knowledge through various programmes related to pedagogy, technical aspects, management skills, development etc. Faculty created learning experience using innovative methods of pedagogy for imparting the knowledge, which made students to maintain the interest even in pandemic and online mode.

The Year 2020-21 witnessed the widening of horizon, creating substantial shift in the narration of Kulpati Dr. K M Munshiji, this is evident from the inclusion of SEVA/ SATVA mini courses for 6 semesters during the program on Life, Literature and Culture. It followed the path of more Social, Industrial and Collaborative interventions. Institute has positively responded to the call of the Nation. The country has declared the National Education Policy 2020. We have immediately altered our academics suitably. Our academic model aims at holistic development of the learner. We have included sequels of humanities. Students are learning Law, History, Languages, Finance etc. We teach biology to every student. We have introduced minor and honors certifications.

This year institute SPIT was ranked 143rd position among all India level in Engineering Institutes. SPIT was categorized as 'Band B' institution (rank between 26-50) in category of in Atal Ranking of Institutions on the Innovation Achievement (ARIIA) in Aug 2020.

At the very outset, I am delighted to report that SPIT Mumbai retained its **numero uno** status for students' preference for Engineering admissions in Maharashtra among all self-financed institutions.

In spite of pandemic situation, our placement office and students demonstrated the team work and undertook various initiatives to enhance placement also to make the students Industry ready. This helped graduating batch to grab the best placements. Industry placements have seen some of our brightest and best received internships and job offers from reputed companies. Many experts from the world of finance, technology, business management and administration, start-ups, and social networks, graced us with their inspiring presence and offers to the students. While most of the institutions have suffered in the placements, SPIT has observed a spectacular rise in the median and average salary maintaining nearly 100% placements in all programs.

We feel proud to put it on records that our students are achieving splendors in various Curricular, co-curricular and Extra curricular activities conducted at local, national and international levels time to time. We believe that one's interest and team efforts are vital in order to make full use of curricular, extracurricular activities and social opportunities available at SPIT.

SPIT has strengthened its bond with Alumni through an alumni association and their network. Through alumni engagement, Institute organized a series of technical talks/ workshops to give exposure and extended hand to bring them out of hard times their fellow juniors about all walks of life.

Student development programmes were conducted with a view to shape the personality of the students, enriching their practical and theoretical knowledge, improving their soft skills and hence increasing their placement. We hosted several faculty developments programs, which have benefitted 584 number of faculty members across the country. Our faculty members have undergone a training 2094-man days during this period in the emerging areas. We have successfully organized our biannual conference ICCICT 2022. We selected 146 Papers out of submission of 364 for this conference. Prof. A. D. Sahasrabudhe, Chairman AICTE inaugurated this conference.

I congratulate the graduating students of the Class of 2021 as well as their teachers and supervisors for demonstrating tremendous resilience in completing their degree requirements in these trying circumstances. I am sure that in addition to their professional expertise, the experience they have gained in overcoming the challenges posed by the pandemic will stand them in good stead in their careers. I congratulate the students, faculty and staff of our Institute for raising the bar ever higher with each passing year.

Our vision is to produce future engineers who are innovative leaders with global competency and social sensitivity. SPIT is committed to the utmost satisfaction of the stakeholders. I am confident that we shall remain committed to our mission of providing high quality education. My team of faculty is at the forefront of this battle and their dedication and determination to

Annual Report 2020-21

make sure our students get the best, shall be our guiding light. The great support of our administrative staff and our proactive BoG has stood by us and inspired us to be steadfast and resolute. Above all, our passionate, enthusiastic and energetic students are our driving force, our beacon of hope.

We are committed to be the best institute of the Maharashtra for undergraduate education. Our plans to be the Institute of high-repute will drive us further to soar high in the coming years.

Acknowledgement

It gives us great pleasure and immense satisfaction to present the Annual Report of Sardar Patel Institute of Technology for the academic year 2020-21. The consistent growth of the institute visible in this report is made possible due to the unstinted guidance and focused direction of Dr R. Sesha Iyer, Director, Sardar Patel Institute of Technology, and Dr. B. N. Chaudhary, Principal, Sardar Patel Institute of Technology.

Motivating guidance from Dr Y. S. Rao, Vice Principal, and administrative help from Mrs. Pallavi More, Registrar has always been the strength of S.P.I.T.

We express our sincere gratitude to respective deans and head of the departments for extending their tireless support all throughout the course of rising this Annual Report.

We also express our sincere thanks to all Criteria In charges of NAAC and NBA and their respective team members for their timely response referring to data collection required for the compilation of the Annual Report.

We also acknowledge the contributions of student bodies and chapters with their faculty mentors for providing data in aesthetic representation.

We express our heartfelt gratitude to all S.P.I.T. faculty members for their timely cooperation. Last, but not the least, we sincerely thank all our student chapter members, administrative staff and all others who have directly or indirectly contributed to making this Annual Report.

Finally, a deep gratitude towards the dedicated efforts of Prof Manish Parmar, Prof Narendra Bhagat and Prof Pramod Bhide, Annual Report Coordinators, this report has seen the light of the day due to their sincere efforts.

Dr. Pooja Raundale,

IQAC Coordinator

Introduction

The Heritage - Beliefs and Values

“Education would fail ignominiously in its objective, if it manufactures only a robot A university cannot afford to ignore the cultural aspects of education whatever studies it specializes in. Science is a means, not an end. Whereas culture is an end in itself. Even though you may ultimately become a scientist, a doctor, or an engineer, you must while in college, absorb fundamental values which will make you a man of culture. An engineer has not merely to build bridges; he has to be a devoted husband, a kind father, a friendly neighbor, a dutiful citizen, and a man true to himself. He will have trials and tribulations; his heart will fail him at times; he will then need the strength which true culture alone can give.”

- Kulpati Dr. K. M. Munshi

Vision & Mission

Vision

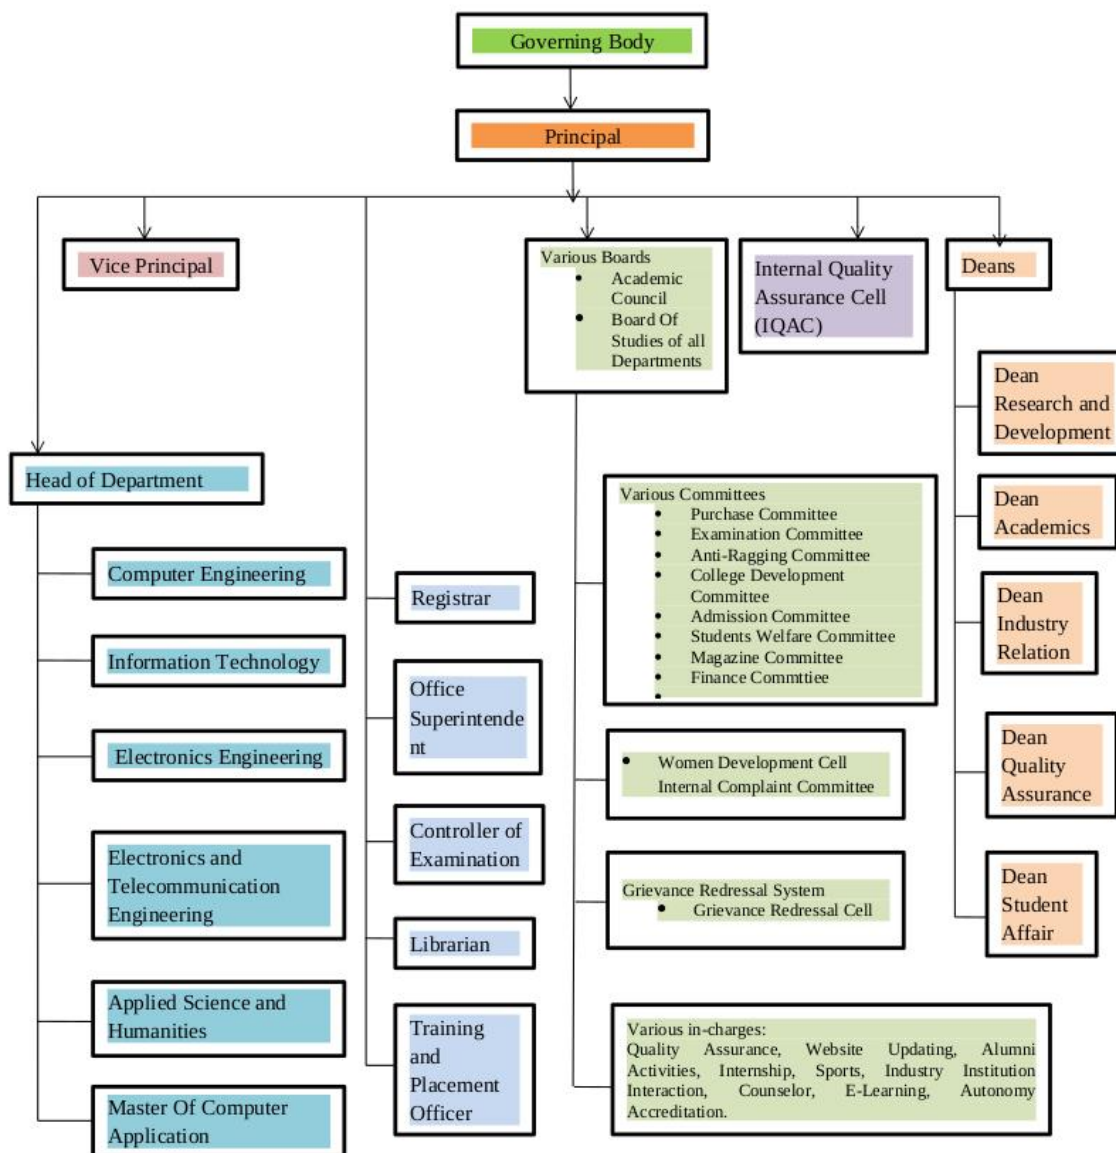

Bhartiya Vidya Bhavan prides itself in following the beliefs and values upheld by the founder members and the management.

“To build a renowned institute which will produce graduate engineers with global competency and social sensitivity.”

Mission

- Provide high quality education in engineering and technology promoting the Indian Values and Ethos that will prepare the participants to lead lives of personal integrity and civic responsibility in a global society.
- Promote an Educational Environment that combines academic study with the excitement of intellectual curiosity for engineers of tomorrow.
- Enhance career opportunities for students through Industry-Institute interaction, value-added courses, and projects in cutting edge technology.
- Inculcate Entrepreneurial mindset in students to make them job creators.
- Focus on applied research to create next generation technologies.

Organization Structure

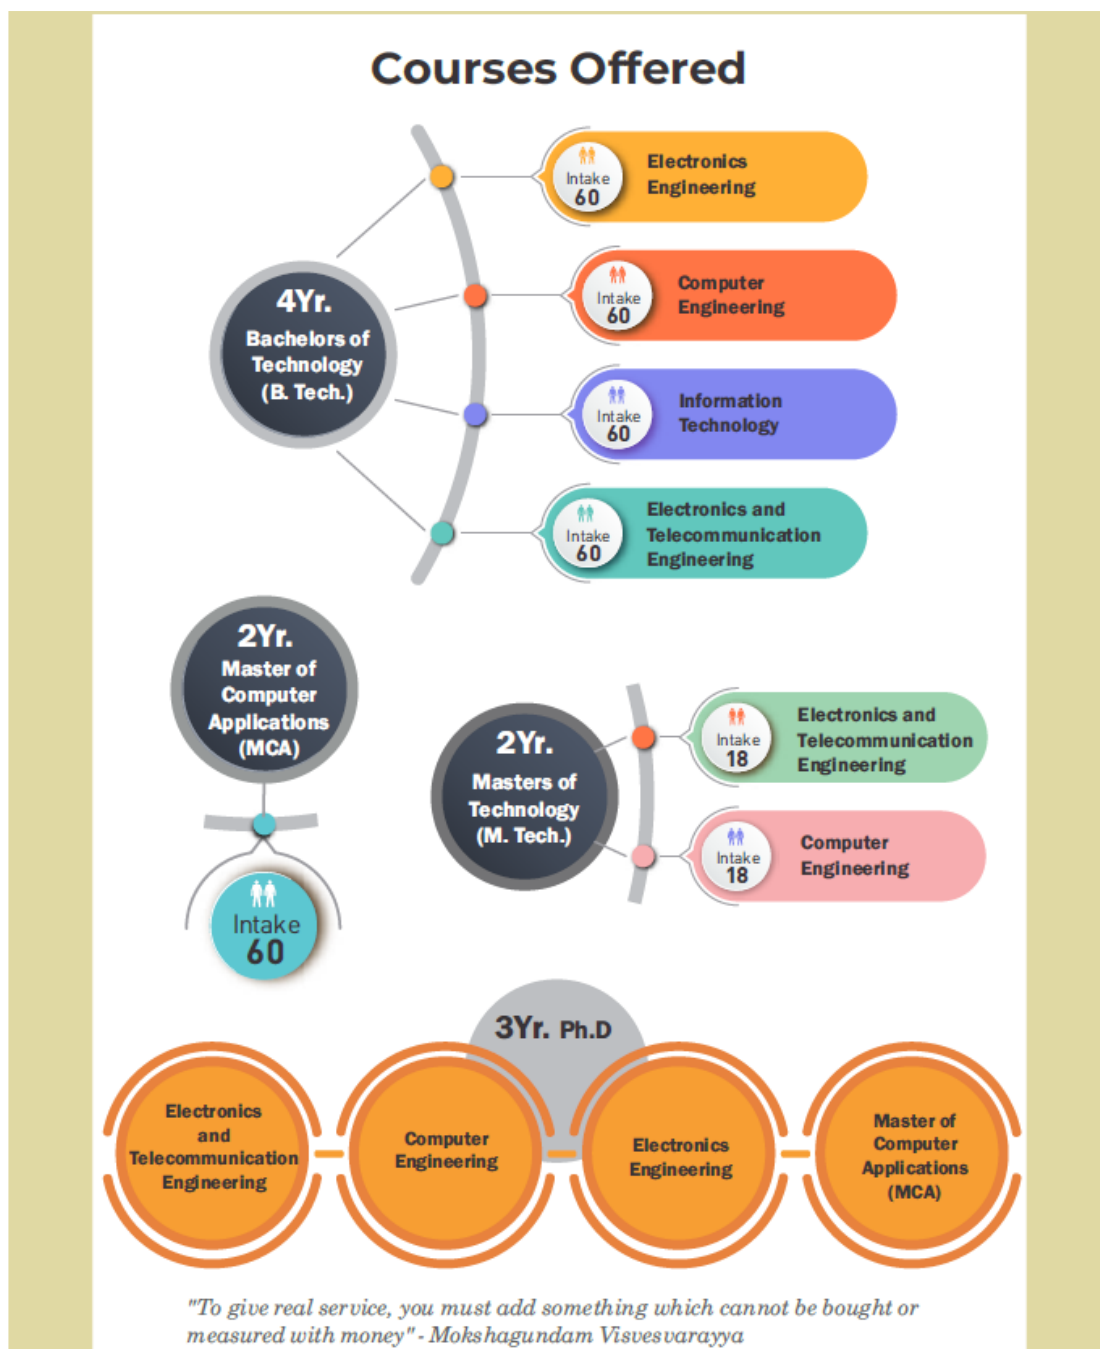

Board of Governance

Name of the Committee: - Governing Body		
Structure of the committee		Composition of the committee (2020-21)
Chairman of the Committee	Nominated by the Society / Trust	1. Dr. Sesha Iyer
Members	Five members nominated by the Society / Trust	2. Dr. Prachi Gharpure 3. Dr. Ranjan Banerjee 4. Shri. Asif Mulla 5. Shri. Suresh Mhatre
	Two members teachers of the college based on seniority	6. Dr. Y. S. Rao 7. Dr. Surendra Rathod
	One member educationalist	8. Dr. Vikram M. Gadre
	One member Industrialist/Alumni	9. Shri. Rahul Chari
	One UGC nominee	10. Dr. Manju Singh
	One Affiliating University Nominee	11. Prof. Sunil Bhirud
	One State Government Nominee	12. Ex-Officio of Director of Technical Education
	All India Technical Education	13. AICTE Representative
Member Secretary	Principal of the Institute	14. Dr. B. N. Chaudhari

List of Faculty

Principal

Dr. Bhalchandra Nemichand Chaudhari

Electronics Department

1. Dr. Surendra Rathod (Professor)
2. Dr. Rajendra Sutar (Associate Professor)
3. Dr. Deepak Karia (Associate Professor)
4. Mr. Kiran Talele (Associate Professor) (Pursuing PhD)
5. Mr. Narendra Bhagat (Associate Professor) (Pursuing PhD)
6. Mr. Prashant Kasambe (Assistant Professor) (Pursuing PhD)
7. Mrs. Payal Shah (Assistant Professor) (Pursuing PhD)
8. Mrs. Manisha Bansode (Assistant Professor) (Pursuing PhD)
9. Mr. Govind Haldankar (Assistant Professor)
10. Mrs. Priya Deshpande (Assistant Professor) (Pursuing PhD)
11. Mr. Najib Ghatte (Assistant Professor)

Electronics and Telecommunication Department

1. Dr. Yerramreddy Srinivasa Rao (Professor)
2. Dr. Rajendra Sawant (Professor)
3. Mr. Dayanand Amabawade (Associate Professor) (Pursuing PhD)
4. Dr. Reena Sonkusare (Associate Professor)
5. Mr. Manish Parmar (Associate Professor) (Pursuing PhD)
6. Dr. Sukanya Kulkarni (Associate Professor)
7. Dr. Sujata Kulkarni (Associate Professor)
8. Mr. Anand Mane (Assistant Professor) (Pursuing PhD)
9. Mrs. Vijaya Kamble (Assistant Professor) (Pursuing PhD)
10. Mr. Milind Paraye (Assistant Professor) (Pursuing PhD)
11. Dr. Amol Deshpande (Assistant Professor)
12. Mrs. Pallavi Malame (Assistant Professor) (Pursuing PhD)
13. Mrs. Sneha Weaky (Assistant Professor)

Computer Department

1. Dr. Dhananjay Kalbande (Professor)
2. Dr. Sudhir Dhage (Professor)
3. Dr. Preetida Jani (Professor)
4. Dr. Anant Nimkar (Associate Professor)
5. Mr. Anand Godbole (Associate Professor) (Pursuing PhD)
6. Mrs. Surekha Dholay (Associate Professor) (Pursuing PhD)
7. Mrs. Kiran Gawande (Assistant Professor)
8. Mrs. Jyoti Ramteke (Assistant Professor)
9. Mrs. Nataasha Raul (Assistant Professor) (Pursuing PhD)
10. Mrs. Reeta Koshy (Assistant Professor)
11. Mrs. Soni Bhambar (Assistant Professor)
12. Mr. Abhijeet Salunke (Assistant Professor) (Pursuing PhD)
13. Mr. Sunil Ghane (Assistant Professor)
14. Mr. Pramod Bide (Assistant Professor) (Pursuing PhD)

Information Technology Department

1. Dr. Radha Shankarmani (Professor)
2. Dr. Prasenjit Bhavathankar (Associate Professor)
3. Mr. Kailas Devadkar (Associate Professor) (Pursuing PhD)
4. Mrs. Rupali Sawant (Assistant Professor) (Pursuing PhD)
5. Mrs. Renuka Pawar (Assistant Professor) (Pursuing PhD)
6. Mr. Jignesh Sisodia (Assistant Professor) (Pursuing PhD)
7. Mrs. Sheetal Choudhary (Assistant Professor) (Pursuing PhD)
8. Mrs. Swapnali Kurhade (Assistant Professor) (Pursuing PhD)
9. Mrs. Varsha Hole (Assistant Professor)
10. Mrs. Nikahat Mulla (Assistant Professor) (Pursuing PhD)
11. Mrs. Aparna Halbe (Assistant Professor)

Applied Science and Humanities Department

1. Dr. Rita Das (Associate Professor)
2. Dr. Dnyanraj Patil (Associate Professor)
3. Mr. Chandrashekhar Gajbiye (Assistant Professor)
4. Ms. Nida Bakerywala (Assistant Professor)
5. Mr. Hemant Vasaikar (Assistant Professor) (Pursuing PhD)
6. Mrs. Meghana Naik (Assistant Professor) (Pursuing PhD)
7. Mr. Kaisar Katchi (Assistant Professor)
8. Mrs. Ananthalakshmi V (Assistant Professor)
9. Mr Udayan Chakraborty (Assistant Professor)
10. Mrs Nilima Choudhary (Assistant Professor)
11. Mrs. Sparsh Vyas (Assistant Professor)
12. Mrs. Prajakta Ashok Jadhav (Assistant Professor)
13. Mrs. Firdous Praveen Imran (Assistant Professor)

Master of Computer Application Department

1. Dr. Pooja Raundale (Professor)
2. Mr. Harshil Kanakia (Assistant Professor)
3. Dr. Aarti Karande (Assistant Professor)
4. Mrs. Nikhita Mangaonkar (Assistant Professor)
5. Mrs. Sakina Salmani (Assistant Professor) (Pursuing PhD)
6. Mrs. Pallavi Thakur (Assistant Professor)
7. Mrs. Prachi Dalvi (Assistant Professor) (Pursuing PhD)

Research Publications by Faculty

Research activity is one of the pillars in any institute that contributes to the solutions of the problems of academic interest as well as society. Apart from imparting motivation from the institute, our faculty are self-motivated for various research activities. One such activity is the publications in reputed international journals and conferences. The details of all these publications by various departments has been presented for the reference.

Electronics Engineering

Title of Paper, Name of Author/s, Name of Journal/Conference.
Faculty Name:- Dr. S.S. Rathod
1. "A Switchable Triple-Band Notched UWB Antenna Using Compact Multi-Via Electromagnetic Band Gap Structure" by Vijay R. Kapure, Pramod P. Bhavarthe and S. S. Rathod in Progress In Electromagnetics Research C, vol. 104, pp. 201-214, Aug. 2020. SCI Indexed.
2. "Tunable Triple Band-Notched UWB Antenna Using Single EBG and Varactor Diode" by Vijay R. Kapure, Pramod P. Bhavarthe, and Surendra S. Rathod in Progress In Electromagnetics Research C, Vol. 110, pp. 181-195, Feb. 2021. (DOI: 10.2528/PIERC21012204, scopus indexed)
3. "Gas Geyser Syndrome: A cause that needs to be addressed immediately" by Surendra Rathod , Manaswi Rananavare, Ria Shah, and Mansi Makwanain <i>FSAI Journal</i> , pp. 44-47, Nov- Dec 2020.
4. "Applications of Artificial Intelligence in Fire and Safety" by Surendra Rathod , Vedant Kumar and Siddhant Kumar in <i>FSAI Journal</i> , pp. 58-61, Mar-Apr 2021.
5. "Development of Novel Wireless Electronic Signature Stamp" by Sanish Kharade, Amit Kumar, Ankita Mukne, Surendra Rathod in 1st IEEE International Conference on Measurement, Instrumentation, Control and Automation (ICMICA 2020), June 24-26 2020
6. "An FPGA based hardware emulator for neuromorphic chip" by Harsh V. Patel, S. S. Rathod and Payal Shah in Int. Conf. on Electronics and sustainable Communication Systems (ICESCS 2020), HIT Coimbatore, India, 2 nd – 4 th July. 2020.
7. "Modelling the Spiking Behaviour of Ganglion Cells" by Anand Verma, Rutwik Pandit, Sushrut Thakur, Ameya Mungekar, Payal Shah, S. S. Rathod in 24th International Symposium on VLSI Design and Test (VDAT 2020), 23-25 July 2020 organized by IIT Bhubaneswar, Odisha
8. "Suppression of SSN in High-Speed Circuits using 1-D Ebg Structure" by Sayli Shinde, Manisha Bansode , Pramod P. Bhavarthe, Surendra S. Rathod in The 11th International

Conference On Computing, Communication And Networking Technologies (ICCCNT), July 1-3, 2020 -, November 2020.

9. “Simultaneous Switching Noise Reduction in High Speed Circuits” by **Manisha R.Bansode**, Rahul Dahatonde, **Surendra S. Rathod** in IEEE International Conference on Communication information and Computing Technology (ICCICT), June 25-27, 2021, Mumbai, India .

10. “AUTOMATING CAMERA ROVER FOR SPORTS BROADCAST” by Param Deshpande, Omkar Gaikwad, Manav Jain, Krisha Choksi, **Prashant Kasambe** and **Surendra Rathod** in Proceedings of IEEE, 12th International Conference On Computing, Communication & Networking Technoloazgies (ICCCNT) 2021, 6th Jul, 2021-8th Jul, 2021, IITKhargpur, India.

Faculty Name:- Dr. R.G. Sutar

1. “Reducing Overfitting in Diabetic Retinopathy Detection using Transfer Learning” by Nikhil Barhate, Sahil Bhawe, RugvedBhise, **Rajendra G. Sutar**, **Deepak C. Karia** in 2020 IEEE 5th International Conference on Computing Communication and Automation (ICCCA), 30th October 2020.

2. “A Survey on Data-driven Methods for State of Charge Estimation of Battery” by P. AanchalSatyan; **R.G. Sutar** in Proceedings of the International Conference on Electronics and Sustainable Communication Systems (ICESC 2020), pp.996-1004, 2nd-4th July 2020.

3. “Ultrasonic Cleaner Powered by Efficient Utilization of Solar Power” by P. AanchalSatyan; **R.G. Sutar** in Proceedings of the International Conference on Electronics and Sustainable Communication Systems (ICESC 2020), pp.1090-1095, 2nd-4th July 2020.

4. “Rim Alternator for Electric and Hybrid Electric Vehicles” by Sameep Pote; SparshPahalwan; Akash Junnarkar; **Rajendra Sutar** in 2020 International Conference on Advances in Computing, Communication & Materials (ICACCM), pp.219-222, 21-22 Aug. 2020.

5. “Reducing Overfitting in Diabetic Retinopathy Detection using Transfer Learning” by Nikhil Barhate; Sahil Bhawe; RugvedBhise; **Rajendra G. Sutar**; **Deepak C. Karia** in 2020 IEEE 5th International Conference on Computing Communication and Automation (ICCCA).

Faculty Name:- Dr. Deepak Karia

1. “A metamaterial-inspired circularly polarized antenna for implantable applications” by Siddhant Goswami, **Deepak Karia** in *Engineering Reports*, Wiley, August 2020.

Faculty Name:- Dr. Deepak Karia, Priya Chirmurkar

1. “E-Mail Spam Classification via Machine Learning and Natural Language Processing” by Akash Junnarkar, Siddhant Adhikari, JainamFaganian, **Priya Chirmurkar**, **Deepak Karia** in Proceedings of the Third International Conference on Intelligent Communication

Technologies and Virtual Mobile Networks (ICICV 2021), pp 693-699.
Faculty Name:- Dr. Deepak Karia, Najib Ghatte
1. “AI Based Smart Remedial Observants in COVID-19” by Siddhant Kumar, Sahil Gharat, AnuskaPanwal, Deepak Karia and Najib Ghatte Proceedings of IEEE, 4th International Conference on Communication, Information and Computing Technology, ICCICT-2021, 25th June-27th June 2021, Mumbai, India.
Faculty Name:- Dr. Deepak Karia
1. “Price Prediction and Notification System for cryptocurrency Share Market Trading”DarshanBiyani, Shreyas Pillai, Ria Motgare, Deepak Karia by IEEE, 4th International Conference on Communication, Information and Computing Technology, ICCICT-2021, 25th June-27th June 2021, Mumbai, India.
Faculty Name:- Dr. Deepak Karia, Kiran Talele
1. “Twitter Sentiment Analysis for COVID-19” by Deepak Karia and Kiran Talele inIEEE, 4th International Conference on Communication, Information and Computing Technology, ICCICT-2021, 25th June-27th June 2021, Mumbai, India.
Faculty Name:- Kiran Talele, Priya Chimurkar
1. “CYBER-BULLYING DETECTION VIA TEXT MINING AND MACHINE LEARNING” by Chetna Sharma, Rahul Ramakrishnan, AyushaPendse, Priya Chimurkar and Kiran T. Talele in IEEE, 12th International Conference On Computing, Communication & Networking Technologies (ICCCNT) 2021, 6th Jul, 2021-8th Jul, 2021, IITKhargpur, India.
Faculty Name:- Narendra Bhagat
1. “Algorithmic Trading using Technical Indicators” ,TanishqSalkar, Aditya Shinde, NeelayaTamhankar, Narendra Bhagat by IEEE, 4th International Conference on Communication, Information and Computing Technology, ICCICT-2021, 25th June-27th June 2021, Mumbai, India.
2. “Ponseti Corrector: Facilitating Cure for Clubfoot Disorder” by Raksha Jain, Tanmay Varade, GaurangShete, Narendra Bhagat in IEEE, 4th International Conference on Communication, Information and Computing Technology, ICCICT-2021, 25th June-27th June 2021, Mumbai, India.
3. “Customer Order Processing using Robotic Process Automation” by AsmitaKajrolkar, Prasad Paralikar, Shivani Pawar, Narendra Bhagat in IEEE, 4th International Conference on Communication, Information and Computing Technology, ICCICT-2021, 25th June-27th June 2021, Mumbai, India.
Faculty Name:- Govind Haldankar

1. “Real-time solar parameter monitoring system” by Saurav Malve, Akash Nayak, Rohan Thape, **Govind T. Haldankar** in First IEEE International Conference on SMART TECHNOLOGIED FOR POWER, ENERGY & CONTROL (STPEC 2020), 25th -26th September 2020, IEEE, Visvesvaraya National Institute of Technology, Nagpur, India.

Faculty Name:- Govind Haldankar, Priya Chimurkar

1. “Nutrient Deficiency Detection in Leaves using Deep Learning” by Shauryavir Singh Manhas, RavirajRandive, Satvik Sawant, **Priya Chimurkar** and **GT Haldankar** in IEEE International Conference on Communication information and Computing Technology (ICCICT), June 25-27, 2021, Mumbai, India

2. “Contactless Fingerprint Verification Using Neural Networks” by Sanchit Rote, PranjalPimpale, Kaushik Reddy, **G.T. Haldankar** and **Priya Chimurkar** IEEE International Conference on Communication information and Computing Technology (ICCICT), June 25-27, 2021, Mumbai, India

Faculty Name:- Prashant Kasambe, Priya Chimurkar

1. “Manhole Management using Image Processing and Data Analytics“ by Kriti Thakur, AnikaitAdhya, Chinmay Bajpai, **Priya Chimurkar** and **PrashantKasambe** in IEEE, 12th International Conference On Computing, Communication & Networking Technologies (ICCCNT) 2021, 6th Jul, 2021-8th Jul, 2021, IITKharapur, India.

Faculty Name:- Prashant Kasambe

1. “Microstrip Patch Antenna with Partial Ground Plane and Parasitic Patch for K Band Application in 5G” by Sahil Shelar, **Prashant V. Kasambe**, Reena Kumbhare in IEEE, 4th International Conference on Communication, Information and Computing Technology, ICCICT-2021, 25th June-27th June 2021, Mumbai, India.

Faculty Name:- Priya Chimurkar

1. “An Overview of Speaker Recognition and Implementation of Speaker Diarization with Transcription” by Arthav Mane, JanhaviBhopale, Ria Motghare, **Priya Chirmurkar** in International Journal of Computer Applications Vol. 175 No. 31, pp. 1-6, November 2020,

2. “Manhole detection using image processing on Google Street View imagery” by Vinay Vishnani, AnikaitAdhya, Chinmay Bajpai, **Priya Chimurkar**, Kumar Khandagle in 3rd International Conference on Smart Systems and Inventive Technology (ICSSIT 2020) 20-22 August 2020.

3. “Speed Breaker Detection and Mapping using IoT” by Rahul Ramakrishnan, AyushaPendse, Chetna Sharma, **Priya Chirmurkar** in Proceedings of the Third International Conference on Smart Systems and Inventive Technology (ICSSIT 2020), 20-22 August 2020

4. “A Low-Cost Implementation of an IoT basedFood Ordering System” by Arthav Mane, JanhaviBhopale, Raksha Jain, **Priya Chimurkar** in Grenze International Journal of Engineering and Technology, July Issue pp.123-128

Faculty Name:- Manisha Bansode

1. “Convolutional Neural Network based Bidirectional Sign Language Translation System “by Lance Fernandes, Prathamesh Dalvi, Akash Junnarkar, **Manisha Bansode** in Third International Conference on Smart Systems and Inventive Technology (ICCSIT 2020), October 2020.

Faculty Name:- Manisha Bansode, Najib Ghatte

1. “Artificial Intelligence based Fake News Classification System” by Neel Save, Omkar Thopate, Vaibhav Waghe, **Manisha Bansode, Najib Ghatte** in IEEE, 12th International Conference On Computing, Communication & Networking Technologies (ICCCNT) 2021, 6th Jul, 2021-8th Jul, 2021, IITKhargpur, India.

Faculty Name:- Najib Ghatte

1. “Posturainer: IoT based Posture Training Device for Postural Control and Adaptive Gait“ by Sameep Pote, Sparsh Pahalwan, Raksha Jain, **Najib Ghatte** Third International Conference on Smart Systems and Inventive Technology (ICSSIT 2020), 20-22 August 2020.

Patent(s)

Patent Title: SYSTEMS AND METHODS FOR DYNAMIC PROSTHETIC LEG WITH ADAPTIVE ACTUATORS.

Inventor: Suumedh Kalnanwat, Swapnil Khandekar, Sukruth Ramesh, P. V. Kasambe, Najib Ghatte

Application No. 202121022570

Dated: 2021/05/20

Electronics & Telecommunication Engineering

Title of Paper, Name of Author/s, Name of Journal/Conference
Faculty Name- Dr. Y.S. Rao, Dr. R.R. Sawant
1. "FPGA-Based Hybrid Control Strategy for Resonant Inverter in Induction Heating Applications" by Darshana Nimesh Sankhe, Rajendra R. Sawant, and Y. Srinivasa Rao in IEEE Journal of Emerging and selected topics in Industrial Electronics, 14 January 2021
2. "Hardware-in-the-Loop Simulation of Induction Heating System for Melting Applications Using Xilinx System Generator" by D. N. Sankhe, R. R. Sawant and Y. S. Rao in Advances in Intelligent Systems and Computing, vol. 1272, Springer, Singapore.
3. "Performance Analysis of Electrical Equivalent Circuit Models of Lithium-ion Battery" by Rushali A Thakkar, Y. Srinivasa Rao, Rajendra R Sawant in IEEE PuneCon 2020, VIT Pune, 16-18 December 2020.
Faculty Name- Dr. Y.S. Rao
1. "Image Captioning based Smart Navigation System for Visually Impaired" by Chinmayi Rane, Amol Lashkare, Aarti Karande and Y.S. Rao in IEEE International Conference on Communication information and Computing Technology (ICCICT), June 25-27, 2021, Mumbai, India.
2. "Dynamic Cooperative Multi-Cell Selection using Time Difference of Arrival in LTE network" by Anita Jadhav and Y. S. Rao in IEEE International Conference on Communication information and Computing Technology (ICCICT), June 25-27, 2021, Mumbai, India.
Faculty Name- Dr. Y.S. Rao, Manish Parmar
1. "Autonomous Ball-point Pen Making Machine" by Rajiv Philip, Tejas Puthran, Dr. Y.S. Rao and Manish Parmar in IEEE International Conference on Communication information and Computing Technology (ICCICT), June 25-27, 2021, Mumbai, India.
Faculty Name- Dr. R.R. Sawant
1. "Bone Deformity Identification Using Machine Learning" by Srushti Yadahalli, Aditi Parmar, Prajakta Zambare, Dr. Rajendra Sawant in IEEE Fifth International Conference on Intelligent Computing and Control Systems, (ICICCS-2021), May-2021, Madurai, India.
Faculty Name- Dayanand Ambawade
1. "Building Zero Trust Architecture using Kubernetes" Daniel D'Silva and Dayanand Ambawade 6th IEEE International Conference for Convergence in Technology (I2CT), 2-4 Apr. 2021, Maharashtra, India.

2. “VerifyB-Students’ record management and verification system“ by Anisha Desai, Payal Shah, Dayanand Ambawade in IEEE International Conference on Communication information and Computing Technology (ICCICT), June 25-27, 2021, Mumbai, India .
Faculty Name- Dayanand Ambawade, Dr Amol Deshpande
1. “Pneumonia Detection from Chest X-ray using Transfer Learning” by Sharvari Kalgutkar, Vansh Jain, Gokul Nair, Kaustubh Venkatesh, Kshitij Parab, Amol Deshpande and Dayanand Ambawade in 6th IEEE International Conference for Convergence in Technology (I2CT), 2-4 Apr. 2021, Maharashtra, India.
2. “Forecasting FAANG Stocks using Hidden Markov Model” by Aishwary Jadhav, Jui Kale, Chinmayi Rane, Ankit Datta, Amol Deshpande and Dayanand D. Ambawade in 6th IEEE International Conference for Convergence in Technology (I2CT), 2-4 Apr. 2021, Maharashtra, India.
3. “Machine Learning Techniques for Heart Failure Prediction: An Exclusively Feature Selection Approach” by U. S. Giridhar, Yagnesh Gotad, Harsh Dungrani, Amol Deshpande and Dayanand Ambawade in IEEE International Conference on Communication information and Computing Technology (ICCICT), June 25-27, 2021, Mumbai, India .
Faculty Name- Dayanand Ambawade
1. “Integrated Technical and Sentiment Analysis Tool for Stock Index Movement Prediction, comprehensible using XAI“ by Harit Bandi, Suyash Joshi, Siddhant Bhagat, Dayanand Ambawade in IEEE International Conference on Communication information and Computing Technology (ICCICT), June 25-27, 2021, Mumbai, India .
2. “Impact of Interstitial Lung Diseases and COVID-19 on the body” by Priyanka Abhang, Shriya Akella, Shrishti Kaushik, Dayanand Ambawade in IEEE International Conference on Communication information and Computing Technology (ICCICT), June 25-27, 2021, Mumbai, India .
3. “Yog-guru: Real-time Yoga Pose Correction System Using Deep Learning Methods” by Ajay Chaudhari, Omkar Dalvi, Onkar Ramad, Dayanand Ambawade in IEEE International Conference on Communication information and Computing Technology (ICCICT), June 25-27, 2021, Mumbai, India .
4. “DETECTION OF PARKINSON'S DISEASE VIA A MULTI-MODAL APPROACH” by Jinang Gandhi, Aumkar Gadekar, Tania Rajabally, Preetida Vinayakrayani and Dayanand Ambawade in THE 12th INTERNATIONAL CONFERENCE ON COMPUTING, COMMUNICATION AND NETWORKING TECHNOLOGIES (ICCCNT-21), IIT-Kharagpur, West Bengal, India
5. “An Approach to Reduce Uncertainty Problem in Network Intrusion Detection Systems“ by G. Kadam, S. Parekh, P. Agnihotri, D. Ambawade and P. Bhavthankar in 2020 IEEE 15th International Conference on Industrial and Information Systems (ICIIS), 2020, pp. 586-590
6. “Reduced Feature Data-set using Hybrid-Approach for Network Security” by Zaman Mulla and Dayanand Ambawade in Intel Conference Internal Circulation only Year of Publication 2020.

7. "A Novel Machine Learning-Based Wearable Belt For Fall Detection" by Kimaya Desai, Pritam Mane, Manish Dsilva, AmoghZare, ParthShingala, Dayanand Ambawade in Publication date 2020/10/2 Conference 2020 IEEE International Conference on Computing, Power and Communication Technologies (GUCON), Pages 502-505, Publisher IEEE.
Faculty Name- Dayanand Ambawade, Milind Paraye
1. "Enhancing Multi-Step Attack Prediction using Hidden Markov Model and Naive Bayes" by Sanjana Ingale, Milind Paraye, Dayanand Ambawade in Conference 2020 International Conference on Electronics and Sustainable Communication Systems (ICESC) , Pages 36-44, Publisher IEEE
2. "A Survey on Methodologies for Multi-Step Attack Prediction" by S. Ingale, M. Paraye and D. Ambawade in 2020 Fourth International Conference on Inventive Systems and Control (ICISC), 2020, pp. 37-45,
Faculty Name- Manish Parmar, Dayanand Ambawade
1. "Securing Logs of a System-An IoTA Tangle Use Case" by Mohan Bhandary, Manish Parmar, Dayanand Ambawade in Publication date 2020/7/2, Conference 2020 International Conference on Electronics and Sustainable Communication Systems (ICESC), Pages 697-702, Publisher IEEE
2. "A Blockchain Solution based on Directed Acyclic Graph for IoT Data Security using IoTA Tangle" by M. Bhandary, M. Parmar and D. Ambawade in 2020 5th International Conference on Communication and Electronics Systems (ICCES), 2020, pp. 827-832,
Faculty Name- Dr Reena Sonkusare, Dr Sukanya Kulkarni, Pallavi Malame
1. "Dynamic Object Elimination based Indoor 3D Mapping System" by Pritam Mane, Vedant Kumar, Sreekar L, Pallavi Malame, Reena Sonkusare, and Sukanya Kulkarni in International Journal for Research in Applied Science & Engineering Technology.
Faculty Name- Dr Reena Sonkusare
1. "A Comparative Analysis based approach for Bitcoin Price Forecasting" by Yash Wadalkar, Yellamraju V H Sai Tarun, Jaiesh Singhal, Reena Sonkusare in International Journal of Engineering Research & Technology (IJERT), Vol. 10 Issue 04, April-2021.
2. "Crowd Density Analysis and Suspicious Activity Detection" by ShriyaAkella, Priyanka Abhang, Vinit Agrharkar and Dr. Reena Sonkusare in International Conference for Innovation in Technology - INOCON 2020, Bangalore, 06 th – 08 th November 2020.
3. "Cloud Cover Avoidance in Satellite Systems" by Arnold Johnson Fonseca, Soham Jagtap, Shreeram Narayanan, Dr. Reena Sonkusare in International Conference on Advances in Communications, Computing and Embedded Systems (ACCES-2020), September 18 – 19, 2020.
4. "Comparative Study of Digital Signal Processing Techniques for Tuning an Acoustic

Guitar” by Urjakulkarni, Dr. Reena Sonkusare in IEEE International Conference on Smart Structures and Systems (ICSSS 2020), Chennai. 23rd and 24th July 2020.
5. “Extraction of Information from Handwriting using Optical Character Recognition and Neural Networks” by Piyush Mishra, Pratik Pai, Mihir patel, Dr. reenaSonkusare in 4 th International Conference on Electronics, Communication and Aerospace Technology - ICECA 2020, 5-7 November 2020.
6. “Speech Recognition Using Cross-Correlation and Feature Analysis Using Mel-Frequency Cepstral Coefficients and Pitch”Ruchi Gupte, Sarah Hawa, Reena SonkusareIEEE International Conference for Innovation in Technology 2020, Bangalore, India, 6-8th Nov 2020.
Faculty Name- Dr Reena Sonkusare, Dayanand Ambawade
1. “Detection of Malware in Cloud Environment using Deep Neural Network” by PrajnaKotian, Reena Sonkusare and Dayanand Ambawade in IEEE Sponsored 6th International Conference for Convergence in Technology (I2CT) 2021,Pune, Maharashtra, India, Apr 2021
Faculty Name- Dr Reena Sonkusare, Sneha Weaky
1. “Fingerprint Based Attendance Management System” by Akash Mane, TejasAutkar, Chinmay Pimple, Dr. Reena Sonkusare and Prof. Sneha Weakey in 4th International Conference on Innovative Computing and Communication (ICICC2021), organized by Shaheed Sukhdev College of Business Studies, University of Delhi, New Delhi, India in association with National Institute of Technology Patna, India and University of Valladolid, Spain on 20th-21st February, 2021.
Faculty Name- Manish Parmar
1. “Implementation of Backtracking Algorithm for navigation in LoRa-enabled wearable device for Dementia patients” by Urja Kulkarni, Siiddhesh Badhan, HaritBandi, Siddhant Bhagat and Manish Parmar in 2020 IEEE 5th International Conference on Computing Communication and Automation (ICCCA), Galgotias University, Greater Noida, UP, India. Oct 30-31, 2020.
2. “A Smart Voice-Enabled Blind Stick with An Emergency Trigger” by Priyanka Abhang, SambhaviRege, Shrishti Kaushik, ShriyaAkella and Manish Parmar in 5th IEEE International Conference on Computing, Communication and Security (ICCCS-2020), October 14-16th, 2020, Indian Institute of Technolgy, Patna.
3. “Implementation of A Smart Helmet with Alcohol and Fall Detection and Navigation System” by Piyush Mishra, Pratik Pai, Pradhuman Singh, VedantKayade and Mr. Manish Parmar in 4th International Conference on Innovative Computing and Communication (ICICC 2021), Shaheed Sukhdev College of Business Studies, University of Delhi, New Delhi in Association with University of Valladolid Spain and National Institute of Technolgy, PATNA, 20-21st February, 2021.

Faculty Name- Dr Sukanya Kulkarni, Sneha Weaky
1. “Analysis of Effect of Historical Prices And News on The Stock Market” by Piyush Mishra, Pratik Pai, Pradhuman Singh, Dr. Sukanya Kulkarni, Prof. Sneha A. Weakey in IEEE International Conference on Communication information and Computing Technology (ICCICT), June 25-27, 2021, Mumbai, India .
Faculty Name- Dr Sukanya Kulkarni
1. “Forecasting Mobile Teledensity Growth in India” by Chinmay Raut, Ashutosh Pandya, Sukanya Kulkarni in AICTE Sponsored 7th E-International Conference on Recent Trends in Machine Learning, Artificial Intelligence in the field of Science and Technology at Nagpur, India, November 27-28, 2020.
2. “Facial Micro Expression Detection Using Deep Learning Architecture” by Yadahalli, Srushti S., Shambhavi Rege, and Sukanya Kulkarni in 2020 International Conference on Smart Electronics and Communication (ICOSEC), pp. 167-171. IEEE, 2020.
3. “Periocular Recognition using CNN based Feature Extraction and Classification” by Pratyush Kaware, Vedant Kayande, Aditya Khambete and Sukanya Kulkarni in 10th International Conference on Communication Systems and Network Technologies 10th IEEE CSNT2021 at Bhopal, held on 24-25 th April 2021.
4. “Tourism Footfall Forecasting and Recommendation System” by Vrushali Joshi, Kaushik Jha, Manav Jain , Dr. Sukanya Kulkarni in IEEE International Conference on Communication information and Computing Technology (ICCICT), June 25-27, 2021, Mumbai, India .
5. “Implementation of a Machine Learning based OFDM detector using GNU Radio” by Kaustubh Venkatesh, Gokul Nair and Sukanya Kulkarni in IEEE International Conference on Communication information and Computing Technology (ICCICT), June 25-27, 2021, Mumbai, India .
6. “Performance analysis of Medical Imaging Denoising Techniques” by Ashwini Sawant, Sujata Kulkarni in International Conference on Image processing and Capsule Networks (ICIPCN2021) King’s Mounkut’s University of Technology, Thonburi Thailand, Dayeh University Taiwan and Tribhuvan University, Nepal May 2021.
7. “Analysis of the Effects of Different types of Noise and Wavelets used in Denoising of an Image using Wavelet Transform” by Tanay Mehendale , Vishal Ramina , Soham Pingre, Sujata Kulkarni in ICCNT 2020 hosted by IIT Kharagpur
8. “A Multi-Strategic Approach to Automated Trading” by Vinayak Jadhav, Pranit Mahajan Sujata Kulkarni in IEEE International Conference on Communication information and Computing Technology (ICCICT), June 25-27, 2021, Mumbai, India .
Faculty Name- Vijaya Kamble
1. “IoT based Smart Plant Incubator “Aashay Phirke, Upasana Thakuria, Sudhanshu Lodha, Vijaya Kamble.

2. “Combating Misinformation Dissemination through Verification and Content Driven Recommendation” by Sarah Hawa, Lanita Lobo, Unnati Dogra, Prof Vijaya Kamble in Proceedings of the Third International Conference on Intelligent Communication Technologies and Virtual Mobile Networks (ICICV 2021).
Faculty Name- Dr Amol Deshpande
1. “Bluetooth Based Electronic Notice Board” by Ashutosh Pandya, Chinmay Raut, Mihir Patel, Siddharth Das, Amol Deshpande in International Journal of Engineering and Advanced Technology, Vol. 10, Issue 1, Oct. 2020
2. “An Integrated Method for 3D Reconstruction, Dimensional Analysis and Manipulation of an Object Based on Image Processing” by Soham Pingre, Nitish Wadhavkar, Amey Singh, Amol Deshpande in International Journal of Engineering and Advanced Technology, Vol.-10, Issue-4, Apr. 2021, pp248-253.
3. “Smart Intrusion Detection System for Crop Protection from Wild Animals” by SrushtiYadahalli, Aditi Parmar, Amol Deshpande in 2nd International Conference on Inventive Research in Computing Applications (ICIRCA), Coimbatore, India, 15-17 July, 2020.
4. “Termination of Maggots from green plant by developed microwave source” by Jitendra Kumar, Veda Prakash Gajula, Subhanarayan Sahoo, Amol Deshpande, Uttam Kumar Goswami, Raj Singh and V. P. Anitha in IEEE 47 th International Conference on Plasma Science (ICOPS-2020), Dec 6-10, 2020, Singapore.
5. “Assessing Car Damage with Convolutional Neural Network” by HaritBandi, Suyash Joshi, Siddhant Bhagat and Amol Deshpande in IEEE International Conference on Communication, Information and Computing Technology (ICCICT), June, 2021, Mumbai, India.
Faculty Name- Sneha Weakey
1. “Real-Time Weed Detection using Machine Learning and Stereo-Vision “ bySiddesh, Kimaya Desai, Manish Dsilva, Sneha Weakey in IEEE Sponsored 6th International Conference for Convergence in Technology (I2CT) 2021,Pune, Maharashtra, India, Apr 2021

Computer Engineering

Title of Paper, Name of Author/s, Name of Journal/Conference
Faculty Name:- Dr. Dhananjay Kalbande
1. "Analysis of Effectiveness of Quarantine Measures in Controlling COVID-19" by Garima Kaushik, Shaney Mantri, Shrishti Kaushik, Dr Dhananjay Kalbande, Dr.B.N. Chaudhari in International Conference on Recent Development in Engineering, Science, Humanities and Management (ESHM-2020), 25th July,2020,Goa, India.
2. "Analysis of Effectiveness of Quarantine Measures in Controlling COVID-19" by Garima Kaushik, Shaney Mantri, Shrishti Kaushik, Dr Dhananjay Kalbande, Dr.B.N. Chaudhari in Journal of Critical Reviews 7.13, (Aug. 2020)
3. "Digital Solution for Enforcing Social Distancing" by Ghorai Arnab and Gawde Sarah and Kalbande Dhananjay in International Conference on Data Analytics and Management (ICDAM-2020) and ICICC-2020 by Jan Wyzykowski University, Poland & B.M. Institute of Engineering & Technology, India on 18th June, 2020.
4. "Analysis of Therapy Transcripts using Natural Language Processing" by Vrushali Joshi, Sarah Hawa, ShriyaAkella, Shrishti Kaushik, Dhananjay Kalbande in International Journal of Engineering and Advanced Technology (IJEAT)
5. "AI Powered Holistic Solution for Travelers During Pandemic" by Vedant Kumar, Siddhant Kumar, ParthShingala, Pradhuman Singh, Dhananjay Kalbande in International Journal of Engineering and Advanced Technology (IJEAT)
6. "Micro Loans for Farmers" by RushabhKhara, Deepika Pomendkar, Rishika Gupta, IshwarlalHingorani and Dhananjay Kalbande in 11th ICCCNT 2020, International conference on Computing, communication and networking technologies, IIT Kharagpur, West Bengal, India in association with IEEE Kharagpur Section, July1-3,2020
7. "Behavioural Analysis of Multi-Source Social Network Data Using Object-Centric Behavioural Constraints and Data Mining Technique" by Priyam Das, Dhananjay Kalbande in 11th ICCCNT 2020, International conference on Computing, communication and networking technologies, IIT Kharagpur, West Bengal, India in association with IEEE Kharagpur Section, July1-3,2020.
8. "College Project Preservation and Emulation using Containerization over Private cloud" by Ajani Yameen, MangalorkarKrish, Nadar Yohann, Mehra Mahendra, Kalbande Dhananjay in 5th International Conference on Information and Communication Technology for CompetitiveStrategies(ICTCS-2020), December 11-12, 2020.
9. "IoT Technology Stack: Whole Host of Technology" by Anjali Shrikant Yeole and Dhananjay RamraoKalbande in CSI Communications, Volume No 44 , Issue No. 1, special issue on Internet of things (Journal)

10. “Garbage Collection System Using IoT for Smart City” by Mohit Sanjay Badve, Vinal Bagaria, Apoorva Chaudhari, Palak Davda, Dhananjay Kalbande in 4th International conference on I-SMAC (IoT in Social, Mobile, Analytics and Cloud) (I-SMAC 2020) IEEE, 7th Oct 2020.

11. “MeghNA: Cloud Detection and Motion Prediction in INSAT Images” by Manan Doshi, Jimil Shah, Aumkar Gadekar, Anish Dixit, Shloka Shah, Parth Jardosh, Dhananjay Kalbande in 3rd International conf. on Advanced Computational and communication Paradigm, SMIT, Sikkim, Springer AISC Series, Mar 22-24 2021

12. “Survey paper based critical reviews for Cosmetic Skin Diseases” by Shwetambari Borade, Dhananjay Kalbande in IEEE sponsored International conf. On Artificial Intelligence and smart systems (ICAIS), March 2021.

13. “A Survey on Object Detection, Annotation and Anomaly Detection Methods for Endoscopic Videos” by Tejas Chheda, Soumya Kopakka, Rithvika Iyer, Dhananjay Kalbande in 5th IEEE International Conference on Computing, Communication and Security (ICCCS), October 2020.

14. “Gastrointestinal Tract Anomaly Detection from Endoscopic Videos Using Object Detection Approach” by Tejas Chheda, Soumya Kopakka, Rithvika Iyer, Dhananjay Kalbande in International Symposium on Visual Computing, In: Bebis G. et al. (eds) Advances in Visual Computing. ISVC 2020, Lecture Notes in Computer Science, vol 12510. Springer, Cham, December 2020

15. “Leveraging Deep Learning and IoT for monitoring COVID19 Safety Guidelines within College Campus” by Sahai Vedant, D’Costa Jason, Srivastava Mayank, Mehra Mahendra, Kalbande Dhananjay in 10th International Conference, IACC 2020, Panaji, Goa, India, December 5–6, 2020, published in Book series in Advanced computing, Springer, December 5–6, 2020.

16. “Deep Learning Model for Pothole Detection and Area Computation” by Surekha Arjapure, D.R. Kalbande in International Conference on Communication, Information And Computing Technology (ICCICT-2021), 25-27 June 2021

Faculty Name:- Dr. Sudhir Namdeorao Dhage

1. “Feature Extraction Methods for Electroencephalography based Brain-Computer Interface: A Review” by Dipti Pawar and Sudhir Dhage in IAENG International Journal of Computer Science . Sep 2020, Vol. 47 Issue 3, p501-515.

2. “Fractal Load Balancing Method in Distributed Systems” by Anuraj Kathait; Sudhir N. Dhage in 2020 IEEE 5th International Conference on Computing Communication and Automation (ICCCA), 30-31 Oct. 2020.

3. “Cross domain-based ontology construction via Jaccard Semantic Similarity with hybrid optimization model” by Shital Kakad, Sudhir Dhage in Elsevier Expert Systems with Applications, Volume 178.

4."Wavelet-based Imagined Speech Classification Using Electroencephalography "by Dipti Pawar, Sudhir Dhage in *Inderscience International Journal of Biomedical Engineering and Technology*, Accepted and in press, 2021.

5."Similar Event Detection and Event Topic Mining in Social Network Platform" by P. Bide and S. Dhage in 2021 IEEE 6th International Conference for Convergence in Technology (I2CT), 2021, pp. 1-11.

6. "Ontology Construction from Cross Domain Customer Reviews using Expectation Maximization and Semantic Similarity" by S. Kakad and S. Dhage in 2021 IEEE International Conference on Emerging Smart Computing and Informatics (ESCI), 2021, pp. 19-23.

Faculty Name:- Dr. Preetida Vinayakray Jani

1. "Detection of Parkinson's disease via a multi-modal approach" by Jinang Gandhi, Aumkar Gadekar, Tania Rajabally, Dr. Preetida Vinayakray-Jani, Dayanand Ambawade in *Journal of Latex Templates*, December 10, 2020.

Faculty Name:- Dr. Anant V. Nimkar

1. "Safety Value Index: Computation and Evaluation of Safety of Geographical Area using Fuzzy Logic" by Dipam Shah, Taksh Soni and Anant V Nimkar in 2021 7th International Conference on Advanced Computing & Communication Systems (ICACCS), 19-20th March, Sri Eshwar College of Engineering, Coimbatore, Tamilnadu, India [Accepted]

2. "DADA: Deepfake Audio Detection Analysis with Speech Features and Spectral Analysis" by Lloyd R. Fernandes and Anant V. Nimkar in Online International Conference on Communication Computing and Signal Processing (CCSP'20), 23-24 July 2020, NIT Jalandhar, India, 2020. [Accepted]

3. "Alert Generation on Detection of Suspicious Activity using Transfer Learning" by Om Rajpurkar, Siddesh Kamble, Jayram Nandagiri and Anant Nimkar in 11th International Conference on Computing, Communication and Networking Technologies (ICCCNT'2020), 1-3rd July 2020, IIT Kharagpur, Kharagpur, India, pp. 1-7.

4. "Similarity Analysis of Legal Documents using Content and Network Based Approach" by Suyash Chavan, Janani Balasubramanian, Jai Puro, Meghana Naik and Anant Nimkar in 11th International Conference on Computing, Communication and Networking Technologies (ICCCNT'2020), 1-3rd July 2020, IIT Kharagpur, Kharagpur, India [Accepted]

5. "QORAI: Q Learning based Delivery Optimization for Pharmacies" by Abhishek Revadekar, Rahul Soni and Anant Nimkar in 11th International Conference on Computing, Communication and Networking Technologies (ICCCNT'2020), 1-3rd July 2020, IIT Kharagpur, Kharagpur, India pp. 1-7.

6. "Prosodic Speech Synthesis of Narratives Depicting Emotional Diversity Using Deep Learning" by Shloka S Shah, Rishika Anil Gupta, Parth Jardosh, Anant V Nimkar in Third International Conference on Advanced Computational and Communication Paradigms (ICACCP-2021), Sikkim Manipal Institute of Technology, Sikkim, India, 22-24 Mar 2021

[Accepted]
7.”Kairos: A Remunerative Framework for Minimum Investment Portfolio Management “ by Jimil Shah, Manan Doshi and Anant V Nimkar in International Conference on Communication Information and Computing Technology (ICCICT'21), 25-27 June 2021, SPIT, Mumbai, India [Accepted]
8. “MMAP : A Multi-Modal Automated Online Proctor” by AumkarGaddekar, Shreya Oak, Abhishek Revadekar, Anant V. Nimkar in International Conference on Machine Learning and Big Data Analytics (ICMLBDA) 2021, Springer, IIT Patna, India, 2021. [Accepted]
9. “Spaced Repetition for Slow Learners” by D. P. Shah, N. M. Jagtap, S. S. Shah and A. V. Nimkar in IEEE Bombay Section Signature Conference (IBSSC), 2020, pp. 146-151, 4-6 th December 2020, IIT Bombay, Mumbai, India.
Faculty Name:- Prof. Anand Godbole
1. “Multi-channel CNN-BiGRU Neural Network for Sentiment Analysis” by Bhavik Kanekar, Anand Godbole in Springer International Conference on Machine Intelligence and Smart Systems, Bhopal, MP, 24-25 September 2020.
2. “Detox: NLP Based Classification And Euphemistic Text Substitution For Toxic Comments” by PulinPrabhu , Garima Kaushik , Anand Godbole in 12th ICCCNT, IIT Kharagpur, 6-7-8 July 2021 (accepted and presented).
3. “RAAH.ai : An interactive chatbot for stress relief using Deep Learning and Natural Language Processing” by Aman Agarwal , Harshit Barot , RomitKankaria, Anand Godbole in 12th ICCCNT, IIT Kharagpur 6-7-8 July 2021 (presented). (accepted and presented).
4. “AIRPLANE CRASH SEVERITY PREDICTION USING MACHINE LEARNING” by Jay Mehta, VaidehiVatsaraj, Jinal Shah, Anand Godbole in ICCCNT, IIT Kharagpur 6-7-8 July 2021 (presented)
5. “A Novel Approach Towards Video-Ranking Using Intent And Relevance Feedback” by Vishal Ramane , Anand Godbole , Rupali Sawant in International Conference On Advanced Computing And Communication Technology (Icacct' 21)”, 06th & 07th May 2021 ICACCT 2021, (accepted and presented).
6. “Stock Market Prediction Using Bi-directional LSTM” by JaiwinShah , Rishabh Jain, Vedant Jolly, Anand Godbole in ICCICT-2021: 2021 International Conference on Communication Information and Computing Technology, A.P.I.T. - Andheri June 25-27 July (Accepted and Presented)
Faculty Name:- Prof. Surekha Dholay
1. “Detection of Flood Prone Areas by Flood Mapping of SAR Imagery” by ParthJardosh, Anjali Kanvinde, Anish Dixit, Surekha Dholay in 3rd International Conference on Smart Systems and Inventive Technology FRANCIS XAVIER ENGINEERING COLLEGE, TIRUNELVELI, INDIA, 20th - 21st August 2020.

2. “QR Scan based Intelligent System for School Bus Tracking” by AumkarGadekar, Aditi Kandoi, Garima Kaushik, Surekha Dholay in 3rd International Conference on Smart Systems and Inventive Technology FRANCIS XAVIER ENGINEERING COLLEGE, TIRUNELVELI, INDIA, 20th - 21st August 2020.
3. “Smart Accident Recognition and Alerting System for Edge Devices” by Pranav Chitale, Tanvi Dhope, AmodhAkhelkar, Surekha Dholay in 5th International Conference on Computing Communication and Automation (ICCCA), Greater Noida, India, 2020, 30-31 Oct. 2020.
4. “Crop Recommendation and its Optimal Pricing using ShopBot” by Apoorva Chaudhari; Manasi Beldar; Riya Dichwalkar, Surekha Dholay in 2020 International Conference on Smart Electronics and Communication (ICOSEC), Trichy, India, 10-12 Sept. 2020.
5. “Automated Snake Bite Prevention System” by Kunal Jain, Shriya Khatri, Nishant Kabra, Surekha Dholay in International Journal of Innovative Technology and Exploring Engineering (IJITEE) Volume-10 Issue-3 January 2021, 10th January, 2021.
6. “AI-Based Enabled Performances Measurements for MOOCs” by Atulkumar Gupta, Surekha Dholay in RJIT BSF Academy, Tekanpur, Gwalior, Madhya Pradesh, India, 24th-25th September 2020.
7. “Profanity Detection and Removal in Videos using Machine Learning” by Apoorva Chaudhari; Palak Davda; MonilDand; Surekha Dholay in IEEE 2021 6th International Conference on Inventive Computation Technologies (ICICT), 20-22 Jan. 2021.
8. “Video Manipulation Detection and Localization Using Deep Learning” by Hemal Mamtara; Kevin Doshi; Shreya Gokhale; Surekha Dholay in IEEE 2020 2nd International Conference on Advances in Computing, Communication Control and Networking (ICACCCN), 18-19 Dec. 2020.
9. “Flood Water Depth Classification Using Convolutional Neural Networks” by Jinang Gandhi; Sarah Gawde; Arnab Ghorai; Surekha Dholay in IEEE2021 International Conference on Emerging Smart Computing and Informatics (ESCI), 5-7 March 2021.
10. “Malware Detection in Banking and Financial Sector using Light Gradient Boosting Model” by Rahul Ramteke, AnayPadhye, Amandeep SomDutt and Prof. Surekha Dholay in International Conference on Communication, Information And Computing Technology (ICCICT-2021), 25-27 June 2021.
Faculty Name:- Prof. Kiran Gawande
1. “Cross Language Application For Disease Prediction” by Shivani Bhutala, Niket Parekh, Advait Lad, Kiran Gawande in CIIT2020 , Kochi, India Jul 24-25 2020.
2. “Movie Buzz- Movie Success Prediction System using Machine Learning Model “ by Riya Dihawalkar, Sakshi Milkhe, Tanishq Sharma, Kiran Gawande in 3rd International Conference on Intelligent Sustainable Systems (ICISS 2020), December 3-5 2020.

3. “Raga Recognition in Indian Classical Music using Deep Learning” by Devansh P Shah, Nikhil M Jagtap, Prathmesh T Talekar, Kiran Gawande in International Conference on Computational Intelligence in Music, Sound, Art and Design (Part of EvoStar), 7-9 April 2021.

4. “Coercive BehaviourCatching : A Real Time Analysis Approach “ by Ansari MohdSaeemMohd Saleem, Kiran Gawande in International Conference on Communication, Information And Computing Technology (ICCICT-2021), 25-27 June 2021.

Faculty Name:- Prof. Jyoti Ramteke

1. “Determining user behaviour using system call to prevent internal intrusion” by Mohit Bhat, Piyush Pandita , Harshit Chheta , Jyoti Ramteke in 5th International conference on computing Communication and Automation ICCCA 2020, 30-31 October 2020.

2. “Swindle: Predicting the Probability of Loan Defaults using CatBoost Algorithm” by Sujoy Barua, DivyaGavandi, Pooja Sangle, Leena Shinde, Jyoti Ramteke in IEEE “, 5th Fifth international Conference on Computing Methodologies and Communication Computing Methodologies 2021 (ICCMC 2021) Erode India, April 2021.

3. “Real-Time Compression Artifact Reduction for Low Bandwidth Video Conferencing” by Ajinkya Kudoo, Aman Paturkar, Umang Prajapati, Jyoti Ramteke in IEEE, 11th INTERNATIONAL CONFERENCE ON COMPUTER COMMUNICATION AND INFORMATICS 2021 held from 27-29 January 2021.COIMBATORE,India.

4. “Context-Based Deep Learning Approach for Named Entity Recognition in Hindi “ by Sarika Singh, Shashank Patel, Yash Shah, Rucha Nargunde, Jyoti Ramteke in International Conference on Communication, Information And Computing Technology (ICCICT-2021), 25-27 June 2021.

5. “Context aware Named Entity Recognition with Pooling” by Shreyam Shah, Jyoti Ramteke in 4th IEEE International Conference on Communication, Information and Computing Technology, ICCICT- 2021, 25-27 June.

Faculty Name:- Prof. Nataasha Raul

1. “Police Complaint Management System using Blockchain Technology” by IshwarlalHingorani, RushabhKhara, Deepika Pomendkar, Nataasha Raul in 3rd International Conference on Intelligent Sustainable Systems(ICISS 2020), 3rd-5th December 2020.

2. “Maximo: A Goal-Based Portfolio Management And Financial Product Diversification Application” by Nehal Surti, MuskanSahu, SaumitraChaskar, Nataasha Raul, Meghana N. in 2nd International Conference on Engineering, Technology, and Management in the Digital Era (ICETMDE-2020), 15 December 2020.

3. “COVID-19 Prediction from CT Scans using Deep-Learning” by Khushi Jashnani, Rucha Nargunde, Yash Shah, Prof. Nataasha Raul4th IEEE International Conference On Communication, Information And Computing Technology (ICCICT-2021), 25-27 June, 2021.

4. “Detecting Bots to Distinguish Hate Speech on Social Media” by Radhika Bailurkar, Nataasha Raul in The 12th International Conference on Computing, Communication and Networking Technologies (ICCCNT), July 6 - 8, 2021, IIT - Kharagpur, West Bengal, India.

5. “Study on Abstractive Text Summarization Techniques” by Parth Rajesh Dedhia; Hardik Pradeep Pachgade; Aditya Pradip Malani; Nataasha Raul; Meghana Naik in 2020 International Conference on Emerging Trends in Information Technology and Engineering (ic-ETITE), 24-25 Feb. 2020, Vellore, India

Faculty Name:- Prof. Reeta Koshy

1. “Emotion and Depression Detection from Speech” by Yash Deshpande, Shreya Patel, Meghan Lendhe, Manpreet Chavan, and Reeta Koshy in 5th International Conference on ICT for Sustainable Development (ICT4SD 2020), 23–24 July 2020

2. “Attention Detection of Participants during Digital Learning Sessions using Edge Computing” by Dhaval Umarale, ShyamSodhani, AmodhAkhelkar, Reeta Koshy in International Conference on IoT based Control Networks and Intelligent Systems (ICICNIS 2020), 10-11 Dec 2020

3. “A Complexion Based Outfit Colour Recommender using Neural Networks” by SiddheshSonawane, Anisha Gharat, TejashreeWagh, Reeta Koshy in 2021 First International Conference on Advances in Electrical, Computing, Communications and Sustainable Technologies(ICAECT 2021), 19-20 Feb 2021

Faculty Name:- Prof. Sunil B. Ghane

1. “An Intelligent System for Evaluation of Descriptive Answers” by Vinal Bagaria, Manasi Beldar, Mohit Badve, Sunil Ghane in 2020 3rd International Conference on Intelligent Sustainable Systems (ICISS), 3-5 Dec 2020.

2. “Technology 100 - An Application for Women safety” by Tania Rajabally, Deepika Pomendkar, Sakshi Milkhe, Sunil Ghane in 2020 IEEE International Conference on Technology, Engineering, Management for Societal impact Using Marketing, Entrepreneurship and Talent (TEMSMET) ,10th Dec 2020

3. “E-Commerce Shopping Gets Real: The Rise of Interactive Virtual Reality” by Satish R. Billewar, Karuna Jadhav, D. Henry Babu, Sunil Ghane in Web of Science Journal BBRC Vol 14 No 05 (2021) Pp-130-132.

4. “A SERVQUAL based E-Commerce platform for Indian customers” by Dr. Satish R. Billewar, Prof. Sunil Ghane, Dr Gaurav Londhe, Prof. Sunil Saxena in Journal of Contemporary Issues in Business and Government Vol. 27, No. 2, 2021.

Summary-Research Publications

Faculty Activities

The year 2020-21 will be known as the worst year in the history as the entire world is hit by a deadly pandemic Covid 19 and still it continues in the year 2021-22 as well. Everything came to standstill in each field of the society including our education field. At various institutes, the students were deprived of lectures as well as laboratory sessions. But, in our institute, very innovative techniques and tools were made to use by faculty to have no negative impact on student's schedule. One of the powerful tools is the innovation of "Virtual Lab" that has assisted to conduct hands on laboratory sessions as if it is done in off-line mode. So many such innovative teaching learning practices have been implemented by faculty. Also, to be with the modern and recent trends in the technology, they have participated in various faculty development programs, webinars, workshops, tutorials, etc. To impart technological knowledge to society, many workshops and short-term training programs were also conducted by faculty. The detailed report of each department has been exhibited.

Innovative Teaching Learning Practices

Electronics Engineering

Sr. No.	Name of the Faculty	Particulars
1	Dr. S.S. Rathod	Virtual lab visit and live demo for Electronic Device course
2	Prof. G. T. Haldankar	Discussion forum created on MOODLE for two experiments.
3	Prof. P. V. Kasambe	Case Study Presentation cum Implementation
4		Virtual Laboratory to perform experiments on Electronics Circuits and Systems
5		Virtual Lab developed by Amrita Vishwa Vidyalya (Vlab) for conducting labs on Semiconductor material characterization techniques.
6	Prof. Priya Deshpande	Hardware demos for Microcontroller Laboratory
7		Report on Debate/ Group Discussion for ISE Evaluation
8	Prof. N. A. Bhagat	Use of pen tab for teaching
9		Network Theory/Digital Circuits/VLSI LECTURES with table TOP Mobile capturing the A4 page video online.
10	Prof. Najib Ghatte	Signal System lecture on Pentab and Demonstration session on Smart TV Upload of lectures on YouTube for future perusal
11	Dr.D.C.Karia	Use of pen tab for teaching with resource sharing via Google Classrooms, Moodle

Detailed Report of the Innovative Teaching Learning Practices for some of the above is presented herewith:

1. Virtual lab visit and live demo for Electronic Device course

2. Case Study Presentation cum Implementation

Case Study: ISE Component

Purpose:

Evaluation of an individual student is an integral part of the academics to know how much his/her involvement in the subject is also it helps teacher to know which learner need more attention and who may be given the challenging task/tasks to be solved. Marks for the task

completed should be taken positively by the learner and may not just do the task for the award of marks. Simple assignment work which does not require any creativity to solve does not help an individual student to learn the subject better. It is also important to know the rubrics of evaluation; the exact expectation of the evaluator for the assigned task. In online education, evaluation of such tasks becomes more challenging due to issues like one to one engagement of long duration. Working in a team is an integral part of an Engineering profession. Therefore, tasks need to be framed which take optimum duration to solve, should reflect creativity and experiential learning through teamwork who attempts it. If a learner pursues higher education or wish to do research in the same domain to which the course contents are aligned, then these kinds of tasks undertaken builds a confidence on his/her capacity. Further to work and execute it in his/her profession.

7/17/2021 Analog Circuit EXTC 2020-21 - Google Forms

Your take away through Case Study as an ISE component.

26 responses

It's was good idea

Taking evaluation by each group is really good thing. Studied on various platform, trying to search by myself so this is good thing.

Satisfying to work on

Case study is a good way of being an ise component. Phase wise evaluation was a good way of evaluation.

Helped in the more practical aspects of analogue circuits

This study showed us how we can implement the basic model of Active noise canceling to obtain noise free sound. the circuit works well enough to demonstrate how active noise canceling operates.

We were able to simulate a correctly functioning noise cancelling system in Proteus Design Suite ,which is a proprietary software tool suite used primarily for electronic design automation.

Through Case Study as an ISE component , we were able to apply concepts practically using Proteus Design Suite Software.

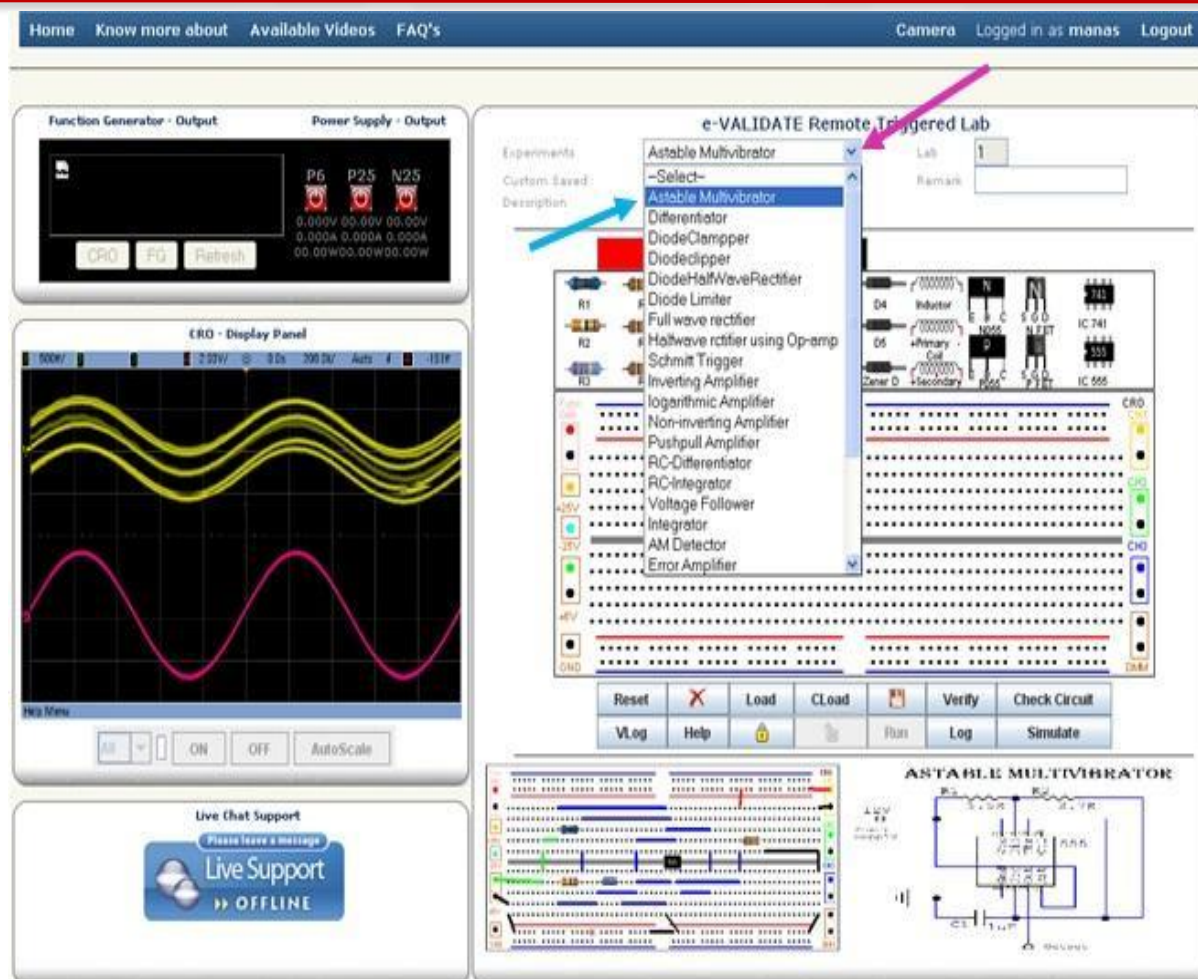

Yes

3. Virtual Laboratory to perform experiments on Electronics Circuits and Systems

Purpose of the activity:

A strong laboratory component is at the heart of all the Engineering Disciplines. It is a challenging job to provide an effective lab experience students under several constraints, such as:

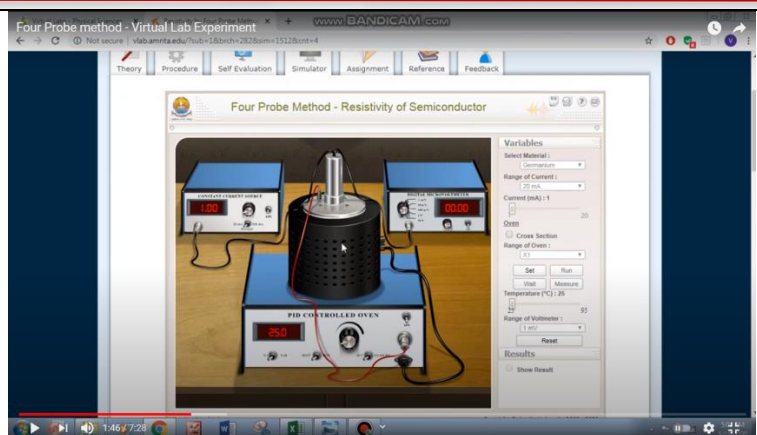

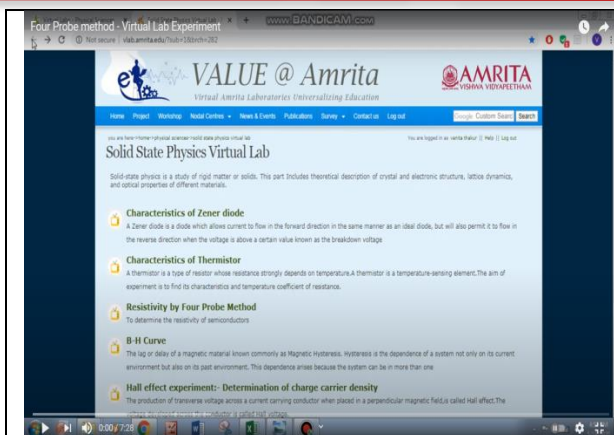

- Limited availability of costly equipment.
- Physical distances involved.
- Restricted, or no access to labs beyond the regular labs.
- Limited availability of expertise required to develop experiments and related study materials.
- Requirement for regular update of experiment as per current demand of the industry.
- During pandemic when access to hardware lab is not possible

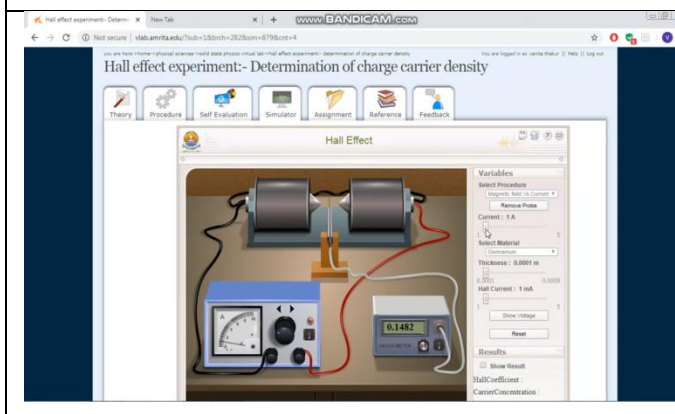

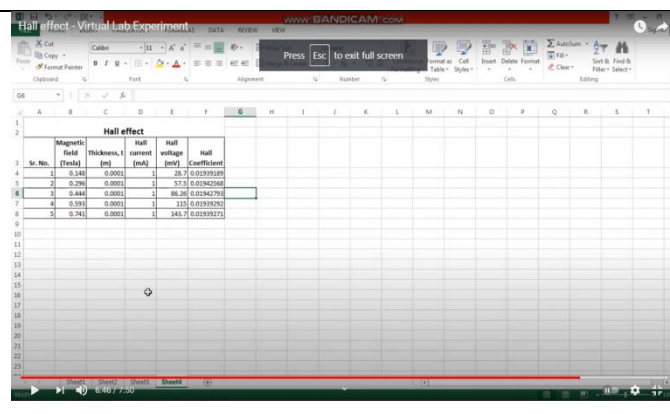

4. Report on Virtual Lab developed by Amrita Vishwa Vidyalaya (Vlab) for conducting labs on Semiconductor material characterization techniques

Objective:- The given objective is satisfied with virtual lab while screenshots are presented to validate the approach.

To determine the resistivity of semiconductors by Four probe Method.

To determine the mobility of charge carrier density of semiconductors sample by Hall Effect Method.

Sr. No.	Magnetic field (T)	Thickness (m)	Hall current (mA)	Hall voltage (mV)	Hall Coefficient
1	0.344	0.0001	1	28.7	0.01979191
2	0.396	0.0001	1	37.5	0.01942466
3	0.444	0.0001	1	66.26	0.01942708
4	0.508	0.0001	1	115	0.01979793
5	0.541	0.0001	1	143.7	0.01979793

5. Report on Innovative teaching learning Hardware demos for Microcontroller Laboratory

All the experiments list mentioned in the syllabus were hardware based, but due to online teaching learning we have to shift to simulation experiments. Students were curious to know about the hardware mentioned in the experiments, So online demonstration on hardware setup were arranged and all the list of experiments were replicated on hardware. The copy of recording is shared with student so that they can refer it in future. This can also help in understanding the microcontroller programming during projects.

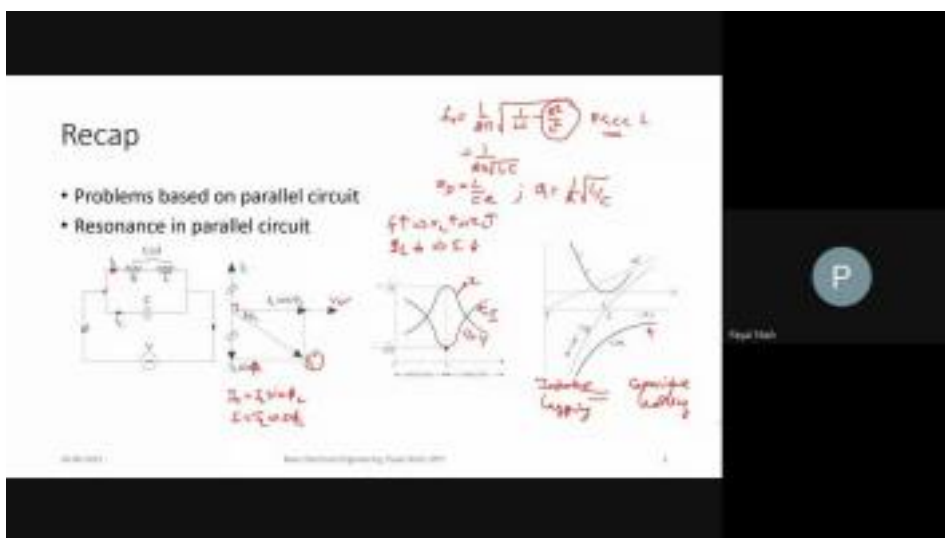

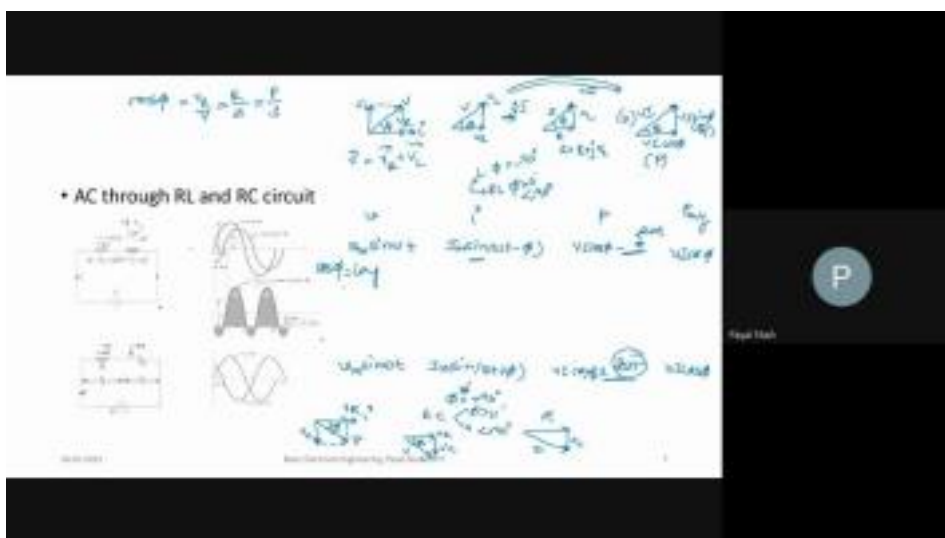

The problem statements given to the students were complicated and this make students to be interested in the subject.

6. Innovative Teaching Learning Method used during Pandemic

Following are the innovative teaching methods used for BEE for Sem I and Sem II during pandemic

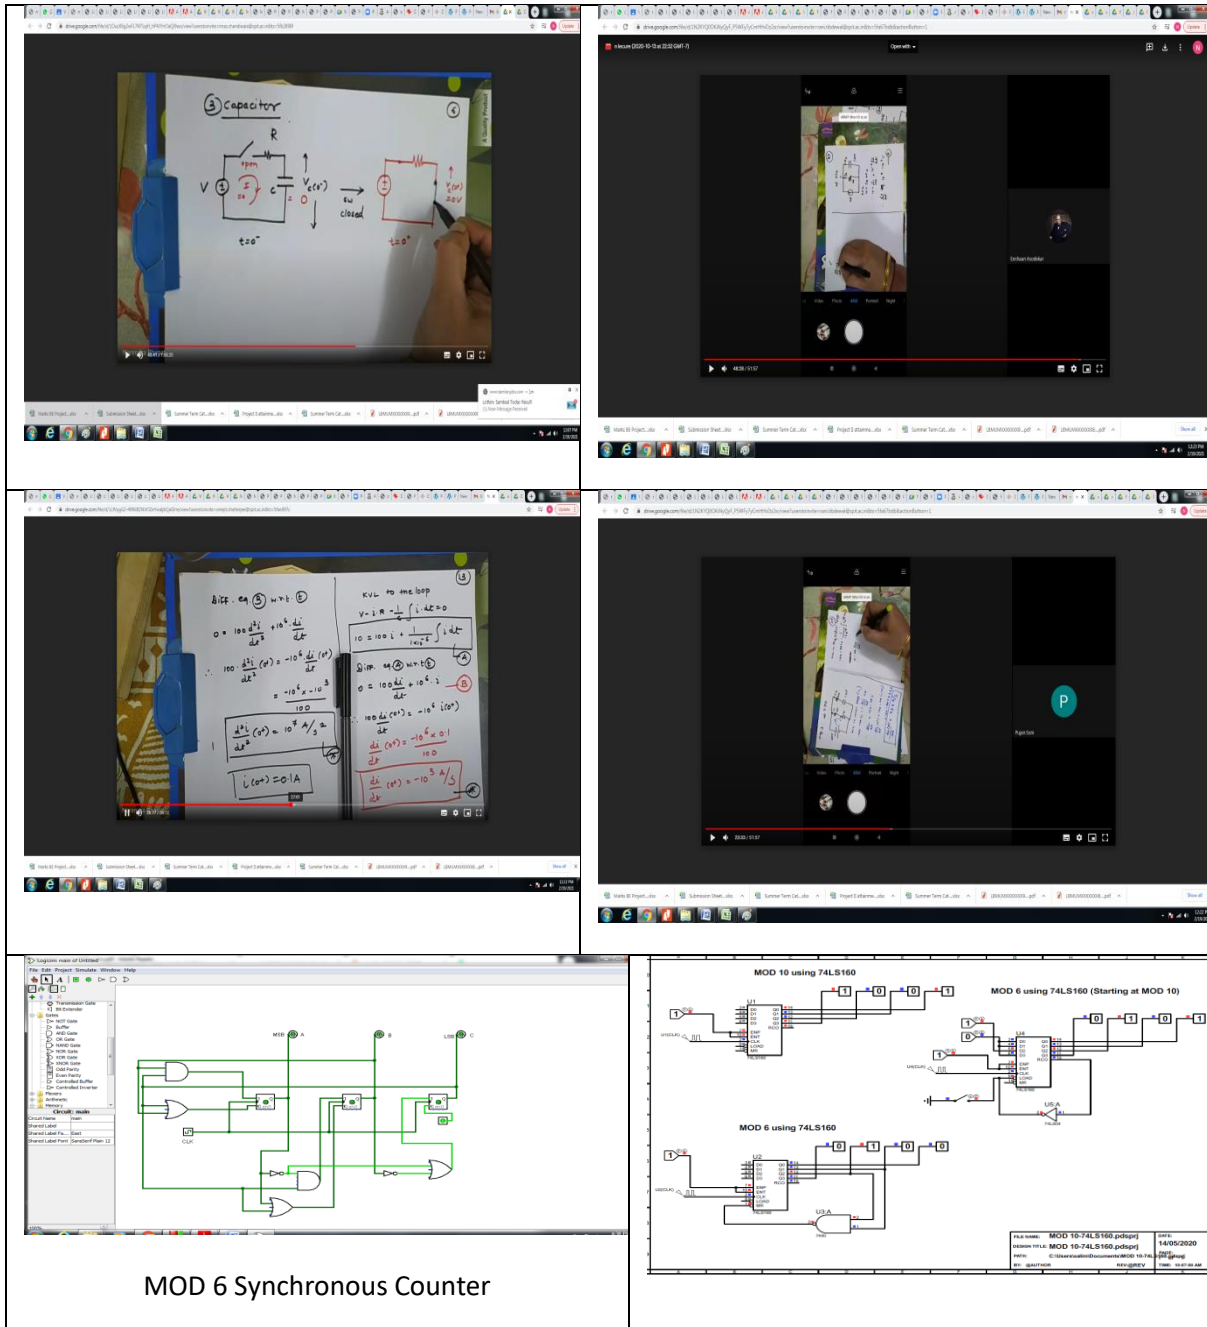

- Use of pen tab for teaching
- Recap of previous lecture at the starting of each lecture
- Use of poll (3 to 5 questions) facility of google meet at the starting of each lecture for assessing understanding of students for topics covered in previous lecture

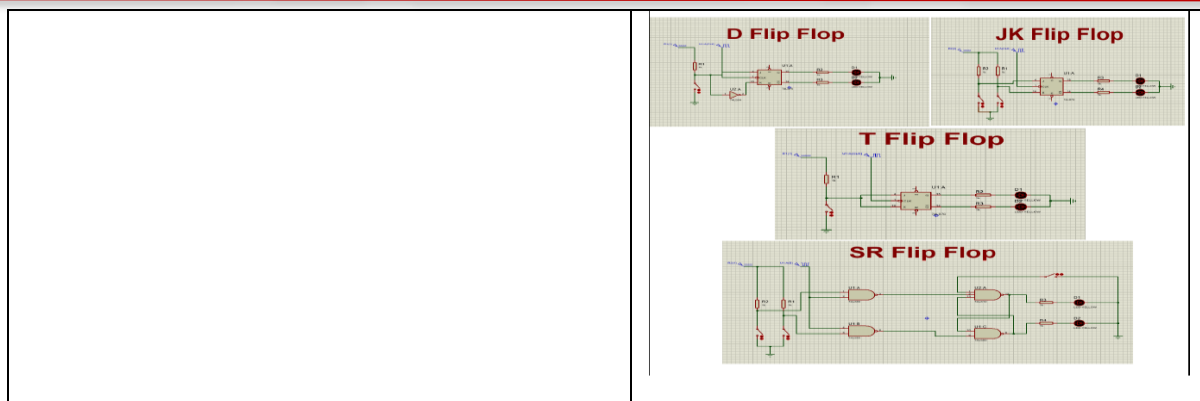

7. Innovative Teaching Learning done during Pandemic

Network Theory/Digital Circuits/VLSI LECTURES with table TOP Mobile capturing the A4 page video online.

The actual screenshots are shown as follows.

MOD 6 Synchronous Counter

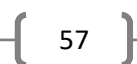

8. Innovative Teaching Methods

Subjects with Semester: Digital Communication-Sem VI, Consumer Electronics-Summer Term, Computer Communication Networks (Theory and Lab)-Sem VII, Fundamentals of Operating Systems Lab-Sem VI.

Innovative Teaching Method used: Digital Pen-Tablet, resource sharing via Moodle, GoogleClassrooms.

Sample screenshots are as follows.

Electronics & Telecommunication Engineering

Innovative Teaching Learning Practices

Sr No.	Name	Particulars
1	Dr. Y.S. Rao	Mobile Lab, Virtual Lab, Hardware simulation Lab techniques Every student is able to implement hardware specific programs and applications
2	Dr. R.R. Sawant	FE BET: (a) Redrafting of BEE Syllabus (b) Setting up an Online LAB Course for BEE (c) Recorded Video Lab Tutorials and Video lectures based on SEQUEL/SequelApp simulation (available at IIT Bombay Website) (d) Tried to innovate on setting ESE Papers, assignments and Quizes Students interest in the subject increased; Understanding of topics gas improved
3	Dr. Reena Sonkusare	Batchwise Class Assignment. Engaged in learning and Team effort
		Mini Project Engaged in knowing the recent developments and research aspects.
		Unique experiment data set
4	Manish M Parmar	Role Play during the class. Increased participation with peer interaction
5	Dr Sukanya Kulkarni	Moodle based assessment & testmoz and programming-based test for experiments Conceptual knowledge and understanding and time management skills
		Miniproject Lifelong learning, technical writing and presentation skills
		Unique experiment data set for experiments.Promote self-learning
		Research paper reading activity. Lifelong learning and writing skills
6	Dr. Sujata Kulkarni	Batchwise quizzes on flexiquiz platform Self-confidence and time management using different digital platform
		Technical Paper presentation. Enhance reading and analyzing skills, Team work and aware the applications based on recent trends in network domain
7	Anand Mane	Hardware mini projects and presentation. Enhance designing skills and presentation skills
	Vijaya Kamble	Batchwise different problems, Individual lab Submissions Understanding of basics & practical demonstration, representation skills
		Industry Person Guest Lecture Lab Based Courses For Industrial Technical skills improvements

8		Individual Mini project for M.Tech, For B.Tech group of 3 students in project. Technical problem solving, programming, writing and presentation skills
9	Milind Paraye	Case study
		Different values of parameters in problem statement for individual
10	Dr. Amol Deshpande	Collaboration of two courses
11	Pallavi Malame	1) Crosswords Engaged Learning
		2) Unscramble words Engaged Learning
		3) Microwave Snakes and Ladder Engaged Learning/ Team effort
		4) Mind/Memory/Concept Map Making
		Simplification of concept+ Note making skills
		5) Weekly feedback System Action Report/Transparency
		6) Unique data set to all student
		7) DRDO Guest Lecture Exposure to industrial application
		8) Discussion Forum/Online Intellectual debate and discussion
		9) IITK Virtual Lab
		10) Amrita Edu Virtual Lab
		11) Phet Colorado Lab Simulation
		12) Unwinding Session Stress Buster
12	Sneha Weakey	1) Group Discussion
		2) Find the word
		3) Unique data set to all student
		4) IIT Bombay Virtual Lab Visit
		5) IITK Virtual Lab
		6) Amrita Edu Virtual Lab
		7) Batchwise Class Assignment
		8) Mini Project

Detailed Report of the Innovative Teaching Learning Practices for some of the above is presented herewith:

1) Mobile Lab, Virtual Lab, Hardware simulation Lab techniques

A Mobile Electronics Lab

For Analog & Digital Electronics

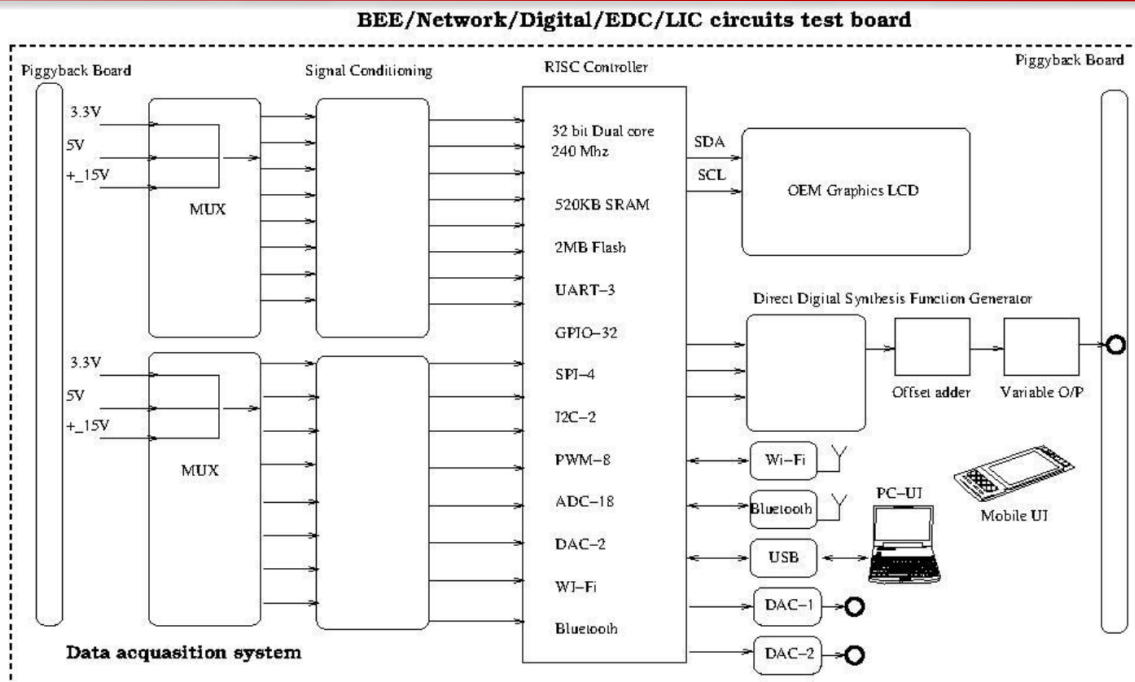

NEED:

The analog and digital electronics laboratory requires many large test and measuring equipment for a single circuit to verify. This is a very expensive option if an individual student wants to experiment at his residence, also the other problem is space requirement. The “Mobile Electronics Lab” makes it easy to design the experiment without any soldering. Students can explore a wide variety of electronic circuits simply by sticking the components into the well designed **piggyback** board. All connections and controls are marked and conveniently located. It is very useful in analog and digital electronics laboratories for performing experiments remotely. It is also useful to build and test mini-projects related to analog and digital electronics or while doing the course work. The piggyback board is optionally mounted on a baseboard that is specially designed for a specific subject.

The **baseboard** is a high-performance Dual-core 32-bit RISC controller-based data acquisition system with some common resources to perform specific functions. Conventional lab setup requires a power supply, function generator, Digital Storage Oscilloscope (DSO), cables, connectors and components. The functions of a power supply, function generator and DSO are replaced by a baseboard benefitting the students to work in a compact workspace.

The system has an in-built power supply, also works using a micro USB. It has an in-built clock, LEDs, Seven segment displays, Graphics LCD for displaying the output, as well as multiple IC sockets for the experiments.

Since it has multiple communication connectivity like Wi-Fi, Bluetooth and USB, it can act as an alternative for a DSO, arbitrary function generator and can be functioned with a PC or a mobile.

2. Setting up an Online LAB Course for BEE (c) Recorded Video Lab Tutorials and Video lectures based on SEQUEL/SequelApp simulation (available at IIT Bombay Website)

The Video lectures prepared and posted on youtube are cited on IIT Bombay website (<https://www.ee.iitb.ac.in/~sequel/>)

Video lectures based on SEQUEL/SequelApp simulation

- "Illustration of Thevenin, Norton, maximum power transfer theorems"

https://youtu.be/6L_f0aDQy8M

- "Star connected systems"

<https://youtu.be/6caziVUwqEs>

- "Delta connected systems"

https://youtu.be/1klS5lt_LbA

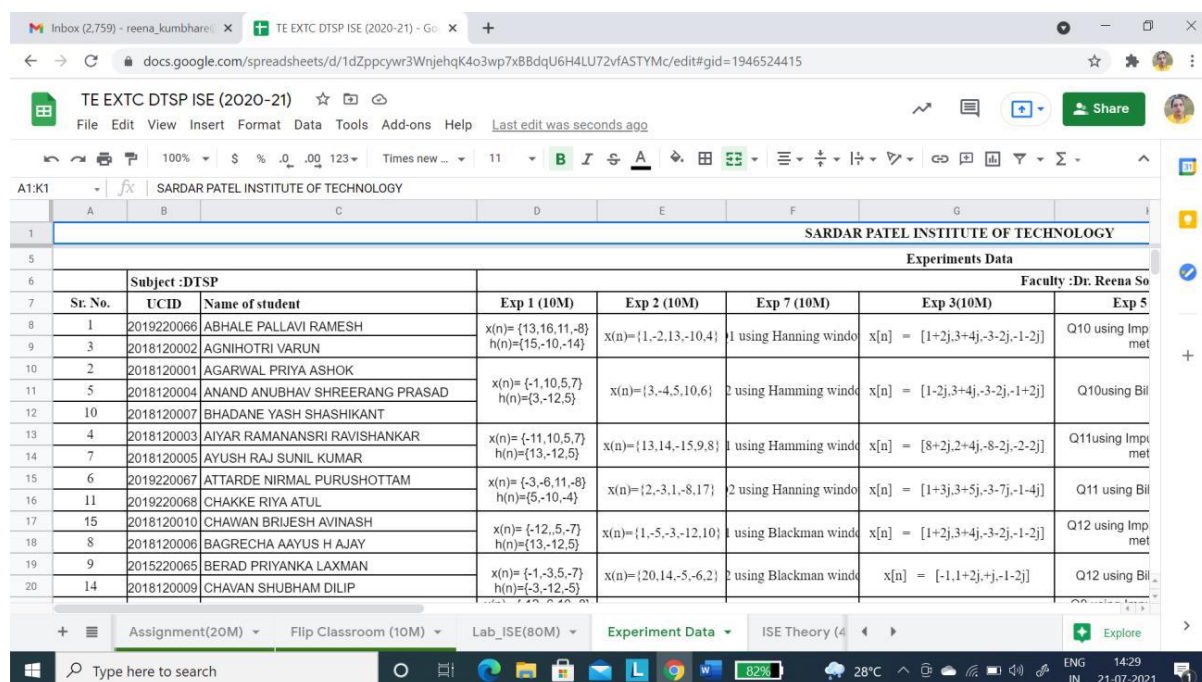

- "Basic SMPS circuits"

<https://youtu.be/kY1B87AOSfU>

- Use of pen tab for teaching
- Recap of previous lecture at the starting of each lecture
- Use of poll (3 to 5 questions) facility of google meet at the starting of each lecture for assessing understanding of students for topics covered in previous lecture

3. Unique Experimental Dataset

For each student, different input experimental data set has been prepared which has provided trigger to not copy any results.

4. Role Play during the class

For lucid explanation of the concept of page replacement policies in the subject of Computer Organization, groups were formed to perform play where each of the member is assigned the role of the conceptual object of different algorithms. Students have appreciated the concept as the concept has been internalized by them while playing the individual role assigned.

5. Moodle based assessment & testmoz and programming-based test for experiments, Mini-project, unique experimental data set, research paper reding activity

The tool known as testmoz was trialed with different set ups for the assessment activity which is presented as below with actual screenshots.

Build a Test
Use this form to build a **free** test on Testmoz.

(If you paid for a membership, you should [sign in](#) first)

Test name (ex: Chapter 8 Test)
expt-4-QUIZ

Choose a password
.....

Retype your password
.....

Create Test

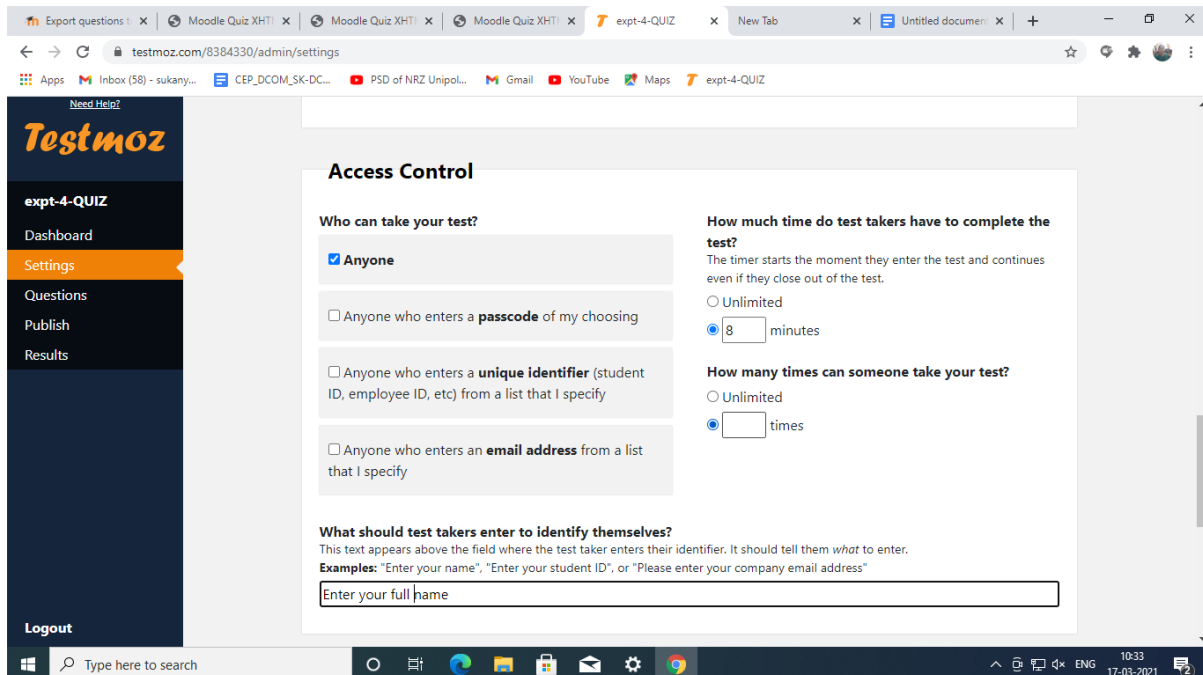

Limitations
You can build a test for free on Testmoz, but remember these limits: 50 questions per test / 100 responses per test ([what happens if more than 100 people take it?](#))

You can [sign up](#) for a Testmoz account to remove these limitations.

Warning:

1. Don't forget your password (you can't recover it!)
2. Don't forget your test URL (you'll see it on the next page)

Who can take your test?

- ☒ **Anyone**
- ☐ Anyone who enters a **passcode** of my choosing
- ☐ Anyone who enters a **unique identifier** (student ID, employee ID, etc) from a list that I specify
- ☐ Anyone who enters an **email address** from a list that I specify

How much time do test takers have to complete the test?
The timer starts the moment they enter the test and continues even if they close out of the test.

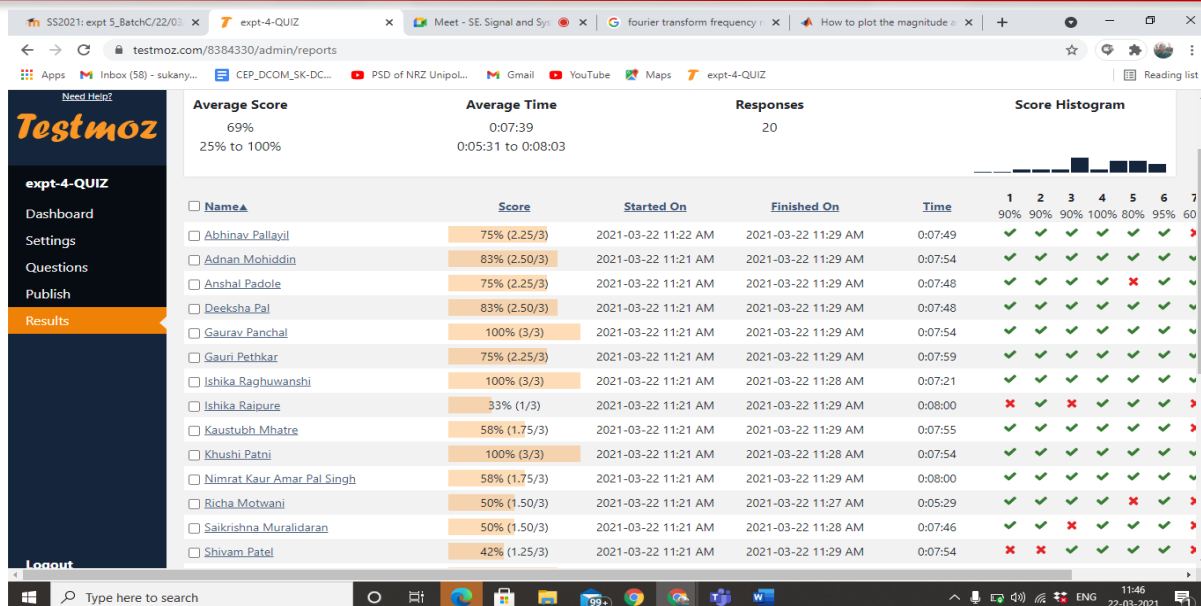

☐ Unlimited
☒ 8 minutes

How many times can someone take your test?

☐ Unlimited
☒ times

What should test takers enter to identify themselves?
This text appears above the field where the test taker enters their identifier. It should tell them *what* to enter.
Examples: "Enter your name", "Enter your student ID", or "Please enter your company email address"

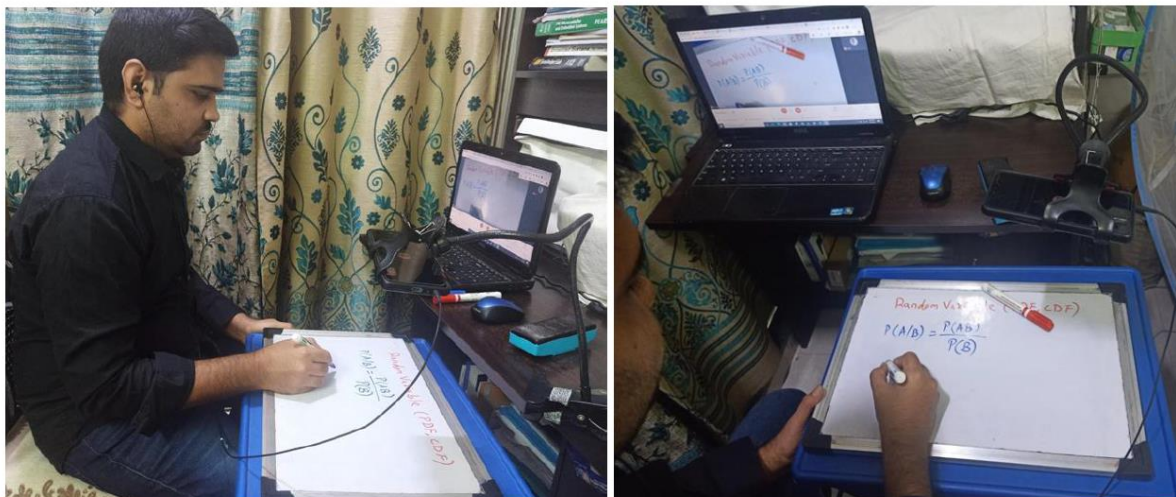

Enter your full name

6. Collaboration of two courses

Set-up for Online Teaching Learning

Physical set-up consisting of white board, marker, mobile stand (for camera), Electronic tablet device, Pentab is created for online teaching learning.

Collaboration of Two Courses

Outcome of ISE 3 & 4 i.e. Group Activity and Paper writing activity in collaboration with STC Lab.

Research paper writing activity was planned and executed in collaboration of two courses of T.E. EXTC viz. STC Lab conducted by Prof. Dayanand Ambawade and RSA conducted by Prof. Amol Deshpande. This was one of the ISE as Group activity. All the groups wrote the

research papers well as beginners. Out of 18 groups, THREE of the papers were accepted in IEEE International conference, one group is in process of submission of paper to conference.

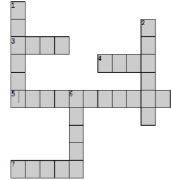

7. Crosswords, Unscrambled words, Microwave Snakes and Ladder, Memory Map Making

1)Methodology USED: Engaging Games

MICROWAVE CROSSWORD

MATCH THE COLUMN (LIVE IN CLASS)

Complete the crossword puzzle below

Created using the Crossword Maker on TheTeachersCorner.net

Across

1. One of the Research Areas
4. Microwaves can be attenuated by this factor
5. Elements at high frequency
7. Microwave frequency has Bandwidth which is

Down

1. Component size less than wavelength
2. Microwave engineering can be used for diagnosis of
6. Application of Microwave Engineering

BAND	FREQUENCY
K	1-2 GHz
L	8-12 GHz
X	18-26GHz

2) Methodology USED: Engaging Games

UNSCRAMBLE WORDS AND GIVE
DEFINITION/SIGNIFICANCE

PROBLEM SOLVING BASED ON LIVE
DATASHEETS (ONLINE/PRACTICAL APPL.)

- | | | | |
|---------------------|---------------------|---------------|----------|
| • tfsniecfe | Skin Effect | • pemrae | ampere |
| • tiseerscneeclvrta | Transverse Electric | • sguas | Gauss |
| • doeninmis | Dimensions | • ocvytlei | Velocity |
| • cyaelclfh | Halfcycle | • esfxdutnlly | Flux |
| • faayard | Faraday | • onutsoli | Density |
- Solution

- Search WR90 on web (<https://www.everythingrf.com/tech-resources/waveguides-sizes/wr90>)

- Find the Dimension "a" (longer) "b" (Shorter)

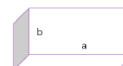

- Is it a=22.86 (20mm approx.)

- b= 10.16 (10mm approx)

- Always convert dimensions to "meter"

- Take combination of m & n

m	n
1	0
0	1
2	1
1	1

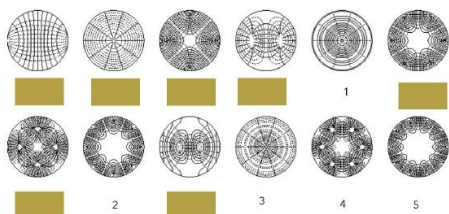

- Find fc for each value using $f_c = \frac{1}{2\sqrt{\mu\epsilon}} \left[\left(\frac{m}{a} \right)^2 + \left(\frac{n}{b} \right)^2 \right]^{1/2} = \frac{c}{2} \left[\left(\frac{m}{a} \right)^2 + \left(\frac{n}{b} \right)^2 \right]^{1/2}$

Methodology USED

FIND THE MISSING PIECE(LEARNING WITH
TEACHER'S HELP) COMPLEX THEORIES MADE
EASY : RELATED TO MICROWAVES

IDENTIFICATION OF COMPONENTS

Let's Play: Identify the component

Coloured: teacher solves with students
Numbered : student solves

MICROWAVE SNAKES AND LADDER

Team reaching 30 first wins.

Batch A_winners

TEAM GREEN 3 rd	TEAM RED 1 st	TEAM YELLOW 2 nd	TEAM BLUE 4 th
Priyanka	Vinit	Shriya	Siddhesh
Harit	Siddhant	Kimaya	Pranjal
Omkar	Siddharth	Rupal	Manish

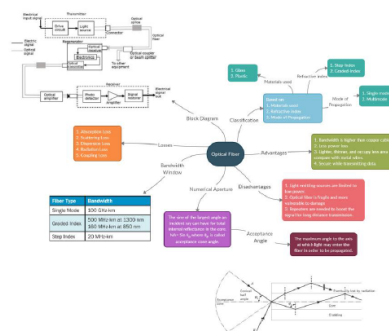

4) Methodology Used: Mind Map Making

RULES

Make a **mind map** of any concepts taught in optical fiber communication for last week .

- 1) Should be relevant and indepth
- 2) Original and creative
- 3) Atleast cover 3/4 to one page of A4 size paper. (minimum 10 blocks)
- 4) size limit 5 MB on moodle/ can send in mail if size is larger.
- 5)Enjoy the process

Computer Engineering

Innovative Teaching Learning Practices

Sr. No.	Name of the Faculty	Particulars
1.	Prof. Kiran Gawande	Normalization (DBMS)
2.	Dr. Dhananjay Kalbande	AI Virtual Lab Development
3.	Prof. Pramod Bide	Interactive session Q/A (polleverywhere.com)
4.	Prof. Pramod Bide	Think-Pair-Share Hadoop Ecosystem Research based Activity

Applied Science & Humanity

Innovative Teaching Learning Practices

Sr. No	Particulars
1.	Uploaded links of NPTEL courses on google classroom for relevant topics, Shared Youtube videos of lectures on Quantum Mechanics for better understanding, doubts solved during tutorials and individual assignment during I.S.E. and pre lab sessions were conducted to explain the basic concept, theory and procedure of the virtual experiments. Easy, average and above average problems were taken during tutorial session. Able to relate with theory while performing virtual experiments, problem solving skills improved due to all levels of problems solved during tutorial session
2.	short videos made, lecture setup, worksheets shared with solutions, special scilab sessions for slow paced learners. better understanding and problem solving
3.	Made PPTs for Linear Algebra for all lectures and few slides on subjects of FOM-I and double integration, use of matlab and scilab for drawing 3D regions, conducting more challenging problems in tutorials. Framing calculated multichoice questions in ISEs

	Students were able to understand and visualize the 3D regions. In ISEs multiple sets were formed for same question.
4.	Prepared instructional videos for AutoCAD and graphics. Students have a better resource for workflow optimization and approaches to projection.
5	Lab for Maths on Scilab Hands on for concepts in Maths
6	Recorded video lectures on few topics ahead of lectures and addressed queries and doubts during lectures for better time management. Youtube videos on few topics for better understanding and visualisation. Individually assigned ISE papers to ensure fair practices Students understanding improved and no case of copying was observed in both ISEs

Faculty Development Programs, Workshops and Tutorials

Electronics Engineering

(STTP/FDPs: Total Number of event days= 62)

Sr. No.	Name of Event ,Department and co-ordinator,Date
1	AICTE Sponsored ONE week Online Short Term Training Programme (STTP) On “VLSI Design Using Cadence Tools: Digital CMOS Design and Verification” by Electronics Engineering Department (Co-ordinator: Dr. Surendra Singh Rathod) from 12 th October 2020 to 17 th October 2020
2	AICTE Sponsored Two Week Online Faculty Development Programme on “Insights into Intelligent Automation, Machine Learning and Data Science: Foundation of Data Science” by Electronics Engineering Department(Co-ordinator: Dr. Surendra Singh Rathod) from 19 th October to 31 st October 2020
3	AICTE Sponsored ONE week Online Short Term Training Programme (STTP) On “VLSI Design Using Cadence Tools: Analog CMOS VLSI Design” by Electronics Engineering Department(Co-ordinator: Dr. Surendra Singh Rathod) from 2 nd November 2020 to 7 th November 2020
4	AICTE Sponsored Two Week Online Faculty Development Programme on “Insights into Intelligent Automation, Machine Learning and Data Science: Artificial Intelligence and Machine Learning” by Electronics Engineering Department(Co-ordinator: Dr. Surendra Singh Rathod) from 17 th November to 29 th November 2020
5	AICTE Sponsored ONE week Online Short Term Training Programme (STTP) On “VLSI Design Using Cadence Tools: Mixed Signal VLSI Design” on Electronics Engineering Department(Co-ordinator: Dr. Surendra Singh Rathod) from 30 th November 2020 to 5 th December 2020
6	AICTE Sponsored One week STTP on "Outcome Based Education (OBE): Critical Issues and Solution (A Case Study Approach): Philosophy and Design of Outcome Based Education (OBE)” by Electronics Engineering Department(Co-ordinator: Prof. P. V. Kasambe) from 30 th November 2020 to 5 th December 2020
7	AICTE Sponsored Two Week Online Faculty Development Programme on “Insights into Intelligent Automation, Machine Learning and Data Science: Data Science and Its Applications” by Electronics Engineering Department(Co-ordinator: Dr. Surendra Singh Rathod) from 7 th December to 19 th December 2020
8	AICTE Sponsored One week STTP on "Outcome Based Education (OBE): Critical Issues and Solution (A Case Study Approach): Implementation of Outcome Based Education (OBE) for Holistic Development” by Electronics Engineering Department(Co-ordinator: Prof. P. V. Kasambe) from 4 th January to 8 th January 2021

One Day to Three Days Workshops, Seminar, Tutorial Conducted : Total Number of event days=06

Sr. No.	Name of Event, Department and co-ordinator, Date
1	One day workshop on “Atomic Level Characterization of Micro/Nano Sensing Platforms by Prof. P. V. Kasambe on 30th October 2020.
2	One day workshop on “Instruction Set Architecture by Prof. Priya Deshpande on 6th November 2020.
3	One day workshop on Solar cell Fabrication Processes and Virtual Lab Visit at IITB by Dr. S. S. Rathod, Prof. Sneha Weakey, Prof. Payal Shah on 10th November 2020.
4,5,6	3 days workshop on Introduction to PLC, HMI and IoT by Prof. P.V. Kasambe on 4th June 2021, 24th June 2021 and 28th June 2021

Faculty as participants in Faculty development/training activities/STTPs:

Faculty as participants in Faculty development/training activities/STTPs

Sr. No	Title of the program,Duration,Date,Organised by
	Faculty Name:- Dr. Deepak Karia
1	AICTE (ATAL) academy conducted one week FDP on Biosimilar Technologies for One week from 23rd November 2020 to 27th November 2020 organized by AICTE ATAL
2	IETE Mumbai organised one week Technical Program on Cyber security of One week from 7-11 th Sept 2020 organized by IETE Mumbai
3	Tutorial on “Customer Segmentation for sustaining business in today's competition conducted in the ICCICT-21 Conference on 25 th July 21 for One day on 25th July 2021 organized by ICCICT-21 By SPIT
	Faculty Name:- Prof. Narendra Bhagat
4	AICTE Sponsored One Week Short Term Training Program on “VLSI Design Using Cadence Tools: Mixed Signal VLSI Design” for One week from 30 th November to 5 th December 2020 organized by AICTE Sponsored Short Term Training Program.
	Faculty Name:- Prof. Payal Shah
5	NPTEL Four week FDP conducted on Design Thinking- A Primer from Feb – March 2020 for Four week from Feb – March 2020 organized by NPTEL IITM.
6	A P Shah Institute of Technology conducted one week FDP on RESEARCH IN ENGINEERING - A Way Forward for One week from 6-10 th July 2020 organized by A P Shah Institute of Technology
7	Coursera Six Week course Excel Skills for Business: Essentials Six week August-September 2020 organized by Coursera
8	SPIT conducted AICTE Sponsored One Week Short Term Training Program on “VLSI Design Using Cadence Tools: Analog CMOS VLSI Design” for One week from 2-7 th November 2020 organized by AICTE sponsored by SPIT.
9	AICTE Training And Learning (ATAL) Academy Online FDP on "Biosimilar Technology" for One week from 23-27 November 2020 organized by AICTE Training And Learning (ATAL) Academy.
10	AICTE Sponsored One Week Short Term Training Program on “VLSI Design Using Cadence Tools: Mixed Signal VLSI Design” for One week from 30 th November to 5 th December organized by AICTE Sponsored One Week by SPIT.

11	Four week NPTEL MOOC course conducted by IIT Roorkee on “Effective Writing” from 18 th January to 12 th February 2021 for Four week from 18th January to 12th February 21 organized by NPTEL MOOC
12	Interactive Impactful E Learning Techniques for Three Days 18-20th July 2020 organized by K.C. COE & Management Studies.
	Faculty Name:- Prof. Manisha Bansode
13	AICTE Sponsored One Week Short Term Training Program on “VLSI Design Using Cadence Tools: Digital CMOS Design and Verification for One week from 12-17 October 2020 organized by AICTE Sponsored by SPIT
14	Velalar College of Engineering and Technology, Erode, Tamilnadu in association with Pantech Solutions, Chennai National Level online industrial training program on "FUTURE SCOPE OF ENGINEERING IN GLOBAL DEVELOPMENT" for One week from 27-31 st July 20 organized by Velalar College of Engineering and Technology, Erode, Tamilnadu.
15	Tutorial by Mathworks and Cloud Transformation-Myths and Reality Systems conducted in the ICCICT-21 Conference on 25 th July 21 for One day organized by ICCICT-21, SPIT
	Faculty Name:- Prof. Govind T Haldankar
16	FICCI conducted “Online teaching learning tools and Pedagogies” for One week from 15-19 June 2020 organized by FICCI (Federation of Indian Chambers of Commerce & Industry)
17	AICTE Sponsored STTP on "Control System Design- Classical and Modern with Hands-on" for One week from March 22-27, 2021 organized by AICTE Sponsored at SPIT
18	IETE Internship completed on “Renewable Energy System & EV Design using MATLAB” from 28 th June to 22 nd July 2021. For One month from 28th June to 22nd July 21 organized by IETE
19	Matlab for power electronics: Simulation and Analysis for Five hour on 20/8/2020 organized by Udemy
	Faculty Name:- Prof. Priya Deshpande
20	AICTE Training And Learning (ATAL) Academy Online FDP on "Biosimilar Technology" One week 23-27 November 20 organized by AICTE Training And Learning (ATAL)
21	AICTE Sponsored One Week Short Term Training Program on “VLSI Design Using Cadence Tools: Digital CMOS Design and Verification for One week from 12-17 October 2020 organized by AICTE Sponsored STTP
22	Coursera four week course on "Machine Learning for All" for Four week from 7 th May to 7 th June 20 organized by Coursera
	Faculty Name:- Prof. Najib Nisar Ghatte
23	Signal Processing Techniques for Advanced Wireless Communication for One week (6 days) from 26/10/2020 to 31st Oct 2020 organized by Jaymukhi Institute of Technological Science.
24	Faculty Development Programme (FDP) on “Implementation of Artificial Intelligence for Solving Digital Signal and Image Processing Problems” for Two Week from 16-11-2020 to 28-11-2020 organized by Vidya Jyothi Institute of Technology (Autonomous)
	Faculty Name:- Dr. S. S. Rathod
25	Completed 4 days training on “Microsoft Azure Essentials Masterclass” conducted by Ernst & Young Associates LLP in the month of June 2021 organized by E & Y Associates LLP
26	Attended online webinar on 'Outcome Based Education and Accreditation' sponsored by NBA held at CoEP on 27 th November 2020 for 1 day on 27th Nov 2021 organized by COEP

Annual Report 2020-21

27	E & Y training on “AI 900 Microsoft AZURE AI Fundamentals” on 21 st Feb 2021 for 1 day on 21st Feb 21organized by E & Y Associates LLP
28	E & Y training on “Az 900 Microsoft AZURE Fundamentals” on 20 th Feb 2021for 1 day on 20th Feb 21organized by E & Y Associates LLP
	Faculty Name:- Prof. Prashant Kasambe
29	Webinar Attended on “Multiphysics Analysis for Medical Devices Using COMSOL” for One Day on 25/6/2020organized by COMSOL
30	Modelling MEMS Devices with COMSOL Multiphysics for One Day on 24/8/2020 organized by COMSOL
31	InPods Demo “Accreditation Management System” for One Day on 2/6/2020 organized by InPods
32	InPods Demo “Online Teaching Learning and Online Assessment for One Day on 4/6/2020 organized by InPods
33	InPods demo on “NAAC Accreditation Management System” for One Day on 5/6/2020 organized by InPods
34	Webinar on “Indian Patent Filing and International patent filing procedure - Do’s and Dont’s for One Day on 13/4/2020 organized by Brainiac IP solution
35	Webinar no “Trademark filing (Indian and International), Copyright filing procedure and Trade Secret- Do’s and Dont’s for One Day on 22/4/2020 organized by Brainiac IP solution
36	CO-PO Attainment Computation and Outcomes Analysis for One Day on 1/6/2020 organized by InPods

Prof Sneha Weaky	10
Prof Anand Mane	10

Total number of mandays training received =44
(Workshop, Seminar, Tutorial – less than one week)

Name of the Faculty	Number of mandays training received
Dr. Reena Sonkusare	7
Dr Sukanya Kulkarni	1
Dr Y.S. Rao	9
Prof. Pallavi Malame	4
Dr Sujata Kulkarni	4
Prof Vijaya Kamble	13
Prof Milind Paraye	1
Prof Anand Mane	4
Prof Manish Parmar	1

Faculty as participants in Faculty development/training activities/STTPs

Sr. No	Title of the program,Duration,Date,Organised by
	Faculty Name:- Dr. Y. S. Rao
1	Intelligent Edge Computing Techniques for Diverse Applications, Ramaiah Institute of Technology, Bangalore of One week from 2-7 November 2020 organized by Ramaiah Institute of Technology, Bangalore.

2	Classification of IOT-A Case study on Biomedical Engineering, VESIT, Mumbai of 1 day on 7 Dec 2020
3	Green Internet of Things, VESIT, Mumbai of One Day on 10 Aug 2020
4	Impact of Physics in Healthcare, Maris Stella College, Vijayawada of Three Days from 14-16 October 2020
5	Electric vehicles, ALTAIR of One Day on 8th August 2020 organized by ALTAIR
6	Design Thinking, SPCE, Mumbai of Three Day from 28-30 September 2020 organized by SPCE
	Faculty Name:- Dr. Reena Sonkusare
7	TEQIP-III Sponsored FDP on “Pedagogical Techniques in Electronics & Electrical Engineering” of One week from 10th Aug 2020 to 14th Aug 2020 organized by Department of Electronics, Walchand College of Engineering, Sangli
8	TEQIP-III Sponsored Online Short Term Course on “Security Challenges, Objectives and Issues in IoT enabled Smart Grid (SCOISG-2020)” of One week from 23 September – 27 September 2020. organized by Center of Computing and Networking National Institute of Technology Kurukshetra
9	AICTE-ISTE Sponsored Online Refresher program on “Developing Secure IoT Applications” of One week from 14th Dec 2020 to 19th Dec 2020 organized by Department of Information Technology, Shah & Anchor Kutchhi Engineering College, Mumbai
10	AICTE-ISTE Sponsored Online Refresher program on “Internet of Things (IoT) Application” of One week from 21st Dec 2020 to 26th Dec 2020 organized by Department of Computer Science and Engineering, Abha Gaikwad-Patil College of Engineering, Nagpur
11	NPTEL Technology course on “Basics of Software Defined Radios and Practical Applications” of Four week from 15th September 2020 to 14th October 2020 organized by NPTEL
12	NPTEL Technology course on “Great Experiments in Psychology” of Four week from 15th September 2020 to 14th October 2020 organized by NPTEL
13	Attended two days Online Microsoft Azure AI Fundamentals training by EY on, “AI/AZ-900 Microsoft Azure Fundamentals”, on 20th & 21st February 2021 of Two Days from 20th & 21st February 2021 organized by Microsoft
14	Attended E&Y sponsored FOUR Full Day Training on ‘Microsoft Azure Essentials Masterclass’ of 4 days on 29th & 30th May 2021 and 5th & 6th June 2021 organized by Microsoft
15	Attended Industry Sponsored tutorial on “Foundations of Reliable Embedded Systems” during the 4 th IEEE International Conference on Communication, Information and Computing Technology (ICCICT-2021) organized by Sardar Patel Institute of Technology, Munshi Nagar, Andheri West, Mumbai, India on 25th June 2021 of 1 day on 25 June 2021 organized by IEEE SPIT
	Faculty Name:- Prof. Dayanand Ambawade
16	ATAL FDP on "Biosimilar Technologies" of One week from 23rd Nov to 27th Nov 2020 organized by ATAL
17	ATAL FDP on “Cyber Security” of One week from 14th Dec to 18th Dec 2020 organized by ATAL
18	ATAL FDP on “Cyber Security” of one week from 4th Jan to 8th Jan 2021 organized by ATAL

	Faculty Name:- Dr. Amol Deshpande
19	ATAL FDP on "Recent Trends and Applications in Biomedical Signal and Image Processing" of One week from 21st Sept. to 25th Sept. 2020 organized by ATAL
	Faculty Name:- Dr. Sukanya Kulkarni
20	TEQIP-III Sponsored FDP on "Pedagogical Techniques in Electronics & Electrical Engineering" of One week from 10th Aug 2020 to 14th Aug 2020 organized by Department of Electronics, Walchand College of Engineering, Sangli
21	TEQIP-III Sponsored Online Short Term Course on "Security Challenges, Objectives and Issues in IoT enabled Smart Grid (SCOISG-2020)" of One week from 23 September – 27 September 2020 organized by Center of Computing and Networking National Institute of Technology Kurukshetra
22	AICTE-ISTE Sponsored Online Refresher program on "Developing Secure IoT Applications" of One week from 14th Dec 2020 to 19th Dec 2020 organized by Department of Information Technology, Shah & Anchor Kutchhi Engineering College, Mumbai
23	NPTEL Technology course on "Basics of Software Defined Radios and Practical Applications" of Four week from 15th September 2020 to 14th October 2020 organized by NPTEL
24	NPTEL Technology course on "Great Experiments in Psychology" of four week from 15th September 2020 to 14th October 2020 organized by NPTEL
25	One day webinar-Awareness Webinar on Outcome Based Education and Accreditation of 1 day on 27 Nov 2020
	One day webinar-Awareness Webinar on Outcome Based Education and Accreditation of 1 day on 27 Nov 2020
	Faculty Name:- Dr. Sujata Kulkarni
26	AICTE Sponsored One Week Online Short Term Training Program On "Machine Learning: Algorithms and Applications in Data Science" of One week from 2nd November – 7th November 2020 organized by AICTE
27	Online FDP on "Artificial Intelligence" at North Eastern Regional Institute of Science & Technology for One week from 2020-9-14 to 2020-9-18 organized by North Eastern Regional Institute of Science & Technology.
28	Yoga Training programme from Government of Ayush of Thirteen Week from 15th August to 3rd Nov 2020 organized by Government of Aayush
29	AICTE STTP on OBE of One Week organized by AICTE
30	"IEEE - ABET Webinar on Accreditation and Quality of Engineering Education in South Asia" IEEE India Council of One Day on 04/04/20 organized by IEEE
31	IEEE Conference Publication Form Request - 2021 International Conference on Communication information and Computing Technology (ICCICT) - #50803 of Three Days from 25-27 June 2021 organized by IEEE SPIT
	Faculty Name:- Prof. Vijaya Kamble
32	ATAL Online FDP on "Cyber Security" at National Institute of Technical Teachers Training & Research, Chandigarh of One Week from 14-05-2020 to 18-05-2020 organized by ATAL
33	ATAL Online FDP on "Cyber Security" at HYDERABAD INSTITUTE OF TECHNOLOGY AND MANAGEMENT of One Week from 2020-9-7 to 2020-9-11 organized by ATAL

34	ATAL Online FDP on "MEDICAL IMAGE PROCESSING AND DEEP LEARNING TECHNOLOGIES" of One Week from 2020-9-21 to 2020-9-25 organized by ATAL
35	Online summer school on Advances in signal processing & machine learning Of One Week from July 20, 2020 to July 26, 2020 MHRD Institution Innovation Council DOUC chapter Deen Dyal Upadhaya organized by College University of Delhi.
36	Trends & Challenges in medical Images Analysis through Deep learning Algorithms Phase I of One Week from 26th october to 31st october 2020. organised by Velagapudi Ramkrishna Siddhartha engineering college Vijaywada AP
37	Trends & Challenges in medical Images Analysis through Deep learning Algorithms Phase II of One Week from 7th December to 12th December 2020 organised by Velagapudi Ramkrishna Siddhartha engineering college Vijaywada AP
38	Recent Advances in Biomedical Applications & communication networks of One Week from 13th till 18th July 2020 organized by GMR Institute of Technology Rajam AP
39	Special Public Lecture "When to trust a self driving car "on July 23, 2020 at 2:30 pm Prof Martha Kwiatkowska FRS Associate Head of MPLS Division Fellow of Trinity College Department of computer science university of oxford organised by MHRD Institution Innovation Council DOUC chapter DeenDyalUpadhaya College University of Delhi of One Day on July 23,2020 at 2:30 pm organized by MHRD Institution Innovation Council DOUC chapter DeenDyal Upadhaya College University of Delhi.
40	Special Public Lecture "Engineering the future of medicine " on August 06, 2020 at 7:30 pm Prof Molly S Shoichet ,FRS Tier1 Canada Research Chair in Tissue Engineering Professor of Chemical Engineering & Applied Chemistry & Biomaterials & Biomedical Engineering Donnelly Centre for cellure&Biomolecular research university of Torantoorganised by MHRD Institution Innovation Council DOUC chapter Deen Dyal Upadhaya College University of Delhi of One day on "July 26, 2020 at 2:30 pm organized by MHRD Institution Innovation Council DOUC chapter Deen Dyal Upadhaya College University of Delhi.
41	Special Public Lecture "Engineering the future of medicine " on August 06,2020 at 7:30 pm Prof Molly S Shoichet ,FRS Tier1 Canada Research Chair in Tissue Engineering Professor of Chemical Engineering & Applied Chemistry & Biomaterials & Biomedical Engineering Donnelly Centre for cellure & Biomolecular research university of Torantoorganised by MHRD Institution Innovation Council DOUC chapter Deen Dyal Upadhaya College University of Delhi of One Day on August 06, 2020 at 7:30 pm organized by MHRD Institution Innovation Council DOUC chapter Deen Dyal Upadhaya College University of Delhi.
42	Special Public Lecture "Machine Learning Methods in Computational Cancer Biology " on August 28, 2020 at 11:00 am Prof. Mathukumalli Vidyasagar, FRS , FTWAS, FIEEE, FNA, FNAE, FASc National science chair & Distigushed Professor, Indian Institute of Technology Hyderabad. organised by MHRD Institution Innovation Council DOUC chapter Deen Dyal Upadhaya College University of Delhi of One day on August 28, 2020 at 11:00 am organized by MHRD Institution Innovation Council DOUC chapter Deen Dyal Upadhaya College University of Delhi.
43	Special Public Lecture "Wireless AI : A new sixth sense to Deciphering our world " on August 30,2020 at 7:30 pm Prof K.J.Ray Liu Electrical & Computer Engineering Department University of Maryland ,college Park organised by MHRD Institution Innovation Council DOUC chapter DeenDyal Upadhaya College University of Delhi of

	One Day on August 30, 2020 at 7:30 pm organized by MHRD Institution Innovation Council DOUC chapter DeenDyal Upadhaya College University of Delhi.
44	Two days National Open workshop on getting aligned to the publishing process Delivered by scopus/science direct at Elsevier Monday 28th September 2020 of Two Days from 28th & 29th December 2020 organized by Scopus, Science Direct Elsevier
45	"Instigations of Artificial Intelligence" on 28th & 29th December 2020 organised by Department of Artificial Intelligence (DAI) Institute of Computer Science and Engineering Saveetha School of Engineering Chennai Tamilnadu
46	IET sponsored two days online workshop on Information Security and its Challenges on 21st & 22nd December 2020 organised by Department of BIG DATA AND NETWORK SECURITY Institute of Computer Science and Engineering Saveetha School of Engineering Chennai Tamilnadu
47	Cloud on Air google cloud solutions contact centre AI of Two Days 26-28 May 2020 organized by Google
48	Special Public Lecture "When to trust a self driving car" on July 23, 2020 at 2:30 pm Prof. Martha Kwiatkowska FRS Associate Head of MPLS Division Fellow of Trinity College Department of computer science university of oxford organised by MHRD Institution Innovation Council DOUC chapter DeenDyal Upadhaya College University of Delhi of One Day on July 23, 2020 at 2:30 pm organized by MHRD Institution Innovation Council DOUC chapter DeenDyal Upadhaya College University of Delhi.
49	Deep learning based analysis of Images and Videos using Python slot-I of One Week from 16th november 2020 to 21st november 2020 organized by KIT Kalaiganar Karunanidhi Institute of Technology Coimbatore Tamilnadu .
	Faculty Name:- Prof. Milind Paraye
50	ATAL FDP on "Biosimilar Technologies" of One Week from 23rd Nov to 27th Nov 2020 organized by AICTE ATAL FDP
51	FDP on 'Research Initiatives in Renewable Energy Systems' of One Week from 21st - 25th July 2020
52	One day workshop on "Sequel App" of One Day on 16/01/2021
	Faculty Name:- Prof. Sneha Weaky
53	AICTE Sponsored STTP on "VLSI Design Using Cadence Tools: Analog CMOS VLSI Design" of One Week from 2nd Nov to 7th Nov 2020 organized by AICTE
54	ATAL FDP on "Biosimilar Technologies" of One Week from 23rd Nov to 27th Nov 2020 organized by AICTE ATAL FDP
	Faculty Name:- Prof. Anand Mane
55	Recent Trends in wireless communication and IOT of Two Weeks from 9-11-2020 to 16-11-2020 organized by AICTE ATAL FDP
	Faculty Name:- Prof. Pallavi Malame
56	Research Paper Writing & Publication of One Day on 5th Sep 2020
57	How to teach online effectively of Three Days from 16th-18th Jan 2021
58	AICTE-ISTE approved Orientation/Refresher Programme on "Antenna: Design and Analysis" of One week from 7th Dec-12th Dec 2020 organized by AICTE
	Faculty Name:- Prof. Anand Mane
59	Attended two days Online Microsoft Azure AI Fundamentals training by EY on, "AI-900 Microsoft Azure Fundamentals", on 20th & 21st February 2021 and 5th & 6th June 2021
	Faculty Name:- Prof. Manish Parmar

60	Tutorial on “Customer Segmentation for sustaining business in today's competition conducted in the ICCICT-21 Conference on 25 th July 21 of One Day organized by IEEE SPIT
	Faculty Name:- Prof. Sneha Weakey
61	Fabrication Processes and Virtual Lab Visit by Mr. Nilesh Kusher, Sr. Research Fellowat Crystalline Silicon Group, NCPRE,IITB, Mumbai for Sem III students

Computer Engineering

Faculty as participants in Faculty development/training activities/STTPs:

Total number of mandays training received = 275
(STTPs/FDPs/Workshops/Seminars/Tutorials)

Detailed Faculty as participants in Faculty development/training activities/STTPs

Sr. No.	Title of Program,Duration,Date,Organized by
	Faculty Name:- Dr. D. R. Kalbande
1	Participated and completed Online FDP on “Data Science “ at School of IT , RGPV, Bhopal, MP, India of 1 week from 7th Sept to 11th Sept 2020 Organized by School of IT , RGPV
2	Participated and completed Online FDP on “Medical Image Processing and Deep Learning technologies “at PanimalarInst.of Technology, India of 1 week from 21st Sept to 25th Sept 2020 Organized by PanimalarInst.of Technology
	Faculty Name:- Dr. Preetida Jani
3	Attended a Virtual global summit on Artificial Intelligence: Responsible AI for Social Empowerment of 1 week from Oct 5-9, 2020
4	(RAISE2020), Ministry of Electronics and Information Technology of 1 week 5-9 Oct 20Organized byMinistry of Electronics and Information Technology
5	Participated in the International Workshop on Cryptography and Coding Theory. Center of Excellence in Sinal and Image Processing, Nanded of 1 week from 8-12 Mar 2021
6	Attended a FDP-Shaping a Data Science Curriculum, SAS of 1 week from 3-7 May 21
	Faculty Name:- Prof. Kiran Gawande

7	TEQIP III Sponsored One Week FDP - "Efficacy of Digital Pedagogy for Effective Online Teaching Learning" at SPCOE Mumbai of 1 week from 8th to 15th Oct 2020TEQIP III Sponsored
	Faculty Name:- Prof. Jyoti Ramteke
8	Completed one week AICTE ATAL course on Design Thinking at VIT,Mumbai(online mode) of 1 week from 07/12/20 to 11/12/20 Organized by AICTE
9	Completed online NPTEL Course of 8 weeks on Google cloud computing foundations of 8 weeksfrom july 20_dec20Organized byNPTEL
	Faculty Name:- Prof. Nataasha Raul
10	One Week Faculty Development program On "Digi-Tech Teaching Learning- 2020" Organized By SINHGAD INSTITUTE OF TECHNOLOGY, LONAVALA of 1 week from MAY 18-22, 2020Organized bySINHGAD INSTITUTE OF TECHNOLOGY, LONAVALA
11	Participated in Five Days Online Faculty Development Program on "RESEARCH IN ENGINEERING - A Way Forward" conducted at A. P. Shah Institute of Technology, Thane of 1 week from 6 to 10 July, 2020 Organized by A. P. Shah Institute of Technology, Thane.
12	Completed NPTEL Online Course o 8 weeks : Practical Machine Learning with Tensorflow of 8 weeks Organized by NPTEL
13	AICTE Sponsored One Week Online Short Term Training Program On "Machine Learning: Algorithms and Applications in Data Science" organised by Vishwakarma Institute of Technology , Pune of 1 week from 5th October – 10th October 2020, Organized by Vishwakarma Institute of Technology
14	participated in online National Level one week FDP on "Green and Secure Communication", organized by, Department of E&TC, Sinhgad Institute of Technology, Lonavala, India, and Technically sponsored by IEEE Bombay Section at IEEE SBSIT, Lonavala of 1 week from March 15-19, 2021Organized by Department of E&TC, Sinhgad Institute of Technology sponsored by IEEE Bombay Section at IEEE SBSIT
15	participating in the 1- week faculty development program on AI- Using python organisedbyBrainovision Solutions India Pvt.Ltd. & National Youth council of India of 1 weekfrom 14-09-2020 to 19-09-2020 Organized by Brainovision Solutions India Pvt. Ltd. & National Youth council of India
	Faculty Name:- Prof. Reeta Koshy
16	Attended Predictive Analytics Using Artificial Intelligence (STTP-PAUAI), held by NRI Institute of Technology, Andhra Pradesh, sponsored by AICTE of 1 week From 02-07, November 2020 Organized by NRI Institute of Technology, Andhra Pradesh,

	sponsored by AICTE
17	Attended AICTE sponsored one week Online STTTP Blockchain and its Applications (Phase-II) by Vivekanand Institute of Technology, Mumbai of 1 week from 26 April – 1 May 2021 Organized by Vivekanand Institute of Technology, Mumbai
18	Attended 5 days FDP on Advanced Research Methods for Research Publication in Scopus Indexed Journal of 1 week from 8th June 2021 to 12th June 2021
	Faculty Name:- Prof. Sunil Ghane
19	Two weeks Online Faculty Development Programme on "Emerging Technologies for Education and Research in CS and IT" of 2 weeks during 13th- 25th July 2020 Organized by BVICAM, New Delhi
	Faculty Name:- Prof. Soni Bhambhar
20	Two weeks Online Faculty Development Programme on "Emerging Technologies for Education and Research in CS and IT" during of 2 weeks from 13th- 25th July 2020 Organized by BVICAM, New Delhi
	Faculty Name:- Prof. Abhijeet Salunke
21	Two week FDP on "Machine Learning" by IIT Kanpur of 2 weeks Organized by IIT Kanpur
22	Two week FDP on "Data Science" by IIT Kanpur of 2 weeks Organized by IIT Kanpur
	Faculty Name:- Prof. Pramod Bhide
23	Attended AICTE and ISTE Approved STTP on “ Teaching learning padagogy” at FICCI of 1 week from 15th June- 19th June 2020 Organized by FICCI
24	Participated & completed successfully AICTE Training And Learning (ATAL) Academy Online FDP on "Blended Learning and Flipped Classroom" at Vellore Institute of Technology of 1 week from 2020-9-14 to 2020-9-18 Organized by Vellore Institute of Technology
25	Two weeks Online Faculty Development Programme on "Emerging Technologies for Education and Research in CS and IT" organized by BVICAM, New Delhi of 2 weeks during 13th- 25th July 2020, Organized by BVICAM, New Delhi.
	Faculty Name:- Dr. D. R. Kalbande
26	Participated in "Convolution Neural Networks" organized by IEEE Panimalar Institute of Technology, Chennai on 22nd Sept 2020 of One day on 22nd Sept 2020 Organized by IEEE Panimalar Institute of Technology

27	15th Inter-Collegiate / Institute / Department Avishkar Research Convention: 2020-21 organised on Virtual Platform by University of Mumbai of One day July 01, 2021Organized byUniversity of Mumbai
28	Participation as Faculty mentor for SPTBI startups of One day, Participation as Faculty Entrepreneur in NISP -SPIT policy of One day Organized by SPIT
	Faculty Name:- Dr. Preetida Jani
29	Attended Webinar on Internet of Things (IoT) – Industrial Perspective of 1 day On 11 July, 2020
30	Attended the workshop on Mobile Packet Core, Skill-Lync of 1 day on 30th May 21Organized by SkillLinc
31	Participated in Computer Programming in 24 Hrs. The Guinness World Record Event of 1 day on 24th April 21
32	Attended Data Science Workshop on Analyzing PUBG Data, Edureka of 1 day on 21st Feb 21Organized by Edureka
33	Attended workshop on Data Analysis in R using STATECRAFT, SMNRU and STATECRAFT of 1 day on 12th Feb. 21
34	Participated in the Energy Management System, Smart energy planning, operation and control. SkillLinc of 1 day on 22nd Jan 21, 2020 Organized by SkillLinc
35	Completed course of 36 hours- Industry 4.0, GLOBSYN, AICTE of 1 day on 18th June 20 Organized by AICTE
36	Attended a webinar on Energy Management and Energy Conservation in Electrical Systems Webinar of 1 day on 22nd June 20
37	Attended Cybersecurity and National Sovereignty. National Awareness Program of 1 day of 11th July 20
38	Autonomous Cars – Technology behind the Magic, of 1 day on 22 Sept 20 Organized by Skill-Linc
39	Deep learning fundamentals, IBM of 1 day on 27 Sept 20 Organized by IBM
40	Attended workshop on Data Analysis in R using STATCRAFT organized by Department of Business Intelligence, B. K. School of Professional & Management Studies, Gujarat University of 1 day on 6th Mar 21 Organized by Department of Business Intelligence, B. K. School of Professional & Management Studies, Gujarat University
41	Attended a webinar on Internet of Things - Industrial Perspective Webinar, BVICAM of 1 day on 11th July 20 Organized by BVICAM

42	Machine Learning and Data Science Unleashing Data Science and AI Webinar, BVICAM, New Delhi of 1 day on 8 th Aug 2020 Organized by BVICAM, New Delhi.
43	AI Automotive – An approach for Self driving vehicles of 1 day on 16th Sept 20
44	Participated in Insights Into Intelligent Automation Machine Learning and Data Science. AICTE FDP, SPIT of 3 days from 27-29 th Oct 20, Organized by AICTE
	Faculty Name:- Prof. Surekha Dholay
45	Attended One day webinar on Education Policy (NEP) in the context of Technical Educations of India" of 1 day on 20th Sept 2020
46	Participated online conference "3rd International Conference on Smart Systems and Inventive Technology FRANCIS XAVIER ENGINEERING COLLEGE, TIRUNELVELI, INDIA" of 2 days on 20th - 21st August 2020 Organized by FRANCIS XAVIER ENGINEERING COLLEGE
47	Attended online conference 2020 International Conference on Smart Electronics and Communication (ICOSEC), Trichy, India of 3 days from 10-12 Sept. 2020
48	6th International Conference on Inventive Computation Technologies ICICT 2021, Coimbatore, India of 2 days on 20-22, January 2021
49	Attended. 3 DAY AICTE EXAMINATION REFORMS ONLINE WORKSHOP Organized by AICTE and KLE Technological University, Hubballi of 3 days From 5th February to 8th February 2021Organized by AICTE and KLE Technological University,
	Faculty Name:- Prof. Kiran Gawande
50	Attended a three days FDP workshop conducted by SPCOE on topic "Design Thinking for Educators " of 3 days from 28 to 30th September 2020 Organized by SPCOE
	Faculty Name:- Prof. Nataasha Raul
51	Presented a paper entitled "Police Complaint Management System using Blockchain Technology", in the 3rd Internal Conference on Intelligent Sustainable Systems (ICISS 2020) organized by SCAD Institute of Technology at Palladam, India of 1 day from December 3-5, 2020SCAD Institute of Technology at Palladam, India.
52	Presented a paper entitled "MAXIMO: A GOAL-BASED PORTFOLIO MANAGEMENT AND FINANCIAL PRODUCT DIVERSIFICATION APPLICATION", in the "2nd International Conference on Engineering, Technology, and Management in the Digital Era (ICETMDE-2020) of 1 day on 15 December 2020
53	Paper published on "Study on Abstractive Text Summarization Techniques" in International Conference on Emerging Trends in Information Technology and Engineering (ic-ETITE), IEEE, 2020 of 1 dayOrganized byIEEE

54	Attended National Level awareness program on cybersecurity and data sovereignty Of 1 day on 11th July, 2020
55	Attending the live Virtual Seminar on “Artificial Intelligence” organized by Bhabha University, Bhopal in collaboration with COJAG Smart Technology Pvt. Ltd. Nagpur on 1 day dated 19/August/2020 Organized by Bhabha University, Bhopal in collaboration with COJAG Smart Technology Pvt. Ltd. Nagpur.
56	Attended a Webinar on “ HOW TO DO OR GUIDE PhD RESEARCH SUCCESSFULLY”, under webinar series on Latest Research Trends in STEM of 1 day on 21/08/2020.
57	Attended the online session titled Teaching Online, The New Normal: Opportunities & Challenges organized by Great Learning and Business Standard of 1 day on 22nd August 2020.
58	Participated in the Webinar on "Arduino and Programming", organized by Pantech E Learning of 1 day on 04/09/2020 Organized by Pantech E Learning
	Faculty Name:- Prof. Sunil Ghane
59	Attended a webinar on “Citation and reference management using Mendeley”, organized by BVICAM, New Delhi of 1 day on 14th August 2020 Organized by BVICAM, New Delhi.
60	Published a book chapter Title, “Quantum Cryptography: Basic Principles and Methodology” in Limitations and Future Application of Quantum Cryptography book, published by IGI Global publication of 1 day on December, 2020 at IGI Global publication,
	Faculty Name:- Prof. Soni Bhambhar
61	MOOC- Python Data Structures on coursera of 1 day on 21st July 2020
62	Participated in Industry sponsored tutorial on "Cloud Transformation Myths and Reality" during the 4th IEEE INTERNATIONAL CONFERENCE ON COMMUNICATION, INFORMATION AND COMPUTING TECHNOLOGY (ICCICT-2021) of 1 day on 25th June 2021 Organized by IEEE
63	Participated Industry sponsored tutorial on "Modeling of Sustainable Energy System using MATLAB and Simulink & Development of Sustainable Transportation Systems using Simulink and Simscape" during the 4th IEEE INTERNATIONAL CONFERENCE ON COMMUNICATION, INFORMATION AND COMPUTING TECHNOLOGY of 1 day Organized by IEEE
	Webinar on Citation and Reference Management using Mendeley of 1 day on 14 Aug 2020
	Faculty Name:- Prof. Pramod Bhide

64	Attended AICTE Sponsored FDP on 'Insights into Intelligent Automation, Machine Learning and Data Science: Data Science and Its Applications at Sardar Patel Institute of Technology of 3 days on 13 oct to 15 oct 2020 Organized by Sardar Patel Institute of Technology (AICTE Sponsored)
65	Attended FDP on NAAC on ""NAAC: PATHWAY TO QUALITY SUSTENANCE (ENGINEERING EDUCATION)"" held The webinar was organized by Internal Quality Assurance Cell (IQAC), RCOEM, Nagpur in association with National Assessment and Accreditation Council (NAAC), Bangalore of 2 days on 01st and 02nd July 2020 Organized by Internal Quality Assurance Cell (IQAC), RCOEM, Nagpur in associationwith National Assessment and Accreditation Council (NAAC), Bangalore.

Information Technology

Faculty as participants in Faculty development/training activities/STTPs:

Total number of mandays training received = 770
(1 Week, 2Week FDP/STTPs/MOOC Courses)

Faculty Name	Man days training received
Prof. PrasenjitBhavathankar	90
Prof. Kailas Devadkar	75
Prof.Rupali Sawant	90
Prof.Sheetal Chaudhari	165
Prof.Renuka Pawar	110
Prof.Jignesh Sisodia	60
Prof. SwapnaliKurhade	130
Prof.Varsha Hole	20
Prof.AparnaHalbe	15
Prof.Nikahat Mulla	15

Total number of mandays training received = 22
(Workshop, Seminar, Tutorial – less than one week)

Faculty Name	Man days training received
Prof. PrasenjitBhavathankar	6

Prof. Kailas Devadkar	2
Prof. Rupali Sawant	5
Prof. Renuka Pawar	1
Prof. Varsha Hole	3
Prof. Aparna Halbe	1
Prof. Nikahat Mulla	4

Detailed Faculty as participants in Faculty development/training activities/STTPs

Sr No	Title, Date, Duration, Organization
	Faculty Name:- PROF. PRASENJIT BHAVATHANKAR
1	Outcome Based Education: Critical Issues and Solution (A Case Study Approach): Implementation of Outcome Based Education (OBE) for Holistic Development) from 4 Jan- 9 Jan 2021 of 1 week Organized by Bharatiya Vidya Bhavan's, Sardar Patel Institute of Technology, Munshi Nagar, Andheri (W), Mumbai-400058, Maharashtra.
2	Outcome Based Education: Critical Issues and Solution (A Case Study Approach): Philosophy and Design of Outcome Based Education (OBE) from 30 Nov- 5 Dec 2020 of 1 week Organized by Bharatiya Vidya Bhavan's, Sardar Patel Institute of Technology, Munshi Nagar, Andheri (W), Mumbai-400058, Maharashtra.
3	Object Oriented System Development using UML, Java and Patterns from September-December 2020 of 12 weeks Organized by NPTEL, Swayam
4	Software Engineering from September-December 2020 of 12 Weeks Organized by NPTEL, Swayam
5	Software Testing Jan-Feb 2021 of 4 weeks Organized by NPTEL, Swayam
	Faculty Name:- PROF. KAILAS DEVADKAR
6	Usage of Technology in Covid-19 from 28 May to 2nd June 2020 of 1 week Organized by Terna Engineering College Nerul
7	Insights into Intelligent Automation, Machine Learning and Data Science : Foundation of Data Science from 19th Oct 2020 to 31st Oct 2020 of 2 weeks Organized by SPIT
8	Operating Systems from September-December 2020 of 12 weeks Organized by NPTEL, Swayam

	Faculty Name:- Prof. RUPALI SAWANT
9	Machine Learning: Algorithms and Applications in Data Science from 5-october-2020 to 10-october-2020 of 1 week Organized by Vishwakarma Institute of Technology, Pune
10	Emerging Trends in Wireless Sensor Networks & Applications from 14th September 2020 to 19th September 2020 of 1 week Organized by Malla Reddy Engineering College for Women
11	Implementation of Artificial Intelligence for Solving Digital Signal and Image Processing Problems from 16-11-2020 to 28-11-2020 of 2 week Organized by Vidya Jyothi Institute of Technology, Hyderabad
12	Introduction to research in Sept.2020 of 8 week Organized by NPTEL, Swayam
13	Coursera Certification on Relational database system in Sept. 2020, 6 weeks Organized by Coursera
	Faculty Name:- Prof. SHEETAL CHAUDHARI
14	Emerging trends in Wireless Sensor Networks and Application from 14th September 2020 to 19th September 2020 of 1 week Organized by Malla Reddy Engineering College for Women
15	Insights into Intelligent Automation, Machine Learning and Data Science in 31st Oct-2020 of 2 weeks Organized by SPIT
16	Introduction to research in Sept. 2020 of 8 weeks Organized by NPTEL
17	Completed Fundamentals of Networks Communication in Sept. 2020 of 6 weeks Organized by Coursera
18	Innovation Ambassador Training in November 2020 of 4weeks Organized by MoE's Innovation Cell & AICTE, New Delhi
19	Operating Systems in Apr 2020 of 12 weeks Organized by NPTEL
	Faculty Name:- Prof. RENUKA PAWAR
20	Blockchain in DevOps: Implementing Transparent Continuous Delivery from 14th Sept to 19th Sept, 2020 of 1 week Organized by SVERI's College of Engineering Pandharpur, Maharashtra
21	Blended Learning and Flipped Classroom from 2020-8-10 to 2020-8-14 of 1 week Organized by AICTE Training And Learning (ATAL) Academy by Sardar Vallabhbhai National Institute of Technology Surat.

22	Insights into Intelligent Automation, Machine Learning and Data Science: Data Science and Its Applications from 7 th Dec 2020 to 19th Dec 20 of 2 weeks Organized by SPIT
23	Design Thinking for Innovation University of Virginia in Sept.2020 of 6 weeks Organized by Coursera
24	Problem solving through Programming In C in Sep-Dec 2020 12 weeks Organized by NPTEL
	Faculty Name:- Prof. JIGNESH SISODIA
25	Emerging Trends in Wireless Sensor Networks & Applications from 14th September 2020 to 19th September 2020 of 1 week Organized by Malla Reddy Engineering College for Women
26	Machine Learning: Algorithms and Applications in Data Science from 5-october-2020 to 10-october-2020 1 week Organized by Vishwakarma Institute of Technology, Pune
27	Implementation of Artificial Intelligence for Solving Digital Signal and Image Processing Problems from 16-11-2020 to 28-11-2020 of 2 weeks Organized by Vidya Jyothi Institute of Technology, Hyderabad
28	Introduction to research in Sept.2020 of 8 weeks Organized by NPTEL
	Faculty Name:- Prof. SWAPNALI KURHADE
29	Artificial Intelligence from 29/8/2020 to 2/9/2020 of 1 week Organized by Dr. A P J Abdul Kalam Technical University Uttar Pradesh Lucknow.
30	Outcome Based Education: Critical Issues and Solution (A Case Study Approach): Implementation of Outcome Based Education (OBE) for Holistic Development from 4 Jan- 9 Jan 2021 of 1 week Organized by Bharatiya Vidya Bhavan's, Sardar Patel Institute of Technology, Munshi Nagar, Andheri (W), Mumbai-400058, Maharashtra.
31	Introduction to Machine Learning in Jan-2021 of 12 weeks Organized by NPTEL
32	Natural Language Processing in Jan-2021 of 12 weeks Organized by NPTEL
	Faculty Name:- Prof. VARSHA HOLE
33	Machine Learning: Algorithms and Applications in Data Science from 7 – 12th September 2020 of 1 week Organized by Bansilal Ramnath Agarwal Charitable Trust's Vishwakarma Institute of Technology
34	Blockchain in DevOps: Implementing Transparent Continuous Delivery from 14-19 Sept 2020 of 1 week Organized by College of Engineering, Pandharpur

35	Insights into Intelligent Automation, Machine Learning and Data Science :Artificial Intelligence and Machine Learning from 17th Nov 2020 to 29th Nov 2020 of 2 weeks Organized by SPIT
	Faculty Name:- Prof. APARNA HALBE
36	Strategic Planning for higher education institution from 7-12 June 2021 of 1 week Organized by Model Institute of Engineering and Technology
37	Two week AICTE sponsored online FDP on “Insights into Intelligent Automation, Machine Learning and Data Science : Data Science and Its Applications” from 7-Dec-2020 to 19-Dec-2020 of 2 weeks Organized by Sardar Patel Institute of Technology, Mumbai
	Faculty Name:- Prof. NIKAHAT MULLA
38	AICTE Sponsored One Week Online Short Term Training Program on Machine Learning: Algorithms and Applications in Data Science from 05-Oct-2020 to 10-Oct-2020 of 1 week Organized by Vishwakarma Institute of Technology, Pune
39	Two week AICTE sponsored online FDP on “Insights into Intelligent Automation, Machine Learning and Data Science : Data Science and Its Applications from 7-Dec-2020 to 19-Dec-2020 of 2 weeks Organized by Sardar Patel Institute of Technology, Mumbai
	Faculty Name:- PROF. PRASENJIT BHAVATHANKAR
40	Awareness Webinar on Outcome Based Education and Accreditation on 27 November 2020 of 1 day Organized by National Board of Accreditation, Delhi in Association With Directorate of Technical Education, Maharashtra State and College of Engineering, Pune.
41	Microsoft Azure Essentials Masterclass on 29th-30th May and 5th-6th June.2021 for 4 Days Organized by Ernst & Young Associates LLP
42	Cloud Computing and Big Data on 25 June 2021 for 1 Day Organized by ICCICT 2021 S.P.I.T.
	Faculty Name:- PROF. KAILAS DEVADKAR
43	Cloud Computing and Big Data on 25 June 2021 for 1 day Organized by ICCICT 2021 S.P.I.T.
44	Webinar for FDP on outcome based education software organized by vmedulite software on 11th June 2020 of 1 day
	Faculty Name:- Prof. RUPALI SAWANT
45	NAAC: PATHWAY TO QUALITY SUSTENANCE (ENGINEERING EDUCATION) on 01st and 02nd July 2020 for 2 Days Organized by Shri

	Ramdeobaba College of Engineering and Management, Nagpur Internal Quality Assurance Cell (IQAC)
46	Transformation Through NAAC Accreditation Process, A National Level Workshop for Higher Educational Institutions On 21st & 22nd June 2021 for 2 Days Organized by Institute for Academic Excellence, Hyderabad
47	RPA with Alteryx-Python on 25 June 2021 for 1 day Organized by ICCICT 2021 S.P.I.T.
	Faculty Name:- Prof. RENUKA PAWAR
48	Cloud Computing and Big Data on 25 June 2021 for 1 day Organized by ICCICT 2021 S.P.I.T.
	Faculty Name:- Prof. VARSHA HOLE
49	Design Thinking for Educators in the New Normal from 28-30 Sept 2020 for 3 days Organized by SPCE
	Faculty Name:- Prof. NIKAHAT MULLA
50	Learn BERT-most powerful NLP algorithm by Google on July 19,2020 for 5.5 hours Organized by Udemey
51	Modern Natural Language Processing in Python on July 21,2020 for 6 hours Organized by Udemey
52	Deep Learning and NLP A-Z: How to create a Chatbot on July 22,2020 for 12 hours Organized by Udemey
53	Customer Segmentation for sustaining business in today's com on June 25,2021 0.5 hour Organized by ICCICT 2021 S.P.I.T
	Faculty Name:- Aparna Halbe
54	FDP on Insights Into Intelligent Automation Machine Learning and Data Science on 28 Oct 2020 for 2 hours Organized by SPIT

Master's in Computer Applications

Faculty as participants in Faculty development/training activities/STTPs:

Total number of mandays training received (STTPs/FDPs/
Workshops/Seminars/Tutorials) = 372

Detailed Faculty as participants in Faculty development/training activities/STTPs

Sr. No	Title of the program, Duration, Date, Organised by
	Faculty Name:- Dr. Pooja Raundale
1	one week workshop on Machine Learning: Algorithms and Applications in Data Science of One week from 07/09/20 to 12/09/20 Organized by Vishwakarma Institute of Technology
2	one week virtual Faculty Development program on “Neural Networks and Deep Learning Using Python” of One week from 1 st June to 5 th June 20 Organized by REVA University Bengaluru.
3	1 day training on Microsoft Official Course on Demand AI-900 “Microsoft Azure AI Fundamentals” of One Day in February 21 Organized by Ernst & Young Associates LLP
4	National Workshop NAAC Accreditation Process for Higher Educational Institutions of Two Days in Feb – March 2020 Organized by Institute of Academic Excellence, Telangna
5	3 day virtual hands on training program on “Python for Data Analysis” for Three Days from 6-10 th July 2020 Organized by REVA University.
	Faculty Name:- Dr. Aarti Karande
6	one week workshop on R-Language for Analytics & Data Science Computer Engineering, Jaihind College of Engineering, Kuran (Pune) of One week from 11 th to 15 th April 20 Organized by Rajarshi Shahu College of Engineering
7	one week workshop on Research Methodology and Tools Sandip Institute of Technology and Research Centre, Nashik of One week from 11 to 15 May 2020 Organized by Sandip Institute of Technology and Research Centre, Nashik
	Faculty Name:- Dr. Aarti Karande
8	one week workshop on E-Learning Tools, Methodologies and Content Management Shri Shivaji Education Society, Amravati's College of Engineering and Technology, Akola (M.H.) of One week from 06-08-2020-13-06-2020 Organized by Shri Shivaji Education Society, Amravati's College of Engineering and Technology, Akola (M.H.)
9	one week workshop on Improving Teaching Learning Experience using Best Practices of One week from 15/6/2020-19/6/2020 Organized by D. J Sanghvi College of Engineering
10	one week workshop on Signal, Image & Video Processing: A Practical Approach (SIVPAPA-2020) of One week from 26/5/2020-30/5/2020 Organized by GOVERNMENT COLLEGE OF ENGINEERING KARAD
11	one week workshop on Cyber security techniques and tools of One week 15/6/2020 19/6/20 Organized by Sri Sai Ram College of Engg
12	one week workshop on Modern Educational tools and pedagogical practise for online teaching of One week from 21/6/2020 25/6/2020 Organized by VIT Mumbai
13	two week workshop on IT for sustainability of Two week from 15/6/2020 26/6/2020 Organized by Thakur College

14	two week workshop on R language and Rstudio of Two week from 22/6/2020 05/07/2020 Organized by Cambridge Bangalore
15	One week workshop on ONLINE TEACHING-LEARNING TOOLS AND PEDAGOGIES of One week from 15/6/2020 19/6/2020 Organized by FICCI
16	one week workshop on Machine Learning: Algorithms and Applications in Data Science of One week from 07-09-2020 12/6/2020 Organized by Vishwakarma Institute of Technology
17	AICTE MoE Cell one week workshop on National IP literacy under Kalam program title Kapila of One week from 15/10/20 to 23/10/20 Organized by MoE MHRD
18	Two Weeks International Faculty Development Program on “Emerging Trends in Industry 4.0” of Two week from 18/5/2020 29/5/2020 Organized by JSPM’s Rajarshi Shahu College of Engineering
19	one week workshop by AICTE Recognized Faculty Development Programme on Internet of Things of One week from 04-10-2020 15/4/2020 Organized by NITTTR
20	one week workshop by AICTE Recognized Faculty Development Programme on Teaching and Learning for Accreditation in Technical Education NITTTR of One Week from 27/4/2020 5/5/2020 Organized by NITTR
21	one week Online Faculty Development Program on PHP-MySQL of One Week from 17/6/2020 22/6/2020 Organized by J D College of Engineering
22	one week workshop on NAAC Awareness Programme of One Week from 06-08-2020 15/6/2020 Organized by Faculty Marathwada Mitramandal's INSTITUTE OF TECHNOLOGY (MMIT)
23	AICTE Sponsored Short Term Training Program on Embedding Soft Skills in Technical Education-its Impact and Effectiveness on Employability of One week from 16-11-2020 21/11/2020 Organized at Coimbatore
24	one week workshop AICTE Sponsored Six-Day Short Term Training Program (STTP) Data Science: Unfolding Layers of Knowledge (PhaseI) of One week from 23/11/2020 28/11/20 Organized by ACROPOLIS INSTITUTE OF TECHNOLOGY AND RESEARCH, INDORE
25	one week workshop AICTE Training And Learning (ATAL) Academy Online FDP on "Biosimilar Technology" of One week from 23/11/2020 28/22/20 Organized by SPIT Mumbai
26	AICTE Sponsored One Week Short Term Training Program in online mode on “Outcome Based Education: Critical Issues and Solution (A Case Study Approach): Philosophy and Design of Outcome Based Education (OBE)” organized of One week from 30/11/2020 5/12/20 Organized by AICTE
27	AICTE Training And Learning (ATAL) Academy Online one week FDP on "Design Thinking" of One week from 21/9/2020 25/9/20 Organized by KK wagh
28	One week AI enabled augmented analytics for Business intelligence AI2ABI 2020 of One week from 10-12-2020 17/10/20 Organized by CMR banglore
29	AICTE One Week BLOCKCHAIN & IT’S APPLICATIONS (Phase – II) of One week from 26/4/2021 1/5/21 Organized by VESIT
30	one week workshop on Artificial Intelligence and 5 G Communication Technology of One week from 26/4/2021 1/5/21 Organized by Poornima University KOTA
31	One week workshop on MEDical image processing and its applications in automated disease detection of One week from 20/5/2021 26/5/21 Organized by St. Martin College of Engg Securanadabad

31	AICTE One week Cloud, Fog and Edge Computing of One week 14-04-20 18-04-20 Organized by NITTR Chnadigarh
32	three days workshop on Software as a service of 3 Days from 06-05-2020 6/7/20 Organized by Annasaheb Dange college of engineering and technology Ashta
33	one day session on Bevywise IoT Simulation of 1 Day on 31/5/2020 Organized by Jain Faculty of Engineering and Technology SCHOOL OF COMPUTER SCIENCE AND ENGINEERING DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING
34	one day session on Deep Learning of 06-06-2020 Organized by Jain Faculty of Engineering and Technology SCHOOL OF COMPUTER SCIENCE AND ENGINEERING DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING
35	WASME - IEF webinar on adapting in uncertainty lessons & insights from Lockdown of One day on 05-07-2020 Organized by World association for small and medium Enterprises
36	cyber security 4.0 of One day on 6/5/20 Organized by industry challenges and opportunities webinar on Cyber Security 4.0
37	one day CONFERENCE LEADERSHIP PROGRAM of 1 day on 15/12/2019 Organized by IEEE Bombay Section
38	three days workshop on Infrastructure Modernisation of 3 days from 26/5/2020 to 28/5/20 Organized by google Cloud
39	Python Data Structures of 1 day on 06-07-2020 Organized by University of MICHIGAN
40	One day Webinar " Role of Cloud Computing in IoT of 1 day on 05-07-2020 Organized by Mind Quech VEIT
41	one day session on COVID 19 post pandemic challenges of environmental management of 1 day on 22/6/2020 Organized by D.G. Ruparel
42	session on AI ML and DL of 1 day on 26/6/2020 Organized by NVIDIA Digitaltrack
43	"Machine Learning, Deep Learning and Artificial Intelligence" Organized by IEEE Educational Activities Committee, IEEE Bombay Section & RIT-IEEE Student Branch, Electrical Engineering Department, RIT of 2 days from 21/12/2020 22/12/20 Organized by RIT
44	4.0 Tech Online Bootcamp of 1 day on 05-03-2021 Organized by CCBP4.0 Tech community
45	Webinar on National Education Policy of 1 day on 14/5/2020 Organized by Aditya Institute of management studies and research
	Faculty Name:- Prof. Harshil Kanakia
46	One week AICTE ATAL FDP on "Artificial Intelligence" of One week 2 from 4/8/20 28/8/20 Organized by Velalar College of Engineering and Technology
47	One week AICTE ATAL FDP on "Data Sciences" of One week from 16/9/20 20/9/20 Organized by K.E. Society's Rajarambapu Institute of Technology Rajaramnagar
48	Two week AICTE Approved FDP on "Insights into Intelligent Automation, Machine Learning and Data Science : Foundation of Data Science" of Two weeks from 19/10/20 to 31/10/20 Organized by Sardar Patel Institute of Technology
49	One week AICTE ATAL FDP on "Quantum Computing" of One week from 18 to 22 Jan 2021 Organized by Thakur College of Engineering and Technology
	Faculty Name:- Prof. Nikhita Mangaonkar
50	One Week AICTE ATAL FDP on "Cloud Computing" of One week from 26/10/20 30/10/20 Organized by Beant College of Engineering, Gurdaspur

51	One Week AICTE ATAL FDP on "Design Thinking" of One week from 21/9/20 to 25/9/20 Organized by Muthayalam college of Engineering
52	One Week Online STTP on Tableau-Data Visualization tool for Researchers of One week from 8/8/20 to 14/8/20 Organized by IFET college of Engineering, Villapuram
53	AICTE Six days STTP on "Data Science : Unfolding Layers of Knowledge" Of One week from 23/11/20 to 28/11/20 Organized by Acropolis Institute of Technology and Research, Indore,
54	AICTE One week Six Days STTP on "Developing Research and Culture in Industry Institute Interaction Oriented Modern Teaching Learning and Project Based Learning" of One week from 24/7/20 to 29/7/20 Organized by Francis Xavier Engineering College, Tamil Nadu,
55	Participated in Four Days FDP on "Recent Technologies on Cloud Computing and IoT", for Four days from 8/7/20 to 11/7/20 Organized by SRM Institute of Science and Technology
56	Two days National Online FDP on "IT Infrastructure and Cyber Security" for Two days from 25/7/20 to 26/7/20 Organized by Oriental College of Bhopal
57	webinar on Artificial intelligence under emerging areas of technology of One day on 13/7/2020 Organized by K. J. Somaiya
58	Industry sponsored tutorial on "Cloud Computing and Data" of One day on 25/6/2021 Organized by Sardar Patel Institute of Technology
	Faculty Name:- Prof. Sakina Salmani
59	Two week AICTE Approved FDP on "Insights into Intelligent Automation, Machine Learning and Data Science : Artificial Intelligence and Machine Learning" of Two weeks from 17/9/2020 to 29/9/20 Organized by BVB's SPIT Mumbai
60	Attended One Day Workshop on SEQUEL App of 1 day on 16/1/2021 Organized by Conducted by Dr. M. B. Patil (Department of Electrical Engineering, IIT Bombay, Mumbai)
61	One week AICTE ATAL FDP on "Quantum Computing" of One week 18/1/21 to 22/1/21 Organized by Thakur College of Engineering and Technology
62	"Art of Design Thinking" of 1 day on 12/6/2021 Organized by Satyabhama institute of Science and Technology
63	Industry Sponsored Tutorial on Customer Segmentation for sustaining business in today's competition of 1 day on 25/6/2021 Organized by Sardar Patel Institute of Technology
64	Industry Sponsored Tutorial on RPA with alteryx and python of 1 day on 25/6/2021 Organized by Sardar Patel Institute of Technology
	Faculty Name:- Prof. Pallavi Thakur
65	One week AICTE ATAL FDP on "Data Sciences" of One week from 09/10/20 to 13/10/20 Organized by IIIT, Allahabad
66	One week AICTE ATAL FDP on "Data Sciences" of Four days from 20/10/20 to 24/10/20 Organized by Ramakrishna Mission Vivekananda Educational and Research Institute.
67	Two week AICTE Approved FDP on "Insights into Intelligent Automation, Machine Learning and Data Science : Artificial Intelligence and Machine Learning" of Two weeks from 17/09/20 to 29/09/20 Organized by SPIT Mumbai
68	National Workshop NAAC Accreditation Process for Higher Educational Institutions of Two days on 21, 22 JUNE 2021 Organized by Institute of Academic Excellence, Telangana
69	One week AICTE ATAL FDP on "Data Analytics" of One week 5th July to 9th July 21 Organized by Centre for Electronic Governance

70	One week AICTE ATAL FDP on "Personal Effectiveness" of One week from 12th July 16 th July 21 Organized by College of Engineering, Thissur
71	One week FDP on "Website Development using Wordpress" of One week from 14th June to 19 th June 21 Organized by E & ICT Academy, IIT Kanpur
72	One week FDP on "Research Skills Development" of One week from 10th May to 14 th May 21 Organized by MVPS's KBT College of Engineering, Nashik
73	Webinar on "Innovative Practices in Research and Publications with ProQuest" of 1 day on 16/08/20 Organized by Proquest in collaboration with VIT, Pune
74	National Level Awareness Programme on Cybersecurity and Data Sovereignty of 1 day on 11/7/20 Organized by skillslate
	Faculty Name:- Prof. Prachi Dalvi
75	One Week Online Faculty Development Programme on "R Programming" of One week from 27th April 2020 to 2 nd May 20 Organized by P.V.P.P. College of Engineering,
76	5 day FDP on "Research Methodology & IPR" of One week from 7th July 2021 to 11 th July 21 Organized by Pillai HOC College of Engineering and Technology, Rasayani,
77	One Week Online Faculty Development Program on "Research Methodology and Tools" of One week from 11th May 20 to 16 th May 20 Organized by Sandip Institute of Technology and Research Centre, Nashik
78	One Week Faculty Development Programme on 'Improving Teaching Learning Experience using Best Practices' of One week from 15th June 20 to 19 th June 20 Organized by Dwarkadas J. Sanghvi College of Engineering
79	One Week Online Faculty Development Program on "Python for Data Science" of One week from 18th May 20 to 22 nd May 20 Organized by Dwarkadas J. Sanghvi College of Engineering
80	Leadership Talk With Dr. Nilesh N Oak, Expert (Indian Civilization & History) of 1 day on 30th May 2020 Organized by MHRD Innovation Cell, Govt. of India) Hosting Live session

Applied Science & Humanity

Faculty as participants in Faculty development/training activities/STTPs:

Total number of mandays training received = 269
(STTPs/FDPs/Workshops/Seminars/Tutorials)

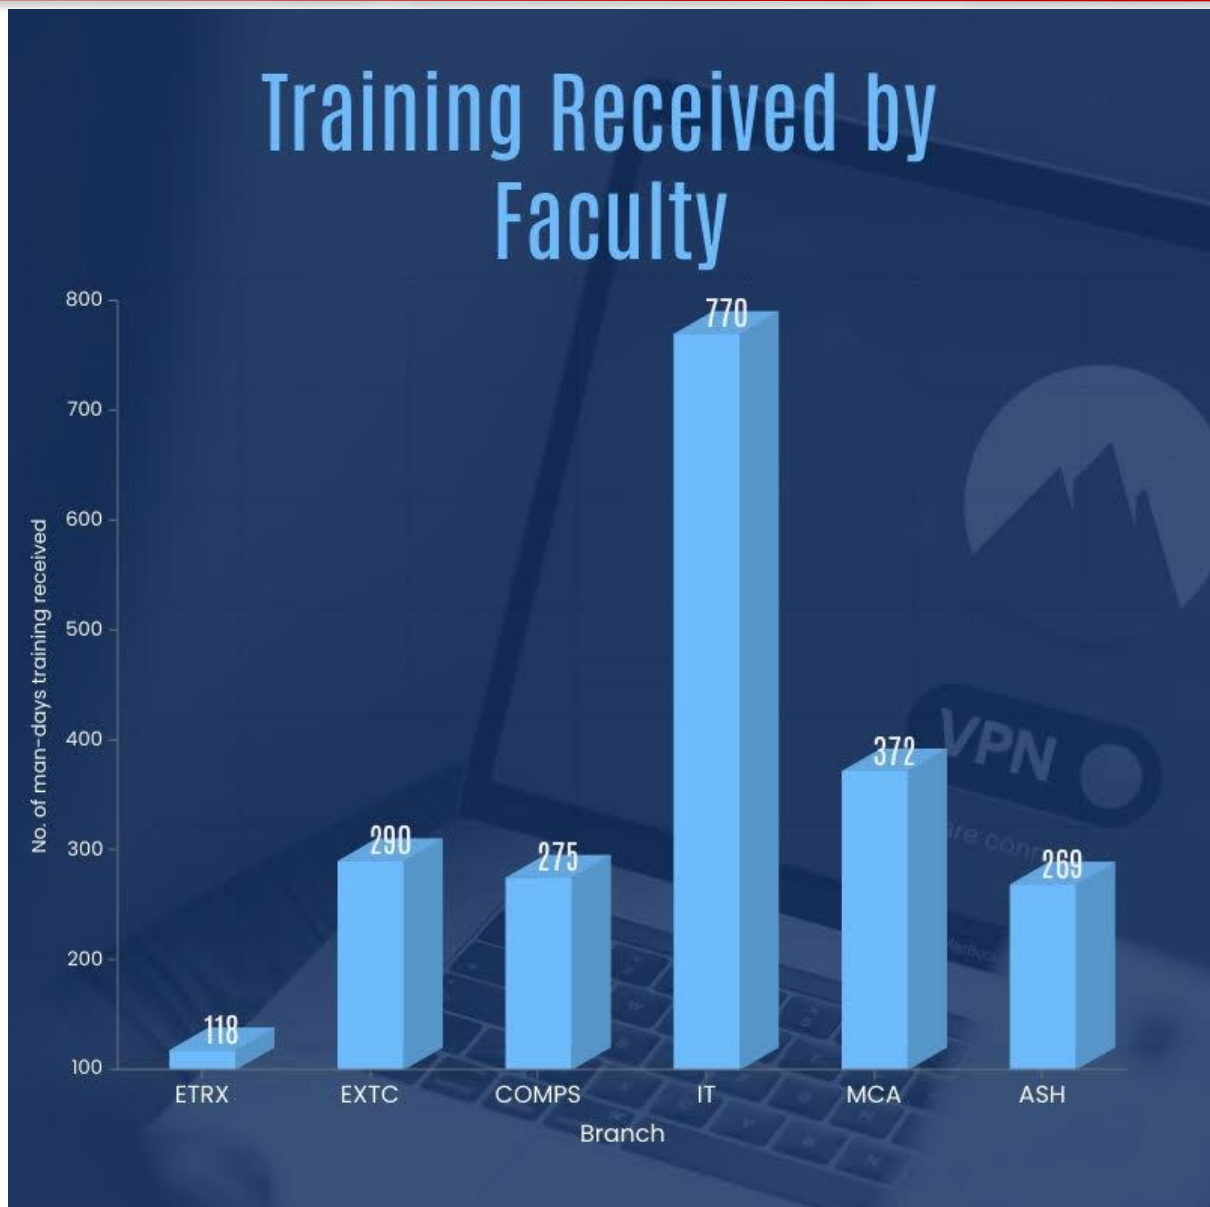

Detailed Faculty as participants in Faculty development/training activities/STTPs

Sr. No	Title of the program, Duration, Date, Organised by
	Faculty Name:- Dr. Rita Das
1	Incorporating Universal Human Values in Education for Directors, Deans and Faculties by AICTE of One week from 27 July to 1 August 2020 Organized by AICTE
2	Novel Materials of One week from 17 to 21 August 2020 Organized by ATAL FDP
3	Organizational Behaviour of One week from 21 to 25 September 2020 Organized by ATAL STTP
4	Smart Materials and Systems: Emerging Research Areas of One week from 3 to 7 November 2020 Organized by AQIS STTP

	Faculty Name:- Dr. D. M. Patil
5	FDP attended on Mathematics for data science, MITS, Varikoli (Kochi) of Three Days from 10 to 14 August 2020 Organized by MITS, Kochi
6	FDP attended on "Impact & strategies for higher education: Comprehensive Research Pedagogy, Methodology & Design" Dr. B. R. Ambedkar National Institute of Technology, Jalandhar of One week from 17 to 21 August 2020 Organized by Dr. B. R. Ambedkar National Institute of Technology, Jalandhar.
7	ATAL FDP on Blended Learning and Flipped Classrooms attended of One week from 24 to 28 August 2020 Organized by ATAL STTP
8	FDP on "Security and Privacy Challenges in Computing Paradigms" organised by NIT Jalandhar attended of One week from 1 to 5 September 2020 Organized by NIT Jalandhar attended
9	ATAL FDP on 3D Printing and Design attended of One week from 7 to 11 September 2020 Organized by ATAL STTP
10	NPTEL 12 weekcourse on Enginnering Drawing and Computer Graphics of Twelve weeks from 14 September to 8 December 2020 Organized by NPTEL COURSE
11	FDP, NIT Andhra on Earthquake Geotechnics attended of One week from 22 to 26 September 2020 Organized by NIT Andhra
12	NPTEL course on engineering mechanics of Twelve weeks from 14 September to 9 December 2020 Organized by NPTEL COURSE
	Faculty Name:- Nida Bakereywala
13	"SCILAB", organised by Pillai College of Engineering, New Panvel of One week from 11th to 15th May 2020 Organized by Pillai College of Engineering, New Panvel.
14	"Moodle Learning Management System" organized by KJSEIT, Mumbai of One week from 26th to 30th May 2020 Organized by KJSEIT, Mumbai.
15	Online Teaching and E-Content, organised by SK Somaiya College, with IIDE of Two days from 11th to 12th June 2020 Organized by SK Somaiya College, with IIDE.
16	"Latex for Everyone" organized by RAIT, Navi-Mumbai of Three days from 18th to 20th June 2020 Organized by RAIT, Navi-Mumbai
17	Nptel- Linear Algebra of Twelve weeks from Sept-Dec2020 Organized by NPTEL
18	Atal- Technology, Education & Industry 4.0 in the New Normal, organised by National Institute of Technology, Warangal of One week from 3rd To 7th November 2020 Organized by ATAL
	Faculty Name:- Meghana N
19	"Moodle Learning Management System" organized by KJSEIT, Mumbai of One week from 26 to 30 May 2020 Organized by KJSEIT, Mumbai.
20	"Application of Mathematics in Science and Engineering" organized by Vishnu Institute of Technology, Bhimavaram of One Week from 7 to 11 July 2020 Organized by Vishnu Institute of Technology, Bhimavaram.
21	"Mathematics: A practical approach in science and technology" organized by Deogiri Institute of Engineering and Management Studies, Aurangabad of One Week from 28 June to 3rd July 2020 Organized by Deogiri Institute of Engineering and Management Studies, Aurangabad.
22	"Latex for Everyone" organized by RAIT, Navi-Mumbai of Three days from 18 to 20 June 2020 Organized by RAIT, Navi-Mumbai
23	Stress Management conducted by IIT, Madras of One week from 26 to 30 Aug 2020 Organized by IIT, Madras

24	Application of Matlab in Engineering” organized by NIT, Srinagar of One week from 26 to 30 November 2020 Organized by NIT, Srinagar.
25	National Level Online Workshop on Latex of Three days from 18 to 20 December 2020.
26	Academic Writing using Latex” organized by SVNIT, Surat of One week from 4 to 8th Jan 2021 Organized by SVNIT, Surat.
27	Stress Management conducted by Maulana Azad National Urdu University of One week from 2 to 6 Nov 2020 Organized by Maulana Azad National Urdu University
28	"Advanced Numerical Techniques in Science & Engineering", conducted by Pandit Deendayal Energy University, Gandhinagarof Three daysfrom 26 to 28 Feb 2020 Organized by Pandit Deendayal Energy University, Gandhinagar
	Faculty Name:- Hemant Vasaikar
29	Mathematics for data science of One week from 10th to 14th August 2020 Organized by FDP-Muthoot Ins.
30	impact & strategies for higher education: Comprehensive Research Pedagogy, Methodology & design of One week from 17th to 21st Aug 2020 Organized by FDP-TEQUIP-III, Jalandhar
31	Repairs and renovatioon of structures of One week from 31.08.2020 to 04.09.2020 Organized by NITTTR-Chennai
32	3D printing and Design of One week from 2020-9-7 to 2020-9-11 Organized by ATAL
33	earthquake geotechnics of One weekfrom 22nd to 26th sept 2020 Organized by NIT-FDP, AP
34	Implementation of OBE and online teaching of One week from 14.09.2020 to 18.09.2020 Organized by NITTTR-Chennai
35	Security and privacy challenges in computing paradigms of One week from september 1st, 2020 to september 5th 2020 Organized by NIT-FDP, Jalandhar
	Faculty Name:- Kaisar Katchi
36	JISCE - Flipped Classroom and Blended Learning of One week from 24 to 28 Aug 2021 Organized by ATAL FDP
37	RYMEC - AR/VR of One week from 21 to 25 Sep 2020 Organized by ATAL FDP
38	Soft Skills: Mentoring Skill and Emotional Intelligence in Education (Bharat Institute of Engineering and Technology, Hyderabad of One week 5 to 10 Oct 2021 Organized by Bharat Institute of Engineering and Technology, Hyderabad
39	Fundamentals of Graphic Design of 5 weeks from Sep-Oct-Nov 2020 Organized by Coursera
	Faculty Name:- Ananthalakshmi V
40	Online Teaching-Learning Tools and Pedagogies of One weekfrom 15-19 June 2020 Organized by FICCI FUTURE X Professional Development Program
41	Novel Materials of One week from 17 - 21 August 2020 Organized by ATAL FDP
42	Alternate Fuels of One week from 7-11 Sept 2020 Organized by ATAL FDP
43	NAAC Pathway to Quality Sustenance (Engineering Education) of 2 daysfrom 1-2 July 2020 Organized by Workshop
44	Smart Materials and Systems: Emerging Research Areas of One week from 3 to 7 November 2020 Organized by AQIS STTP
45	Online Student Induction Program of Two weeks from 8 - 20 Nov 2020 Organized by AICTE
46	Transformation through NAAC accreditation process of 2 days from 21-22 June 2020

47	Transition Metal Organometallics in Catalysis and Biology of Twelve weeks from Jan-April 2020 (Certified in Dec 20) Organized by NPTEL
	Faculty Name:- C.R. Gajbhiye
48	Real, Applied and Computational Mathematics of One week from 23rd to 29th August, 2020 Organized by PRDS College, Changanacherry, Kerala
49	Application of Mathematics in Engineering of Four days from 25th to 28th August, 2020 Organized by KPR Institute of Engineering and Technology Coimbtore
50	High Impact Teachers for Today and Tomorrow of One week from 4th to 10th September 2020 Organized by St. Charles College, Madurai
51	Research Methodology and Application of One week from 10th - 16th September 2020 organised by T.N.Teachers Education University, Chennai
52	Every Child Matters, Reaching the Unreached- Strategies, Challenges and Success stories of One week from 5th to 11th October 2020 Organized by Crossland College, Uduppi , Karnataka
53	Machine Learning: Algorithms and Applications in Data Science of One week from 5th - 10th October 2020 Organized by Vishwakarma Institute of Technology, Pune.
54	Applications of Mathematics in Research Methodology & Emerging Technologies of One week from 12th to 16th October 2020 Organized by Hyderabad Institute of Technology, Hyderabad
55	Cyber Security - Current Trends and Future Perspective of One week from 9th to 14th November, 2020 Organized by Guru Nanak Dev Engineering College, Ludhiana
56	Adaptive Success Strategies For NAAC of One week from 24th to 1st December, 2020 Organized by SNMV Institute of Management, Coimbtore
57	Research Methodology (QNVWRM-2021) of One week from 19th to 24th April ,2021 Organized by Queens College of Arts and Sciences, Punalkulam, Pudukkottai Dist. Tamilnadu.
58	Institutional Enrichment vis - a - vis Skill Development of One week from 24th to 28th November, 2020 Organized by Rajkiya Engg. College, Manipuri
59	Applied Mathematics of Two days from 20 th to 21st October 2020 Organized by Indian Science Academics , Erode, Tamilnadu
60	Spoken Tutorials Scilab of One week from 21st to 25 th september, 2020 Organized by IIT Bombay
61	OBE of Two days from 24th to 25th September, 2020 Organized by Walchand College of Engineering, Sangli
	Faculty Name:- Udayan Chakraborty
62	Space' as Critical Category in Contemporary Literature of One day on 2nd July 2021 Organised by St. Xavier's College, Palayamkottai

Summary-Training Received

Guest Lectures Organized

Electronics Engineering

Sr. No.	Particulars
1	Prof. P.V.Kasambe organized “Atomic Level Characterization of Micro/Nano Sensing Platforms” by Dr. Ashwini Gajrushi, Research Associate, IITB, Mumbai on 30 th October 2020 attended by 50 participants
2	Prof. Priya Deshpande organized “Instruction SetArchitecture” by Dr. Winnie Thomas, Research Scientist, IITB, Mumbai on 6 th November 2020 With 115 participants
3	Dr. S. S. Rathod, Prof. Sneha Weakey, Prof. Payal Shah organized “Solar cell Fabrication Processes and Virtual Lab Visit at IITB” by Mr. Nilesh Kusher Sr. Research Fellow Crysalline Silicon Group, NCPRE IITB, Mumbai on 10 th November 2020 attended by 135 participants
4,5,6	Prof. P V Kasmabe organized “Introduction to PLC, HMI and IoT” by Mr. Alister Desilva Director- Prayas program, Absolute Motion Pvt. Ltd. Mumbai on 4 th June 2021, 24 th June 2021 and 28 th June 2021 attended by 47 students

Electronics & Telecommunication Engineering

Sr. No.	Particulars
1	Dr. Y S Rao organized “Role of AI in Laws for Engineers” by Sindhu Nair attended by 20 participants.
2	Prof Vijaya Kamble organized “Ethical Hacking-Hands on session ” by Mr Veerendra GG Security Research Head ,SecPod Technologies Pvt. Ltd. Attended by 81 students
3	Prof Pallavi Malame organized “Military Antenna Applications” by Ms. Sheilu Singh, Scientist D, DRDO attended by 72 students
4	Prof. Amol Deshpande organized Case Studies & Applications of Probability and Stochastic processes by BE EXTC Students attended by 72 students

5	Prof. Sneha Weakey organized “Fabrication Processes and Virtual Lab Visit” by Mr. Nilesh Kusher, Sr.Research Fellow,Crystalline Silicon Group, NCPRE,IITB, Mumbai attended by 75 students
---	---

Computer Engineering

Sr. No.	Particulars
1.	Prof. Reeta Koshy organized “Agile SCRUM Methodology- A Case Study” by Mrs. Anna George on 30th March 2021for 70 students
2.	Prof. Sunil Ghane organized “BlockChain Technology” by Prof. Yogesh Jadhav on 28th July 20 for PG students

Information Technology

Sr. No.	Particulars
1.	Prof Renuka Pawar organized Technical Placement Seminar by Sarah Sonje (Amazon), Shloka S (Morgan Stanley), Siddharth Pandey (VMWare) on 6 th Sept 2020
2.	Prof Renuka Pawar organized Non Technical Placement Seminar by Anukrit Jain (Hotstar), Azain Jaffer (Deutsche Bank), Hussain Bhinderwala (WorkIndia) on 20th Sept 2020
3.	Prof Renuka Pawar organized Competitive Coding Seminar by Sanyam Garg (Google) on 3rd October 2020
4.	ITSA Panel Discussion: Careers After Engineering Prakhar Maheshwari (Udaan, IIM Kozhikode), Shubham Sahu (Stony Brook University), Urvi Bhanushali (Morgan Stanley) organized by Renuka Pawar on 7th March 2021
5.	Prof Nikahat Mulla organized Natural Language Processing by Tej Thakkar (JPMC), Sayli Uttarwar (Barclays) on 30th March 2021
6.	Prof Renuka Pawar organized Cyber security in 2021 by Bhishm Narula,CEH Deployed as Lead Pentester at Hive Pro on 22nd March 2021

7.	Prof Renuka Pawar organized The current trends of Cyber security, Industry demands, and futuristic topic by Dr. Gaurang Panchal, Lead Security Analyst at Siemens on 09th April 2021
----	--

Applied Science & Humanity

Sr. No.	Particulars
1	Ice breaker session Freelance Lifecoach by Ms Anjana Vinod
2	Optimising Potential through Ved Vedant Advocate, Supreme Court by Mr Puneet Chaturvedi
3	Learnings from the Everest Aditya Birla Ltd by Mr Venkatesh Maheshwari
4	The Bhavans Philosophy by Retd Principal (Bhavans College) Dr Vasanti Katchi
5	Learning with "E"s CapGemini India P LTd by Mr Murli Shankarnarayanan
6	E waste management by Parivartan Group Ms Neelam bharadwaj / Ms Chaula Solanki / Ms Ritu

Research & Development Activities

Technical Paper Presentation

The Research and Development Committee organized a Technical Paper Presentation Competition between Thursday 05th November 2020 and Saturday 07th November 2020. Competition was conducted on departmental level between Category-I students of B.E. (all four branches) via online mode amidst lockdown using Google Meet. Computer Engineering and Information Technology was one chosen as one of the departments while Electronics Engineering and Electronics & Telecommunication Engineering the other department. This event has been conducted twice in an academic year one for the Category 1 students while the other for Category 2 students.

The Technical Paper Presentation started as per Schedule. Expert Faculties from EXTC Department were appointed and worked as Judge/Evaluator for this TPP event for Electronics Engineering Department and vice versa. Expert Faculties from Computer Department were appointed and worked as Judge/Evaluator for this TPP event for IT Engineering Department and vice versa.

Evaluation of Presentation was done using assessment sheet given to the by R & D Committee. Technical papers written by students were also evaluated. Best group was identified as winner of this event.

The Evaluation was done in two Phases:

A) Technical Paper Writing

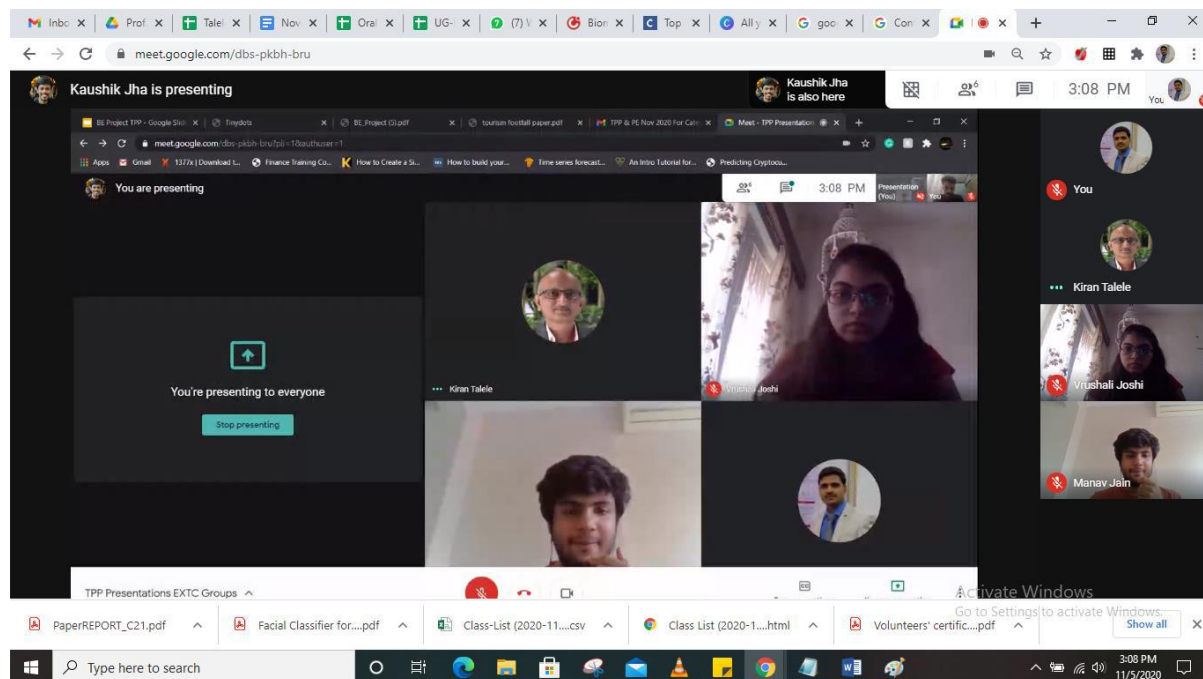

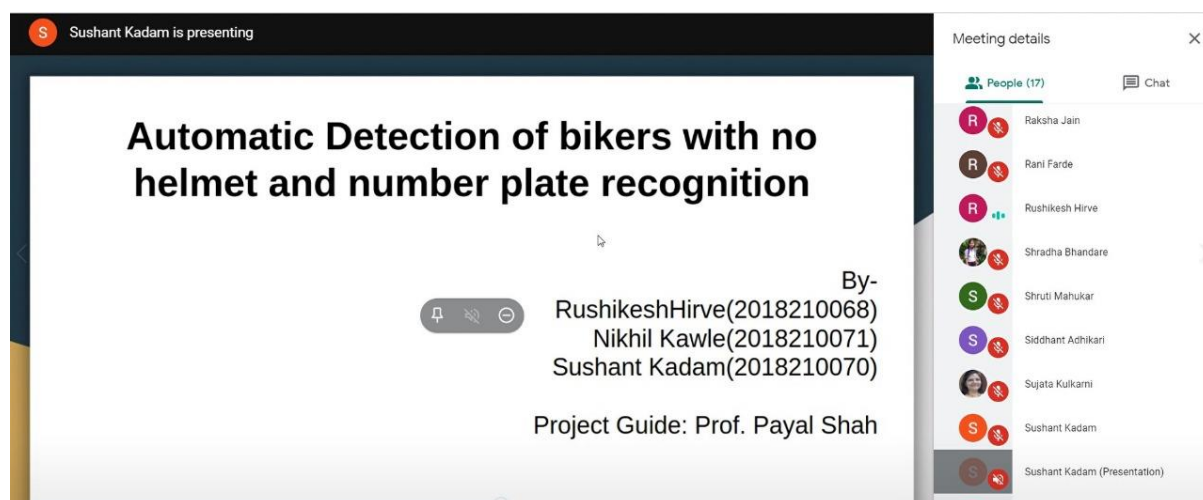

Technical Papers written by the students were collected few days prior to the event and were given to Expert Faculties along with pre-defined Rubrics for Technical Paper Writing for evaluation. Marks out of 25 were awarded to students under this segment.

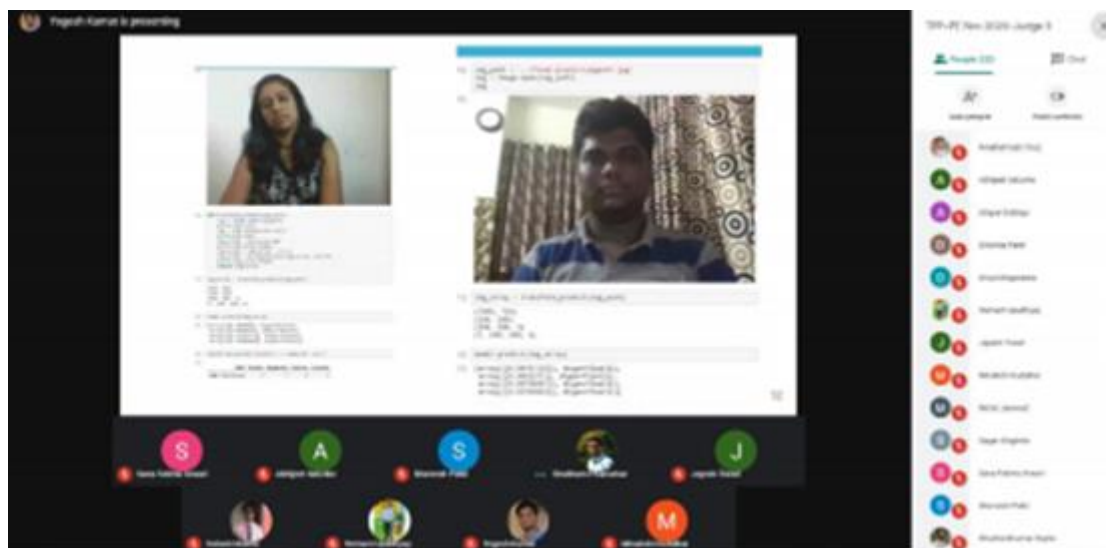

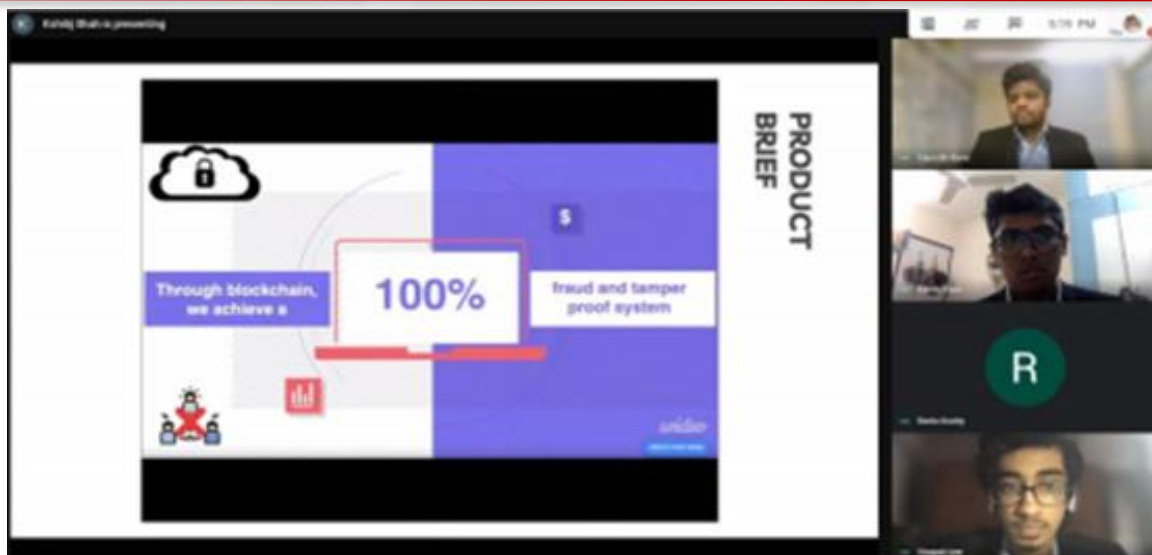

B) Technical Paper Presentation

Students were supposed to present the papers by means of PowerPoint Presentation for time limit not exceeding 7 minutes and additional 3 minutes were reserved for Question-Answer session. Marks out of 25 were awarded on basis of pre-defined Rubrics for Technical Paper Presentation.

Group presenting their technical paper

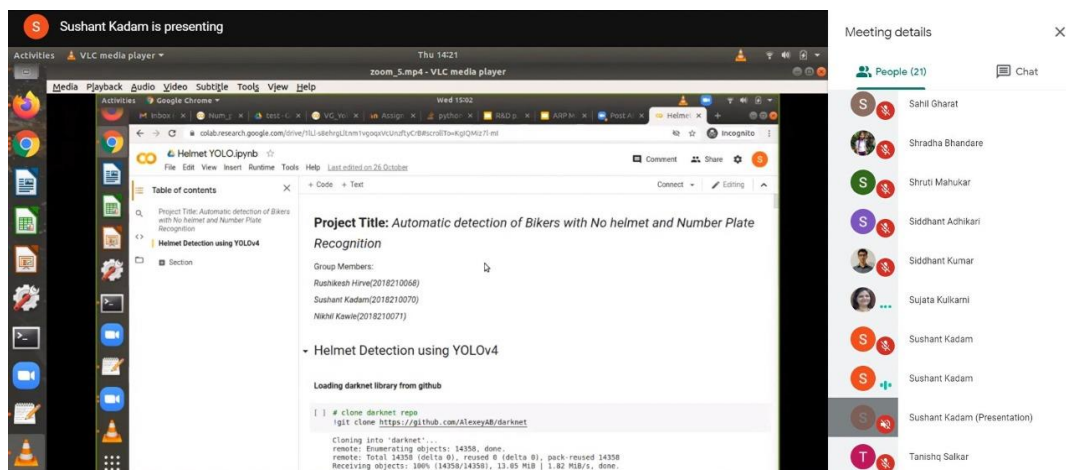

Project Presentation

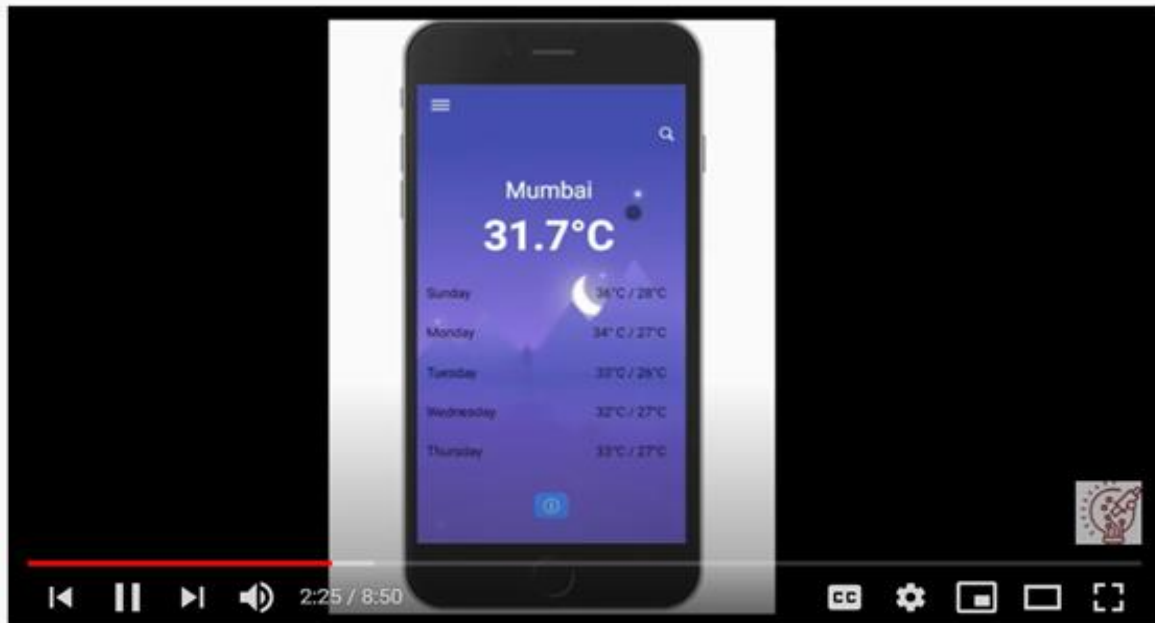

The Research and Development Committee organized a Project Presentation Competition between Thursday 05th November 2020 and Saturday 07th November 2020. Competition was conducted on departmental level between Category-I students of B.E. (all four branches) via online mode amidst lockdown using Google Meet. Computer Engineering and Information Technology was one chosen as one of the departments while Electronics Engineering and Electronics & Telecommunication Engineering the other department. This event has been conducted twice in an academic year one for the Category 1 students while the other for Category 2 students.

The Project Presentation started as per Schedule. Expert Faculties from EXTC Department were appointed and worked as Judge/Evaluator for this event for Electronics Engineering Department and vice versa. Expert Faculties from Computer Department were appointed and worked as Judge/Evaluator for this event for IT Engineering Department and vice versa.

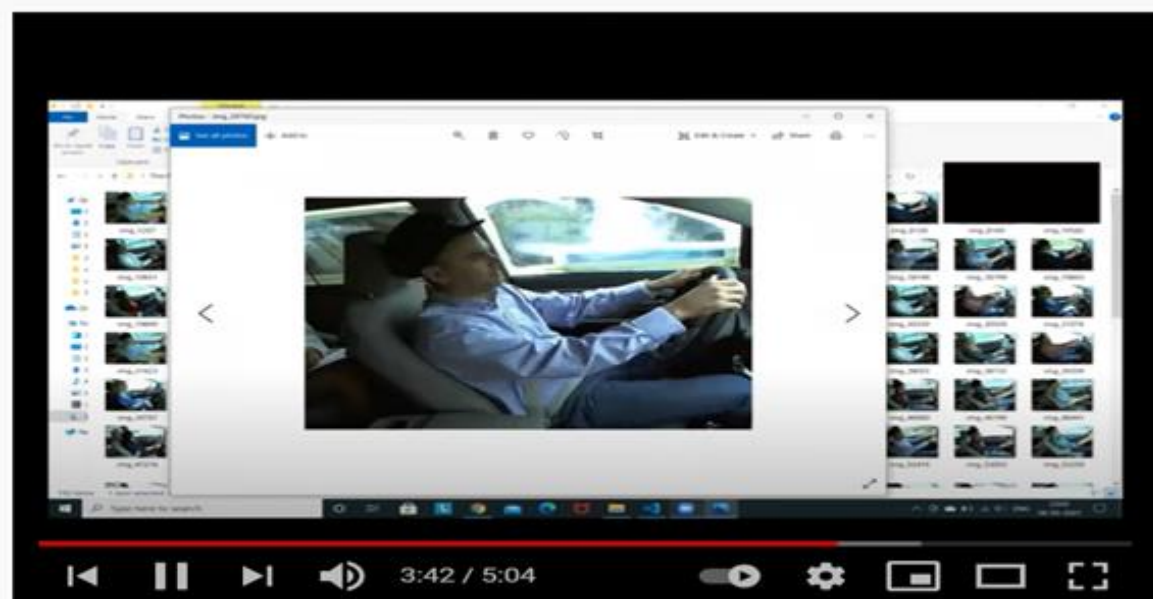

Evaluation of Presentation was done using assessment sheet given to the by R & D Committee. Best group was identified as winner of this event.

Outreach Activities

Outreach activities are meant to engage a large audience and to bring knowledge and expertise on a particular topic to the general public. Outreach activities can take several forms, such as institute presentations, workshops, public talks and lab visits, etc.

Outreach activities include visiting other institutes, giving talks at assemblies, discussions with students, or participation in events such as career fairs and science and technology camps. The institute constantly encourages these activities for each faculty that includes to be a part of various academic committees at various levels in the state universities. These activities is the major contributing factor for the branding of an institute. Several such activities are presented as the detailed report for various departments.

Electronics Engineering

Sr No	Title of the program
	Faculty Name:- P. V. Kasambe
1	1. Invited talk on “LabVIEW Programming and its application”, During Faculty Development Workshop at Deogiri Institute of Engineering & Management Studies, Aurangabad from 27th Aug 2020 to 29th Aug 2020. 2. Invited talk on “NBA Criteria 5 and 6”, organized by Padmabhushan Vasant Dada Patil Pratishthan's College of Engineering from 7th July 2021 and 24th July 2021.
	Faculty Name:- D.C.Karia
2	1. Invited for “BTech Projects Evaluation”, at Rajiv Gandhi Institute of Technology, Mumbai from 21st September 2020, 23rd May 2021.
	Faculty Name:- N. A. Bhagat
3	1. Invited for “Guest Lecture (PLD's and Semiconductor Memories)”, at SPCE, Mumbai on 27th October 2021.
	Faculty Name:- Najib Ghatte
4	1. Worked as External Oral Examiner for TE (Electronics) Digital Communication, at DJ Sanghavi College of Engineering, Mumbai from 19th -20th November 2020 and 26th November 2020. 2. Worked as a Moderator for TE (Electronics) Digital Communication, at DJ Sanghavi College of Engineering, Mumbai on 17th March 2021
	Faculty Name:- S. S. Rathod

5	1. Invited talk on “Outcome Based Education: Critical Issues and Solution”, During Faculty Development Workshop at Vidyalankar Polytechnic, Wadala on 24th May 2021. 2. Invited talk on “Overview and Opportunities in VLSI”, organized by IETE Chapter RGIT Mumbai on 15th May 2021. 3. Invited talk on ‘National Education Policy’ during AICTE – ISTE Sponsored Induction/Refresher Faculty Development Programme organized by Anjuman-I-Islam’s M.H. SabooSiddik Polytechnic Mumbai on 3rd May 2021. 4. Invited talk on “Relevance of Bloom's Taxonomy during Online Teaching Learning” during Second AICTE-ISTE Sponsored Refresher Program organized by Mauli Group of Institution's, College of Engineering and Technology, Shegaon on 24th March 2021. 5. Invited talk on “Data Converter Fundamentals” during AICTE Sponsored STTP organized by Priyadarshini College of Engineering Nagpur on 23rd Mar 2021. 6. Invited talk on “Relevance of Bloom's Taxonomy during Online Teaching Learning” during AICTE-ISTE Sponsored Refresher Program organized by Mauli Group of Institution's, College of Engineering and Technology, Shegaon on 4th March 2021. 7. Invited talk on “Teaching Learning Methodologies” organized by National Institute of Technical Teachers Training and Research (NITTR) Chandigarh on 12th Feb 2021. 8. Invited talk on “National Education Policy-NEP” organized by Institute Innovation Council of FrCRCE Bandra on 2nd Jan 2021. 9. Invited talk on “Implementation of OBE Model for Continuous Improvement” organized by Kalsekar Polytechnic Panvel on 25th Dec 2020. 10. Invited talk on “SystemVerilog Based Verification” during AICTE Sponsored STTP organized by Priyadarshini College of Engineering Nagpur on 16th Dec 2020. 11. Invited talk on “Challenges and Solutions of Learning Outcome Attainment in Remote Learning Environment” during AICTE Sponsored STTP organized by SPIT on 3rd Dec 2020. 12. Invited talk on “Evolution of Microelectronics and Its future trends with respect to Nanometer era” during AICTE Sponsored STTP organized by Priyadarshini College of Engineering Nagpur on 26th Oct 2020. 13. Invited talk on “Relevance of Bloom's Taxonomy during Online Teaching Learning” organized by TEQUIP-III SPCoE on 10th Oct 2020. 14. Invited talk on “Radiation Effects on Devices and Circuits” during FDP organized by VIIT Pune on 22 Sep 2020. 15. Invited talk (webinar) on “Blooms Taxonomy- a basis for defining learning outcomes with mapping to Graduate Attributes” during national workshop on OBE jointly organized by SPIU (UP), AKTU Luknow and Institution of Engineers (India) on 10th June 2020 under TEQUIP-III. 16. Invited talk (webinar) on “Bloom’s taxonomy and Rubrics in OBE” organized by L R Tiwari Engineering College on 30th June 2020. 17. Invited talk (Webinar) on ‘Understanding review process and handling revision & rejection decisions”, organized
	Faculty Name:- K. T. Talele

6	[1] IEEE SMELT (Section Membership Enhancement and Leadership Training FUND 2020. IEEE R10 sanctioned 305 USD grant for SMELT activity. [2] Delivered a session on “Technology Entrepreneurship Development Startup Venture and Incubation Support” organized by IEEE Students Branch of Acropolis Institute of Technology & Research, Indore May-19,2020 [3] Delivered a session on “Sources of Funding to Startups” organized by IEEE Students Branch of P. R. Pote(Patil) Education & Welfare Trusts’ College of Engineering, Amravati on June 20,2020. [4] Organized and attended Webinar on “Developing Young Minds' Potential” by Dr Nia, Indonesia on 14-06-2020 organized by IEEE Students Branch of Sardar Patel Institute of Technology, Andheri West, Mumbai [5] Delivered a session on “Anatomy of Patents” organized by IEEE Students branch of Sinhgad Institute of Technology, Pune on September 12, 2020. [6] Organized and participated in a panel discussion on “ Building Your Own Brand” with Dr. Mohua Chakraborty, Pankaj Sikka, MalharPotnis and Dr. S. K. Ramesh on September 20, 2020. [7] Delivered a session on “Technology Entrepreneurship Development and Startup Incubation @ Campus” during FDP on Setting up Incubation Centre August 28, 2020. [8] Attended and participated as a Jury Member during the Grand Finale Idea Competition organized by IEEE Bangladesh Section on 16-9-2020. [9] Delivered a session on “Funding Opportunities to IEEE Student Branches” during the SMELT event of IEEE SAC Bombay Section on September 26, 2020. [10] Delivered a session on “IEEE Entrepreneurship to IEEE Student Branches” during the SMELT event of IEEE SAC Bombay Section on September 27, 2020. [11] Delivered a session on “Crowdfunding” organized by IEEE Student Branch of Vidyalankar Institute of Technology Wadala, Mumbai on November 30, 2020. [12] Participated in IBSSC 2020 as Treasurer during December 6-8, 2020 organized by IEEE Bombay Section. [13] Delivered a session on “National Innovation & Startup Policy” organized by IEEE Student Branch of Sardar Patel Institute of Technology, Andheri West Mumbai on December 19, 2020. [14] Delivered a session on NISP Adoption & Implementation Framework^[L]_{SEP}]@ Bombay College of Pharmacy Mumbai on January 7, 2021 for faculty and students. [15] Delivered a session on NISP Adoption & Implementation Framework^[L]_{SEP}]@ VES Institute of Technology, Chembur Mumbai on January 30, 2021 for faculty and students. 90 participants attended the session. [16] Delivered a session on Incubation Support to early Stage Entrepreneurs to First Year Students of SP-IT on February 5, 2021. More than 200 students attended the session. [17] Invited as a Guest of Honour for ICAECT 2020 held at Shri Shankaracharya Technical Campus (SSTC), Bhilai, Chhattisgarh, India. On 19 th February 2021. Addressed the research community on research Indentation and Innovation.
---	---

	[18] Attended and delivered session of Funding Opportunities during IEEE Branch Counselors and Student Officers Meetup 2021 IEEE Bombay Section at Shri Shankaracharya Technical Campus (SSTC), Bhilai, Chhattisgarh, India. On 19th February 2021. [19] Delivered a session on Entrepreneurship For School Children on February 21, 2021 organized by Go Green Science & Technology Trust. [20] Delivered online session on IPR at Vishwaniketan's iMEET on 22nd February 2021. [21] Delivered online session on Innovation To Innovation Business Opportunity Evaluation during Faculty Development Development" from 15th March 2021 to 27th March 2021. [22] Delivered online session on Startup Venture & Incubation Support for faculty & Staff organized by Annasaheb Dange College of Engineering & Technology, Ashta on 12th April 2021. [23] Delivered online session on Business Model Canvas for faculty members organized by Bajaj Institute of Technology Wardha on 24th April 2021. [24] Delivered online session on Intellectual Property Rights and IP Management for Startups for students organized by K.J. Somaiya Institute of Engineering & Information Technology, Vidya-vihar on 16th May 2021. [25] Delivered webinar on Incubation Support to Early Stage Startups for students organized by SVKM's Institute of Technology, Dhule on 16th May 2021. [26] Delivered webinar on Accelerators/ Incubators - Opportunities for Students & Faculties - Early Stage Entrepreneurs organized by Vivekananda Education Society's Institute of Management & Research Mumbai on 18th May 2021. [27] Delivers online session on Opportunities for Students & Faculties Early Stage Entrepreneurs organized by Dr. D. Y. Patil Institute of Pharmaceutical Science & Research, Pune on 22nd May 2021. [28] Delivered online session on Prototype Validation : Converting Prototype into a Startup organized by Centre for Business Incubation and Startup IES College of Technology, Bhopal on 30th May 2021. [29] Delivered online session on Intellectual Property Rights organized by Sinhgad Institute of Technology Lonavala on 30th May 2021. [30] Delivered online session on Entrepreneurship Development at Academic Campus : A step to Build Startup Nation organized by Post Graduate College of Science, Technology and Research, Jalgaon on 5th June 2021. [31] Delivered online session on Intellectual Property Rights organized by DYP University's RAIT, Mumbai on 8th July 2021. [32] Conducted IEEE Entrepreneurship Bootcamp during July 5-10, 2021. [33] Delivered session on Funding Methods for Incubators during One-week online ATAL FDP on Enabling Entrepreneurship and Start-Up Mindset Organized by: SGGSIET Nanded and MAGIC Aurangabad Sponsored by: AICTE Training And Learning (ATAL) Academy on July 21, 2021.
--	---

	[34] Delivered a session on “Idea Generation” organized by IEEE Student Branch of FRCC, Bandra Mumbai on December 28, 2020. [35] Delivered a Keynote Speech on “Innovate a Mind Set” during Inauguration of IEEE International Conference on Advent Trends in Multidisciplinary Research and Innovations-IEEE ICATMRI on December 30, 2020. [36] Delivered a session on “National Innovation & Startup Policy” organized by Bombay College of Pharmacy Mumbai on January 7, 2021.
--	--

Electronics & Telecommunication Engineering

Sr. No	Title of the program
	Faculty Name:- Dr. Y. S. Rao
1	1. Conducted IEEE SKEP session on "Renewable Energy using Concentrated Solar Power" at PCCOE&R, Ravet on 13/4/2021. 2. “AICTE sponsored online Short Term Training Program (STTP)” on “Green Internet of Things”, organized by Vivekanand Education Society’s Institute of Technology (VESIT), on 7/12/2020. 3. ‘Smart Technologies for Power Optimization’ on 10th August 2020 in the AICTE Sponsored One Week Online STTP at Vivekanand Education Society’s Institute of Technology (VESIT). 4. Attended 31/3/2021 as a Member of DAB, Vidyalankar Institute of Technology 5. Conducted faculty performance assessment for ACPCE, Navi Mumbai 6 to 8th August 2020. 6. Organized one day workshop on SEQUEL APP, Dr M B Patil IIT-Bombay on 16th January 2021.
	Faculty Name:- Dr. R. R. Sawant
2	1. Reviewer, IEEE Transaction in Industrial Electronics 2. Guest Faculty at AICTE ATAL FDP on Electric Vehicles at AISSMCOE Pune 3. Guest Faculty for lecture on PID Controller at SPCE. Mumbai 4. Alumni Konnect Webinar Series 5. Faculty Mentor at SPTBI.

	6 Worked as Chair, TPC, ICCICT-2021
	Faculty Name:- Dr. Reena Sonkusare
3	1. In RRC committee of NMIMS in Antenna domain 2. Judge of Project competition in PVPPCOE 3. As an external examiner of BE Projects in PVPPCOE 4. Reviewer - IEEE Sensors Journal, Analog Integrated Circuits & Signal Processing, 5. Guest Speaker - Delivered a session in AICTE Sponsored STTP on VLSI Design Using Cadence Tools
	Faculty Name:- Dr. Sujata Kulkarni
4	1. Reviewer: wireless Personal communication journal 2. Reviewer: ICAC3CRCE 3. Reviewer, 2020 IEEE International Conference for Innovation in Technology (INOCON), Technically Cosponsored by IEEE Bangalore Section 4. Reviewer for Inderscience Publishers: entitled: "Comparison of Single User with Multi User Cooperative Spectrum Sensing for Energy Detector at Low SNR 5. Wall" for Int. J. of Mobile Communications (IJMC). IJMC-38797 6. Session on " CNN- Deep Learning w" IEEE SPIT, WIE-WDC SPIT, and IETE IEEE WIE 7. External Examiner for Viva Voce Final Year Projects, (SFIT, DJSCOE) 8. Session on " Yoga to support You" WIE-IEEE SPIT 9. Oral of Computer networks, Optical Network External DJSCOE Mumbai 10. Moderator for the subject of CCN, Optical Network, DJCOE , Mumbai
	Faculty Name:- Anand Mane
5	1. Viva Voce and Final year project Examiner at SIES, Nerul. 2. Yoga Coordinator for college at AICTE interface. 3. Viva Voce Final year Mobile Communication subject Examiner at RGIT, Versova.

	4. Organised Yoga Day session at College on Yoga Day in co-ordination with Bhavan's Yoga Unit.
	Faculty Name:- Pallavi Malame
6	1. Viva Voce and Final year project Examiner at DJCOE for Subject of RFD 2. Expert for a Virtual Lab session (online mode) on "Waveguide Junctions ' for Final year Electronics & Telecommunication Engineering students at PVPPCOE, Sion-Mumbai on 10/09/2020 at 2.00 pm 3. Moderator for Subject of RFD: Letter Pending 4. Expert for a Virtual Lab session (online mode) on "Circular Waveguide ' for Final year Electronics & Telecommunication Engineering students at PVPPCOE, Sion-Mumbai on 20/08/2020 at 2.00 pm.
	Faculty Name:- Dr. Amol Deshpande
7	1.External Examiner for Final Year Projects(RAIT Nerul 2.Expert for Syllabus Setting RSA KJSIEIT 16-6-20 3.Reviewer for Syllabus Setting NT MIT Alandi 23-6-20 4.Invitation for TPC Members in 4th Int'l Conf. on Recent Developments in Control, Automation & Power Engineering (RDCAPE-2021) 5.Invitation as Reviewer for ICNTE-2020 4-9-20

Computer Engineering

Sr. No	Title of Program
	Faculty Name:- Dr. Dhananjay R.Kalbande
1	1. Digital talk Conducted : One international Webinar :AI in Health Sector SAKEC on 9th June 2020 for 1 day 2. Reviewer for a Springer Book titled "Tracking and Preventing Diseases with Artificial Intelligence" 3. Guest speaker to deliver a talk on IIC activities at Asian College of Science and Commerce, SPPU University, M.S., on 16th Dec 2020. 4. Expert member in BoS CSIT Dept at RIT, Sakhrle, Sangli in AY 2020-21, 30th June 2021 5. Expert in BOS at BVCOE, Pune, 21/06/2021

	6. delivering a talk on NISP Policy at KJSIEIT, Sion, 12 May 2021 7. Member of Governing Council, TIMSCDR, Governing Council and Advisory Board Meetings on Saturday 3rd October 2020
	Faculty Name:- Dr. Preetida Jani
2	Certificate of reviewing in The Editors of Engineering Science and Technology, an International Journal, since July 2020 Industry 4.0, GLOBSYN, AICTE, 18th June 20
	Faculty Name:- Prof. Sunil Ghane
3	Reviewer of e-IC-RACT-2020, "INTERNATIONAL CONFERENCE ON RECENT ADVANCES IN COMPUTATIONAL TECHNIQUES".
	Faculty Name:- Prof. Abhijeet Salunke
4	1. Conducted a session on "PySpark in Google Colab" in AICTE Sponsored Two Week FDP on "Insights into Intelligent Automation, Machine Learning and Data Science: Foundation of Data Science" 2. Judge for the competition "SPECTRA-The Fest: Hackathon" by SPCE.
	Faculty Name:- Prof. Pramod Bide
5	1. Expert Resource Person for the seminar on Business Intelligence and Power BI Tool at St. John College of engineering and management, Palghar April 2021. 2. Expert Resource Person for the seminar on Business Intelligence at Thakur College of engineering and management, Kandivali. March 2021 3. Expert Resource Person for the seminar on Sentiment Analysis using Deep Learning at Sharad College of engineering Kolhapur. March 2021 4. Expert Resource Person for the seminar on Creativity, Innovation and Entrepreneurship at Rasoni College of engineering Pune. Feb 2021 5. Expert Judge for Internal Hackathon for Smart India Hackathon, 2020 at Vivekanand College of engineering and management.

Information Technology

Sr. No	Title of the program
	Faculty Name:- Dr. P. Bhavthankar
1.	1. Reviewer at Conference ICAST-2021 in May 21 at K. J. Somaiya Institute of Engineering and Information Technology, Sion, Mumbai 2. External Examiner for B.Tech. Final Year Project Viva of VJTI in May 21 at VJTI, Mumbai

	Faculty Name:- Prof. Kailas Devadkar
2.	Reviewer at Conference ICAITR-2021 in May 21 at VIT,Mumbai
	Faculty Name:- Prof. Rupali Sawant
3.	Reviewer at Conference ICAITR-2021 in May 21 at VIT,Mumbai
	Faculty Name:- Prof. Sheetal Chaudhari
4.	1. Mentor for Internship at Deutsche Bank from 23 May- 30 June 21 at Deutsche Bank 2. Reviewer at Conference ICAITR-2021 in May 21 at VIT, Mumbai
	Faculty Name:- Prof. Varsha Hole
5.	1. External Examiner for B.Tech. Final Year Project Viva of Terna College of Engineering in May 21 and Nov 20 at Terna College of Engineering 2. Syllabus setting for Subject DSA SE-Mechatronics in July-20 at Terna College of Engineering

Master's in Computer Applications

Sr. No.	Title of the program
	Faculty Name:- Dr. Pooja Raundale
1	1. Guest of honour for National Conference on “NCIT -2020” at Bharati Vidyapeeth 29th June 2020. 2. Advisory Committee Member National Conference organized by SahyogPratishthan's Sahyog College of Management Studies, Thane, in collaboration with the University of Mumbai for the theme is “Educational Institution as a Bridge between Industry and Academia for Developing Students Career, on 27th March 2021. 3. National Webinar followed by panel discussion on “How Do We Power up the Reality Industry with Digitisation and Technology Enablement?” A Reality talk and panel discussion for KAAGAY Technosolv on 5th June 2020. 4. Conducted session at National Webinar “Machine Learning” under current trends and technology at Jaihind College Churchgate, Mumbai on 11th June 2020. 5. Guest lecture on “Deep Learning” at CSE-IT department GHRIBM, Jalgaon on 13 October 2020. 6. Conducted session on “Path from AI to Deep Learning” at AICTE Sponsored Two Week Faculty Development Programme organized by Electronics Engineering Department of Sardar Patel Institute of Technology, Munshi Nagar, Andheri West, Mumbai. on 7th Dec 2020. 7. Conducted session on “CNN-Deep Learning”, “Hand on CNN” at AICTE Sponsored Two Week Faculty Development Programme organized by Electronics Engineering

	Department of Sardar Patel Institute of Technology, Munshi Nagar, Andheri West, Mumbai on 11th Dec 2020. 8. Recourse person at Online Refresher Course for topic “Data Science Applications: A Deep Learning Perspective” on Big Data Driven Approaches in Basic Sciences by UGC Human Resource Development Centre, University of Mumbai on 10th December 2020. 9. Resource person /Session Chair for Evaluation for the UGC HRDC organized a Refresher's Course on Robotics and IoT at Mulund College of Commerce, sponsored by RUSA on 6th February 2021. 10. Conducted session on “Integration of Institutional Objectives & Core Values in the perspective of NAAC work” at Shahayog College of Management studies, Thane in collaboration with MU on February 25th 2021. 11. Conducted session on “Path from AI to Deep Learning” at Dept. Of Information Technology, Dept. Of Physics, KC College, Mumbai on 3rd March, 2021 12. Worked as evaluator for Refresher Course of UGC, the Human Resource Development Centre (HRDC), University of Mumbai on the theme ‘Data Analytics and Business Intelligence’ sponsored by RashtriyaUchchattar Shiksha Abhiyan (RUSA) in association Vidyalankar School of Information Technology, Wadala, Mumbai, on 9th March 2021 13. Worked as evaluator for Refresher Course of UGC, the Human Resource Development Centre (HRDC), University of Mumbai on the theme ‘FUNDAMENTALS OF CYBER SECURITY AND CYBER LAWS’ by UGC HUMAN RESOURCE DEVELOPMENT CENTRE UNIVERSITY OF MUMBAI sponsored by RashtriyaUchchattar Shiksha Abhiyan (RUSA), Mumbai, on 16th July 2021
	Faculty Name:- Dr. Aarti Karande
2	1. Retail tech startups judge at SP TBI on 30th Oct 2020 2. Women in engineering TECH Summit; Panelist at WIE bangladeshon 8 Sept 2020 3. Talk on IEEE Women in Engineering at IIIT NR on 03-08-2021 4. IEEE Xtreme Proctoring on 24/12/2020 5. Judge for Inter-Collegiate Project Competition, “Tantravihar 2020-21” at VEIT, Mumbai on 04-10-2021 6. Two Weeks International Faculty Development Program on “Emerging Trends in Industry 4.0” Expert Talk at JSPM’s Rajarshi Shahu College of Engineering on 22/05/2020 7. “PROJECT GUIDANCE: FROM SELECTION To IMPLEMENTATION” at JSPM’s Rajarshi Shahu College of Engineering on 06-12-2020 8. Conducted a webinar series on Industry 4.0 appreciates Shri vile parle kelavanimadal's Shri Bhagubai Maftalal Polytechnic on 06-03-2020 9. E-Learning Tools, Methodologies and Content Management at Shri Shivaji Education Society, Amravati’s College of Engineering and Technology, Akola (M.H.) on 06-09-2020 10. Talk on AI and Its application at st. Joseph institute of technology on 22/4/2020 11. Talk on AI and Its application at IEEE SPIT on 23/5/2020

12. Talk on AI and learning concepts at A.E. Kalsekar College on 15/7/2020
13. Talk on Machine learning and Deep Learning at D.J. Sanghavi on 07-09-2020
14. “I know myself” at P.P.Pote(Patil) College of Engineering and Management on 7th Oct 2020 at 4 pm
15. Prepare yourself for ML and Deep Learning. at WEBCON 2020 on 31st October 2020
16. AICTE SPONSORED TWO WEEK FDP on Insights into Intelligent Automation, Machine Learning and Data Science :Data Science and Its Applications at SPIT on 12-11-2020
17. Session IoT in Office and Home at Mulund college of commerce on 16/2/2021
18. Business Model Canvas at Nootan college of Pharmacy on 21/5/202
19. Business Model Canvas at Sandip Institute of Technology and Research Centre, Nashik on 26/3/2021
20. SMELT - 2020 at SMELT SAC on 26/9/2020
21. Business Model Canvas at St. John College of engineering and management on 04-09-2021
22. Business Model Canvas at VESIT IQAC on 04-10-2021
23. Business Model Canvas at IES university on 25/5/2021 IOT and its applications at Department of Physics University of 24. Mumbai on 16/12/2020
25. Seminar on Preprocessing of the data at Department of Physics University of Mumbai on 23/12/2020

Participation in Academic, Administrative Role in Other Institutions

Faculty -Dr. Pooja Raundale
Currently working as Chairman for ad-hoc BOS in MCA for University of Mumbai.
Member of RRC for MCA for University of Mumbai.
Member of RRC for IT (Science) for University of Mumbai
Member of Advisory Board, NMKC Engineering College, Jalgaon
AI Advisor for KAGAAY Technosolve, a realty business app.
AI Advisor/ faculty mentor for SPTBI.
External member of IQAC, Sahayog College of Management, Thane.
External member of IQAC, Nikam Institute of Polytechnic, Dhule.
Evaluator for Avishkar Research convention 2021.
Expert committee member for MU which involves PET exam, LIC, UGC-interviews.
External Academic Expert for MPCB for Biomedical system development.
External expert for Ph. D. in IT under Science in University of Mumbai

Thesis evaluation for North Maharashtra University Jalgaon for Ph.D. in Computer Engineering, Dissertation entitled Design and Development of Grammar Checker for Marathi Language by Nivedita Bhirud and External referee for the same Viva-voce on 20th May 2021.
Chief guest for valedictory function at National level FDP NMITD.
External member for Grievance redressal committee for BVIMIT
VC nominee member of Complaint committee of University of Mumbai for online exam related issues.
External Expert member of admission committee for Ph. D (IT) for University department of Information Technology, University of Mumbai. (July 2021)
Faculty -Dr. Aarti Karande
Panel for Phd PET Paper setter for MCA
Syllabus moderator for IT dept Bhavan College
Syllabus moderator for COMP dept Bhagubai College
Faculty Mentor for SP-TBI

Applied Science & Humanity

Institute Events

International Conference ICCICT 2020-21

The institute takes a great pride in organizing the 4th International Conference on Communication, Information and Computing Technology ICCICT 2020-21 which is technically co-sponsored by IEEE Bombay Section. The institute has a policy to organize these event every two years.

Under the able leadership of Principal Dr. B.N.Chaudhari and Vice Principal Dr. Y.S.Rao as General Chairs along-with Convener Dr. Sujata Kulkarni, the event was successfully organized from 25th to 27th June 2021 in online mode.

The 4th International Conference on Communication, Information and Computing Technology, began on the morning of the 25th, with an opening ceremony. The conference was conducted by Bhartiya Vidya Bhavan's Sardar Patel Institute of Technology in collaboration with IEEE Bombay on the Zoom platform from the 25th of June to the 27th of June 2021. Dean of Industry Relations, SPIT, Dr. Dhananjay Kalbande began the event by introducing the speaker of the day. To grace the commencement of this grand event, Mr. Anand Gharpure, the Co-Chair of IEEE Bombay Section was invited for the Opening Ceremony. Dr. B.N. Chaudhari, the Principal and General Chair of ICCICT, Dr. Y. S. Rao, the Vice-Principal and General Chair of ICCICT, the Convener Dr. Sujata Kulkarni and the Co-Convener Prof. K.T.V. Talele were also present to begin with the commencement of the conference.

Mr. Anand Gharpure, Sonic Multitech Pvt Ltd

Mr. Gharpure expressed his gratitude while providing advice and knowledge about the competitiveness of the industry. A vote of thanks and gratitude was presented to Mr. Gharpure from the Principal for his presence. Moving on, the Principal, Dr. B. N. Chaudhari addressed a few things and encouraged the students to learn from the tutorials conducted by industry professionals. The Vice-principal, Dr. Y. S. Rao also expressed his support for the activities

and the relevance of the tutorials. The total of four tutorial tracks were conducted through the entire day which were as follows:

Track 1: Foundation of Reliable Embedded System

Track 2: RPA with Alteryx – Python

Track 2: Customer Segmentation for Sustaining Business in Today's Competition

Track 3: Tutorial by Mathworks

Track 3: Cloud Transformation in Financial Services-Myths and Reality

Track 4: Cloud Computing and Big Data

Renowned industry experts were engaged in conduction these state-of-the-art tutorial topics which includes Mr. Govind Gauldankar from Microdevices Technologies, Mr. Pascal Lopes from JP Morgan, Mr. Rocky Jagtiani from Suven Consultants, Mr. Harsha Yale from Barclays and Mr Shivam Somani from Quantiphi along-with their team members. The day concluded with plenary talk on “ Artificial Intelligence in Cloud Computing and Internet-of-Things” by Prof. Vincenzo Piuri, Universita degli Studi di Milano, Italy.

Day 2 commenced on 26th July 2021 and began with the auspicious lighting of the lamp and prayer to the Goddess Saraswathi, through the Saraswathi Vandana.

Following that, the inauguration ceremony began with a brief video introducing the guests of the day. Dr. Anil S. Sahasrabudhe, the Chief Guest, Chairperson of AICTE. Dr. Abhay Karandikar, the Keynote Speaker, Director of IIT Kanpur. Dr. Satyanarayan B., Special Guest, Chairperson of IEEE Bombay Section, Dr. B. N, Chaudhari, the General Chair, Principal S.P.I.T, Mumbai and Dr. Y. S. Rao, the General Chair, Vice-Principal S.P.I.T, Mumbai were all introduced.

The Convenor Dr. Sujata Kulkarni and Co-Convenor Prof. Kiran Talele, welcomed everyone to the conference. They highlighted that ICCICT serves as a premier platform that gathers all researchers and professionals in their relevant engineering domain to present their research, contributions and share their thoughts. And stated how S.P.I.T thinks India will flourish if research is taken on a priority basis. This year's theme of the conference was Computational Science and Emerging Technology for Sustainable Development. The Convener emphasized on the importance of the theme that had been chosen and spoke about how research today will contribute to a better tomorrow.

Address by Prof. Anil Sahasrabudhe (Chairman, AICTE):

Dr. Sahasrabudhe went on to inaugurate the ceremony by giving a very humble speech. He talked about how communication and information is very vital and important. He delved into how, nowadays relying on books and teachers for knowledge have reduced, and people depend more on the internet. This dependency on the internet and the information from all around the world call for higher computing power and servers. He emphasized on how, despite information being available abundantly, the role of teachers and students is to digest and analyse information and utilize it to better society. He believed that the biggest struggle is to keep the security system intact and to do that, multiple firewalls are created, so that if one cracks, there are many others to protect the information. "Encourage all professors to make their students not only employable but also entrepreneurial" are the wise words said by Dr. Sahasrabudhe.

Keynote Speech by Prof. Abhay Karandikar (Director, IIT Kanpur):

Dr. Abhay Karandikar, the director of IIT Kanpur, commenced his speech with the importance and relevance of 5G in today's world. He explained how the combination of AI and 5G would eventually be the next big technology for countries to pursue, as the combination would prove to be one of the most powerful things in the future. Following this Dr. Karandikar explained how 5G would be used in Iot and how this technology would completely automate most industrial processes. As telecommunication is his domain of expertise, Dr. Karandikar explained why the telecom sector is highly standards driven by some global bodies like IEEE, ITU and 3GPP and their individual contributions in this sector and also the contributions of ISDSI in the advancement of the telecom sector in India

He then expressed his concern about the lack of innovation in Indian telecom sector, its potential reasons like lack of Indian product companies and IR's and patents, comparing it with the advancements in the telecom sector in countries like Korea, Japan, China and USA in the past few years, and how the asian countries are leaving behind Europe and USA in terms of contribution to 5G. His focus then shifted towards how India can advance quickly in the telecom sector, and how the vision of 'Make in India' could increase participation in standardization in global forums, thereby taking our ideas and IPR's into consideration.

In this context he also mentioned the contribution of various IITs, IISc along with various other institutes to enhance the 5G capabilities of the country by boosting product design and manufacturing, encouraging telecom startups and increasing participation in global forums and how technologies like LMLC can become a solution for rural broadband requirements. In the end, Dr. Karandikar explained the policies present in the country and a few which the government could implement for the development of 5G in India. He concluded his speech thanking the organisers of the conference for providing him a platform for expressing his thoughts and views on technological advancements.

Opening Remark by Prof. B. N. Chaudhari (Principal SPIT, Mumbai) :

On behalf of S.P.I.T., Dr. Balachandra Chaudhary, the college's principal, welcomed everyone to the conference. He thanked all of the conference's participants and organisers, praising the conveners in particular for all of their efforts over the past few weeks. The principal then went over the details of the conference, explaining the scale of the conference with the various

international participants. He then mentioned how the tutorials conducted on the previous day helped participants gain insights into the current technologies being used in the industry. He then expressed gratitude to the different delegations and sponsors who contributed financially to the conference and went about explaining how the conference began back in 2012. Being online for the first time, it was a difficult task to pull off the conference, and hence he acknowledged the efforts put in by the student organisers as well as the faculty and also mentioned how in the future, conferences might be conducted online using augmented reality. He then described the theme of the conference, 'Computational Science and emerging technologies for sustainable development and how it is relevant in our world today as sustainable development is the way forward. He then went on explaining how different electronic technologies have lost their relevance due to various advancements in technologies and how in the future, technologies like distributed computing and DNA data storage might replace conventional transistors. The concept of industry 4.0 was also discussed, as its major outcome of sustainable development coincided with the theme of our conference. The principal concluded his speech by once more thanking the chief guests and the entire organising team.

Sponsors Talk:

Sponsors talk by Dr. Surendra Rathod:

Dr Surendra Rathod inaugurated the event with his kind words sympathising with those who had lost their loved ones in this COVID -19 pandemic, further appreciating the COVID-19 warriors for their selfless service. He further thanked the sponsors and technical partners of this event, namely Quantiphi, MathWorks, IEEE Bombay section, Suven consultants and technology, Safety Systems, J P Morgan India services pvt ltd and Skinzy, a company owned by Dr. Kalbande.

Mrs. Mohini Palchowdhury, Head of HR at Quantiphi and Mr Anand Chitre, Hrad of Markets (IB0 Technology (India) at Batclays, expressed their relationship with S.P.I.T. and congratulated IEEE for organizing such a successful event.

Dr Y S Rao gave his vote of thanks. He thanked the speakers, Bhartiya Vidya Bhavan, the student volunteers and the faculty of S.P.I.T. who put in their valuable time to make this event a success. He was grateful to the participants who registered for this event.

Plenary Talk:

“Artificial Intelligence and Google Cloud Platform” by Vishal Pagidipally, Solutions Architect at Quantiphi:

The plenary talk session by Mr Vishal Pagidipally gave a broader understanding of Artificial Intelligence and Google Cloud Platform which would help the listeners while working on Machine Learning projects.

Day 3 Sunday began with plenary talk by Dr. P.P. Bartakke, COEP, Pune.

**“Unleashing GPU Servers for Deep Learning Research”**

The session by Dr. Prashant P. Bartakke gave a comprehensive understanding of both the role of GPU servers in Deep learning and the offerings of Nvidia in the domain. Altogether the session proved to be quite insightful and helped us gain knowledge about something new.

Valedictory Function:

Research: What, Who, Why and How by Prof. M.S. Sutaone, Deputy Director, COEP, Pune:

Dr. Mukul S. Sutaone the Deputy Director of COEP, Pune was the valedictory speaker for the 4th edition of ICCICT-2021 on 27th June 2021. He addressed the philosophical topic of research, mainly what, who, why and how.

Dr. Mukul explained in detail how research is a philosophy, a culture, a process and a lifelong journey. Research should be about some problem/issue that inspires, excites and enthuses you and preferably creates interest for others. Research is often generated from the thought that what one has got now, from the past, isn't quite right/good enough -one can do better. Research consists of work that leads to a meaningful contribution. Research generates, in some way, a better solution to the problem. According to Dr. Mukul, research is a careful or meticulous search and an in-depth studious investigation or examination; especially, through experimentation aimed at the discovery and interpretation of facts, revision of accepted theories/laws in the light of new facts.

Dr. R.K. Shevgaonkar, Professor Emeritus, EE, IITB:

Dr. Raghunath Shevgaonkar, a valedictory speaker and a professor emeritus of IIT Bombay further gave insights about the direction of technology, how the technology has changed in the last 100 years and how he sees technology ahead in the future. He talks about the most disruptive technology of the past that is Communication and Information technology. He believes that communication and information technology helped in interconnecting different parts of the world. Communication and information technology helped people go global but it also caused hurdles in society. He believes that there is a need for sustainable technology for the future because the model proposed by developed nations is a non sustainable one. He believes that evolution of technology should go hand in hand with the values of society like respect, prosperity etc. He concludes with giving the example of digital education and how it has its pros and cons just like any other emerging technologies.

Feedback, Summarization and Vote of Thanks:

Three guests had been invited to share their feedback about the conduction of the conference. The first speaker Mrs. Ashwini Sakpal shared her thoughts on how spectacular her experience was being a part of ICCICT-2021 as an attendee. She shared that she felt illuminated by the knowledge and research being shared across this platform.

The second speaker, Mrs. Mrinmoyee Mukherjee shared her experience as a session chair, a reviewer and as an attendee. She found the conference delightful. She appreciated the high level of papers being presented and the quality of the research that had been carried out, crediting the efforts put in by the organising and reviewing committee in ensuring that only the best of the best papers get published.

The third speaker was Ms. Aparna Sharma. Ms. Sharma attended the event as a research scholar and won the Best Paper Presentation Award. She spoke about how she resonated with the words of the plenary speaker, Dr. Mukul Sutaone, in the ideologies behind research and the purpose of carrying out research.

In a nutshell:

The 4th ICCICT conference 2021 took place for 3 days and we saw renowned speakers from all major educational and technological institutions take part and share their insights. This event was sponsored by IEEE Bombay section, Quantiphi, Safety System UK, Microdevices technology, Mathwork India pvt ltd, JP Morgan India services pvt ltd, Suven consultant and technology pvt ltd. A total of 1207 registrations were received for the event and more than 500 actively participated. ICCICT 2021 was focused on 11 major tracks covering wide areas of allied and applied fields like communication, networking, IOT, VLSI, embedded system, signal processing, AI, Machine learning, security, privacy and ethics in the digital era. First and foremost, we thank our chief guest Dr. Anil Sahasrabudhe(Chairman AICTE). We were grateful to have Prof. Abhay Karandikar (Director IIT Kanpur), special guest Dr. Satyanarayana (Vice chairperson IEEE Bombay section), Prof R.K.Shevgaonkar (Prof emeritus IIT Bombay), Dr. M.S. Sutaone (Deputy director), Dr. B.N. Chaudhari (Principal S.P.I.T), Prof. Y.S. Rao (Vice Principal S.P.I.T), Mr. Vinod Shukla (delegate UAE) We extend our sincere thanks to Mr. Vishal Pagidipally who gave his insights on artificial intelligence in cloud computing. Dr. P.P. Bartakke talked about unleashing GPU servers for deep learning research. The event even though virtual was smoothly conducted. Huge kudos to the entire organizing committee which was headed by Dr. Sujata Kulkarni and K.TV.Talele sir, conveners and coordinators for the event. We would also like to thank all the plenary speakers, tutorial speakers, research colloquium participants and speakers, delegates, reviewers, technical committee members, session coordinators and session chairs for providing their valuable inputs and time. We would also like to express our heartfelt thanks to the Management of Bharatiya Vidyabhavan's Sardar Patel Institute Of Technology for giving us the opportunity to hold ICCICT 2021. We acknowledge and express our sense of gratitude received from all the heads of department, deans, teaching and non teaching staff. Special thanks to MCA students and Prof. Aarti Karande for developing the ICCICT 2021 app just in time. The event ended to the solemn tune of the Indian National Anthem, bringing this awe-inspiring three day international conference to an end.

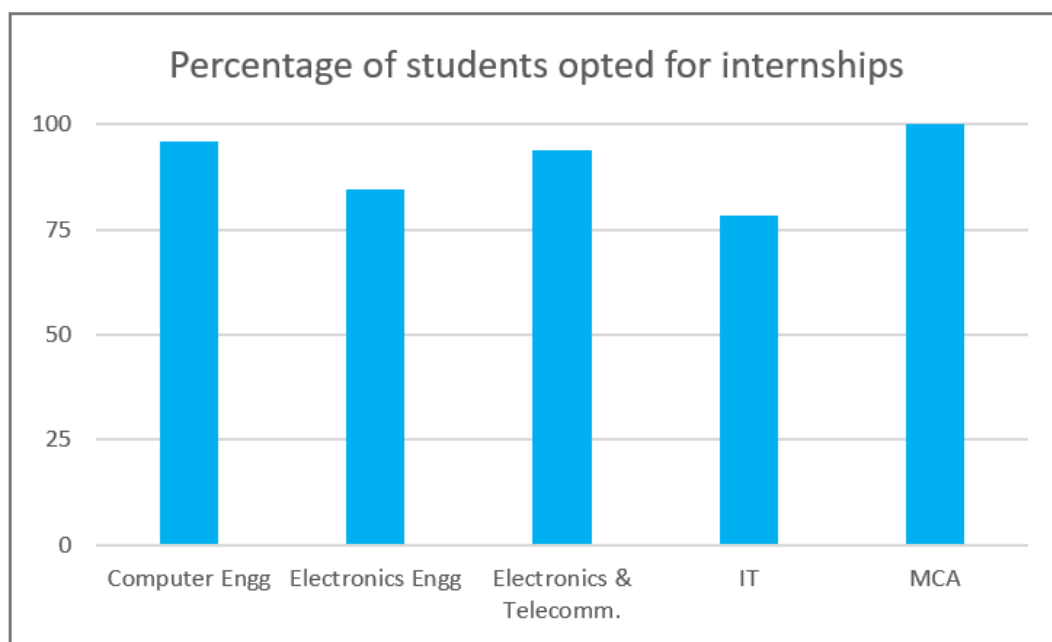

Internship

Internship: Industry Institute for Training

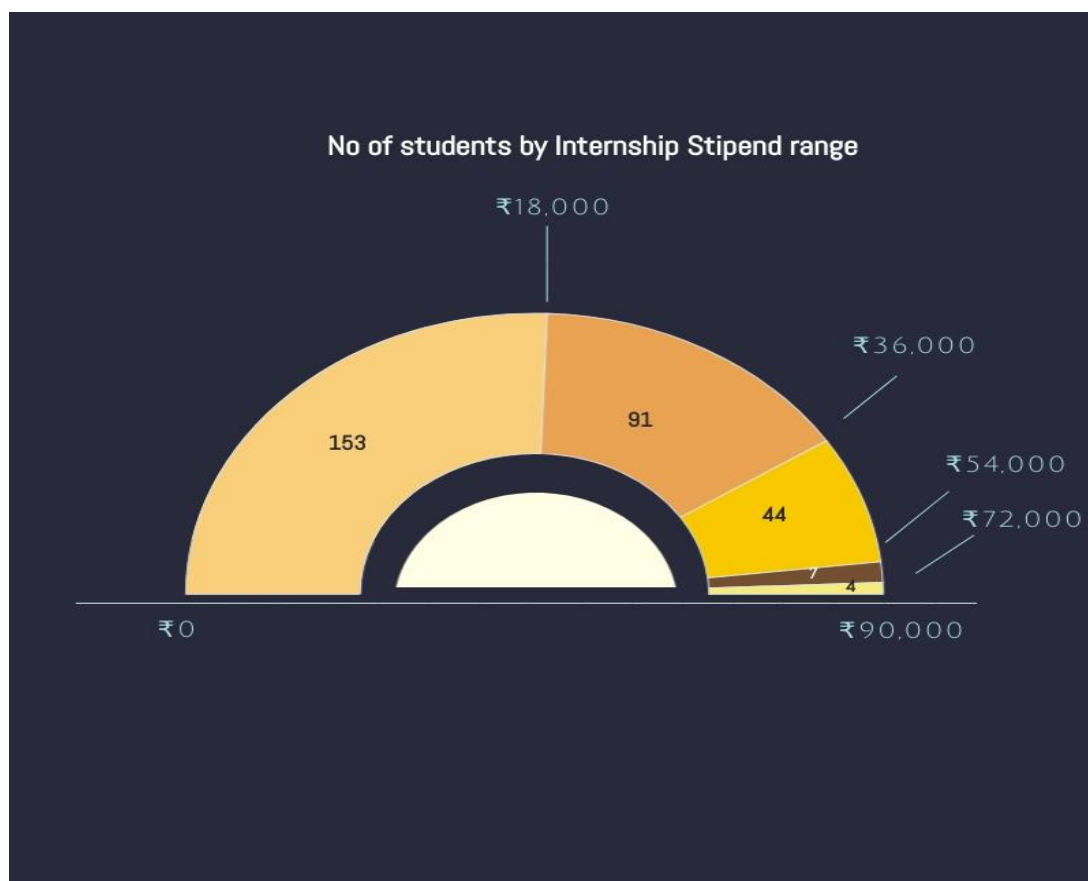

Different inhouse and outsourced industry training programs are regularly arranged to bridge the gap between Industry and Academia and to make the student industry ready with various cut edge technologies.

Internships for students: Institute encourage the students to take the internship at various companies/ organizations. Placement cell is providing all necessary help to give internship support to all interested students.

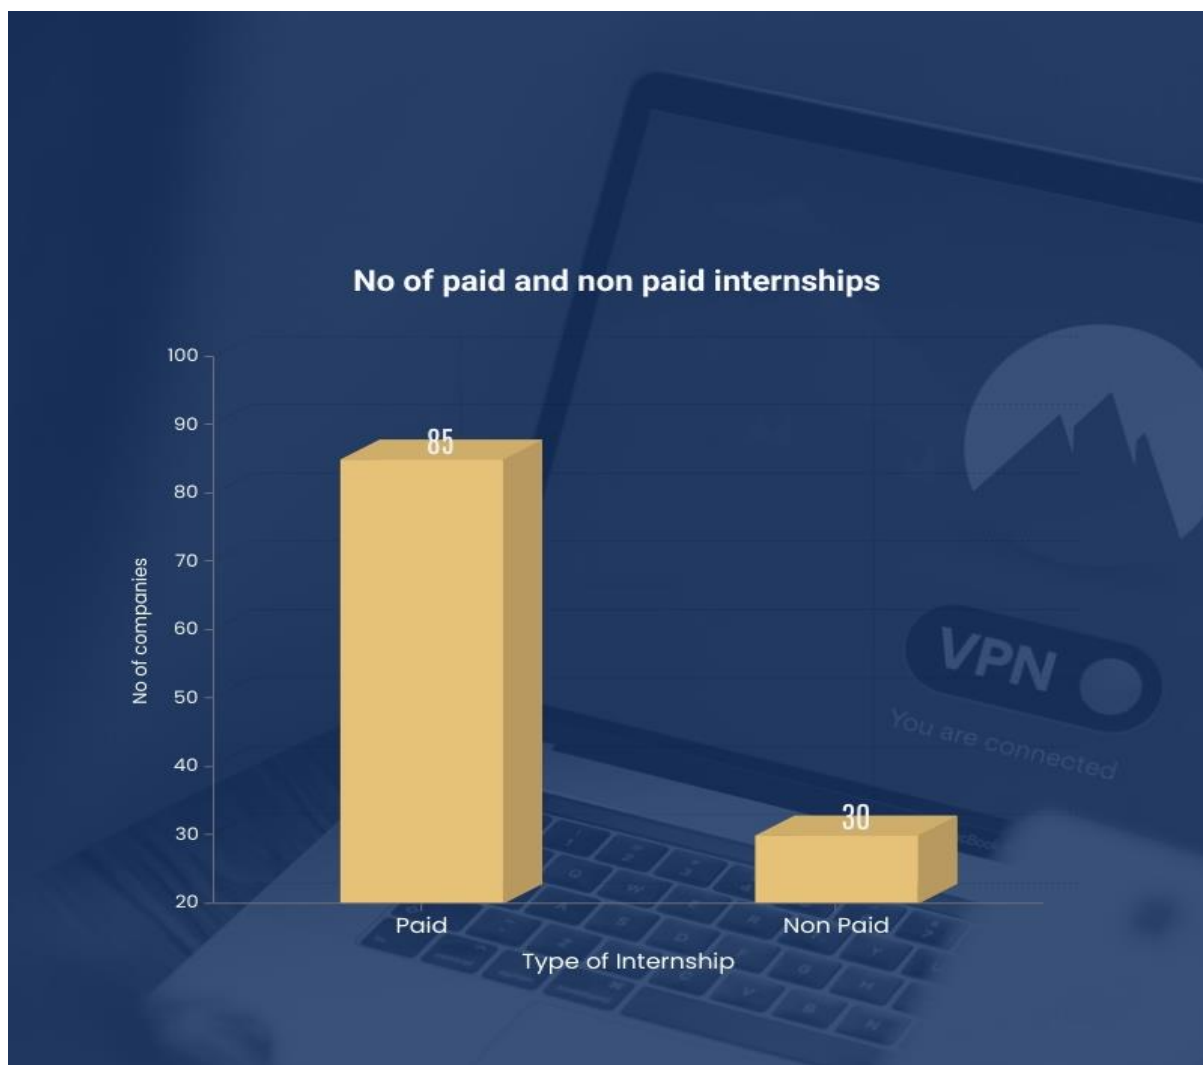

Branch	Opted	Actual Students on Roll	Percentage

Placement

The Training & Placement Department of Sardar Patel Institute of Technology has been in the forefront of activities, bringing corporate close to the campus and encouraging them to establish facilities to cater to the needs of the students. It plays a pivotal role in counseling and guiding the students for their successful career, which is a crucial interface between the stages of completion of academic program of the students and their entry into the job market. Its aim is to provide career guidance and placement opportunities to all students studying in the institute. Training and Placement Department arranges and coordinates various programs that aim at moulding the students to meet the industry expectations in their career building and in turn bring laurels to the parent institution. The department sincerely believes in imparting comprehensive training to the students to face the challenges of the dynamic and demanding job market and build a successful career for themselves.

Career Guidance & Training Programs

Training Summary 2020-21 Batch

In continuation to the Aptitude test and mock placement for the Placement preparation, there was a break. Unfortunately, we were forced to make many adjustments to our academic schedule due to the Corona Epidemic.

The following Training plan was executed to make students ready for placement season.

For the conduction of Online Aptitude tests, we partnered up with Calyxpod.

Coding tests were held on HackerRank to provide a competitive environment.

For group discussion and PI, we used Online Mode.

Sr No.	Date	Session/Activity	Description	Attended By
1	08/04/20	Aptitude Test	The aptitude test covers 4 major sections, we will focus on Quantitative Ability and Verbal Ability in this test.	All Branches
2	09/04/20	Coding Test	Coding Test Followed by Benchmarking and Identification of Students who need focused Training.	All Branches
3	15/04/20	Coding Test	Coding Test we would like students to focus on their coding skills and keep them updated.	All Branches
4	14/05/20	Webinar	Webinar on Placement Preparation	All Branches
5	18/05/20	Case Studies based on	Webinar on Interview Experience by	All Branches

		experiences by seniors	Seniors	
6	21/05/20	Focused Aptitude Test	Focused testing will be followed to strengthen a particular aspect. This will focus on Logical Reasoning and Data Interpretation.	All Branches
7	22/05/20	Coding Test	Coding Test we would like students to focus on their coding skills and keep them updated.	All Branches
8	15/06/20	Coding Test	Testing collectively all the concepts examined so far. Result in compilation and focus on further improvement. along with a comparison to the start of the training.	All Branches
9	18/06/20	Resume Building Workshop	Seniors took resume building workshops using sample examples of different resumes	All Branches

**Mentoring Session 2020-21 Batch**

Since there was no other option under the present circumstances but to adapt to new modes of learning to achieve the desired results. We planned mentoring sessions for the students using online mode starting from May 9th.

These sessions were held by the seniors / super seniors who are currently working with corporates.

The below plan was executed.

Sr No.	Date	Speaker	Company	Attended By
1	09/05/20	Taiyeeba Chikhalia	Morgan Stanley	All Branches
2	10/05/20	Nikhil Pinto	Quantiphi	All Branches
3	16/05/20	Preet Dabre	Phone Pe	All Branches
4	17/05/20	Sahil Dambee	Nomura	All Branches
5	23/05/20	Lekha Sharma	Deutsche Bank	All Branches
6	24/05/20	Sai Prathik	JPMC	All Branches
7	30/05/20	Ira Kawthalk	VMWare	All Branches
8	31/05/20	Mohit Joshi	J. P. Morgan Finance	All Branches

Student Activities

Apart from regular activities entrusted by faculty on students, they also organize and participate in self-motivated activities that include various curricular and extracurricular activities. To give some illustrations are college annual function, various sports activities and so on and so forth. Under the mentorship of faculty, students are constantly encouraged to participate as well as organize such events to bring out their natural talent with leadership skills. Hereby, in the year 2020-21, some events description has been detailed.

College Annual Festival

OCULUS 2021 EVENTS REPORT

1. PRE-EVENTS

CSI S.P.I.T. organized the SPIT Hackathon as one of the pre-events of Oculus, the Annual Techno-Cultural Fest of S.P.I.T. However, in view of the pandemic, this year it was organized virtually. Nevertheless, the event encompassed participation from an impressive 200 teams from all across the country, out of which 65 teams were selected for the Hackathon after a tough shortlisting round. The 24hr Hackathon was held on 13th and 14th February 2021. Out of the 65 teams, 13 teams made it to the second round, where all the teams presented their solution in front of a panel of judges. After a rivalrous round of presentations, at 8:00 pm on 14th February, the winners of the Hackathon were declared. Team Kepler-452b bagged first place in the Hackathon. The top 3 winners were awarded prizes worth Rs.1,00,000 along with goodies provided by Devfolio and GiveMyCertificate and Certification Vouchers from Sybgen Inc.

The SE ETRX students of Sardar Patel Institute of Technology came up with a brilliant event idea for Oculus pre-event named Short Circuit Designathon this year, which took place on 6th and 7th March, 2021. There was massive participation by students all over India. The judging panel had on board Dr. Surendra Singh Rathod and Prof. Prashant Kasambe. The prizes for the competition were worth Rs.10,000, the duo of Mr Manas Pange and Mr Aksharan Ganeshan bagged the first position. Mr Prabhat Kumar and Mr Varun Kamath were awarded the second position and Mr Aditya Kulkarni the third prize. The first and the second prize winners got an incredible internship opportunity offered by Infigon, which is one of the emerging companies in the counselling industry.

2. TECHNICAL EVENTS

- **Codatron:-** Codatron presented by the Oculus Coding League was a traditional coding

contest for the First years to pave a way for them to get a headstart in the world of competitive programming.

- **Codatron++:-** Codatron++ was also organised on Hackerrank which had only one round instead of two. With seemingly deadly and mind-boggling coding puzzles it was ensured that only the best coder would win! The competition, the grit and the sheer passion with which the participants played was a joy to the spectator.
- **Virtual Stock Market:-** The main event was held on 13th and 14th of march on the Official VSM app. The storyline was intriguing and kept the investors hitched to their seats as they watched markets rise and fall in a spectacular fashion.

3. FUN EVENTS

- **IPL Auction:-** An event where superstar cricketers go under the hammer and richest bidders in the country fight for collecting them under their franchise in an enthralling race with other bidders!
- **Oculus Esports:-** The event included games like Valorant and Counter Strike Global Offensive . A terrific participation from various colleges was witnessed for both game events as the teams battled it out on intense maps to clinch victory
- **Raiders of Virtual Treasure:-** As the name suggests, the event indulged the participants in a mind-boggling adventure, wherein they were stuck in a virtual world, divided into several realms named after characters from Game Of Thrones, Assassin's Creed, and so on, to spice it all up.

4. CULTURAL EVENTS

- **Sargam-Jung Suroon Ki:-** Sargam- Jung Suroon Ki, like many other events of Oculus, was conducted online due to COVID-19 restrictions. The competition was held in two rounds. In the first round, the participants were required to submit a pre-recorded video. Out of an approximate hundred participants, only fifteen made it to the final round which was held offline at a recording studio on 13th March.
- **Aelan-E-Jung:-** The inter-college dance competition was held on 14th March 2021, via a live stream. The event commenced with the enthusiastic voices of hosts Parth Chatrapati and Shweta Joshi who announced the judging panel that included Jignya A. Johri and Neeraj Yadav, honouring our college with their presence.
- **Open-Mic:-** Open Mic'21 was organised by SPark in association with Mudra and Oculus on 12th March at a professional studio in Andheri. The hosts for the evening were Ramanansri Iyer and Harsh Sandesara who made sure the audience was kept entertained with their witty compering.

5. ProNites

- **War of Branches:-** The Oculus team presented with yet another memorable event, THE WAR OF BRANCHES, which was conducted on the 13th March 2021. The event

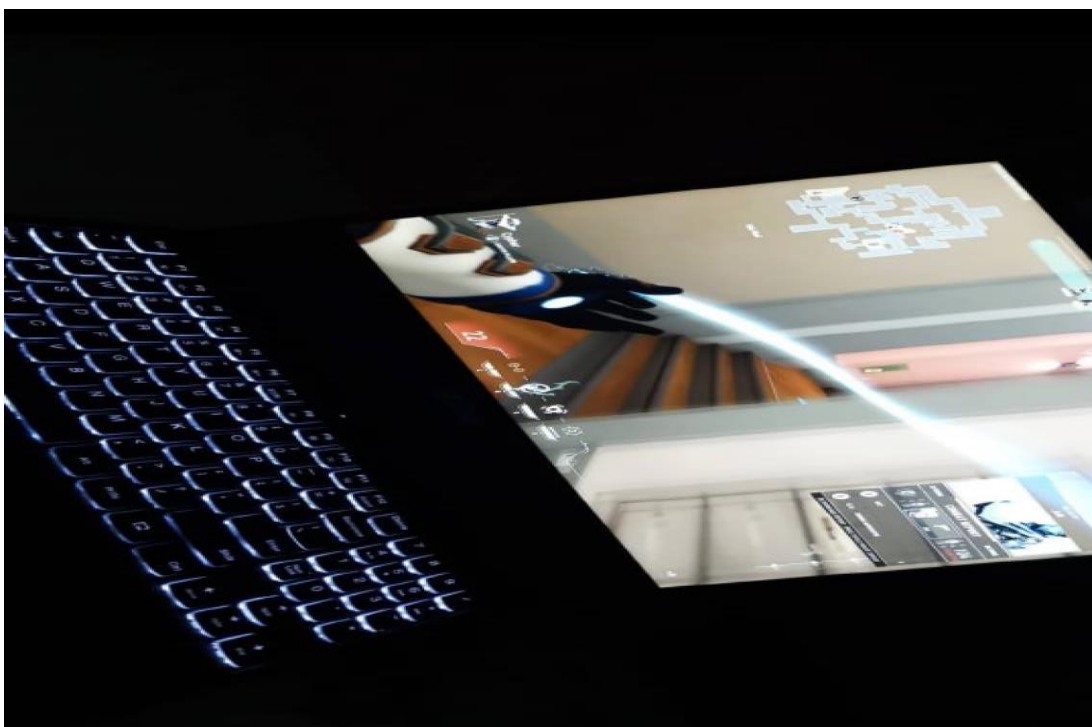

was hosted by Sakshi Pandit and judged by a talented set of jury consisting of Angella Rebello and Roochie Barate.

- **StandUp Comedy Nite:-** For the first time, a college in India could pull off a hybrid Stand-up event with not just one but two well-known comedians. As opposed to EDM nights and Concerts held every year as pronites, this time, the team of Oculus brilliantly managed to arrange a Stand-up event offline as well as online on Airmeet

List of Sports Activities

Online events

- **Valorant:-** Valorant is a free-to-play multiplayer tactical first-person hero shooter developed and published by Riot Games. Sports Committee organised an event for this which included 21 teams from all over India and Team V-OP emerged as winners.

- **COD:-** Call of Duty: Mobile is a free-to-play shooter video game developed by TiMi Studios. Sports Committee organised an event for this which included 8 teams from all over India and Team Weed Kids won the tournament.
- **CHESS:-** Chess tournament was conducted online where people participated from all over India. A total of 30 people participated in the event and Rahul Shukla from FE IT won the tournament.

Offline Events:

- **Badminton/Throwball:-** Exclusively for girls of all years and branches

- **Volleyball:** - Volleyball tournament was conducted on the SPCE volleyball court for all the branches and SE IT won the tournament.

- **Cricket:** - Cricket tournament was conducted outside campus on a turf in Goregaon and the winners of the tournament were TE IT

- **Football:** - Football matches were conducted outside campus again and TE Comps emerged as the winners.

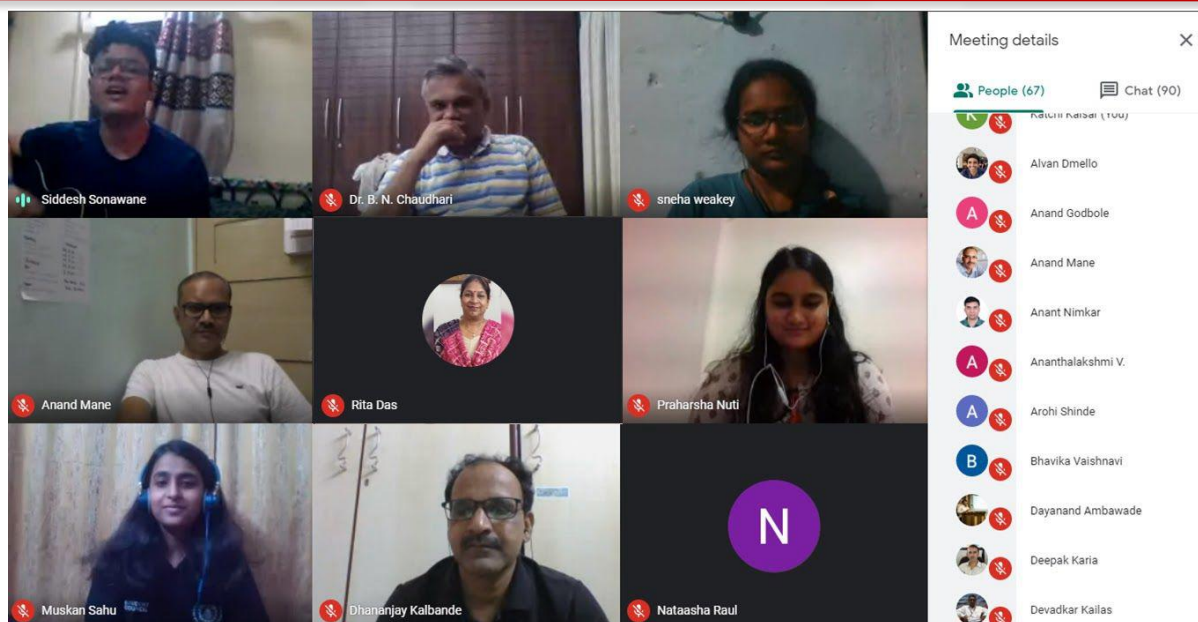

Teacher's Day Celebration

On the evening of 5th September 2020, for the first time since its inception, S.P.I.T. had a Teacher's Day celebration online. Instead of assembling in the institute's conference room for an evening of fun and games, the faculty and students gathered in an online Google meet room. Muskan Sahu, the General Secretary of the Student Council, on behalf of the Council, IEEE and the student body, expressed her gratitude towards the teachers who have been through the highs and lows of the students' engagement in the college, always offering encouragement and support.

The Principal, Dr. B. N. Chaudhari, addressed the gathering. He spoke about the beginning of his career in 1990 and his journey with students thereafter. He said, "I like interacting with the students and learning from them, because those vibes and that enthusiasm gives a lot of satisfaction." He stressed on the necessity of bonding between teachers and students, and wished to do the same at S.P.I.T. too.

After the Principal's address, Siddesh Sonawane, the head of Mudra, the Cultural Committee of S.P.I.T., introduced the committee to the faculty, naming himself, Unnati Dogra, and Vedant Mathur as the heads of dance, drama and music, along with Prof. Kaisar Katchi as the mentor. He then presented a pre-recorded synthesizer clip created by Aditya Harshora, a musician with over ten years of experience. Siddesh followed it with a live, beautiful medley of Bollywood songs both old and new with his guitar, which proved soothing after a hectic day of online classes. Siddesh said, "It was great to be a part of Teacher's Day once again. I am truly amazed and inspired by everyone's energy, enthusiasm and passion; student and teacher alike."

Then the games began. Siddhesh, Muskan, and Praharsha Nuti, head of IEEE, gave a brief introduction about the series of games planned for the evening.

Teachers were divided into 4 groups according to their departments, with vivid names assigned to each team. Each group had a separate Whatsapp group to exchange ideas within, prearranged for by the council.

The first game was called 'The virtual music lab' in which teams had to guess the Hindi song from their literal English translation and sing at least the chorus of the same. The second round in the series was called Emoticon round, where one had to guess the song from displayed emoticons and sing the chorus. The third round, called 'Kahipe nigaahin kahipe nishaana,' had a short video clip of one Bollywood song mixed up with the audio of another; the objective being to guess the music for the video clip, and sing the same. The final round was called "Jhoom barabar jhoom," where the jumbled names of movies were displayed and after the identification one of the movie songs was to be sung.

Dr. Rita Das, Dean of Student Affairs and Head of the ASH department, thanked the students for a wonderful evening. The faculty echoed her sentiments, thanking the students for a relaxing experience after the bustle of the week. She later shared with the SPark team, "It was a very well coordinated, enjoyable and memorable event."

Summary of Events:

Sr No.	Name of Event	Date / No of Attendees	Description	Skills Obtained
1.	Role of Industry 4.0 Technologies in Businesses Operations	04/07/2020 560	Industry 4.0 is the ongoing transformation of traditional manufacturing and industrial practises combined with the latest smart technology, and it is imperative that we as engineers understand the same.	Insights into the Technologies of Industry 4.0

2.	Conversation on Mental Health	12/07/2020 300	A conversation on various aspects of Mental health including Academic and placement related stress, Peer pressure, Anxiety & Methods to cope up with mental health during such situations.	How to take care of Mental health during Lockdown
3.	Webinar on Technical Paper Presentation	18/07/2020 80	Webinar on Technical Paper Presentation to give a brief idea on how to present and format a technical paper.	Presentation, publishing of Technical Papers
4.	Panel Discussion on Technical Competitions	25/07/2020 82	This event was divided into Hardware and Software competitions respectively. The different competitions, their requirements, expectations, etc were discussed by the winners of these competitions.	Introduction to various technical competitions and the skills required to excel in them
5.	Felicitation of 2019-20 Committee	01/08/2020 24	A brief online felicitation ceremony in order to honour the core coordinators and subcommittee members of the team of 2019-20.	Acknowledging the contribution of the ex-committee members to the committee.
6.	Labyrinth: A Digital Scavenger Hunt	02/08/2020 180	WIE-IEEE SPIT conducted a fun event in the form of a digital scavenger hunt under the name of "Labyrinth". The event was open to colleges all over India and witnessed an impressive response.	Fun and relaxing event to serve as a stress buster
7.	Webinar: Lead The Life	07/08/2020 35	The speaker was Dr. Celia Shahnaz, the Chair of IEEE Bangladesh Section, founder & Chair of IEEE SPS, IAS Bangladesh Chapters, co-founder & vice-Chair of IEEE RAS, SSIT Bangladesh Chapters, Founder, Adviser, Nominations and Appointments Chair, WIE AG, IEEE Bangladesh Section and many more.	Motivational Session
8.	Webinar on IEEE Xtreme	12/08/2020 156	A webinar on IEEE Xtreme by Sahil Sheth, Kshitij Shah and Vinayak Iyer; who secure AIR 16 in IEEE Xtreme 2019	Knowledge of IEEE Xtreme and Competitive Coding

9.	Panorama 2020	20/08/2020 30	A creativity competition where participants submit their creations. This event was organized to celebrate World Humanitarian Day.	Photography, Fine Arts, Graphics, Short Video
10.	Webinar: I Made it Possible	05/09/2020 62	WIE-SPIT team hosted a webinar on women empowerment, sponsored by IEEE Bombay Section and WIE Bombay section. The speaker Anima Patil Sabale .She is a Software and Aerospace engineer currently working at NASA's Johnson Space Center for Jacobs as Orion Spacecraft Simulations lab manager and xEMU Spacesuit Engineer.	Motivation Session
11.	Teacher's Day Celebration	05/09/2020 70	On the occasion of Teacher's Day, IEEE in collaboration with the Student Council organized a fun event for all the Professors	Celebration of Teacher's Day
12.	XtremeOverflow Getting started with Competitive Programming	05/09/2020 663	IEEE SPIT in collaboration with IEEE Bombay Section and various other student branches organized a webinar on CP as an introduction to XtremeOverflow; a coding competition spanning 5 weeks to prepare students for IEEE Xtreme	Competitive coding
13.	App It Up Webinar	06/09/2020 101	A webinar on Application Development by Sudarshan Bhatt, an IT Analyst and Technical Lead for HDFC Mobile Banking App currently working at Tata Consultancy Service	Web Development
14.	XtremeOverflow Contest 1: Complexity analysis and Math	13/09/2020 99	The first competition of XtremeOverflow focused on Complexity Analysis and maths. Participants had to solve 5 questions in any programming language of their choice.	Competitive Programming, Complexity analysis, foundational mathematics
15.	UI/UX Designing Webinar	20/09/2020 75	The speaker was Mr Rahul Goradia, a product designer currently working at Zomato. He has given talks to various college communities such as Microsoft student partners and Google developers' student club.	Introduction to UI/UX Designing

16.	XtremeOverflow Contest 2: Strings	20/09/2020 66	The second competition of XtremeOverflow focused on Strings. Participants had to solve 5 questions; 2 easy, 2 medium and 1 challenging question; in any programming language of their choice.	String manipulation, Competitive coding
17.	Panel Discussion on Building Your Own Brand	20/09/2020 165	A panel discussion on the importance of building a personal brand specifically for teachers and academicians	Personal Branding
18.	XtremeOverflow Webinar on Greedy Algorithms	25/09/2020 163	Webinar in which various concepts related to Greedy Algorithms including binary search and monotonic functions followed by a QnA	Greedy Algorithms, Binary Search, Monotonic Functions
19.	Xtreme Overflow Contest 3: Greedy Approach	27/09/2020 431	The third competition of XtremeOverflow focused on Greedy Algorithms. Participants had to solve 5 questions in any programming language of their choice.	Competitive Coding, Greedy Algorithms
20.	XtremeOverflow: Xtreme and its changes	02/10/2020 75	A webinar explaining about IEEE Xtreme 14.0, how it will be conducted this year, the history of IEEE Xtreme and how it has changed over the years	IEEE Xtreme 14.0
21.	Webinar: I Engineered My Life	03/10/2020 70	The speaker Dr. Padmaja Joshi, Senior director at C-DAC (Center for Development of Advanced Computing) gave very useful insights on the topic about life and technology and how much it is important to manage it.	Motivational Session
22.	XtremeOverflow Contest 4: Dynamic Programming	04/10/2020 23	The fourth competition of XtremeOverflow focused on Dynamic Programming. Participants had to solve 5 questions in any programming language of their choice.	Competitive Coding, Dynamic Programming
23.	Project Innovation Challenge	10/10/2020 71	An online competition, encouraging engineering students to innovate and come up with feasible and creative solutions, along with business ideas combatting real world problems.	Business, Innovation, Case Study

Annual Report 2020-21

			Participants can choose any domain, to present a solution for a particular problem under that topic	
24.	XtremeOverflow Final Contest	11/10/2020 25	In the final event of XtremeOverflow, everything taught over the 4 weeks was put to the test. It was a 6 hour competition with 10 questions; 2 easy, 5 medium and 3 hard questions	Competitive Coding
25.	Webinar on Digital Marketing	11/10/2020 90	An interactive webinar on Digital Marketing where the speaker; Mr Arth Patel explained the basics social media marketing, Influencers, importance of LinkedIn, etc	Digital Marketing, Social media marketing
26.	Ex-Com Meeting	11/10/2020 10	Meeting of IEEE SPIT Core Committee	-
27.	APP IT UP Competition	17/10/2020 30	An online app development competition where participants had to develop an application based on the problem statements provided. Mentoring sessions were organized for the participants to help them.	Application Development
28.	IEEE Day 2020 Competition	18/10/2020 74	On the occasion of IEEE Day, IEEE SPIT along with IEEE VIT and IEEE APSIT conducted a competition for students of the three student branches. The competition also consisted of a round zero conducted on google meet, the winners of which were given a head start. The remaining three rounds were conducted over whatsapp.	Fun event to celebrate IEEE Day
29.	IOT In Healthcare	21/10/2020 90	A session on the application of Internet of Things in the Healthcare Sector	Internet of Things
30.	Getting Yourself Published	10/01/2021 121	A session on how to write a research paper and how to publish it	Research and Publications
31.	Robotics Process Automation	07/02/2021 70	An introduction to robotics process automation	Technical

32.	Aarambh	19/02/2021 120	A fun event for the First Year students to play games and socialize with each other and the seniors	Fun Social
33.	Webinar on Digital Transformation	21/02/2021 110	A session on how digital technology has revolutionized our world	Non Tech

Description of Events:

1. Role of Business Operations in Industry 4.0

Speaker:

Dr. Santosh Rane is the Dean of Academics at Sardar Patel College of Engineering. He has done his ME in Machine Design and PhD in Technology from VJTI. He has received Master Black Belt in Lean Six Sigma from the Indian Statistical Institute. He has a Post Graduate Certificate from SPJIMR Mumbai and his research has more than 600 citations.

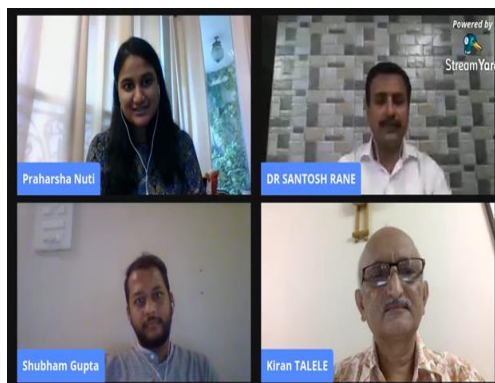

Event Summary:

Dr. Rane first gave an overview of the previous industrial revolutions and explained the driving force behind Industry 4.0. Then he spoke of the various technologies that are expected to drive the coming industrial revolution. The key features of this will be Connectivity and Communication, Data Intelligence and Analytics, Human Machine Interaction and Advanced Production. He gave an overview of key technologies like IoT, Simulation, Cybersecurity, System Integration, Cloud Computing, 3D printing, Big Data, Augmented Reality and Autonomous Robots. Then he explained the impact these technologies will have on the future of Business and the advantages and they will bring about for the future. He also spoke of the various challenges that these technologies will pose, some of them being lack of digital culture and skills, high economic costs, lack of regulations and data security. Then he took up a few

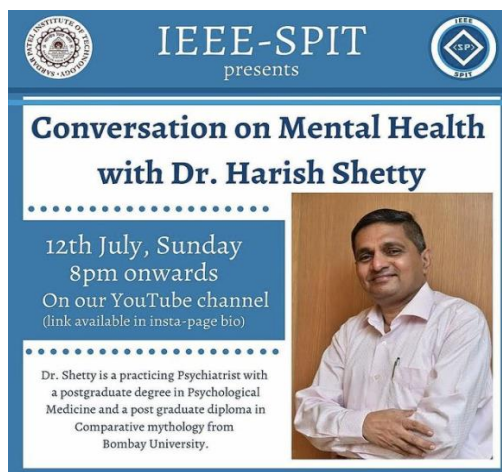

case studies to explain the actual usage of these technologies in real world businesses. Finally he took up a few questions followed by a vote of thanks. All in all, it was a very informative session and provided great insights into the future of businesses and the role that IoT, blockchain and related technologies will play in their functioning.

2. Conversation on Mental Health

Speaker: Dr. Harish Shetty is a practicing psychiatrist with a post graduate degree in Psychological Medicine and a post graduate diploma in comparative mythology from Bombay University. With his immense experience in disaster and mental health, Dr. Shetty has worked with the victims of the Marathwada earthquake, Kandia cyclone, the riot affected in Gujarat, hence creating a huge impact in their lives. Apart from this, he is also an active member of NTA.

Event Summary: In light of the growing need to spread the awareness about importance of mental health, IEEE-SPIT organized an interactive webinar with Dr. Harish Shetty. The event began with him starting off the discussion about the very ongoing topic, uncertainty in times of global pandemic, specifically lockdown and the changes it has brought along. In a very fluent and easy manner, he explained the true meaning of uncertainty and its effects by giving

a real-life example and focused on the importance of accepting the reality as a sign of progress. Later on, Dr. Shetty moved on to the brief description of what sleep deprivation really means, what might be the cause and its harmful aftereffects. In the next few minutes, the participants were brought to light of a few ways to ensure being physically healthy, some of them include being aware of one's feelings, improving interpersonal relationships and the most important, feeling good about oneself. Dr. Shetty also talked about what's classified as normal, difference between joy and pleasure, importance of forming a habit of exercising and involving oneself into yoga and the major need which most of the youth today lacks, the importance of proper sleep and diet. While the discussion was nearing its end, he highlighted the need to connect and bond with one's parents, friends and also their own selves.

What seemed to be interesting, also transformed into a very interactive session when the floor was opened for question and answers, where Dr. Shetty answered each and every query beautifully. At the end of the hour long webinar, Pratham Solanki, the head of operations of IEEE-SPIT, paid gratitude to all those who took their time out to attend the informative discussion, especially Dr. Harish Shetty who graced the event and very precisely answered all the questions that every human being must have faced at least once in their lifetime and for making the event a huge success.

3. Webinar on Technical Paper Presentation

Speakers:

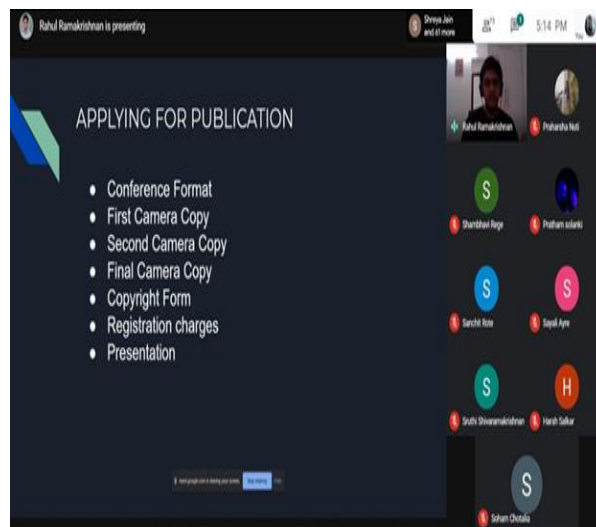

Rahul Ramakrishnan is a final year student in Electronics at Sardar Patel Institute of Technology. He has published a paper "Speed Breaker Detection and Mapping using IOT".

Shambhavi Rege is a final year student in Electronics and Telecommunications at Sardar Patel Institute of Technology. She has published a paper "Automated Shopping Cart with Collaborative Clustering Recommendation System".

Event Summary:

The event began with an introduction to the speakers. Next Rahul Ramakrishnan began by explaining how to select a topic for a project and what are field surveys, market surveys and literature surveys. Then he spoke of the format for drafting a paper once the hardware or software implementation is done. He spoke of how to find conferences and the procedure for applying for publication in conferences. Then he explained the procedure to apply for publication from the college. Then Shambhavi Rege took the question and answer session where she answered a wide range of questions from how to choose a project to the types of softwares that can be used. Finally both Rahul and Shambhavi spoke about their own papers and briefly explained their experience of doing projects.

All in all it was a very useful event and it was appreciated by all who attended.

4. Panel Discussion on Technical Competitions

Speakers:

1. **Shloka Sapru:** Technology Analyst at Morgan Stanley and SIH, 2018 Winner.
2. **Sarah Sonje:** Smart India Hackathon(SIH),2019 Winner and Software Development Engineer at Amazon.
3. **Gopala Dhar:** TI 2018 Winner and E-YANTRA 2018 2nd runner up.

4. **Bharadwaj Bhat:** TI, 2018 Winner and Co-founder at KRED Robotics.
5. **Tejveer Singh:** Second runner up at E-YANTRA, 2017 and TI, 2018 Winner.
6. **Suumedh Kalnawat:** Winner at TI 2018, Action Research Project(ARP) 2019 and Techfest- International Robotics Challenge, 2016 and Co-founder at KRED Robotics

Event Summary:

Recognizing the growing doubts and queries arising in the minds of students graduating to their next year regarding technical competitions, IEEE SPIT organized a Panel Discussion on the same, with 6 very talented individuals, in an attempt to guide the curious minds. The event started off with a brief introduction to tech competitions like Texas Instruments, Smart India Hackathon, eYantra and IEEE Xtreme, and their significance in highlighting one to stand out. Beginning on a very informative note, Sarah Sonje and Shloka Sapru started the discussion with their presentation on software hackathons. Very smoothly, they highlighted the exact meaning of a hackathon, its duration and the various steps involved in it. It was brought to light that hackathons generally consist of 3 kinds of questions, which are, problem solving, theme oriented and tech stack oriented. The importance of team spirit, mutual understanding and cooperation and having Unique Selling Points (USP) was highlighted beautifully by the duo. Moving on to the problem statements, factors involved in their selection, solution building, pre elimination round, onsite evaluation and the importance of incorporating constructive feedback were equally discussed informatively. While their presentation moved towards the end, the floor transformed into a very interactive session between the students and the panelists where doubts arising in the minds of Second as well as Third years were cleared out concisely. Next in line, Bharadwaj Bhat, Tejveer Singh, Gopala Dhar and Suumedh Kalnawat enlightened the students with their knowledge about hardware hackathons as well as other technical competitions like eYantra, Texas Instruments and Robocon. Their discussion involved the important points of the competition agenda, various technical competitions wherein some of the competitions are also job and internship oriented and tips for choosing a compatible team, the right mentor and most importantly, having patience. The floor was again opened to questions and answers, where many students actively participated with their queries and got their doubts cleared about the competitions that they were interested in, including technical ones as well as ideation ones. The lively and informative discussion came to an end with Praharsha Nuti, The Chairperson of IEEE SPIT, offering a vote of thanks to all the panelists and participants for their presence and cooperation.

5. Felicitation of 2019-20 Committee

On a pleasant Saturday evening, the team of 2020-21 of IEEE SPIT organized a brief online felicitation ceremony in order to honour the core coordinators and subcommittee members of the team of 2019-20. The event began with Bhavika Vaishnavi, the current Head of Finance, inviting Akash Junnarkar, Chairperson of IEEE SPIT 2019-20, to give a short speech and address all those who were gathered there. Akash expressed his gratitude to all the members for working hard and making the events of 2019-20 a huge success. Next up, the Vice Chairperson of IEEE SPIT 2019-20, Shambhavi Rege, was called upon, who very gracefully appreciated each and every member for being a part of the team and going an extra mile each and every time. Shambhavi was then followed by L Sreekar, the Head of Finance and Parth Shinghala, the Technical Head of IEEE SPIT 2019-20, who thanked all the members for cooperating and contributing towards the growth of the committee. The closing of the previous year core committee address was done by **Praharsha Nuti**, former Head of PR and current Chairperson, who thanked each and every person for being amazing team players. The certificate presentation began with felicitation of the core coordinators followed by the subcommittee members of 2019-20, where each and every member expressed their deepest gratitude to the core committee of 2019-20 for giving them a chance to be a part of the team along with giving them a beautiful learning experience.

The first ever subcommittee and core coordinators' felicitation ceremony came to an end with a vote of thanks and appreciation to everyone for their kind presence.

6. Webinar on IEEEExtreme

Speaker:

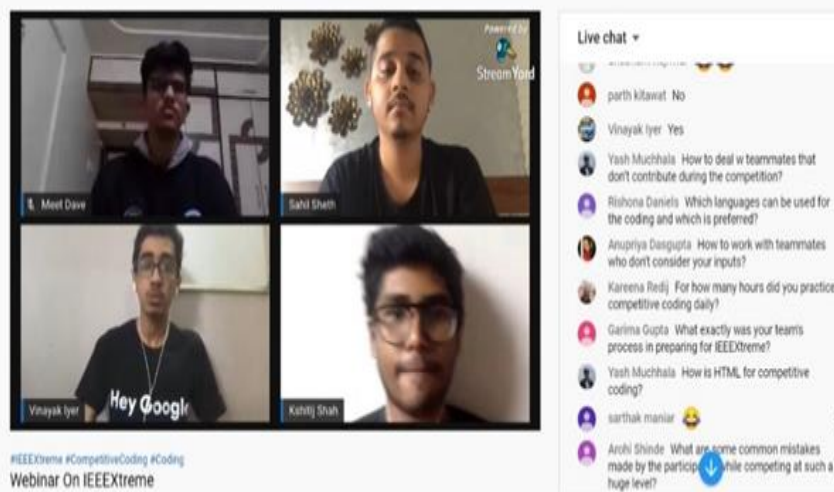

Sahil Sheth, Kshitij Shah and Vinayak Iyer, are students of BE IT who have secured AIR 16 and Global Rank 213 in IEEEExtreme in 2019.

Event Summary:

IEEE SPIT, keeping in mind the doubts students might be facing about IEEEExtreme, organized an interactive webinar on the topic. Meet Dave, Vice Chairperson of IEEE SPIT, started off the event with a brief introduction to what IEEEExtreme is, what is the footfall one must expect and welcomed Vinayak Iyer, one of the panelists, to begin the discussion. Vinayak imparted his knowledge on what competitive coding exactly is, why it is important and what role team work pays in it. He further added on how IEEEExtreme takes place in terms of when the problems statements are released, what role relative scoring plays in it and how it works as a starting point of taking part in hackathons. Vinayak then welcomed Sahil Sheth to continue

with the discussion where Sahil was seen speaking about when the event starts, how their experience was, difference between competitive coding and hackathons, display of live leaderboard in IEEEExtreme, importance of division of work between all the teammates and the most important, he encouraged everyone to enjoy the event, stating it to be one of its kind. Adding to Sahil, Kshitij briefed about what they learnt from the competition which included an idea about how much one needs to prepare. He also termed this competition as a platform where he understood his and his teammates coding abilities, team work capacity and how a good rank in IEEEExtreme reflects on how good one's coding skills are. Further, they even added on how working on parallel solutions turns out to be useful, importance of taking breaks in between to clear one's mind and various platforms where one can practice competitive coding. Simultaneously, attendees expressed their doubts and questions as well, as a result of which the panelists also spoke about preferred languages, ease of using them, how to manage time, common mistakes made by them, importance of taking competitive coding as a marathon and not a sprint and a brief insight on what time complexity means. The end of the interactive webinar witnessed IEEE SPIT's Vice Chairperson expressing gratitude towards the panelists as well as them thanking IEEE SPIT for giving them this opportunity and ended the webinar by expressing their excitement for this year's IEEEExtreme as well.

7. Panorama

Event Summary:

Creative Artforms bring out the best of the people and so this event was organized in collaboration of RC SPIT in light of World Humanitarian Day and World Photography Day. The main objective of the event was to bring about the creative inner side of the people to the world. We started accepting various artworks in the domain of photography, sketching, graphical illustrations, short videos and painting through emails. On August 22, 2020 after the immense entries, the registrations were closed and then Mrs. Mosmi Shah started judging all the amazing artworks to find the best among them. Finally, on --- the winners were announced on the social media page of IEEE SPIT and RC SPIT pages along with the images of their artworks. In all the event was a great success.

8. Teacher's Day Celebration

Event Summary:

On the occasion of Teacher's Day, IEEE in collaboration with the Student Council organized a fun event for all the Professors. The event was hosted by Siddhesh and Muskan Sahu. Muskan and **Praharsha** welcomed the teachers and acknowledged their contribution and expressed gratitude to them for working tirelessly to keep our academics running smoothly.

The event began with a beautiful performance by Aditya Harsora who played Kal Ho Na Ho on the keyboard. Then Siddhesh soulfully sung a mashup of nostalgic songs that was mesmerizing to listen to. Then it was time for the teachers and students to switch roles with the

games. The teachers were divided into 4 groups and they had to complete 4 "lab experiments", each with multiple problem statements and were allowed "marks" based on their answers.

The games included Virtual Music Lab where the teachers had to guess Hindi songs from the English translation of their names. The 2nd game was Main Hu Main Hu Emoticons in which they had to guess the names of the song from a sequence of Emoticons. Then was Audio Video Mix in which the video of one song was played with the audio of another song and the teachers had to guess the names of the song in the video. The finally was jumbled movies where the names of movies were jumbled and they had to guess the movie.

Finally, Muskan gave a vote of thanks. The session was very refreshing for all the teachers and they enjoyed it very much.

9. XtremeOverflow

Xtreme Overflow was a 5 week long competitive coding competition that aimed to prepare participants for IEEE Xtreme. The competition consists of 4 coding challenges followed by a 6 hour long Grand Finale. Webinars were also conducted each week by experienced industry professionals to guide participants along the way.

Student Branches Involved :

1. IEEE Sardar Patel Institute of Technology (Mumbai Division)
2. IEEE A.P. Shah Institute of Technology (Mumbai Division)
3. IEEE Thakur College of Engineering and Technology (Mumbai Division)
4. IEEE Vidyalkar School of Information Technology (Mumbai Division)
5. IEEE BITS Goa (Goa Division)

In total, there were 3 webinars, 4 codings competitions and a 6 hour long grand finale spanning 5 weeks. Xtreme Overflow was a massive event with over a hundred participants all with the aim of learning and practicing coding. The event provided the perfect opportunity for students to practice for IEEE Xtreme. They not only practiced but also learnt fundamental concepts like algorithms. The event was a great experience for both the participants as well as the organizers.

10. App It Up

App It Up was a two part event consisting of a webinar on the introduction of app development followed by an app development competition where participants had to develop applications based on the provided problem statements. They were assigned mentors as well to guide them.

Speaker: Mr. Sudarshan Bhatt is currently working at Tata Consultancy Service INDIA, Mumbai as I.T Analyst (Android Developer) and Technical Lead for HDFC Mobile Banking App. He has 7 years of experience in Android App Development.

Event Summary: The event began with the introduction of the speaker by Garima. Then Mr. Bhatt began by explaining the different types of applications. He explained what are native, cross platform, hybrid and web applications. He spoke of how to get started with app development and also spoke of Android Studio. He next spoke of some useful tips for beginners. He spoke of the huge demand of application development due to the banning of Chinese Apps by India. He explained about the various languages that can be used for app

development and their advantages and disadvantages including Java and Kotlin. He briefly spoke about IOS App Development as well. He discussed about Flutter vs React Native and how to incorporate IOT and AWS in applications. He shared various resources to get started with app development and also encouraged people to use StackOverflow to clear their doubts. This was followed by a very interactive question and answer session.

11. Panel Discussion on Building Your Own Brand

Speakers:

1) Mr. Pankaj Sikka : Mr. Pankaj Sikka runs his own Brand Consulting agency, working with various entertainment and corporate brands on growth and brand expansion.

- 2) Mr. Malhar Potnis : Mr. Malhar Potnis is the founder of Marks Allied Services, a marketing company that has served more than 100 startups and SMEs in the domain of Social Media Marketing.
- 3) Prof. Mohuya Chakraborty : Prof. Mohuya Chakraborty presently holds the post of Dean (Faculty Development) and Professor of the department of Information Technology, Institute of Engineering & Management (IEM), Kolkata.
- 4) Prof. S.K. Ramesh : Prof. S.K. Ramesh is a Professor of Electrical and Computer Engineering at California State University, Northridge, and Director of the AIMS2 program supported by the US Department of Education.
- 5) Prof. Kiran Talele : Prof. Kiran Talele is an Associate Professor in the Electronics Engineering Department of Sardar Patel Institute of Technology, Mumbai. He is also incharge of IPR Cell of Sardar Patel Institute of Technology.

Event Summary:

The discussion began with Prof Kiran Talele giving a brief introduction of the speakers. Prof Mohuya Chakraborty then began explaining the importance of personal branding and how one can go about it. She stressed on how important it is to have a presence on social media, on various platforms like Facebook, Twitter and LinkedIn. She also mentioned how knowledge sharing platforms like Quora can help in personal branding.

The discussion was then carried forward by Mr. Pankaj Sikka. He explained how personal branding is all about bringing ideas to life. He also explained how a person's personality can be converted into the person's brand. As the discussion was focused on academicians, he talked about how academicians can establish their brand very well, through various opportunities, like government grants and aids provided to them for research which could be beneficial for the society. People would know a person better if the grant is utilized for public benefit. He also talked about how learning should not be limited to the classroom.

Mr. Malhar Potnis began by talking about a personality on youtube, who provided insights into how his business failed initially, but then became successful later on in life. In this manner, Mr. Potnis put across the point that anything that adds value to someone else will help in achieving personal branding. He explained how teachers are natural influencers, and possess a small advantage over other professions, as they have students who can help them build their personal brand. He then narrated the story of a school teacher, and how she built her personal brand. The story provided great insights, and gave a practical example of how an academician may implement all the methods to build a personal brand.

Prof. Talele then presented a video of Prof. S.K. Ramesh, a Professor of Electrical and Computer Engineering at California State University, Northridge and a 2021 IEEE President-Elect Candidate. Prof Ramesh through his video gave a few insights on how he built his personal brand. He also talked about his vision for India. He then explained how academicians

can leverage global resources like IEEE programs, to build their brand. The discussion concluded with a question and answer session.

12. Project Innovation Challenge

Project Innovation Challenge was an online competition, encouraging students to innovate and come up with feasible and creative solutions, along with business ideas combatting real-world problems. Participants could choose any domain, for example, energy management, agricultural solutions, blockchain technology, and present a solution for a particular problem under that domain.

The competition comprises two parts:

The Qualifying Round: Contestants were required to submit a one-page description of their solution to the problem statement.

Presentation Round: The teams qualified for the final round gave a presentation to a panel of distinguished members with a formal code of conduct.

Judging Criteria included Feasibility, Scalability, Impact, Innovation, Marketing Opportunity and Competitive Advantage

Nearly 30 teams participated and out of them the top 10 were selected for the Presentation Round. All the ideas presented were very innovative and the event was enjoyed by all.

13. Webinar on Digital Marketing

Event Summary:

The speaker first explained what is digital marketing. Usually it is assumed that digital marketing is bringing sponsors or putting up posts on social media. However, in reality, digital marketing includes social media marketing, graphics design, content marketing, etc. A common misconception is that doing courses and certifications in digital marketing will help a person get into the field. However, that is not the case. According to the speaker, the best way to learn digital marketing is to implement digital marketing on your own and try out things. The speaker give the example of his own Youtube Channel and Linkedin. He spoke of the critical importance of Linkedin and how to create engagement on these platforms. He spoke of blogging, short form posts, keyword search, etc. He also spoke of the importance of using Social Media Analytics. This was followed by a very interactive Question and Answer session.

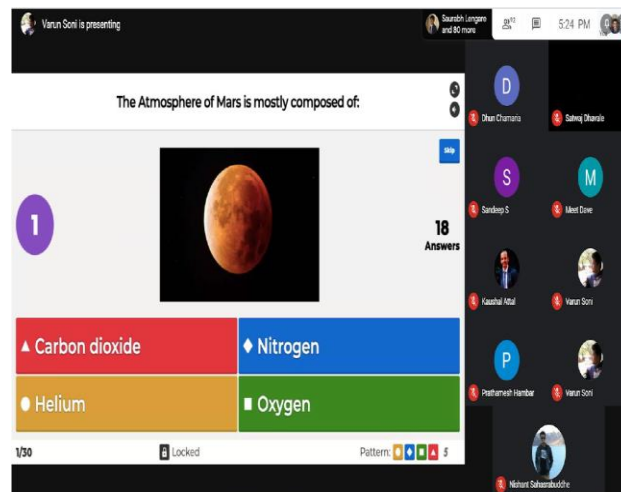

Instagram Link: <https://www.instagram.com/p/CGDHndpHHY3/?igshid=d74hwnpgrbnb>

14. IEEE Day 2020 Competition

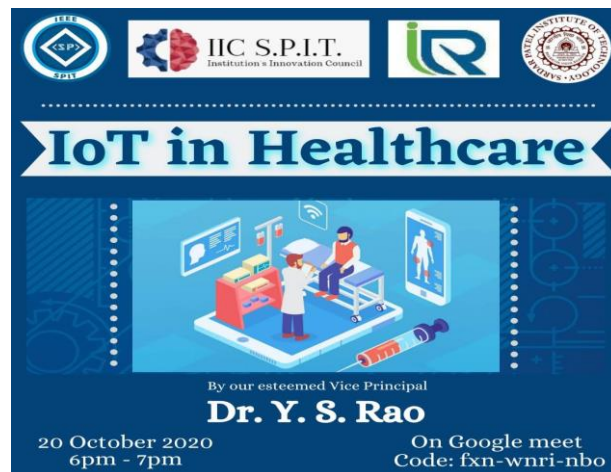

Event Summary:

On the occasion of IEEE Day, IEEE SPIT along with IEEE VIT and IEEE APSIT conducted a competition for students of the three student branches. The event began with a brief introduction about IEEE. The participants were then briefed on the various rounds and rules of the competition. The competition also consisted of a round zero conducted on google meet, the winners of which were given a head start. The remaining three rounds were conducted over whatsapp. The winners of the competition received cash prizes. The participants enjoyed the event and gave their respective feedback after the event.

15. IOT In Healthcare

Speaker: Dr Y. S. Rao is the Vice Principal at Sardar Patel Institute of Technology, Andheri. He has completed his PhD from IIT Bombay and both M.E. as well as B.E. in Electronics Engineering. Furthermore, Dr Rao has published numerous papers pre and post his PhD. His spectrum of interests consists of Embedded Systems, Digital Power Electronics, VLSI design and Wireless Sensor Networks.

Event Summary: The session started with the question of what problems are we facing due to this pandemic. A brief introduction of what exactly was the Internet of Things and the various

applications of IoT in day to day appliances and industry were given. The event took an interesting turn when the Speaker discussed the difference between the healthcare systems in India as compared to those in the developed countries. A major emphasis was given on the affordability of the technology than sophistication for a country like India. Moving on with the event, the general life cycle of a product, like the rise and fall in demand for a product, was discussed. Reaching the end of the talk, questions were asked by the participants and the answers were delivered with equal energy by the Speaker.

16. Getting yourself published

Speaker:

Ms. Neha Agarwal has done her BE from RV College of Engineering, Bangalore, ME from NTU. She worked as an Engineer at Exxon Mobil. She served as the General Secretary MSE NTY and the Communication Coach NTU.

Event Summary:

17. Robotic Process automation

Speaker:

Mr. Parth Doshi is currently working as an RPA developer at Worley. He also creates content related to RPA for the youtube channel UiPath. Mr.Parth is also a Udemy instructor

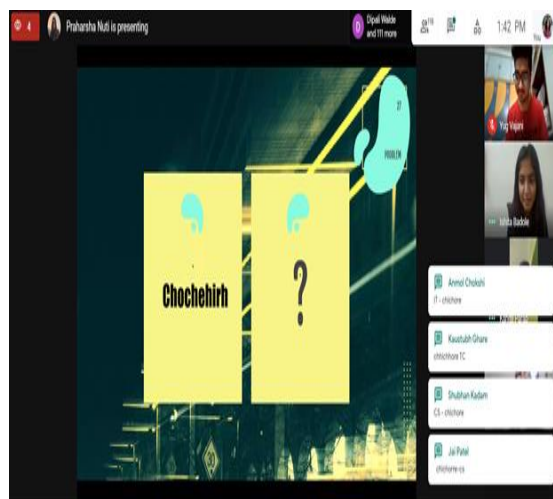

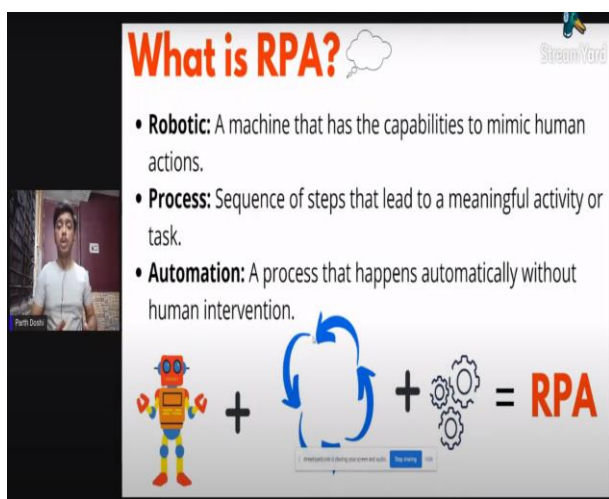

Event Summary:

Mr. Parth began the webinar with an introduction to robotic process automation. He explained how a process can take place automatically without human intervention and gave various examples of robotic process automation that is already in place. He then went about explaining the advantages of RPA and how it has an impact on society. After that, he addressed certain myths regarding robots that are prevalent in the society, such as robots replacing humans entirely in the workforce and that robots are completely accurate in the tasks they perform. Then there was a brief discussion on the various RPA tools that are being used all around the globe. Mr. Parth then talked about UiPath, about the various resources available on their various platforms and how an individual can kickstart a career in robotic process automation. The webinar concluded with a question and answer session

18. Aarambh

Event Summary:

The event began with an introduction by the host, **Praharsha Nuti, the Chairperson of IEEE SPIT** and Ishita, the Cultural Secretary. The first year students were encouraged to interact with the seniors. The first performance was by Ankit Vishwakarma who performed his original Beat Boxing song. Everyone enjoyed the performance. There was lots of discussion in the chat box. **Praharsha** then explained the rules of the games. The first game was English Vinglish in which the names of Hindi songs were translated in English and the students had to guess the movie. This was followed by the second game Main Hu Emoticon in which the names of hindi songs were encoded in emoticons and the students had to guess them. The students were encouraged to perform in exchange for extra points for their branch. Lots of people came forward and sang Hindi Songs, English Songs, played Guitar and rapped. This was followed by the next game Guess Who in which the description of a fictitious character was given and the students had to guess. In the end there was a tie between the Computer, IT and EXTC branches. So, as the tie breaker a music video was played with the audio of another song and the students had to guess the name of the song in the video. In the end the game was won by the Computer Department. All in all, it was a super fun event for everyone.

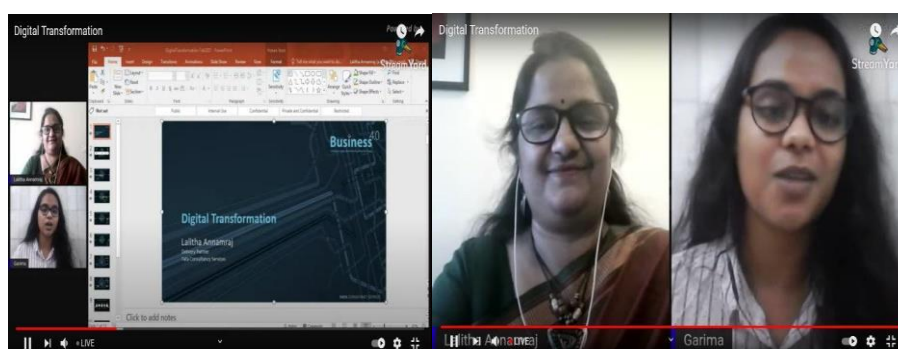

19. Webinar on Digital Transformation

Speaker:

She is currently heading the Digital Transformation program for India's number One Private Bank. She has successfully delivered 5 large Digital Transformation Programs in Banking and Telecommunications Industries. Mrs. Lalitha Annamraj is a Practitioner of distributed Agile Methodology for faster deliveries. Her expertise is in business strategy and application design spanning around 10 years across Telecom and Banking Industry.

Event**Summary:**

On the bright Sunday evening of 21st February, 2021, the webinar started off with **Garima Gupta, Head of Public Relations of IEEE SPIT**, introducing the speaker for the event, Mrs. Lalitha Annamraj. The speaker, started with a few examples that we could connect to especially in the pandemic era. She then moved to the 5 well known business giants known to us which are very well connected to the concept of Digital Transformation. While getting to know more about how these giants work, they were later introduced to the various types of industries and how technology has affected them. Mrs. Annamraj also explained how identifying the target audience is an important aspect of every business and the various domains that need to be considered in it. Moreover, she also pointed out to how big sale days on online shopping platforms can lead to a greater number of customers being attracted than even anticipated following which she explained the need to devise a method to manage the received numbers where the speakers were introduced to the concept of cloud. Furthermore, the role of AI in customized advertisements was also thrown light on. While ending the extremely informative webinar by highlighting the various skills students must possess to flourish in this area, the floor was flooded with questions from participants to which Mrs. Annamraj answered with a lot of enthusiasm. The evening was concluded on a high note with the host thanking the speaker as well as all the participants.

IETE Events

Core Committee

Sr. No.	Member Name	Position

Detailed Event Report

EVENT 1

Name: Webinar on GitHub

Date of event: 14th July, 2020

Time: 5 pm

Number of participants: 120

Platform: Google meet

Event description:

Content:

- GitHub was taught from scratch
- A short demo of Git
- Perform exercise alongside
- A short tour of GitHub

Speaker: Ashish Nehete

- Currently DevOps Engineer at WorkIndia
- Intern Analyst at Barclays
- Sr. Software Analyst and Branding Associate: Cyklo
- Second runner up at IICDC 2017

EVENT 2

Name: Webinar on Drones

Date of event: 20th July, 2020

Time: 5 pm

Number of participants: 150

Platform: Google meet

Event description:

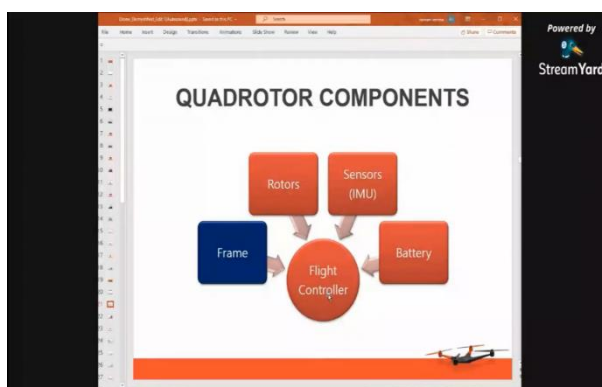

Content:

- sight about unmanned aerial vehicles
- Types of Drones
- Potential of drone's industry applications
- Programming of microcontrollers
- A certificate of participation was given to participants who properly attended all the sessions.

Speaker: Raman Verma

- Research assistant at IIT-Bombay
- Mechanical Engineer from NIT Tiruchirappalli

EVENT 3

Name: Webinar on Demystifying Data Applications

Date of event: 15th August, 2020

Time: 5 pm

Number of participants: 70

Platform: Google meet

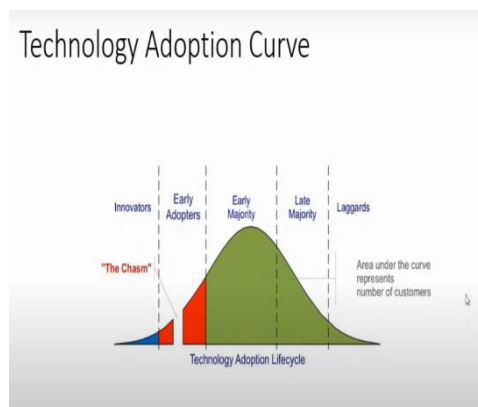

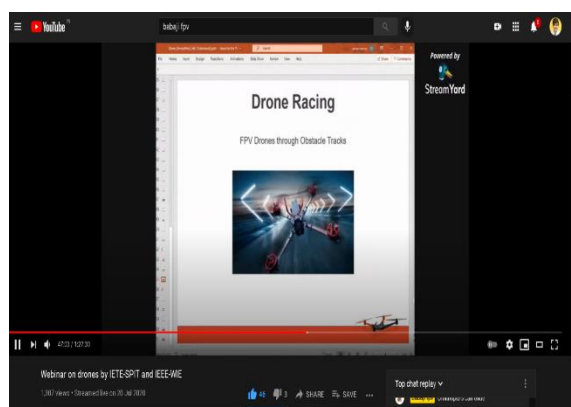

Event description:

Content:

- Gave exposure to various fields like AI, ML, DL, and DS.
- Explained the difference between these Buzzwords like AI, ML, DL, DS.
- A certificate of participation was given to participants who properly attended all the sessions.

Speaker: Ajinkya Kolhe

- Data Analytics and machine learning instructor at Google
- Speaker at Google Developers India Conference
- Ex-Senior Associate at Morgan Stanley

EVENT 4

Name: Acing Projects Internships and Placement

Date of event: 20th & 21st August, 2020

Time: 7pm to 8pm

Number of participants: 60

Platform: Google meet

Event description:

In today's competitive world every employer is looking for the best candidate with work experience, whether that's from internships, projects, or actual job experience. To help students and clear their doubts regarding this IETE - SPIT organized a two-day Webinar on Acing Projects Internships and Placement.

- Day 1: -
- Speakers: Gopala Dhar, Tejveer Singh, Bhardwaj Bhatt, and Summedh Kalnawat.
- They are founders of KRED Robotics Pt. Ltd
- Winners of TI-IIICDC 2018
- Winners of E-Yatra 2017
- Winner ARP – Action Research Project 2018,19
- Semi-Finalists TCS – EngiNX 2018
- Day 2: -
- Speaker: Abhishek Gupta: Experienced as an Incoming SDE at JPMC, Flutter App Developer at E-Yatra, IIT Bombay, Code for Good at J.P. Morgan, Intern at Commuter Safety as app developer, Skymeeet, Fractal Analytics, Suven Consultants and Tech Pt. Ltd.
- Speaker: Siddhant Bhagat: Incoming Senior Analyst at GEP Worldwide, Management Consultancy Intern at Mahindra Rise, Research Intern at Indian Institute of Management Ahmedabad, Programming Strategy and Insights Intern at Star TV Network Internship.

EVENT 5

Name: Competitive Coding

Date of event: 3rd October, 2020

Time: 4 pm

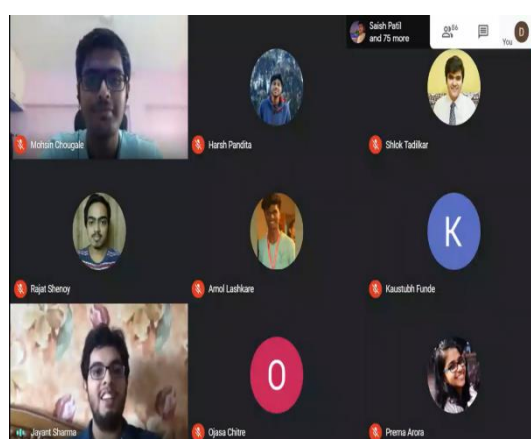

Number of participants: 86

Platform: Google meet

Event description:

- This webinar was organized for students as we had got a lot of requests from EXTC and ETRX students to keep a webinar on competitive coding with a highly experienced speaker.
- For this event, we collaborated with ITSA.
- **Speaker:** Jayant Sharma
- 6 stars at Codechef, Master level coder at CodeForces
- Currently working as Software Engineer at Google
- Interned in Goldman Sachs
- Problem Setter in HackerEarth and Codechef
- Won the Amazon Coding Wizard ML Hackathon, Semifinalist at Google CodeJAM, Coding Hackathon at Goldman Sachs
- Finished 13th in the ACM ICPC globals

EVENT 6

Name: Dream 11 IPL

Date of event: 17th October, 2020

Time:

Number of participants: 40

Platform: Google meet

Event description:

- I.E.T.E conducted a fun event on the Dream 11 platform. In it, participants had to make teams and can win great prizes. They had to play over 4 weeks of Fantasy Cricket at a Fraction of a Cost of a Dream 11 competition and win bigger prizes.

Prizes:

- 1. Amazon Prime Membership (1 year) + Cash Prize
- 2. Disney + Hotstar membership (1 year) + Cash Prize

EVENT 7

Name: Dreams fulfilled at IIT Bombay

Date of event: 8th January, 2021

Time: 6 pm

Number of participants: 40

Platform: Google meet

Event description:

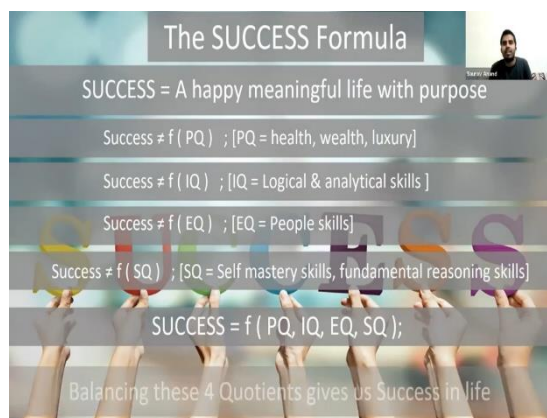

For this event, we had collaborated with CSI-S.P.I.T.

Content:

- Discussions and Insights:
- Know your vices
- Power of association
- Character, The Real Wealth
- Add purpose to your life

Speaker: Mr. Saurav Anand

- Has completed B. Tech from the prestigious institute, IIT Bombay, in Aerospace Engineering in the year 2019.
- He has been the organizer for renowned programs such as Mood Indigo & Tech Fest at IIT Bombay
- He was one of the active organizers at E-Cell IIT Bombay
- He worked in Gulfstream Aerospace for several months & currently works as a Creative Technologist at Leo – Burnett.
- Registered candidates will be given E – Certificate which can be added to the CV.

EVENT 8

Name: How to Monetize your Career

Date of event: 18th January, 2021

Time: 7 pm

Number of participants: 100

Platform: Zoom Meeting

Event description:

For this event, we had collaborated with the FAC committee of S.P.I.T and Collegepond.

It was an Online Test Prep & Career Guidance Workshop. We conducted an Online Test Prep and Profile Building Workshop for the students of Sardar Patel Institute of Technology who wish to pursue their education abroad.

EVENT 9

Name: Web Development Workshop

Date of event: 8th – 10th February, 2021

Time: 7 pm

Number of participants: 2200

Platform: Zoom Meeting

Event description:

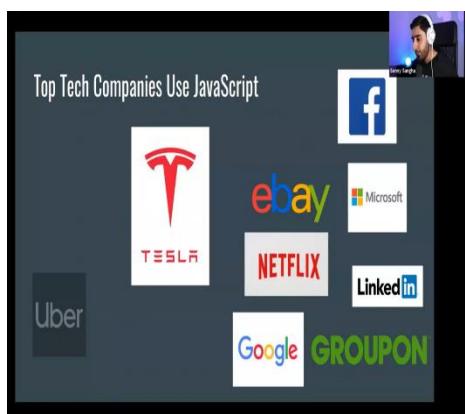

- This event was a collaboration with various committees of 13 reputed colleges. To name some we had collaborated with colleges like VIT-Vellore, VNIT, and many more reputed colleges.

Content:

- Full-stack development was taught from scratch
- Hands-on Projects
- Certificates will be given to participants

Speaker: Mr. Sonny Sangha

- He is the CEO of PAPA React, Ex-member of Clever Programmer

EVENT 10

Name: Webinar on Tips to crack Job Interviews

Date of event: 27th February, 2021

Time: 6 pm

Number of participants: 40

Platform: Web Conference

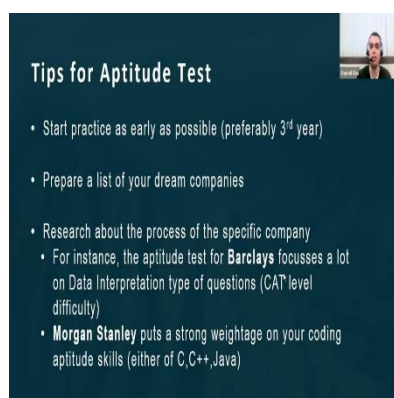

Event description:

- This event was organized to guide students on how to crack technical and non-technical job interviews.

Speaker: Mr. Sharad Oza

- He is a Corporate Trainer & Full Stack Developer at JPMC.

EVENT 11

Name: Session on Data Analytics using Python

Date of event: 28th February, 2021

Time: 2 pm

Number of participants: 80

Platform: Zoom

Event description:

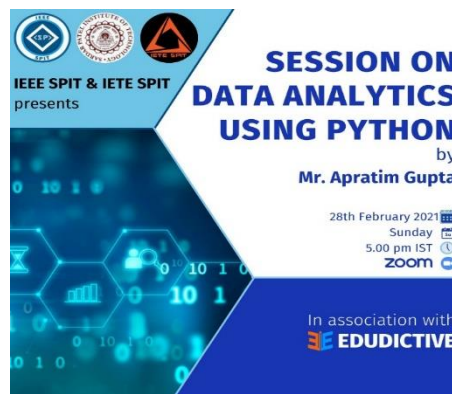

For this event, we had collaborated with the IEEE committee of S.P.I.T.

Content:

- Introduction to Database and Analytics.
- Importance of Database and Analytics.
- Why opt for Analytics as your career option.
- Introduction to SQL and its importance.
- Introduction to Python and Visualization.
- Python hands-on.

Speaker: Mr. Apratim Gupta

- Developer Analysts at Netomi
- Experience of 1.5 years as Data Science and Business Intelligence Analyst at INDwealth

EVENT 12

Name: Webinar on Introduction to C

Date of event: 28th February, 2021

Time: 2 pm

Number of participants: 80

Platform: Google Meet

Event description:

Content:

- Everything will be taught from scratch
- Certificate will be given to all participants
- Complete C programming webinar targeted to introduce a programming language
- Free of cost

Speakers:

- Pritam Mane: Incoming Cloud developer at ICICI LOMBARD
- Kimaya Desai: Incoming SDE at JPMC
- Competitions:
 - Finalist Eyantra 2018
 - Finalist ACCS 2020
 - Semifinalist SIH Hardware Edition 2020

EVENT 13

Name: Raiders of Virtual Treasure

Date of event: 14th March, 2021

Time: 2 pm

Number of participants: 40

Platform: Google meet

Event description:

- For this event, IETE had collaborated with the ACE committee of MCA.
- We had merged the essence of a treasure hunt and a text-based adventure in the virtual medium. Participants had to start with some clues, solve them, you reach another location with more hints. They got a chance to kindle the explorer in them. They had to venture out on the journey to claim The Virtual Treasure.
- Participants had to compete with friends in this amazing and interactive hunt.
- We had created a relay of 12 websites where one website will help one candidate to reach on another website.
- They had to follow a storyline and find answers
- The correct answer led them to the next location
- Registration fees: Rs. 50

POST-SERIES 1

Name: Tech Stories

Start Date: 6th July, 2020

Platform: Instagram, LinkedIn, and I.E.T.E Website.

Description: We posted technical updates in the world in every week. The audience got to know how technology will reshape the world by leaps and bounds amplifying knowledge up to the hilt.

Link to posts:

Website: https://iete.spit.ac.in/?page_id=20

Instagram: https://www.instagram.com/iete_spit/

LinkedIn: <https://in.linkedin.com/company/iete-spit>

POST-SERIES 2

Name: CEO of the Week

Start Date: 5th August, 2020

Platform: Instagram, LinkedIn, and I.E.T.E Website.

Description: Ever Gussed what goes onto the minds of the CEOs when they lead such a dynamic and skillful team to carry forward the innovation and achieve market expectations. IETE brought the weekly posts on the CEOs of such companies to tell you about their journey and what they truly believe in.

Link to posts:

Website: https://iete.spit.ac.in/?page_id=20

Instagram: https://www.instagram.com/iete_spit/

LinkedIn: <https://in.linkedin.com/company/iete-spit>

POST-SERIES 3

Name: Electronics Curiosities

Start Date: 7th August, 2020

Platform: Instagram, LinkedIn, and I.E.T.E Website.

Description: The field of Electronics finds its application in information processing, telecommunication, and signal processing, and many more areas. IETE -SPIT posted every Friday with some enthralling facts about electronics.

Link to posts:

Website: https://iete.spit.ac.in/?page_id=20

Instagram: https://www.instagram.com/iete_spit/

LinkedIn: <https://in.linkedin.com/company/iete-spit>

POST-SERIES 4

Name: Movie of the week

Start Date: 5th March, 2021

Platform: Instagram, LinkedIn, and I.E.T.E Website.

Description: In this post series we covered the technology behind sci-fi movies. We covered aspects like How those technologies work? Is it possible to implement them in the real world? and many more.

Introduction

Formed in 2009, CSI-SPIT is an altruistic society in college initiating workshops, events and seminars to explore the cornucopia of information other than the regular curriculum offered by the university.

As part of our endeavour to bring together and assimilate various aspects of technical and non-technical education, a number of seminars and workshops are conducted by professionals imparting knowledge to the students of the college. It also encourages member students to organize events by themselves so that it imbibes in them the skills of management, self-confidence and helps to exchange views and information, learn and share ideas. CSI-SPIT aims at exploring the acme within every individual so that they can realize their dreams.

As a result of continuous efforts, over the last 11 years, it has successfully created a committee of students that are enthusiastic and driven by the ambition to explore. It has positively impacted the members of CSI-SPIT through our workshops, seminars and non-technical events and fostered the spirit of helping one another learn something new.

Detailed Event Report

Code Housie

Date: 21/08/2020

Competitive Programming has been one of the cornerstones of the field of computer science and is slowly turning into a prerequisite for almost all Engineering students. In an attempt to help the students of S.P.I.T. get familiar with competitive programming but at the same time make the event interesting, fun and educational, CSI S.P.I.T. hosted its first event for the current academic year. This event consisted of a set of special Housie tickets which were distributed among all the participants. Each Housie ticket consisted of random numbers and each number was mapped to a problem statement. Whenever any participant successfully solves a problem statement, the corresponding number on the ticket could be ticked off. Just like a traditional Housie game, different prizes were allotted to participants who could complete an entire row of their ticket. This event witnessed a very good participation from all branches of the second year who were especially impressed by the idea of a fun technical event. The winners were awarded with cash prizes and certificates.

“This was by far one of the best ways to learn competitive programming and have fun at the same time!”

- Kushal Shah, one of the participants of the event.

The event was a huge success and marked a good start of CSI S.P.I.T’s academic year.

Introduction to Hackathons - A Webinar

Date: 20/09/2020

Hackathons have become the talk of the town in recent times and many Hackathons have helped numerous participants brainstorm their way through a problem statement and produce an actual usable solution in a limited period of time. However not everyone is familiar with the concept of a Hackathon, especially students who are in the initial years of their engineering course. In order to ensure that all the college students are familiar with the idea of a Hackathon and at the same time know how to perform efficiently in any Hackathon, CSI S.P.I.T organised the Hackathon Webinar. This webinar consisted of a panel of speakers namely Siddhesh Jadhav, Bhavya Meghnani and Darshan Patil who are Hackathon winners and have cracked multiple Hackathons. The speakers of this session guided all the participants by explaining each and every stage of a Hackathon. With the help of their experience, they provided useful insights to the participants and were able to convey the importance of participating in Hackathons and managing time and resources efficiently. In order to eliminate any kinds of doubts in the minds of the participants, the speakers were also given a sample problem statement where they went through their thought process and covered the ideation part of the problem statement followed by a brief idea on how they would manage their time and distribute work in their team. The webinar witnessed a strong participation of 80 attendees and was applauded by the participants who were able to get a clear idea about Hackathons through this webinar.

Ethical Hacking Workshop

Date: 10/10/2020

Cyber Security is one of the most important points to consider in a world where almost everything can be available at our fingertips. Keeping this in mind CSI S.P.I.T. organized the ethical hacking workshop led by Luv Gupta on 10th October. The workshop started by informing all the participants of the prerequisites required to make the best out of the workshop. The participants were first informed about the importance of Cyber Security and how it is becoming one of the major concerns of big tech giants. To expand on this topic, the speaker explained that the best way to tackle this issue is to put ourselves in the shoes of a hacker and learn what he or she is capable of. To demonstrate this point, Luv started a hands-on workshop wherein all the participants were guided through a step by step tutorial on how to gain remote access to any Android mobile phone. This demonstrated the vulnerability of the modern smartphone and how the privacy of any victim can be easily violated. Lastly the speaker highlighted important points covered in the workshop, especially the ones where the participants were informed about all the basic precautions they can take to protect their privacy. The workshop was a great success and witnessed a participation of 70 interested attendees who had a better understanding of the importance of cybersecurity by the end of the workshop.

SE Hackathon

Date: 06/12/2020 - 07/12/2020

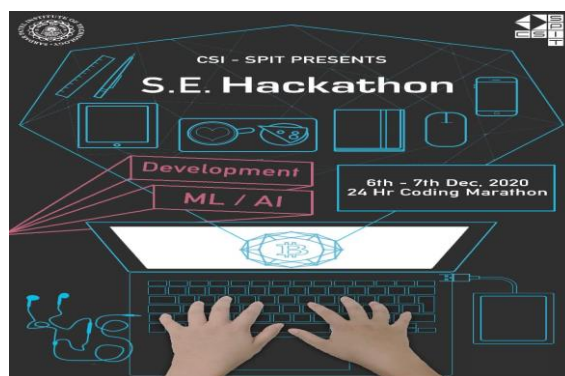

The main purpose of the SE Hackathon organised by CSI S.P.I.T. was to help the Second Year students of the college get an experience of how a Hackathon works and there was no better way to do that than participate in one. Keeping in mind that this Hackathon would be the first Hackathon of a lot of students, CSI S.P.I.T. designed problem statements focused specifically in domains that were well adapted to the students.

The Hackathon was scheduled on the 6th and 7th of December and witnessed a participation of 28 teams from the Second Year of S.P.I.T. which included all branches and had a team size of 3-4 students per team. The problem statements were released a day before the Hackathon in order to help the students and give them time to ideate their solutions.

The Hackathon was hosted on the AirMeet Platform and was the first virtual Hackathon organized by CSI S.P.I.T. The event was started with the humble words of Prof. Kailas Devadkar, the Faculty Coordinator of CSI S.P.I.T. This was followed by the commencement of the Coding round at 10 A.M. on 6th December. Two mentor rounds were scheduled on this day, wherein experienced seniors (Third Year students) and Hackathon winners personally went through the progress of every team and guided them on their future plan for the Hackathon.

The CSI S.P.I.T. team was constantly available for any doubts or difficulties that the SEs could face. The Coding round ended at 10 A.M. on 7th December and was followed by the presentation of different projects for the round 1 of judging. In this round, all the teams were given a chance to present their proposed solution and product in a stipulated amount of time and 5 teams out of the 28 teams were selected for the second and final round of judging.

In this round all teams presented their solution to a panel of judges and tried to explain the feasibility of implementation of their ideas in the real world. After a competitive round of presentations, team Confusion was declared as the winner of the SE Hackathon. The event was a huge success, and all the participants appreciated the initiative taken by CSI S.P.I.T. to help the second year students grow.

S.P.I.T. Hackathon

Date: 13/02/2021 - 14/02/2021

CSI S.P.I.T. organized the first virtual S.P.I.T. Hackathon which is a National level Hackathon organized every year by students of Sardar Patel Institute of Technology, Andheri. Around 200 teams from across the country applied for participation in this Hackathon and after a tough round of shortlisting, 65 teams were selected for the Hackathon. Teams from all over the country had participated in the 24 hour Hackathon which was held on 13th and 14th February, 2021.

CSI S.P.I.T. utilized the AirMeet platform to host the Hackathon in a virtual environment and also made use of WhatsApp groups and Discord channels to communicate with all the participants. The problem statements for the Hackathon were released on the eve of the Hackathon and a preference form was also floated along with the list. Based on the availability of problem statements, the teams were allotted different problem statements. The event was kickstarted with the warm greetings of Rishi Kaul, the Vice Chairperson of CSI S.P.I.T. followed by an enlightening speech by Prof YS Rao, the Vice Principal of S.P.I.T. This was followed by an informative and motivational speech by Priyadarshan Patil, the COO of Neebal Technologies. He informed all the participants about the technological achievements of Neebal Technologies and how it is the right place for any aspiring computer engineer. This was followed by a welcome speech by Sarika Singh, the Chairperson of CSI S.P.I.T, where she declared the event open.

The Problem statement allotment was revealed at 9:30 A.M. and the participants started coding at 10:00 A.M. The CSI S.P.I.T. team was available on all communication platforms, 24x7 for any doubts or concerns of the participants. Two mentor rounds were held in the course of the Hackathon and in these rounds experienced professionals from Neebal Technologies guided the participants and provided clarity on any doubts they had. After an exhausting 24 hour coding round which ended at 10 A.M. on 14th February, the participants were asked to upload all of their source code on GitLab. This was followed by the first judging round wherein all teams presented their work to the judges and answered any questions asked by the judges. Out of 65 teams, 13 teams qualified for the second round, where all the teams presented their solution in front of a panel of judges. After a very competitive round of presentations, the winners of the Hackathon were declared at 8:00 pm on 14th February and team Kepler-452b bagged the first place in the Hackathon.

The top 3 winners were awarded with cash prizes of

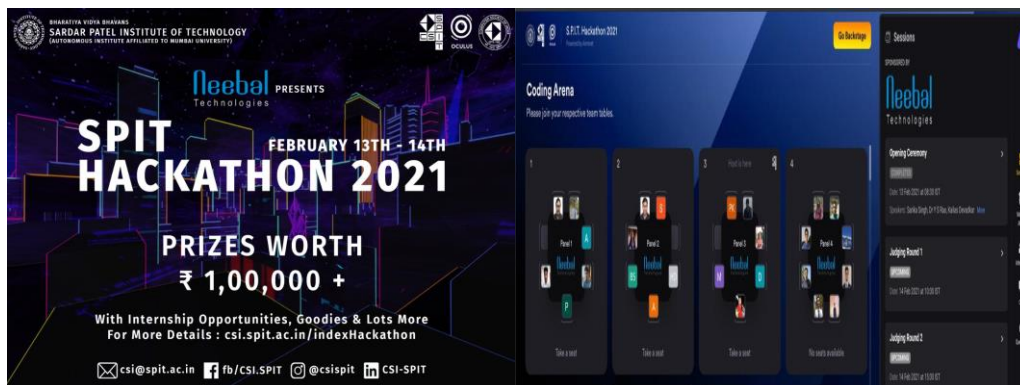

Rs. 35,000 – 1st Place

Rs. 25,000 – 2nd Place

Rs. 15,000 – 3rd Place

These cash prizes were given along with goodies provided by Devfolio and GiveMyCertificate and Certification Vouchers from Sybgen Inc.

The S.P.I.T. Hackathon was a huge success and the CSI S.P.I.T. team looks forward to holding more such events in the future.

C Workshop

Date: March to May 2021

Stepping into an engineering college can be an overwhelming experience. With new people around and multiple avenues to explore, students often find themselves confused. To help ease this transition, CSI believes in helping out first-year students through their annual C-workshop. Keeping up with this tradition, the workshop was held in this academic year as well.

The idea behind this workshop is to help students get familiarized with programming. Many first-year students do not have programming experience and require more attention and practice to learn. Our second-year subcommittee members take up this task and organize sessions to teach their juniors programming in C language. In these sessions, they try to cover the syllabus of SPA and hold doubt solving sessions. Assignments are also provided for additional practice.

These workshops have proven to be beneficial, not only because of more attention to each student, but also because they encourage the juniors to talk to seniors, who can guide them from their experience, and learn from them.

Workshop Structure-

This year, 6 sessions were held. The sessions were held over the weekends. Each session was attended by an average of 50 students, and at the end of each session, doubts were cleared and next week's assignment was given. The topics covered included-

- Datatypes and operators

- Branching and iterative structures
- Functions
- Arrays
- Strings
- Pointers
- Structures
- Recursion

These topics were covered in the sessions that lasted for 2 hours. 3-6 subcommittee members (second year students) were always present to teach and clear the doubts of the attendees.

IEEE WIE SPIT Events

IEEE Women in Engineering (WIE) is one of the largest international professional organizations dedicated to promoting women engineers and scientists, and inspiring girls around the world to follow their academic interests in a career in engineering.

IEEE WIE SPIT is the Student Branch WIE Affinity Group of Sardar Patel Institute of Technology located in Region 10. Throughout the year, the Student Branch of WIE runs various contests, competitions and seminars that are focused on the field of Science and Engineering and the role it plays in advancing technology along with celebrating women in various different fields.

In the year 2020-21, IEEE WIE SPIT conducted various technical and non-technical events starting from showing gratitude to the WIE committee of 2019-20 in their felicitation, organising seminars on UI/UX Design and even Healthcare and ending the year on a high note by celebrating Women's Week. Here's a glimpse of those.

Activity Name	Labyrinth: A digital scavenger hunt
Topic/Theme	Digital scavenger hunt
Agenda of Event	Fun activity
Speaker/Guest	-
Date	2nd August, 2020
Time	3 pm
Platform	Whatsapp
Host/Organised by	IEEE WIE SPIT
No. of Participants	120+
Co-ordinated by	IEEE WIE SPIT

Event Details:-

On the late afternoon of the last day of vacation, WIE-IEEE SPIT conducted a fun event in the form of a digital scavenger hunt under the name of “Labyrinth”. The event was open to colleges all over India and witnessed an impressive response.

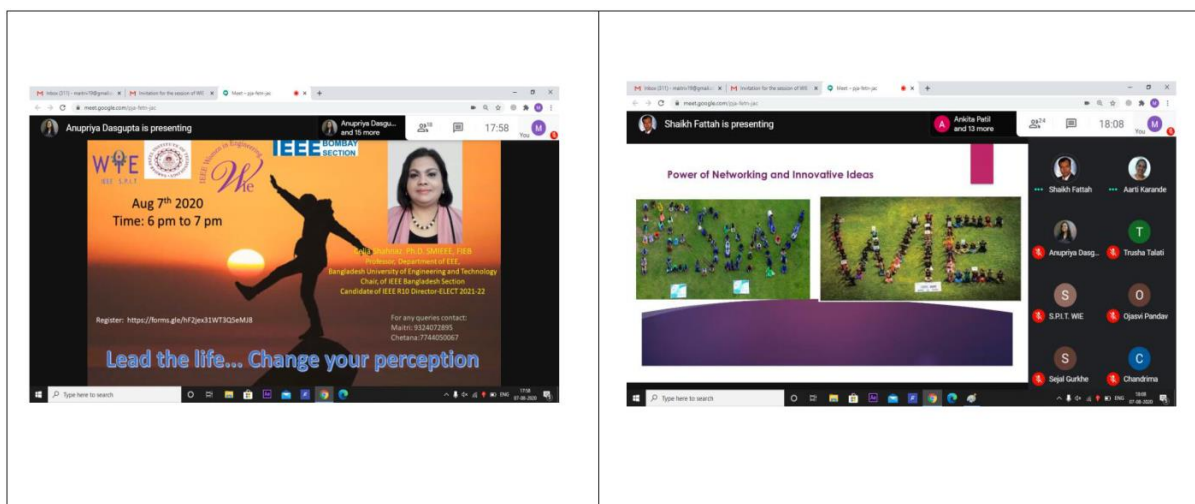

The 4-hour long event was divided into two parts with a total of 20 riddles in the form of password protected PDFs. The teams were divided among the committee members who were the game masters with each member being in charge of around 9 teams.

Activity Name	Webinar
Topic/Theme	Lead the Life
Agenda of Event	Motivational Talk
Speaker/Guest	Dr. Celia Shahnaz
Date	7 th August, 2020
Time	6pm
Platform	Google Meet
Host/Organised by	Dr. Aarti Karande
No. of Participants	35+
Co-ordinated by	

Event Details:-

On the evening of 7th August, WIE-SPIT organized a webinar to motivate the students to „Lead their Life“, sponsored by IEEE Bombay Section and WIE Bombay section. As we say, „Actions speak louder than words,“ she not only made us aware of the power of networking, relations and new ideas but also showed us its impact through her life journey. All ideas, small or big, have the ability to change the world and the littlest and greatest of our steps lead to the progress of humanity.

Her work told a tale of innovation, hard work and achievement. Her inspiring words left all the students deeply encouraged to create and persevere towards the success of their creation. The webinar ended on a high note with the speaker giving the students advice and leaving them encouraged.

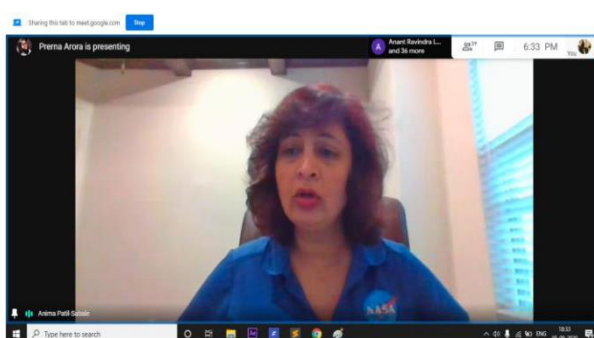

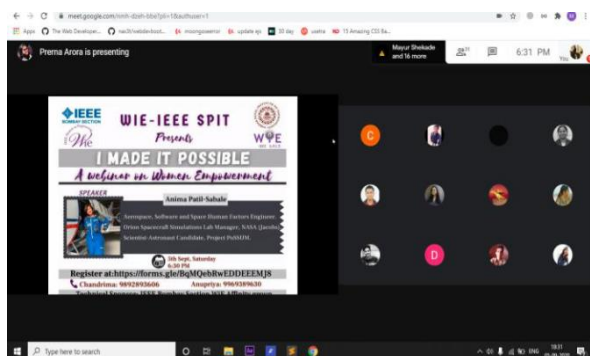

Activity Name	Webinar
Topic/Theme	I Made It Possible
Agenda of Event	Women Empowerment
Speaker/Guest	Anima Patil-Sabale
Date	5th September, 2020
Time	6:30 pm
Platform	Google Meet
Host/Organised by	Dr. Aarti Karande
No. of Participants	60+
Co-ordinated by	WiE-SPIT Committee

Event Details:-

On 5th September 2020, WIE-SPIT team hosted a webinar on women empowerment, sponsored by IEEE Bombay Section and WIE Bombay section. The speaker Anima Patil Sabale took the students on a thrilling ride of her journey full of ups and downs and how she made her most difficult dream of all come true. To top that she also motivated everyone on how to deal with criticisms and taunts that one has to face in life.

She is a Software and Aerospace engineer currently working at NASA's Johnson Space Center for Jacobs as Orion Spacecraft Simulations lab manager and xEMU Spacesuit Engineer. Her work has been recognised and appreciated by people everywhere. Her journey was really inspiring and relatable at some points which made the attendees feel a special connect with her. The webinar ended on a high note with the speaker giving the students advice and leaving them encouraged.

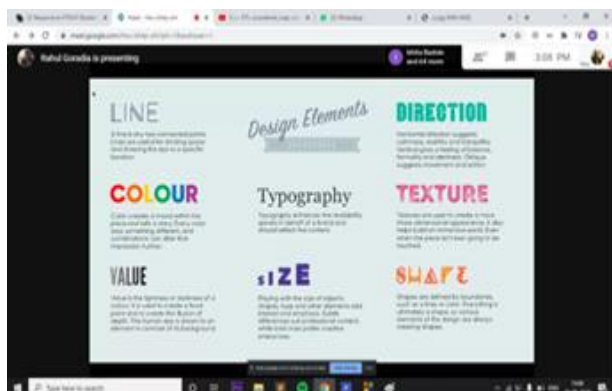

Activity Name	Webinar
Topic/Theme	UI/UX Designing
Agenda of Event	Educational Talk
Speaker/Guest	Rahul Goradia
Date	20 th September, 2020
Time	3pm
Platform	Google Meet
Host/Organised by	Dr. Aarti Karande
No. of Participants	70+
Co-ordinated by	WiE-S.P.I.T Committee

Event Details:-

On 20th of August, WIE-SPIT organized a webinar on UI/UX designing. The speaker Mr Rahul Goradia gave us very useful insights on the topic. The speaker shared helpful insights on homework to be done by the students to explore different features like typography, colour schemes, texture and more.

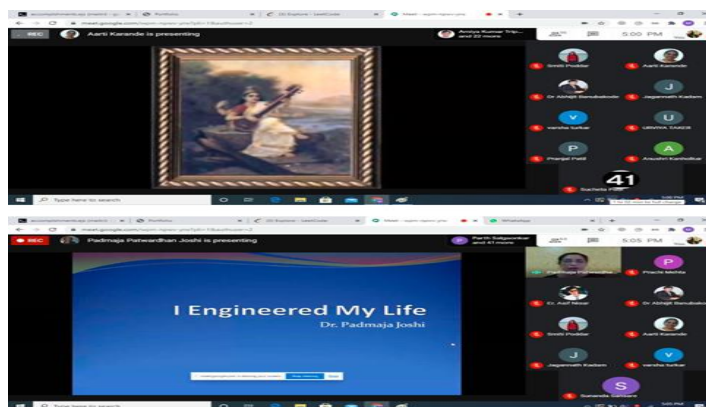

He stressed on the need for hands-on experience on key software available in the public domain (Sketch, Adobe XT, and Figma). He highlighted the importance of key personality skills like good communication which are important for key negotiations with the client. He also showed some sample designs with good colour coordinated themes.

Activity Name	Webinar
Topic/Theme	I Engineered my Life
Agenda of Event	Motivational Talk
Speaker/Guest	Dr. Padmaja Joshi
Date	3 rd October, 2020
Time	5pm
Platform	Google Meet
Host/Organised by	Dr. Aarti Karande
No. of Participants	70+
Co-ordinated by	

Event Details:-

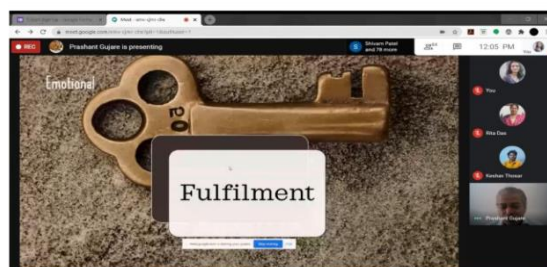

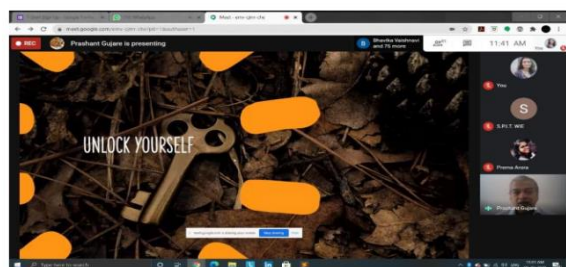

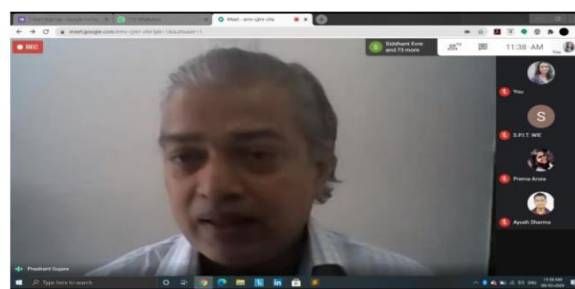

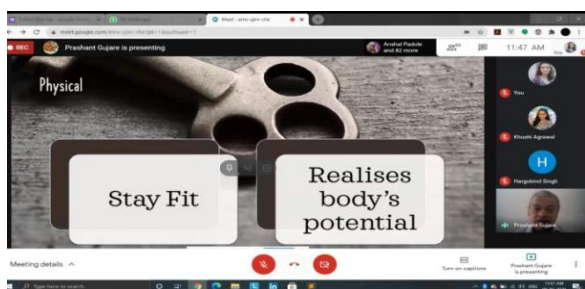

On 3rd of October, WIE-S.P.I.T. organized a webinar –I Engineered my Life, sponsored by IEEE WIE Bombay Section Affinity Group. The event was started by invoking the blessings of Saraswati, the Goddess of knowledge and wisdom. The speaker Dr. Padmaja Joshi, Senior director at C-DAC (Center for Development of Advanced Computing) gave very useful insights on the topic about life and how much it is important to manage it. The speaker shared her experience and reminded us that creativity has its rewards. She stressed on how time management is so important in one's life and one can simply do it by making a check-list, also how it is important in our day to day life. She highlighted exploring the possibilities and how one can make a world of difference. She has also showed presentation for the same and shared the story about how her colleague helped her to explore more options into presentation.

Activity Name	Webinar
Topic/Theme	UNLOCK YOURSELF
Agenda of Event	A guide to finding your true self.
Speaker/Guest	Mr. Prashant Gujare
Date	8th October,2020
Time	11.30 am to 12.30 pm
Platform	Google meet
Host/Organized by	Dr Aarti Karande
No. of Participants	80+
Co-ordinated by	WiE

Event Details:-

On 8th October 2020, WIE-SPIT team hosted a webinar on unlocking yourself. The speaker Prashant Gujare taught the students how to unlock their true potential and how failure and successes do not matter unless you keep trying and keep improving. He also gave 6 most important skills required to achieve this millennium and they are play, empathy, story, symphony, design and meaning with each of them being very well explained by him.

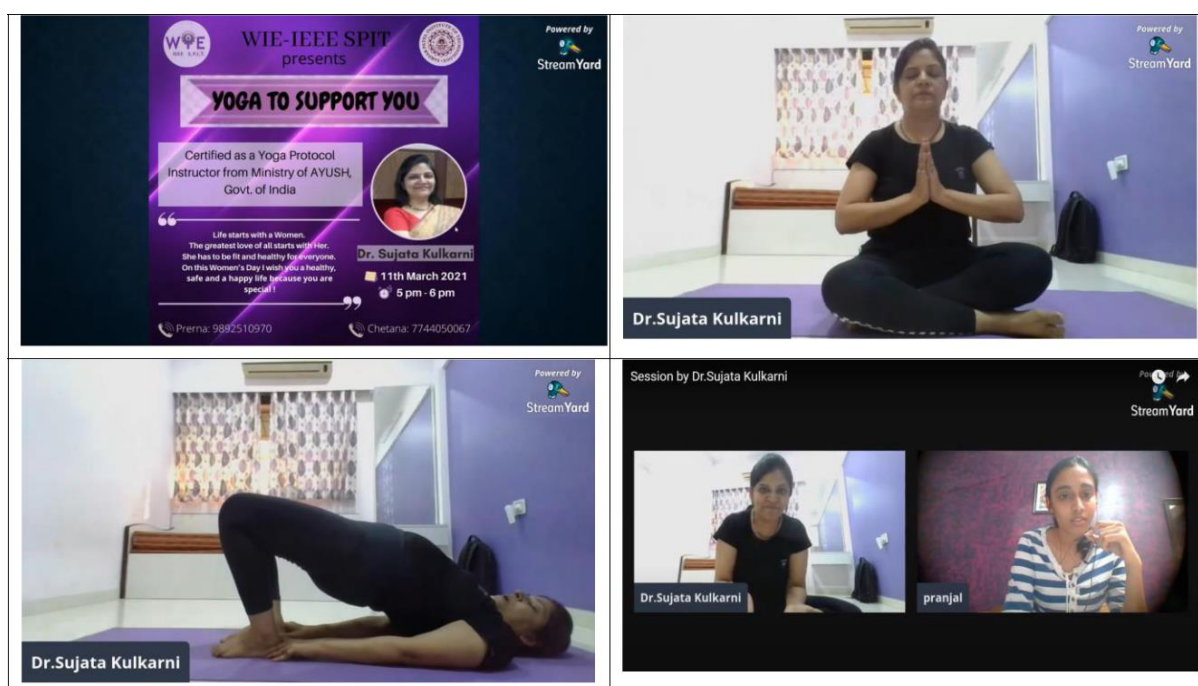

Activity Name	Webinar
---------------	---------

Topic/Theme	Yoga to support you
Agenda of Event	Informative Talk
Speaker/Guest	Dr Sujata Kulkarni
Date	11 th March, 2021
Time	05:00pm – 06:00pm
Platform	YouTube Live Stream
Host/Organised by	Pranjal Patil
No. of Participants	30+
Co-ordinated by	WiE-IEEE-SPIT Committee

Event Details: - On the background of women's week 2021, WiE-IEEE-SPIT organized a webinar on "Yoga to support you" by Dr Sujata Kulkarni. The session began by seeking the blessings of Goddess Saraswati.

The major theme of her talk was hormonal imbalance in females and how 30-40 minutes of everyday exercise and yoga help in maintaining the hormonal balance. She further explained the common symptoms of hormonal imbalance and factors that affect the normal hormonal levels. She demonstrated a few yogasanas.

Along with yogasanas she also shared a few general healthcare tips. Finally she took questions from the audience before concluding the session.

FETS Events

Core Committee for 2020-21:

Sr. No.	Member Name	Position
1	Niharika Kadam	Chairperson
2	Ankit Datta	Vice-Chairperson
3	Vishrut Chokshi	Secretary
4	Sanskar Laddha	Head of Finance
5	Sanskriti Joshi	Head of PR

Forum of Electronics and Telecommunications Students (FETS) has conducted various events around the year 2020-21. The events have been distributed over two semesters viz. odd and even. Each event has been characterized by its outcome which has been clearly listed.

Summary of Events

Sr. No.	Events	Date & No of Attendees	Target Audience	Outcome	Remarks
1.	 Webinar on “All about Data Analysis”	Dated: 08/08/20 50	All students (SE + TE + BE)	Attendees got a brief knowledge about the targeted topic i.e. Data Analysis.	Helpful, informative and well executed session.

	By Sneha Munshi				
2.	Webinar on “Embedded Systems” (Alumni Konnect) by Jayganesh Rajaraman	Dated: 5/09/20 50+	All EXTC students (SE + TE)	Attendees received a great response to their queries by the speaker.	Enlightening, explanatory, competent session.
3.	 Webinar in collaboration with ‘Aara Consultancy’ by Vinni Shah	Dated: 13/09/20 60	All students (SE + TE + BE)	Attendees received unbiased recommendations and guidance from all fields and age.	Grateful for the guidance and counseling by the speaker and the committee.
4.	 Webinar in collaboration with ‘Finance & Analytics Club, S.P.I.T’, on “Finance Decrypted”.	Dated: 19/09/20 159	All students (SE + TE + BE)	Attendees got a better insight to the knowledge of finance and where or how to make the investments.	A wonderful webinar on the evolving finance domain.
1.	Formation of FETS Subcommittee SubCom Members: • Chris Paul • Ritik Koul • Ruchi Kowarkar • Prathamesh Rathod • Aditya Kulkarni • Swarangi Vedpathak	Dated: 01/03/21 13	FE & DSE EXTC Students	8 students were included as the subcommittee members for the academic year 2020-21.	-

	- Laukik Patade - Sandeep Pillai				
2.	EXTC Week Funk Quiz (Through Social Media - Instagram)	Dated: 22/03/21- 26/03/21 200+	All Students (FE+SE+TE+BE)	Participants had fun while answering the questions of the quiz.	-
3.	 Logo Making Competition	Dated: 26/03/21 - 01/4/21 7	All EXTC Students (FE+SE+TE+BE)	The logo with best graphics was voted as winner Jayesh Bane (SE EXTC) - winner	-

ESA Events

Committee Members from 2020-2021

Sr. No.	Name	Position
1	Shrestha Agarwal	Chairperson
2	Harsh Agarwal	Vice- Chairperson
3	Kaushik Reddy	Technical Head
4	Kushagra Gautam	Head of Events
5	Niharika Mehta	Head of PR
6	Rani Tibdewal	Head of Finance
7	Divija Shringarpure	Head of Subcommittee

Subcommittee members:

- 1) Tanishq Khairnar
- 2) Devashish Rairikar
- 3) Nikita Joby
- 4) Adrika Dikshit
- 5) Tanisha Kalathil

ESA Event Report

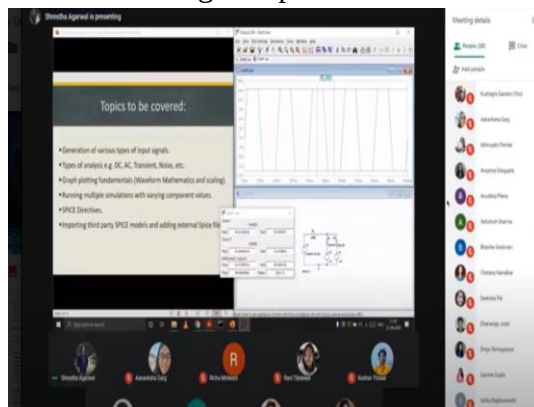

Electronics Student's Association (ESA) has had a successful academic year 2020-21, with numerous events which had the students using their brains in technical, financial and analytical domains. Whether it was Ace-A-Case where there were participants from as far as University of Birmingham, or inQUIZitive which had participants just from FE ETRX, ESA-SPIT organised events one and for all. The list of the events is attached below for further reference

Odd Semester	
Sr No.	Event Title/Particulars
1	LTSpice workshop
2	Online Guest lecture by Dr. Ashwini
3	Ace-A-Case
4	AICTE event(provided technical help for STTP 1 and STTP 2 events held in the months of December 2020 and January 2021).
Even Semester	
5	FE Induction
6	Sequel Workshop
7	Seminar on Stock Market Investing.
8	InQUIZitive

LTspice is a high-performance SPICE simulation software, schematic capture and waveform viewer with enhancements and models for easing the simulation of analog circuits.

- On 22nd August 2020 ESA organised an online workshop on LTSpice which was mentored by Shrestha, Chairperson of ESA.
- Shrestha taught about:
 1. Different types of analysis e.g. DC, AC, transient, noise etc
 2. Covered as many spice directives as possible
 3. Taught how to generate different types of input signals i.e. standard signals like sin, square and non-standard signals of some other shapes.

- Over 40 SE students attended the workshop for an hour from 5pm on Saturday.
- This workshop helped students with the ongoing online education during the pandemic times. Objectives taught in class could be implemented and studied in detail by simulating circuits online using LTSpice.

Electronics Engineering Department in association with Electronics Students Association (ESA) of Sardar Patel Institute of Technology had the pleasure of hosting and attending a very interesting guest lecture on the **29th of October, 2020** from **6pm- 7:30 pm**. We would like to extend our thanks to Professor P. V. Kasambe for bringing us this opportunity and for the motivational exposure.

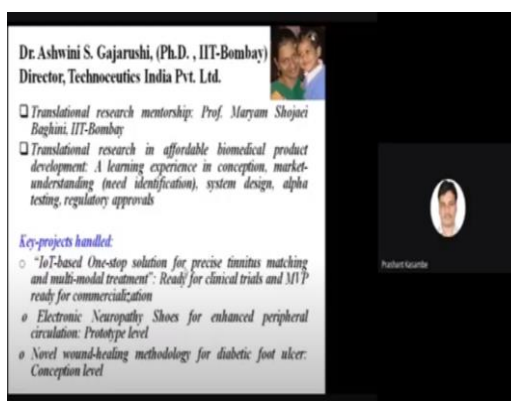

Venue: Google Meet (link: <https://meet.google.com/dkn-tcne-vab>)

<https://drive.google.com/file/d/123E6L2TBvV1oMm4kyygPBdPVjj7A14Fw/view>

Objectives of the Session:

To have an interactive session for an enhanced and more elaborate learning about:

1. Fabrication Process flow of SU8 CB Piezoresistive Cantilever
2. Fabrication Process flow of Graphene FET based Sensor
3. Characterization of sensing platforms using SEM and KPFM: Block diagram and working principle of characterization tool
4. Block diagram of signal conditioning circuit for TNT sensing platform
5. List the possible real life applications of Micro/Nano Sensing Platforms

Ace-A-Ace

The Electronics Students' Association had organised Ace-A-Case, a national online case study competition during the period of 4th November to 28th November. The competition was aimed at finding and cultivating young business minds and evaluating them on their problem solving, growth development and business analysis abilities and was held in association with Tech Table, an IIT Madras led start-up which provides mentorship and career opportunities to individuals. The details of the competition were posted on Dare2Compete, an online portal for posting college events and competitions. The event saw a huge turnout from colleges pan India with the majority of them being from Tier 1 management colleges such as IIMs, XLRI Jamshedpur, Delhi School of Business etc.

The competition was decided to consist of 3 rounds. A total of 110 teams took part in the first round of the competition, of which 10 teams were selected for the second round. After a really zealous round, 5 teams were selected for the final round. For the final round, a panel of judges were invited, consisting of the founder of Techtable Mr. Rakesh Raushan, Mr. Amarjeet Singh Lamba and Mr. Alan Anthony, alumni of BITS Pilani and our very own, professor KaisarKatchhi.

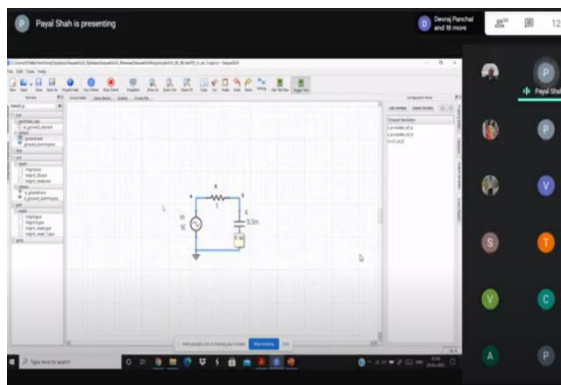

Sequel Workshop

The workshop was conducted to help the first years to get more familiarized with the simulation software. Various topics covered in this session were:

- DC Analysis

- Transient Analysis
- Steady State form Analysis
- AC analysis

The feedbacks given by the students were excellent, as this workshop provided the opportunity to get them entirely clear with the concept of SEQUEL and it also helped them develop a better understanding of the software.

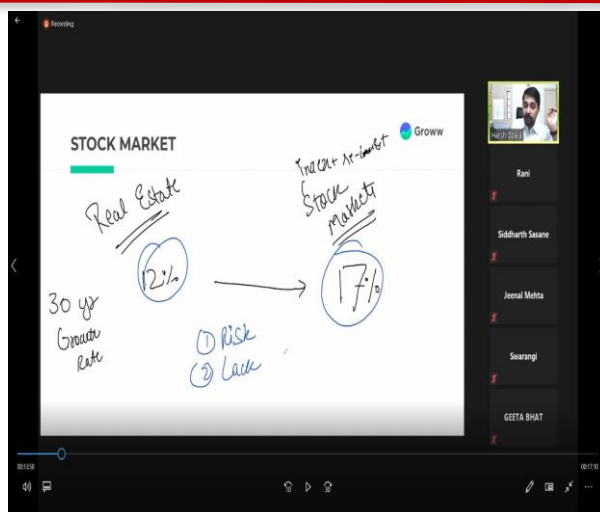

Seminar on Stock Market Investing

Electronics Students Association (ESA) S.P.I.T. in collaboration with VSM (Oculus) and Enactus S.P.I.T. hosted an online webinar on 10 March 2021 at 5:30 pm on “Finance, Investment and Stocks” covering various topics such as what is stock, what is stock market, securities, equities, IPOs, derivatives, balance sheet, financial analysis.

Objectives of the Session:

To have an interactive session to learn about and have an in-depth understanding of:

1. Stocks and Stock Market Basics
2. Stock Exchanges, Financial Intermediaries in Stock Trading and Stock Index
3. Analysis of Financial Statement

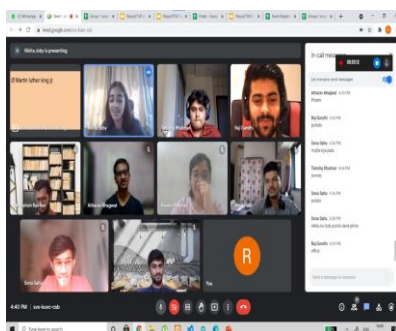

InQUIZitive

Marking the starting for the summer term , with the purpose of relaxation and having some fun the Electronics Student Association organised a fun quiz event named “inQUIZitive” on 6th June, 2021 from 4pm onwards. This quiz event was aimed to ensure the First year students unwind a bit and have some fun filled interaction among themselves as well as with the SE and TE students from the ESA.

This quiz consisted of 2 rounds and had a total 22 participants which after elimination gave us the top 6 finalists. A wide range of questions from Entertainment , Sports , Trends that have gone viral and some General Knowledge. This wide range of questions was mainly included so that no one feels left out and each person can contribute accordingly.

Each of the two round was further divided into 3 parts mainly :

1. Race Against Time - A rapid fire
2. Eureka Moments - A slightly tougher question asked individually to each participant
3. Andaaz Apna Apna - A type introduced to give brownie points to the participant with amazingly correct Estimation

ITSA Events

Committee members for academic year – 2020-2021

First name	Last name	Position	Roles
Deepak	Yadav	Chairperson	Supervises overall functioning.
Kaustubh	Funde	Vice Chairperson	Supervises PR roles.
Harsh	Pandita	Admin	Supervises Operations and Marketing roles.
Meet	Shah	Technical Head	Supervises technical roles.
Mohsin	Chougale	Finance Head	Maintains all accounts of all events conducted.
Pranjal	Patil	Creative Head	Supervises all creative works.
Jai	Joshi	Technical Lead	Manages technical work.
Shria	Srivastava	PR Lead	Manages all PR related work.
Shreya	Shetty	Creative Lead	Manages creative roles.
Mansi	Dwivedi	Creative Lead	Manges content creation.

ITSA CUP Indoor: Chess Tournament	-	Lichess	16:00	Apr 4	Sunday

ITSA Coding Quiz:

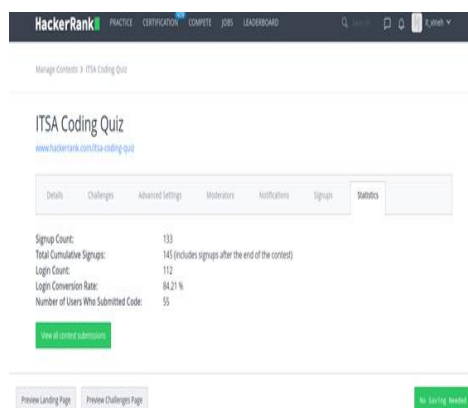

The ITSA Coding Quiz was organized with a purpose of giving a hands on to competitive programming to students. It was organized on 27th August from 7:30 PM to 8:30 PM. The

response for the event was great. The total number of signups for the event were 133. The number of people who logged in for the event were 112. So the response for the event was quite good.

Talking of the event, the event had 2 coding questions to solve in one hour. Both of them were of moderate difficulty level. The purpose of the event was justified by the level of the questions. Only 4 students could pass all the test cases of both the questions.

The 1st question was “Perform Mind Breaking Stunts” and the 2nd one was “Detective’s Substring”. The success rate for Detective’s Substring was 48.89% and the same for Perform Mind Breaking Stunts was 13.16%. Looking at these results, the participants found the 1st problem statement difficult as compared to the 2nd problem statement.

One of our participants, Mr. Mahipal Keizer exclaimed that, “It was a great learning experience and 2 hours of logical thinking and intense coding! Overall a great experience!”

Competitive Coding Seminar

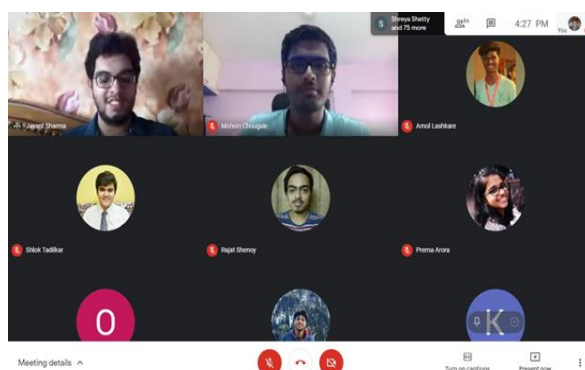

ITSA and IETE clubs of Sardar Patel Institute Of Technology organized a competitive coding webinar on 3rd October, 2020. They invited none other than Mr. Jayant Sharma an alumni of IIT Dhanbad, a six star coder on Codechef who has worked at Goldman Sachs and is currently working as a software engineer at Google. He won the Amazon Coding Wizard ML Hackathon and was a semifinalist at Google CodeJAM.

Mr. Jayant started off with a quick introduction about himself. The organizers had prepared a list of questions for him. On being asked about the importance of competitive coding he elaborated over how competitive coding inculcates the art of critical thinking in a person. People who are experienced with programming tend to have better debugging and quick thinking skills than the rest. On being asked how does coding help in placements he spoke about the coding rounds every multinational company has.

He also mentioned a few questions during the coding rounds which he appeared for various companies. He also advised the viewers to make it a habit to solve one problem everyday to crack these coding rounds. Not only this but he also gave some coding tricks and tips they need to have up their sleeve to get into their dream company. On being asked about the language popular in the competitive coding circuit he spoke about C++ being the most popular one. He also added that one should code in any language they are comfortable with. On being asked about his journey he spoke about how regularly how he use to practice competitive coding and participate in almost every contest he came across. He also mentioned about some extremely useful websites like Codechef, Codeforces and LeetCode where an aspiring competitive coder can strengthen his/her skills.

The 100 odd attendees were engaged throughout the webinar and on being given a chance, one of the most popular questions was, ‘How important is it to master data structures when it comes to competitive programming?’ He spoke about how data structures has helped him in devising solutions quickly. He also emphasized upon the importance of graph data structure on which the toughest questions are based.

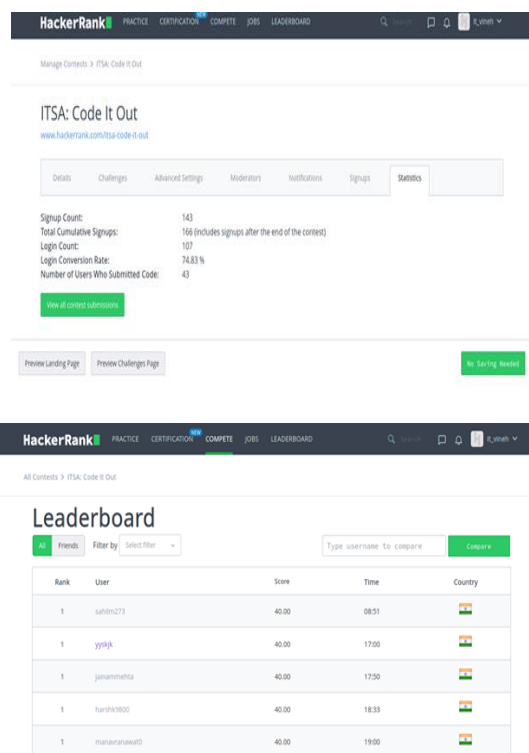

On being asked about the contests he participated in, he spoke about how he used to compete in every CodeChef challenge and after a point of time he started receiving global ranks. He also spoke about Google’s CodeJAM and what kind of topics are targeted in their questions. He also spoke about important topics in Maths one should study which would be of great use during such mega competitions. The attendees were given tips to crack the google coding rounds during placements which are considered to be the toughest of all.

ITSA Code It Out

The ITSA committee hosted one of it’s premier Coding Events this year, prior to the coding rounds of Company placement procedure at SPIT. It was organized on the 18th of February, 2021. The contest had an overwhelming response witnessing more than 200 registrations and around 70 submissions. Students from all over the country studying in colleges like IIT Madras, VIT, DJ Sanghvi, SPIT etc. signed for this contest. The students were all between first year to final year. Over 165 students took part in this event, where two coding questions were asked. These questions were set by Deepak Yadav, Chairperson of ITSA, along with

Meet Shah, Technical Head for ITSA. The platform used was HackerRank and the duration was 1 hour. There were responses from 70 user ids and out of these only 2 people managed to solve both the questions successfully. ITSA Core team members were the moderators, namely Deepak Yadav, Meet Shah and Harsh Pandita.

ITSA CUP Indoor: Chess Tournament

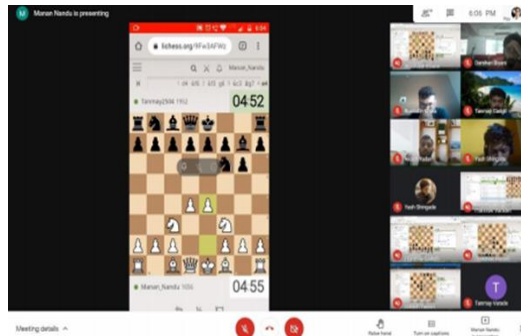

Following the most stressful days of ones' engineering life, the in semester exams and project submissions, ITSA SPIT took the initiative to help them unravel by conducting an Online Chess Tournament on the 4th of April from 5-7 pm.

Due the covid situations, ITSA team worked together exceptionally well to ensure that the participants stayed engaged and enjoyed playing while making sure to keep a firm eye in making the competition fare.

The participants were divided into 5 groups, each group having a different meet link, with two first year committee members as supervisors in each group. They made sure that all the participants shared their screens and had their videos turned on.

The tournament took place on the Lichess application. The participants were divided into teams and made to play by Lichess itself and a scoreboard was maintained by the app which showed the participants their places in the tournament.

e-Aarti Ganesh Chaturthi

Date - 25 August, 2020

ACE Committee of MCA Department organized an e-Aarti on the auspicious day of Ganesh Chaturthi on 25th August 2020. Everyone gathered on Google Meet for the event. The event was an e-Aarti which was streamed from Mr. Ninad Patwardhan's house and we all got the privilege to be a part of such an auspicious evening.

Shivam Chaubey welcomed everybody with a small address. Then things were handed over to Ninad and the event began. We all attended the aarti and sang along with family members.

Teacher's Day

Date - 5th September, 2020

Celebrating the day to honor our beloved teachers and let them know what they mean to all the students. The event was held in the presence of faculty members of the MCA department, alumni and students from SY and TY. Everyone gathered on Google Meet for the event. The event included a series of activities which were focussed towards and showing our gratitude towards our teachers and having fun while doing it. Shivam Chaubey welcomed everybody with a small address. After stating how the pandemic has hindered our ability to celebrate the event in person and urging everyone to be enthusiastic, the event commenced with virtual Diya lighting and mantra uchhar to thank the almighty. ACE asked our alumni to send us a short video talking about our faculty. It was all compiled together in one video and presented to the faculty. All members of ACE gave a speech together talking about the role and importance of a teacher in a person's lives, our faculty and how they helped us and then extended a token of thanks on behalf of the whole MCA department for their support.

Webinar on “Deep Learning”

Date - 19th September, 2020

Students learn about ensemble techniques and understanding of the two techniques based upon ensemble bagging and ensemble boosting and how these techniques are implemented in Python. The event was held in the presence of Dr. Pooja Raundale of the MCA department, and students from TY. Everyone gathered on Google Meet for the event. The event started with a welcoming note delivered by Ms. Srishti Bisht and Dr. Pooja Raundale. The speaker, Prof. Mamta Sharma, started with giving an introduction to Machine Learning and Deep Learning. Later on, the topic of Ensemble techniques was discussed at length with topics like Ensemble bagging and Ensemble boosting being thoroughly explored and their implementation discussed using Python. After a question answer session, the event was concluded by Ms. Srishti Bisht and Dr. Pooja Raundale's extension of gratitude towards the speaker.

The poster features a green and dark green background with a circular portrait of Mamta Sharma on the left. The text on the right provides details about the webinar, including the speaker's name, department, and the date.

INDUSTRY EXPERT WEBINAR

SPEAKER:
Mamta Sharma
MCA Department,
S.I.E.S. College of Management Studies

DETAILS:
Department : M.C.A.
Committee : ACE

Date : 19th September 2020

Webinar on “Software Testing to Quality Engineering”

Date - 5th October, 2020

Software Testing has been around for a long period of time and it surely has evolved and adapted to new technological advances and approaches. It surely has become a big phenomenon unlike the niche field it started from. The speaker Mrs. Parinita Patankar, started the session by telling us how she started her career and how she started as a developer, and how she got into the field of quality assurance and then how it all transitioned into software engineering. She spoke about the evolution of software testing and how software testing and quality control and all such fields are similar yet different with respect to software engineering, she also blew away some common myths about the field of testing that how it is no longer just finding and removing bugs but is far more integrated with the whole development lifecycle. She also emphasizes how hiring works in the industry and what all factors she looks into while hiring a fresher from colleges and reputed institutions. She shed some line upon what the industry norms were back in the day, what they are now and what are the expectations of a project manager from testers. This webinar witnessed a very strong response and students were very happy with the speaker and management.

Webinar of “Stress Management”

Date - 7th October, 2020

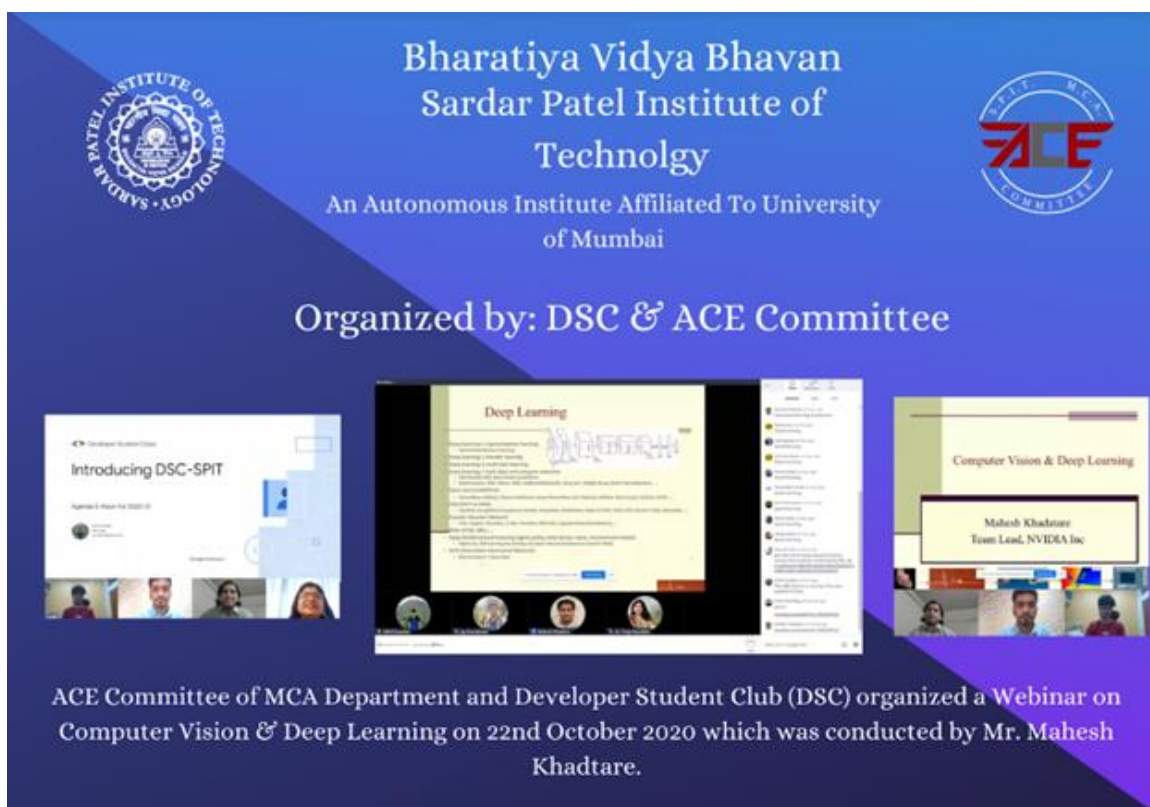

Dr. Ambrish Bhatt, was the key speaker of this stress management webinar. Speaker emphasized various aspects of the modern lifestyle and brought attention to the issues students are and will face soon. He also made us do some fun exercises which were in line with the topic and hence students were able to absorb the topic very well. He made us tell our thoughts about abstract things which made us realize how everyone has a different point of view towards the word along with similar intuitive exercises. All the attendees were having a good time. He then demonstrated how stress and time management are important aspects of our lives and how to keep them in check. In the end he showed us how to manage stress and time in our lives and demonstrated a few methods to be calm and think clearly. This webinar witnessed a very strong response and students were very happy with the speaker and management.

Webinar on “Computer Vision & Deep Learning”

Date - 22nd October, 2020

The event was based on Computer Vision & Deep Learning. Mahesh Khadatare who is a team lead at NVIDIA Santa Clara, California was the speaker and gave an in-depth presentation on use of computer vision and current deep learning projects which Nvidia has taken upon. He talked about how Computer Vision in autonomous cars can lead to the designing and development of advanced and next-gen vehicles which can overcome driving obstacles while keeping passengers safe and how such cars can transport passengers to their destination eliminating human intervention. He gives the participants an insight about the researchers and professionals who are applying computer vision technology to autonomous vehicles to make it safer for passengers and pedestrians as well.

The poster features the Sardar Patel Institute of Technology logo on the left and the ACE Committee logo on the right. The central text reads: "Bharatiya Vidya Bhavan Sardar Patel Institute of Technology, An Autonomous Institute Affiliated To University of Mumbai, Organized by: DSC & ACE Committee". Below this, three screenshots from the webinar are displayed: "Introducing DSC-SPIT", a "Deep Learning" presentation slide, and a slide titled "Computer Vision & Deep Learning" featuring Mahesh Khadatare, Team Lead, NVIDIA Inc. At the bottom, a text box states: "ACE Committee of MCA Department and Developer Student Club (DSC) organized a Webinar on Computer Vision & Deep Learning on 22nd October 2020 which was conducted by Mr. Mahesh Khadatare."

Webinar on “Security in Cloud Computing”

Date - 24th October 2020

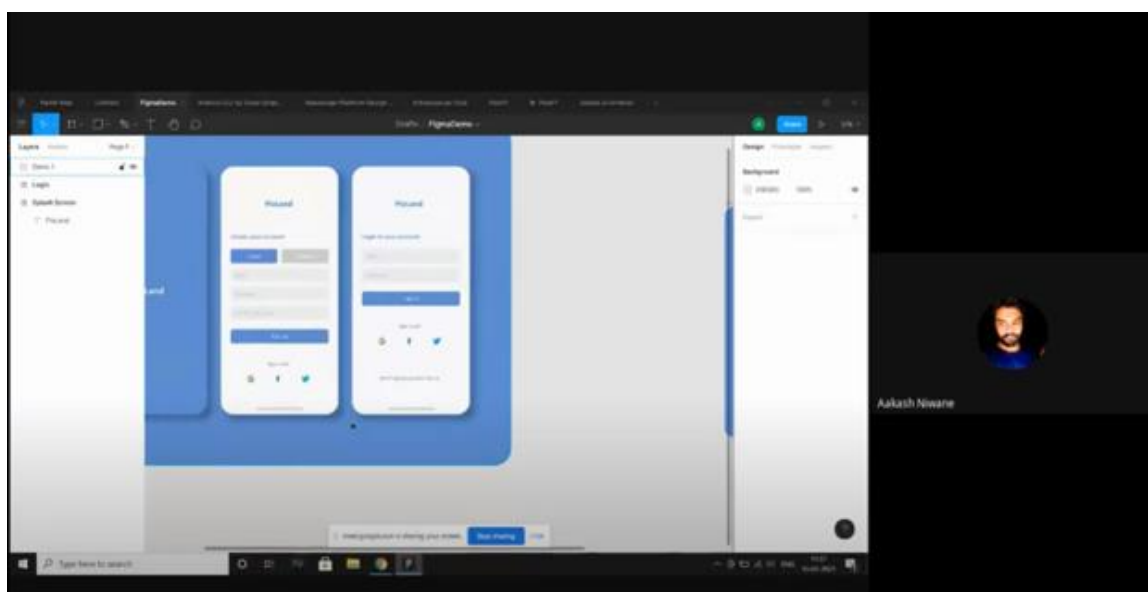

Understanding security in cloud computing with a hands-on practical session was the outcome of the webinar. The event was divided in two sections; a theory introduction and the actual hands-on practical. Everyone was instructed to make an AWS account beforehand where they would be performing the practical. Two speakers were present to give the webinar. The presentation included the information, uses and the steps for hands-on practical. The speakers explained each step properly and the students simultaneously performed it.

Hands on session on Figma tool

Date - 15th January 2021

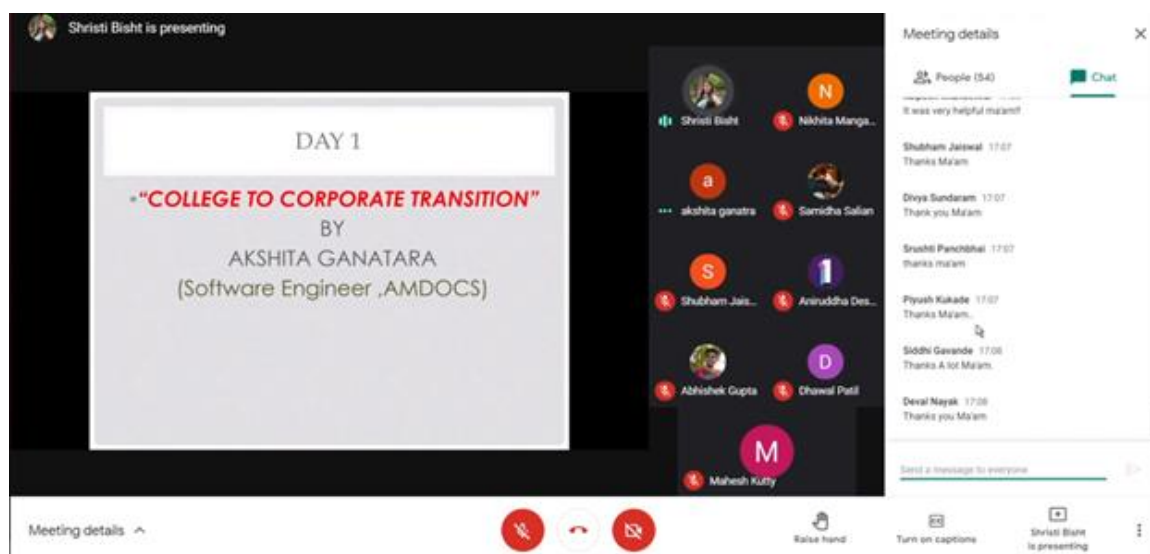

The user experience of any software application is very important nowadays. Students learn how to build very fast and optimized software applications, websites, etc but the skills or thought process needed to create a good user experience are important as well. Figma is one of the easy to learn design tools used nowadays for designing GUI for applications. The Ace Committee 2020-21 of the MCA department organized a Hands-on Webinar on Figma Tool on January 15th, 2021 (Friday) at 11:15 AM. The event was held in the presence of Prof. Sakina Salmani of the MCA department, and students from SYMCA, BE-IT and BE-Comps. Everyone gathered on Google Meet for the event. The event started with a welcoming note delivered by Prof. Sakina Salmani. The speaker, Mr. Aakash Niwane started with introducing himself. Everyone was instructed to make a Figma account and create basic shapes and styles on it. He also showed us how various UI and UX components can be incorporated and can be later exported for various frameworks.

Webinar on “College to Corporate Transition”

Date - 1st February 2021

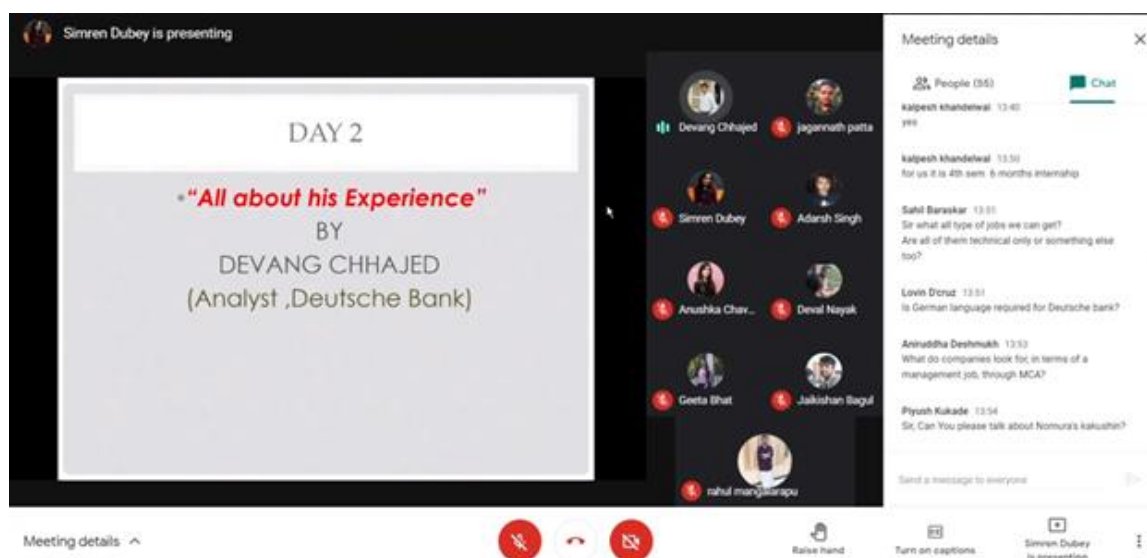

Every student has to face difficulties and challenges for working for the first time in a corporate environment. To guide the students through that process ACE Committee of MCA, S.P.I.T organised a session by Miss Akshita Ganatra. She is an alumni of MCA department, S.P.I.T and is currently working as a Software Engineer in AMDOCS. The speaker, Ms. Akshita Ganatra, started the session by briefing about how SPIT and MCA as a department focuses on its students and makes them ready for corporate environments, especially through mentor-mentee groups and regular syllabus upgradation. She focused on placement preparations, importance of communication skills, aptitude questions and importance of Mini Projects for practical implementation of your concepts. Speaker also addressed the audience's doubts. The webinar witnessed a strong participation of 51 attendees from First Year MCA and was applauded by the participants who were able to get a clear idea about their going to be journey in S.P.I.T through this webinar.

Webinar on “All about his experience” by Devang Chhajed

Date - 2nd February, 2021

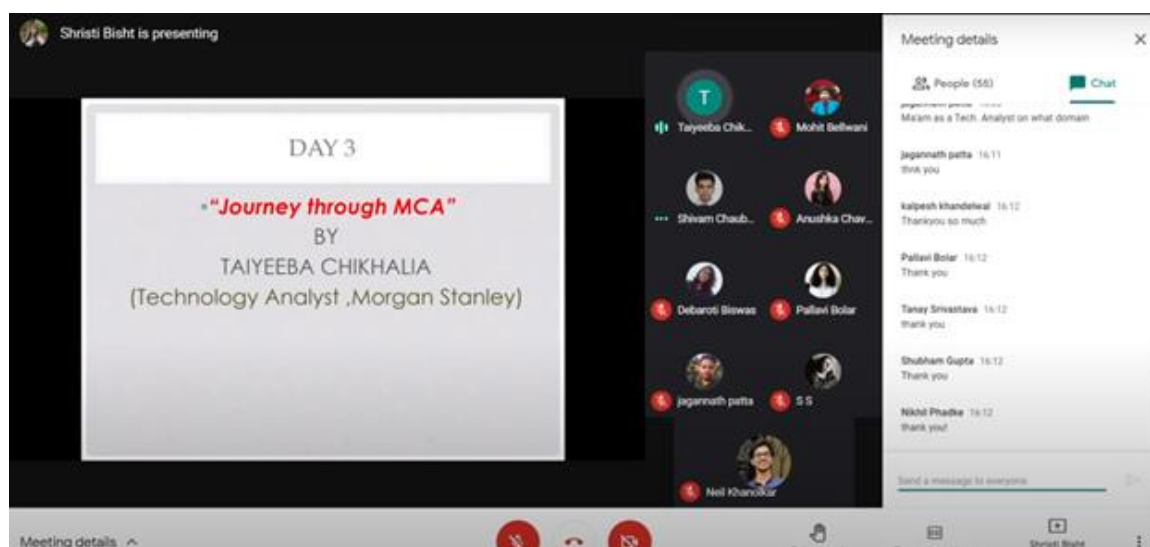

Every Student has a curiosity about how his journey is going to be or will he/she be able to face the competition and achieve their dreams. To help the students understand the process of evolving through various stages of achieving their goal and living a memorable journey. The ACE committee of MCA Department, S.P.I.T organized a webinar on “All about his journey” Transition by Mr. Devang Chhajed. Mr. Devang Chhajed is an alumni of MCA department of S.P.I.T and is working as an Analyst in Deutsche Bank, he is also the co-founder of Coding Club S.P.I.T. He started the session by briefing about how S.P.I.T and MCA as a department focuses on its students and makes them ready for corporate environments, especially through mentor-mentee groups and regular syllabus upgradation. She focused on placement preparations, importance of communication skills, aptitude questions and importance of Mini Projects for practical implementation of your concepts. Speaker also addressed the audience's doubts. The webinar witnessed a strong participation of 54 attendees from First Year MCA and was applauded by the participants who were able to get a clear idea about their going to be journey in S.P.I.T through this webinar.

Webinar on “Journey through MCA” by Taiyeeba Chikhalia

Date - 3rd February, 2021

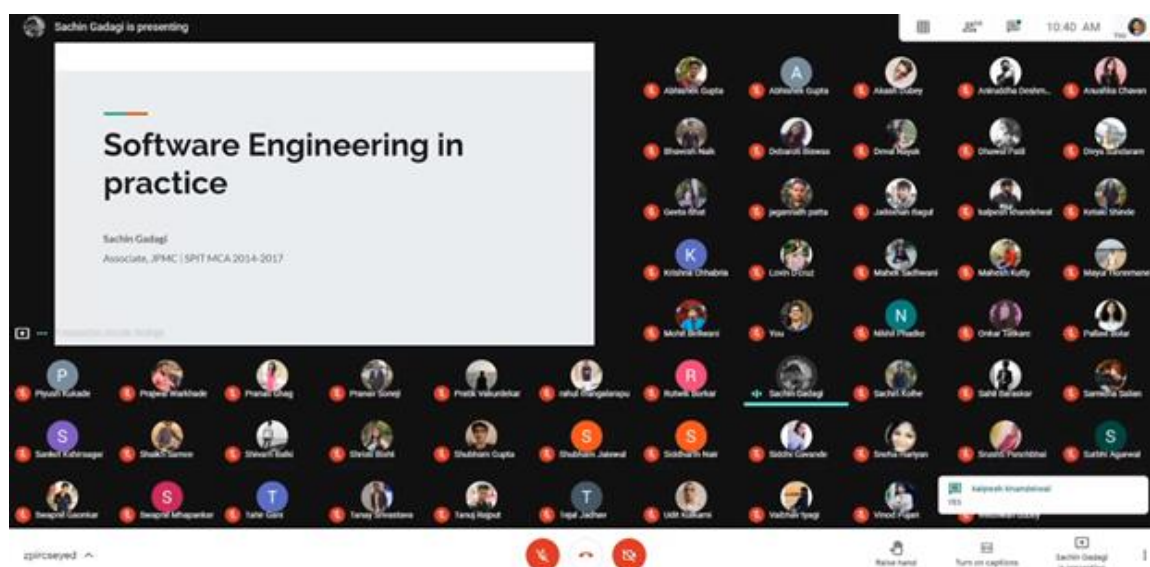

Every student Goes Through Hardship of getting placed in a good company . To guide the students through that process ACE Committee of MCA, S.P.I.T organised a session by Miss Taiyeeba Chikhalia. She is an alumni of MCA department, S.P.I.T and is currently working as a Technology Analyst in Morgan Stanley. The event started with a welcoming note delivered by Mr. Shivam Chaubey. The speaker, Ms. Taiyeeba Chikhalia, started the session by introducing the different hackathons and coding platforms on which the students should focus on while pursuing MCA course which will improve their professional competence. She also talked about the recruitment process through hackathon and other projects related queries. After a question answer session, the event was concluded by Mr. Shivam Chaubey’s extension of gratitude towards the speaker. Speaker also addressed the audience's doubts after that. The webinar witnessed a strong participation of 53 attendees from First Year MCA and was applauded by the participants.

Webinar on “Industry Trending Technologies”

Date - 4th February, 2021

To guide the students through the process of the trending Technology in the industry ACE Committee of MCA, S.P.I.T organised a session by Mr. Sachin Ghadgi. He is an alumni of MCA department, S.P.I.T and is currently working as an Associate Software Engineer at JPMorgan Chase. The event started with a welcoming note delivered by Mr. Pranav Soneji. The speaker, Mr. Sachin Ghadgi, started the session by focusing on the tech aspect and some good tech stacks. He also talked about the difference between industry and academics while encouraging the students to use GIT and a good stack for mini projects. After an extensive question answer session, the event was concluded by Mr. Pranav Soneji's extension of gratitude towards the speaker. Speaker also addressed the audience's doubts after that. The webinar witnessed a strong participation of 57 attendees from First Year MCA and was applauded by the participants.

Webinar on “Fundamentals of Programming”

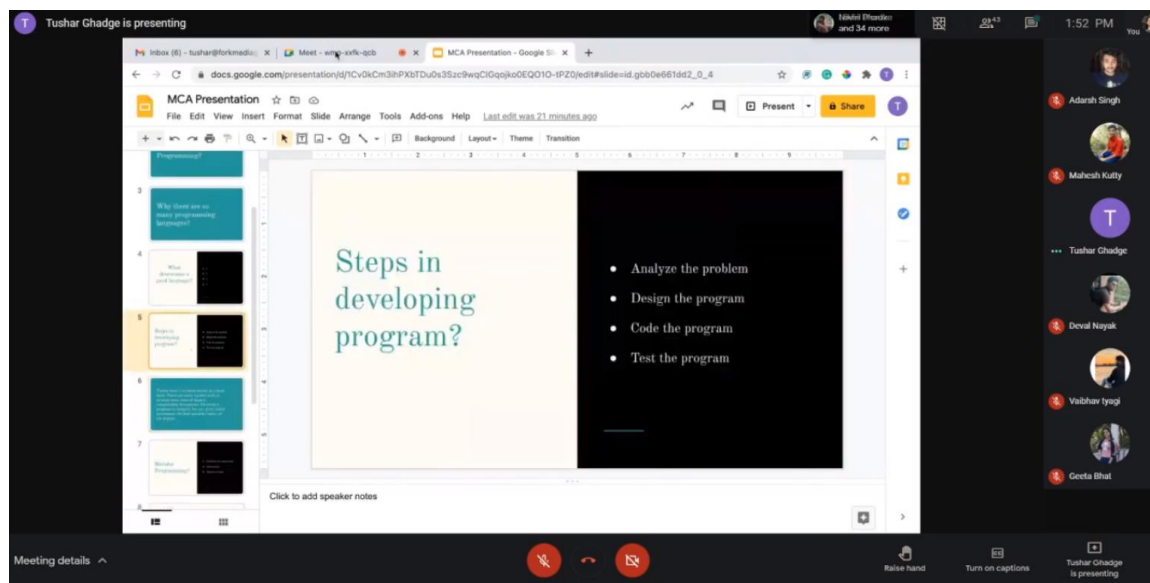

Date - 5th February, 2021

The Ace Committee 2020-21 of MCA department organized a webinar on the topic

“Fundamentals of Programming” on February 05th, 2021 at 01:15 PM. The event was held in the presence of students from FY. Everyone gathered on Google Meet for the event.

The event started with a welcoming note delivered by Mr. Amar Gurav. The speaker,

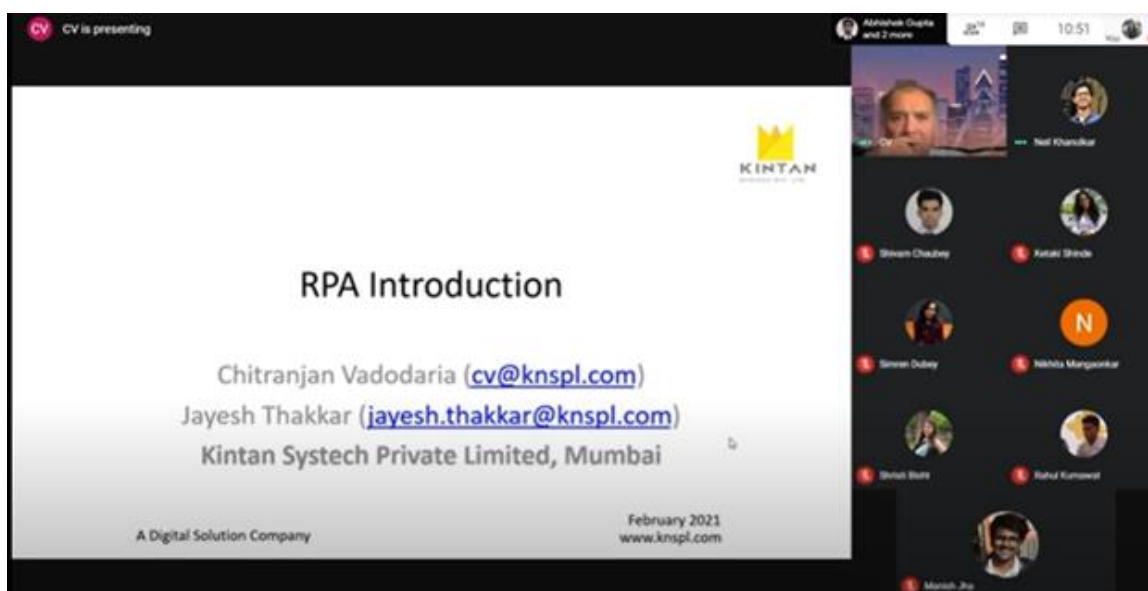

Mr. Tushar Ghadge, started the session by introducing different aspects of programming. He also explained the reason for the abundance of programming languages and that students should focus on learning the basics before switching to any framework. After an extensive question answer session, the event was concluded by Mr. Amar Gurav’s extension of gratitude towards the speaker.

Expert talk on RPA

Date - 23rd February, 2021

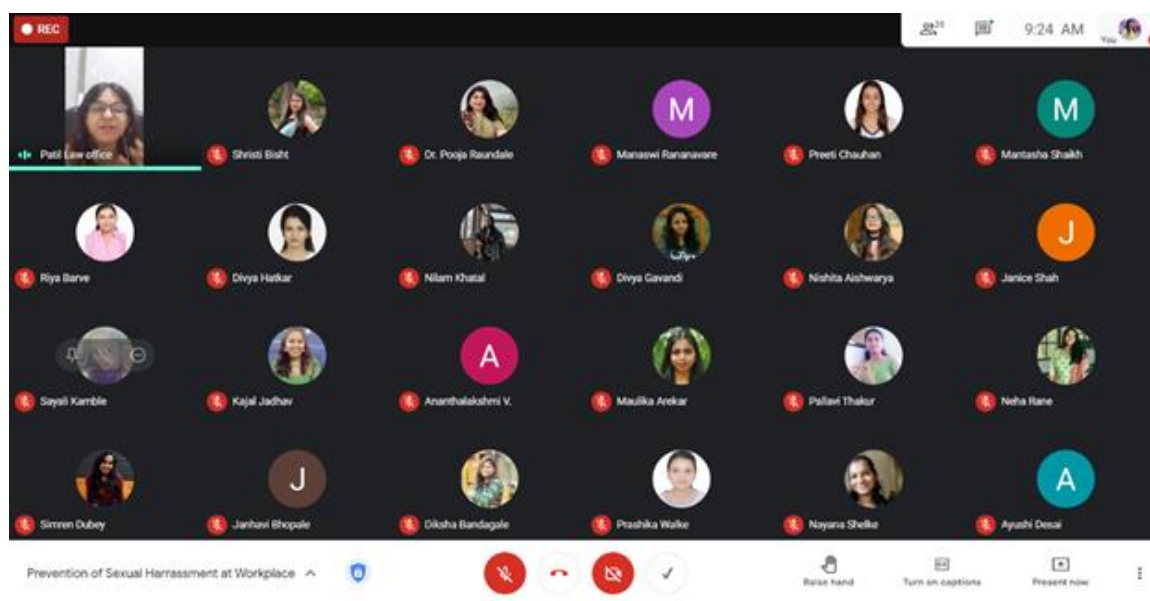

The Ace Committee 2020-21 of MCA department organized an Expert Talk on RPA on February 23rd, 2021 at 11:00 AM. The event was held in the presence of students from FY and SY. Everyone gathered on Google Meet for the event. The event started with a welcoming note delivered by Mr. Neil Khanolkar. The speaker, Mr. Chitrnanjan Vadodaria, started the session by introducing various nuances of RPA and its applications. Later, the speaker discussed job trends and different certifications in the field of RPA followed by a demo of UI Path. After a question answer session, the event was concluded by Mr. Neil Khanolkar's extension of gratitude towards the speaker.

Women's Day

Date - 27th February, 2021

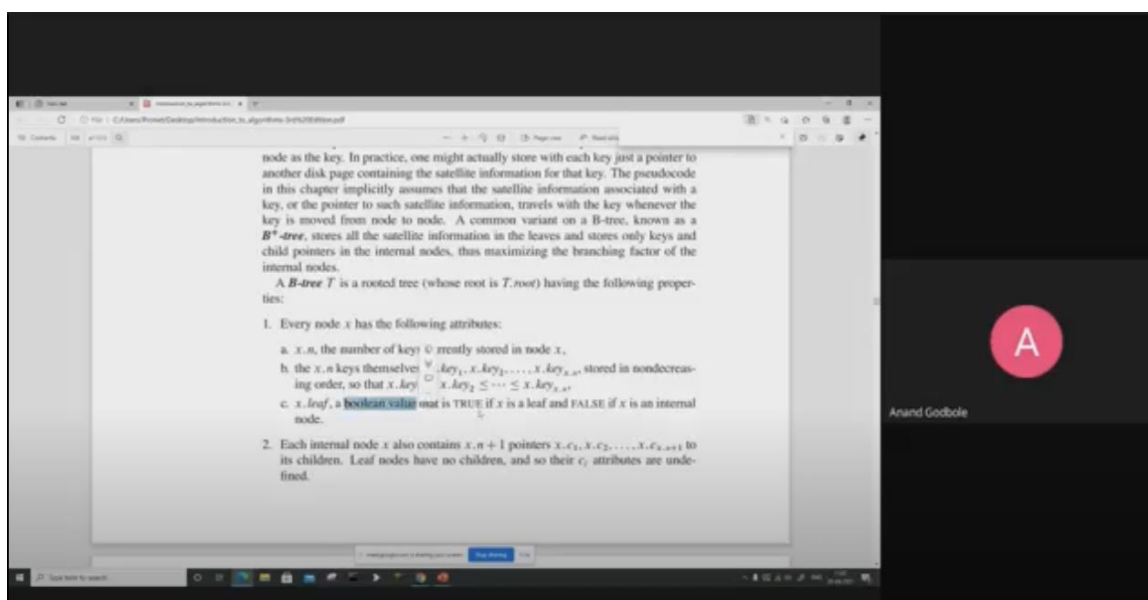

It is a day to spread awareness among the people regarding women's rights and gender equality. This day celebrates the social, economic, cultural and political achievements of women. Also, to encourage the women out there that no hurdles can stop them from accomplishing their dream. International Women's Day is a time to reflect on progress made, to call for change and to celebrate acts of courage and determination by ordinary women, who have played an extraordinary role in the history of their countries and communities. The session was conducted by Adv. Shobha Jitendra Patil to spread awareness about Sexual Harassment at Workplace and how to tackle them. The session started by briefing about how females face sexual harassment and an incident about a woman called Vishaka was shared and various sections of Law for safeguarding women's right were told. Students were encouraged to raise their voices if anything of any such sort of advances were made towards them.

Guest Lecture on “B-Tree”

Date - 24th April, 2021

A B-tree is a tree data structure that keeps data sorted and allows searches, insertions, and deletions in logarithmic amortized time. Unlike self-balancing binary search trees, it is optimized for systems that read and write large blocks of data. It is most commonly used in database and file systems. A B-tree is a specific type of tree which, among other things, has a maximum number of children per node. The order of a B-tree is that maximum. A Binary Search Tree, for example, has an order of 2. The degree of a node is the number of children it has. The speaker Prof. Anand Godbole, the webinar started with giving an introduction about B-Tree, height and operations on B-Tree. Later on, the algorithm for the same was taught.

Annual Report 2020-21

This year, having gone virtual for the first time, for the entire academic year 2020-2021, We introduced a lot of digitally interactive events considering the social distancing factor. We introduced events for students to overcome the challenges posed by pandemic like Stress Management. A lot of events like Security in Cloud Computing, Guest Lecture on B-Tree, etc. were focused on building the professional competence of the students.

The team for the year 2020-21 is proud to have overcome all challenges posed by the pandemic and is glad to have been a part of this journey!

We leave the reins to the incoming committee members for the year 2021-22 to take ACE to greater heights!

Signing Off,

Team ACE, 2020-21.

SEVA/SATVA

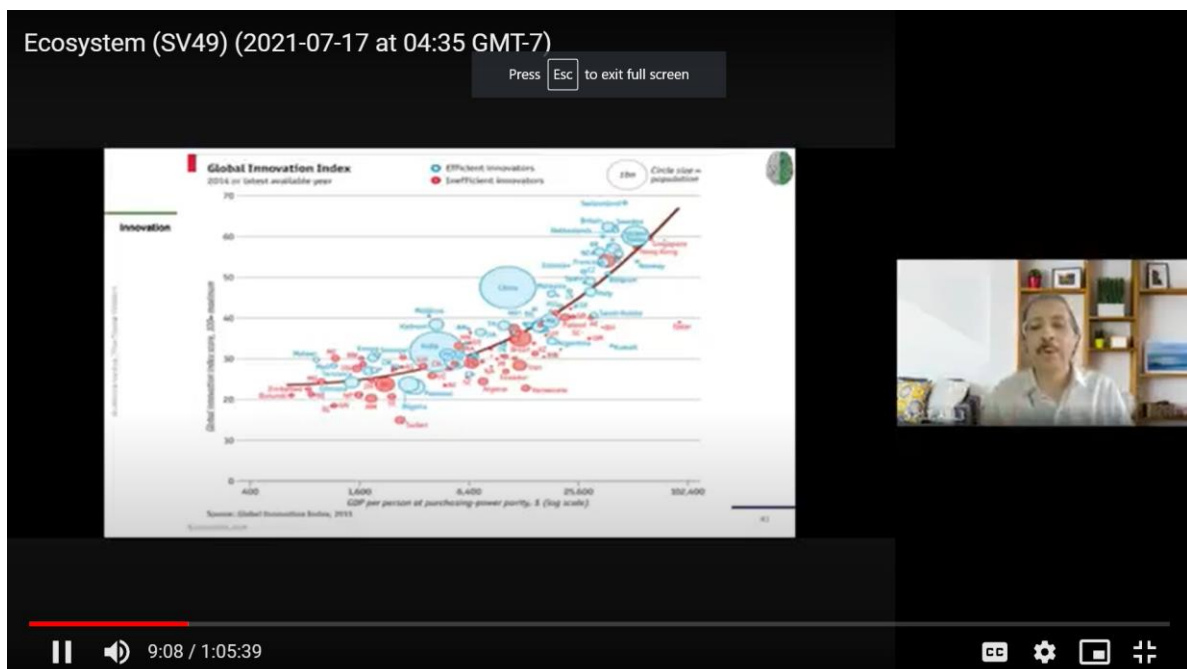

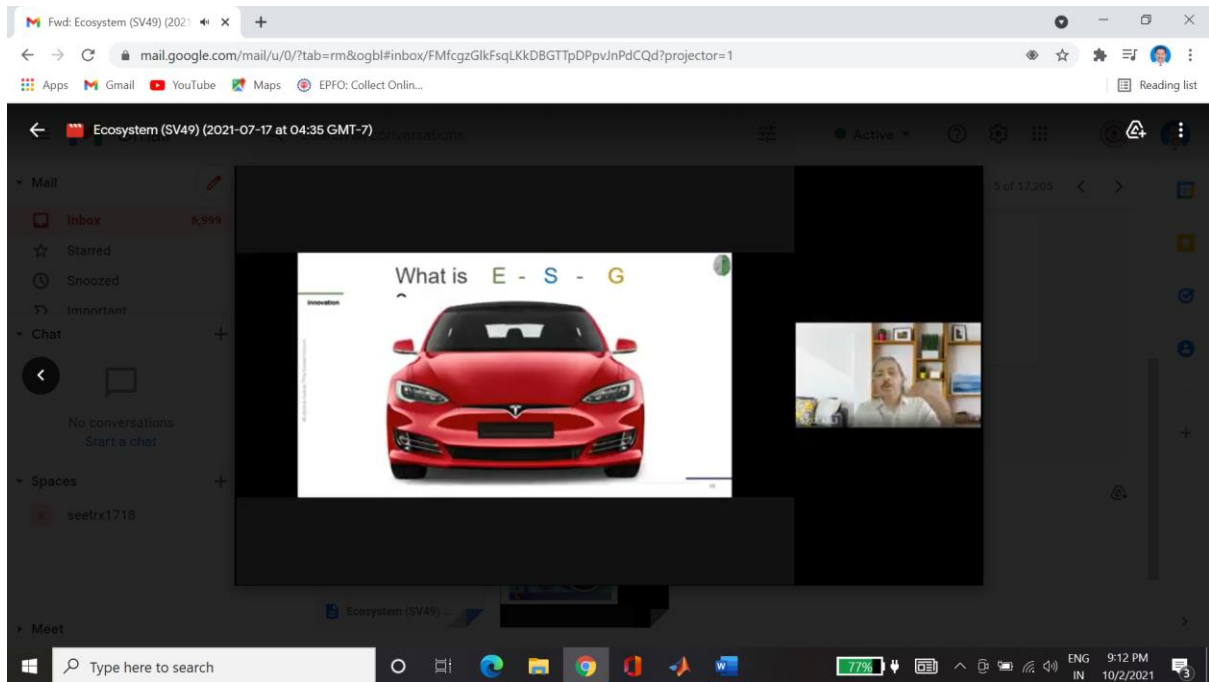

We at Bhavan's SPIT, make sincere attempt to blend engineering education appropriately with arts, humanities, crafts, ethic of personal and social engagement to ensure holistic development of the learner. We have carefully designed liberal learning courses covering Life, Literature, and Culture (LLC @ LLC) for all the semesters of the program. Learner concurrently studies these courses. These courses broadly fall under two groups, namely "SEVA (Social Empowerment through Various Activities)" and "SATVA (Self Accomplishment through Various Activities)". Each of these groups, has four modules as indicated in below table. Further each module has multiple courses of 1 or 2 credits (An engagement of 35-40 hours is expected to earn one credit). Every learner at SPIT is expected to take 1 such course on LLC every semester. We strongly believe that these EIGHT liberal learning modules will help us to appropriately blend the professional education as envisaged by the National Policy Makers.

List of Permitted SEVA /SATVA Courses during Summer Term 2021		
Module	Title	Courses
SEVA-I	SOCHO BHARAT	Study of Green & White Revolutions in India
		Government Missions [Study of any 2]
		Study of India's top 2 problems
		Study of World's top 2 problems
		How Government Works? [Study of one department of the Central/ State Government]
		Study of one of the identified Books (Indian Language : English Size: More than 400 pages)
		Study of two National policies
		Study of Corona Pandemic in Maharashtra or India
SEVA - III	SHIKSHIT BHARAT	Mentoring of School Children
		Digital Literacy for yielders
		Value addition for deprived schools
		Development of learning material for schools/ITIs
		Participation in "Teach-for-India" movement
		Jeevanvidya (JV)- Work Life Balance
SEVA-IV	SAMRUDDHA BHARAT	Work with START-UP at SPIT
		Innovation and Digital Ecosystems

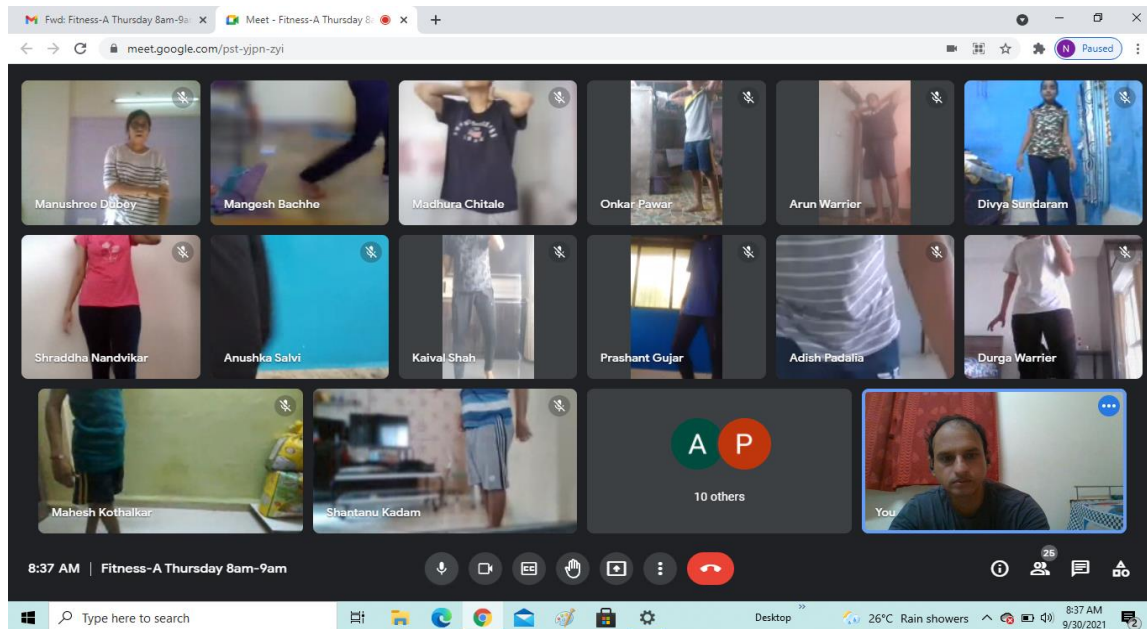

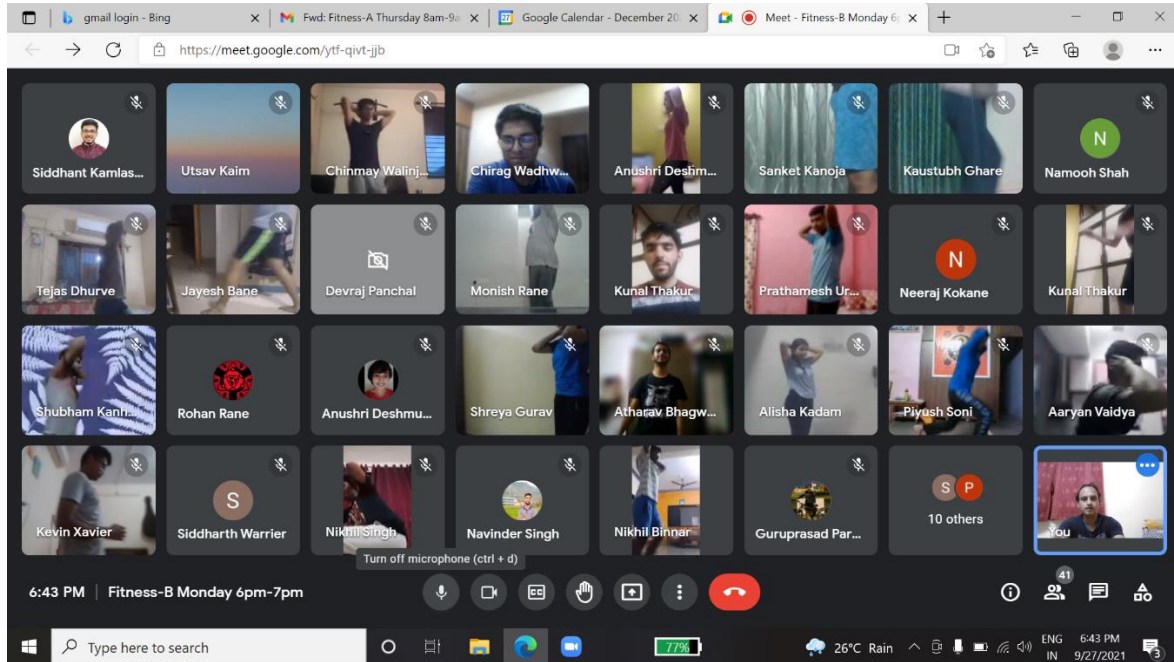

SATVA-I	SANSKRIT BHARAT	Values and Ethos of Bhavan
		Essence of Indian traditional knowledge
		Philosophy of religion (any)
		Study of Life Management / Kindle Life / Life Empowerment and Enriching Program or any other book cited.
		Study of any of GREAT sons of INDIA [Ex. Gandhi, Ambedkar, Phule, Savarkar, Sardar Patel, Nehru, Shivaji, JRD Tata etc]
SATVA-II	SAKSHAM BHARAT	Participation in National Tech Fest, AICTE- Hackathon, Industry floated global and national competitions, Robocon, BAHA etc
		Physical Fitness (Online)
		Yoga-Vidya –I (online)
SATVA-III	SUNDER BHARAT	Green Initiative

Activities Conducted by SEVA/ SATVA

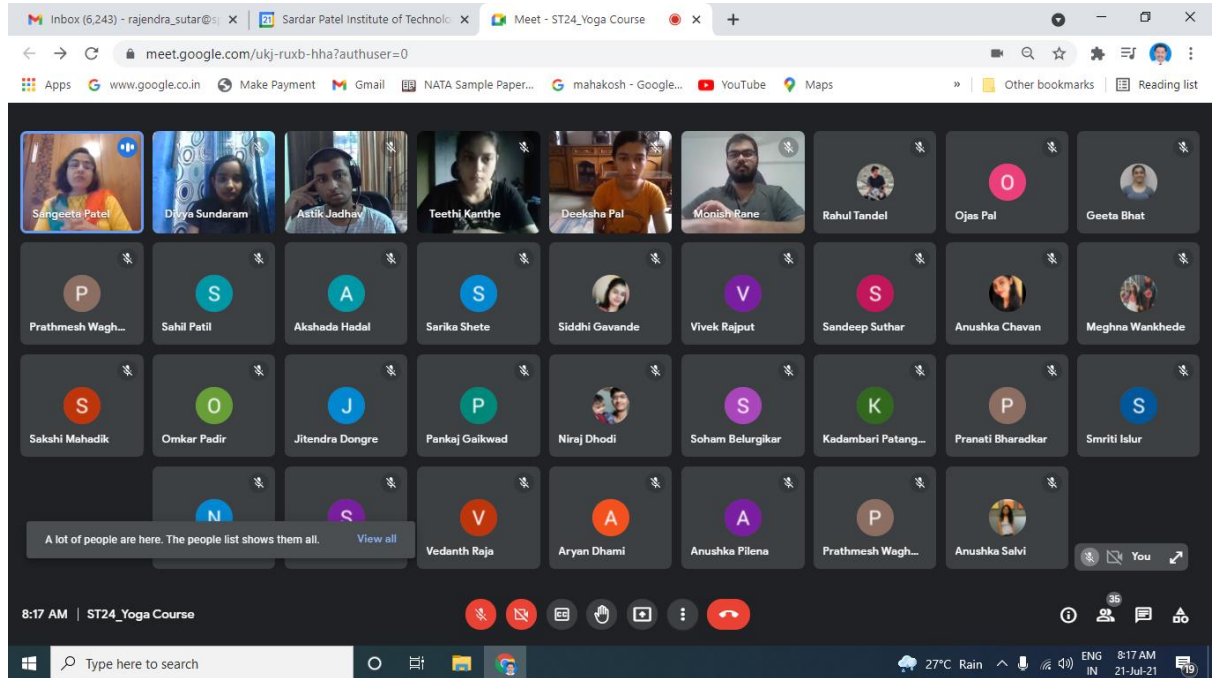

Innovation and Digital Ecosystem

Physical Fitness

Annual Report 2020-21

Yog Vidya

Sardar Patel Product Development Center

The vision and mission of this program revolves around the overall development of students in the sphere of innovation. The main aim is to instill a sense of creativity in sync with technical aspects. All in all, to harness invention and innovation.

This center has been launched with objectives which covers design customer-focused innovation, develop and test hardware products and develop skills for end to end product development.

The center envisages the following key benefits

- 1) Opportunity to develop **Market Significant** products
- 2) A structured process for **Product Development**
- 3) Enhancement of creativity and manage **intellectual capital**
- 4) **End-user** focused innovation research
- 5) **Designer's** role in achieving **product success**
- 6) **Customer-focused** innovation and market research
- 7) Skill Development for **end-to-end product development**

Consultancy Expertise

- Power Quality Analysis and Mitigation
- Renewable Energy Sector
- Industrial Heating
- Embedded Control and Automation
- Electronic Design and Automation

Sardar Patel Technology and Business Incubator

Sardar Patel Technology Business Incubator (SP-TBI) is an incubation centre founded in 2015 as an initiative of Bhartiya Vidya Bhavan's Sardar Patel Institute of Technology and is affiliated with the Department of Science and Technology, Government of India. Our objective is to cultivate entrepreneurship, promote innovation and support daring entrepreneurs. We support motivated entrepreneurs to build business and ventures with cutting edge and state of art technology through our services. We act as a catalyst for these start-ups to advance and flourish in future. Our amenities include the best infrastructure, technology support, seed funding, talent pool, mentoring, training and much more. The SP-TBI supports technology start-ups from Education, Health, Energy, Agri-tech & IT Services. We also propose to extend our support to social enterprises making larger social impact and enterprises led by women entrepreneurs. Till date, we have successfully incubated 70 start-ups and created employment for over 750 professionals.

Facilities Provided

Office Space

Conference Room

One-to-One Mentoring

The SP-TBI supports technology start-ups from Education, Health, Energy, Agri-tech and IT Services. We also propose to extend our support to social enterprises making larger social impact and enterprises led by women entrepreneurs. Women contribute around mere 14% of the total entrepreneur base in India. We at SP-TBI are willing to support women with entrepreneurial interests at an early stage. Supporting women entrepreneurs contributes towards their economic empowerment and a country's economic growth because they are able to create jobs for themselves and others.

Prototyping Lab

Library

Introduction

About Library - SPIT library is a knowledge resource center, which has an invaluable resource for the students and faculty members in the area of Engineering and Technology. It is providing effective information services to the users within a shortest possible time using SLIM library management software. Library is Wi-Fi enabled.

Library has a collection of more than 23000+ books and 8000+ e-books. Library has subscribed to National and International periodicals along with online journals like IEEE ASPP POP and ACM. It is a member of National Digital Library. Library has E-books with multi user, IP based 24X7 access with no limit on the number of downloads.

SPIT library maintains Institution Repository with open-source software: DSpace having Institution events, reports, institutional magazines, faculty publication, academic rules, question papers, syllabus etc. Library has NPTEL online lectures of eminent personality of various IITs, and there are made available to user online through Intranet. Library provides Book Bank facility to students.

SPIT Library is open to other academic users for reference.

Objectives of the Library –

- To develop an enriched collection of books and other resources to the students and staff of SPIT.
- To implement new technologies learnt for betterment of our library services.
- To see institute library as the front runner in implementing the new information and communication technologies

Working Hours

MONDAY TO FRIDAY

Issue/Return of books 10:00 A.M. TO 04:30 P.M.

For reference 10:00 A.M. TO 8.30 P.M.

SATURDAY

For reference 10:00 A.M. TO 5:30 P.M.

closed on SUNDAYS AND HOLIDAYS

IEEE ASPP (All Society Periodicals Package) List: 2020-21

1. Approximately 187 IEEE journals, magazines and transactions with backfile to 2010 for select titles.
2. Access to Alcatel-Lucent Bell Labs Technical Journal.
3. Access the wide range of innovative technologies introduced at IEEE conferences.
4. Unlimited, full-text access to IEEE conference papers with backfile to 2010.
5. Approximately 125 annual IEEE conference titles in POP.
6. Nearly 400,000 papers available in POP.

List of IEEE Transaction

SR. No.	Title
1	Aerospace and Electronic Systems, IEEE Trans. on* (T-AES)
2	Affective Computing, IEEE Trans. on* (T-AFFC)
3	Antennas and Propagation, IEEE Trans. on (T-AP)
4	Applied Superconductivity, IEEE Trans. on (T-ASC)
5	Audio, Speech and Language Processing, IEEE/ACM Trans. on (T-ASL)
6	Automatic Control, IEEE Trans. on (T-AC)
7	Automation Science and Engineering, IEEE Trans. on (T-ASE)
8	Big Data, IEEE Trans. on* (T-BD)
9	Biomedical Circuits and Systems, IEEE Trans. on (T-BCAS)
10	Biomedical Engineering, IEEE Trans. on (T-BME)
11	IEEE Transactions on Biometrics, Behavior, and Identity Science
12	Broadcasting, IEEE Trans. on (T-BC)
13	Circuits and Systems for Video Technology, IEEE Trans. on (T-CSVT)
14	Circuits and Systems Part I: Regular Papers, IEEE Trans. on (T-CAS1)
15	Circuits and Systems Part II: Express Briefs, IEEE Trans. on (T-CAS2)
16	Cloud Computing, IEEE Trans. on* (T-CC)
17	Cognitive Communications and Networking, IEEE Trans. on* (T-CCN)
18	Cognitive and Development Systems, IEEE Trans on (T-CDS)
19	Communications, IEEE Trans. on (T-COMM)
20	Components, Packaging and Manufacturing Technology, IEEE Trans. on (T-CPMT)
21	Computational Biology and Bioinformatics, IEEE/ACM Trans. on (T-CBB)
22	Computational Imaging, IEEE Trans. on* (T-CI)
23	Computational Social Systems, IEEE Trans. on* (T-CSS)
24	Computer-Aided Design of Integrated Circuits and Systems, IEEE Trans. on (T-CAD)

25	Computers, IEEE Trans. On (T-C)
26	Consumer Electronics, IEEE Trans. on (T-CE)
27	Control of Network Systems, IEEE Trans. on* (T-CNS)
28	Control Systems Technology, IEEE Trans. on (T-CST)
29	Cybernetics, IEEE Trans. on (T-CYB)
30	Dependable and Secure Computing, IEEE Trans. on* (T-DSC)
31	Device and Materials Reliability, IEEE Trans. on (T-DMR)
32	Dielectrics and Electrical Insulation, IEEE Trans. on (T-DEI)

ACM Digital Library Package List: 2020 – 21

The ACM Digital Library is a research, discovery and networking platform containing:

- The **Full-Text Collection** of all ACM publications, including journals, conference proceedings, technical magazines, newsletters and books.
- A collection of curated and **hosted full-text** publications from select publishers.
- **The ACM Guide to Computing Literature**, a comprehensive bibliographic database focused exclusively on the field of computing.
- A richly interlinked set of **connections** among authors, works, institutions, and specialized communities.

ACM Journals/Transactions

1. ACM Computing Surveys (CSUR)
2. Digital Government: Research and Practice (DGOV)
3. Digital Threats: Research and Practice (DTRAP)
4. ACM Transactions on Computing for Healthcare (HEALTH)
5. Proceeding of the ACM on Interactive Mobile, Wearable & Ubiquitous Technologies
6. Journal of the ACM (JACM)
7. Journal of Data and Information Quality (JDIQ)
8. Journal of Experimental Algorithmics (JEA)
9. ACM Journal on Emerging Technologies in Computing Systems (JETC)
10. Journal on Computing and Cultural Heritage (JOCCH)
11. Proceedings of the ACM on Computer Graphics and Interactive Techniques (PACMCGIT)
12. Proceeding of the ACM on Human - Computer Interaction (PACMHCI)
13. Proceeding of the ACM on Programming Languages (PACMPL)
14. Proceeding of the ACM on Measurement & Analysis of Computing Systems (POMACS)
15. ACM Transactions on Autonomous and Adaptive Systems (TAAS)
16. ACM Transactions on Accessible Computing (TACCESS)
17. ACM Transactions on Architecture and Code Optimization (TACO)

18. ACM Transactions on Algorithms (TALG)
19. ACM Transactions on Asian and Low-Resource Language Information Processing (TALLIP)
20. ACM Transactions on Applied Perception (TAP)
21. IEEE/ACM Transactions on Audio, Speech and Language Processing (TASLP)
22. IEEE/ACM Transactions on Computational Biology and Bioinformatics (TCBB)
23. ACM Transactions on Cyber-Physical Systems
24. ACM/IMS Transactions on Data Science (TDS)
25. ACM Transactions on Economics and Computation (TEAC)
26. ACM Transactions on Embedded Computing Systems (TECS)
27. ACM Transactions on Evolutionary Learning and Optimization (TELO)
28. ACM Transactions on Human – Robot Interaction (THRI)
29. ACM Transactions on Interactive Intelligent Systems (TIIS)
30. ACM Transactions on Internet of Things (TIOT)
31. ACM Transactions on Intelligent Systems and Technology (TIST)
32. ACM Transactions on Knowledge Discovery from Data (TKDD)
33. ACM Transactions on Management Information Systems (TMIS)
34. ACM Transactions on Computing Education (TOCE)
35. ACM Transactions on Computer-Human Interaction (TOCHI)
36. ACM Transactions on Computational Logic (TOCL)
37. ACM Transactions on Computer Systems (TOCS)
38. ACM Transactions on Computation Theory (TOCT)
39. ACM Transactions on Design Automation of Electronic Systems (TODAES)
40. ACM Transactions on Database Systems (TODS)
41. ACM Transactions on Graphics (TOG)
42. ACM Transactions on Information Systems (TOIS)
43. ACM Transactions on Internet Technology (TOIT)
44. ACM Transactions on Modeling and Computer Simulation (TOMACS)
45. ACM Transactions on Multimedia Computing, Communications, and Applications (TOMM)
46. ACM Transactions on Modeling and Performance Evaluation of Computing Systems (ToMPECS)
47. ACM Transactions on Mathematical Software (TOMS)
48. IEEE/ACM Transactions on Networking (TON)
49. ACM Transactions on Parallel Computing (TOPC)

50. ACM Transactions on Programming Languages and Systems (TOPLAS)
51. ACM Transactions on Privacy and Security (TOPS)
52. ACM Transactions on Storage (TOS)
53. ACM Transactions on Software Engineering and Methodology (TOSEM)
54. ACM Transactions on Sensor Networks (TOSN)
55. ACM Transactions on Quantum Computing (TQC)
56. ACM Transactions on Reconfigurable Technology and Systems (TRETs)
57. ACM Transactions on Spatial Algorithms and Systems (TSAS)
58. ACM Transactions on Social Computing (TSC)
59. ACM Transactions on the Web (TWEB)

ACM Magazines

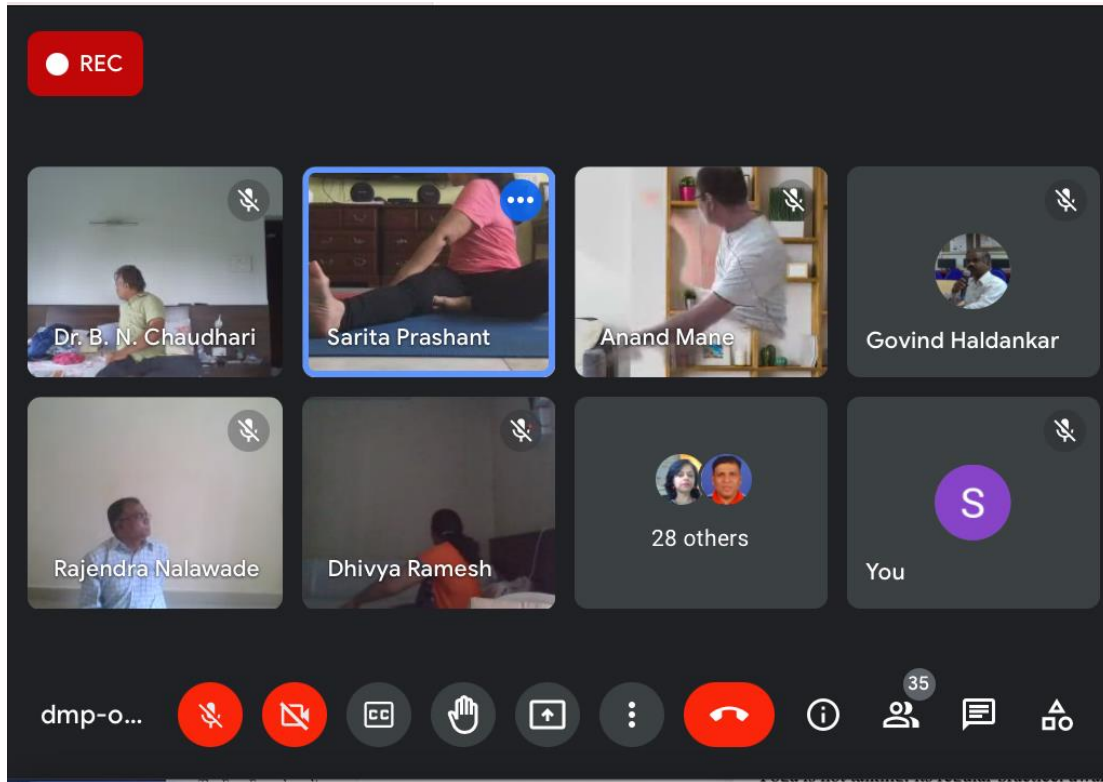

1. Communications of the ACM
2. eLearn
3. ACM Inroads
4. Interactions
5. Queue
6. Ubiquity
7. XRDS: Crossroads, The ACM Magazine for Students

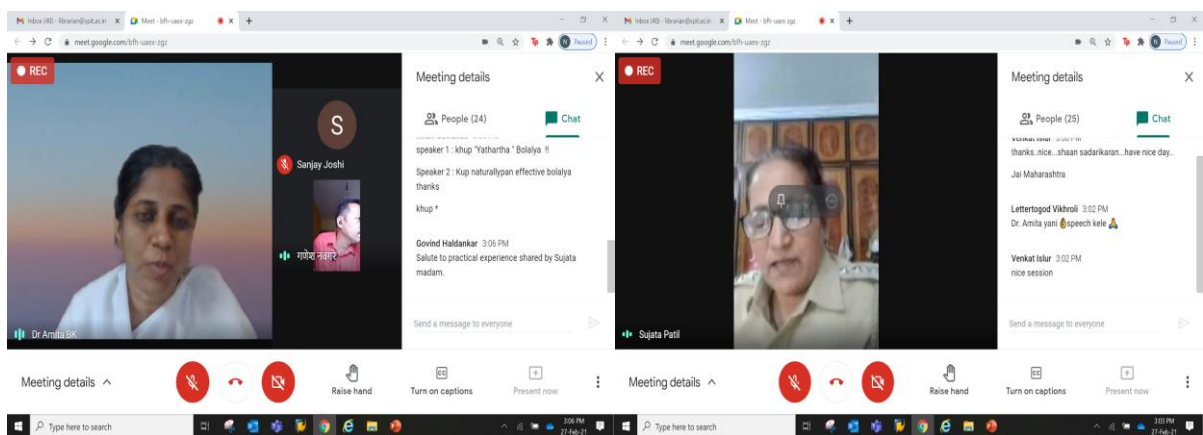

E Books

- 1) Wiley – 21 titles
- 2) Springer E-Books (Engineering Collection) - 8312 titles from 1923 to 2013
- 3) McGraw Hill – 43 Titles
- 4) Pearson – 34 Titles

Library Events Photographs

International Yoga Day – June 2021

Marathi Bhasha Din – February 2021

Feedback

Sardar Patel Institute of Technology (SPIT) believes in the premise that people are more productive when they agree on what is expected of them and receive feedback on their performance. The success of the feedback process is essentially associated with establishing a constructive dialogue between the appraisers and appraised. This can be a valuable process for both the college and its stakeholders as it improves communication channels between both sides.

We have presented here feedback analysis of various stakeholders in the cycle.

ALUMNI FEEDBACK ANALYSIS 2020-21

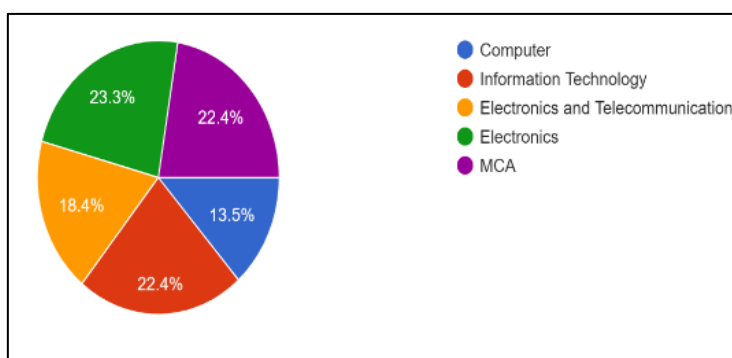

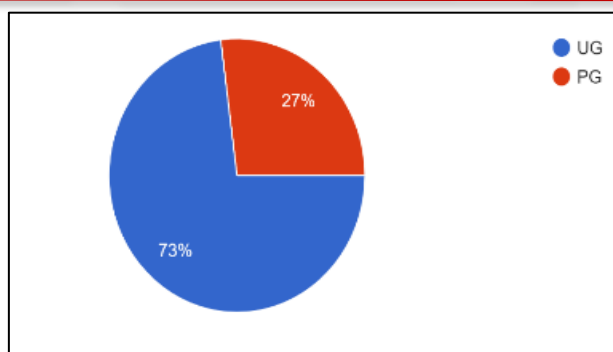

The institution collects the feedback on Institute Perception, Institute Mission, Department Perception, Department vision, Department Mission, curriculum aspects, PEO, PSO, PO, from different stakeholders such as the students, alumni, parents, Faculty and Employers. Institution established Academic Council in order to ensure and analyze the academic excellence at student and faculty levels.

S.P.I.T thoroughly reviews the curriculum for every academic year. The college maintains an IQAC as a quality consistence and quality enhancement measure. Various departments and committees work for Career Guidance, Anti-Ragging and Sexual Harassment Committee, etc. reinforce the curriculum by incorporating suggestions from various stakeholders and experts.

The college conducts annual Alumni Meet, in which suggestions and feedback is received from Alumni students. Feedback from industry/ recruiters and professionals is obtained through IQAC and department feedback committee. The provided feedback data is analyzed and incorporated for necessary implementation in curriculum.

Methodology

The feedback form was shared with all the alumni and a total of 124 respondents who had graduated in May, 2020 contributed to the feedback process. The department-wise break -up of undergraduates and postgraduates is given below :

The feedback from the batch of 2019-2020 was divided into 5 categories and the questions were grouped into the relevant categories. The alumni were told to rate their responses on a scale of one to five as follows :

5 : Excellent, 4: Very good, 3: good, 2: Average, 1: Poor

SUMMARY

A broad overview of the analysis of the alumni feedback indicates that while there is an overwhelming view that the **institute curriculum is highly focused** on employability and ranks much higher than its peers in this area, there is a perception that **improvement is needed in the area of skill development and obtaining technical knowhow**. However there seems to be general agreement that the S.P.I.T curriculum does make students ready for industry. There also seems to be a **need for greater academic flexibility** with a demand for **specialization** in a particular domain. The institute's vision of all round holistic development of students into socially and environmentally sensitive and globally competent citizens with the right values and ethics has been acknowledged. Mentoring by faculty for various competitions, hackathons, debates etc has also been acknowledged.

The alumni take **great pride in being associated with S.P.I.T** and are highly likely to recommend it to their friends and relatives. There is also a lot of **enthusiasm from the alumni in engaging with their alma mater** in a variety of activities ranging from curriculum design to mentorship for projects and placements, expert talks and lectures and so on.

The alumni have also requested **greater emphasis on practical training** and courses which will get them exposure to the industry environment with respect to corporate culture, ethics and soft skills apart from core skills which will help them in getting placements. A significant chunk of the alumni has suggested a **relook at some of the institute policies** like mandatory attendance in lectures, academic credit requirements and regular training for faculty. On the research front, it has been suggested that rather than enforced efforts, there should be **incentivised research** (additional credits) which will help in generating interest rather than making it a “tick the box” activity. There are many **suggestions on curriculum design** with more programming language based courses, enhanced coding skills as well as courses on finance and accounting skills. An increased number of mock interviews have been sought including more **interdisciplinary activities** including some based on ABL. Greater support from faculty and alumni mentors have been sought on projects.

The **committed and dedicated faculty of S.P.I.T** has been given a call out by the alumni who have listed the faculty as the one of the **pillars of the institute**. **Placement opportunities, curriculum and the excellent environment** provided for learning by a very good group of peer students have also been listed as the strengths of the institute. Infrastructure such as **library, laboratories, well equipped classrooms and good academic practices** have also been appreciated by the alumni.

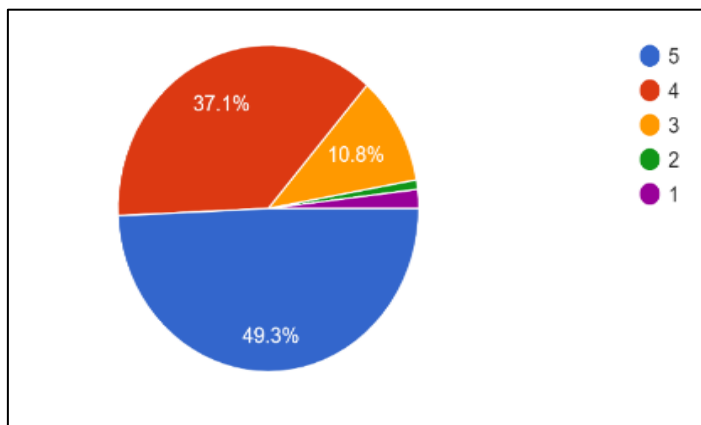

Few weaknesses have also been pointed out by some of the alumni. These include the **lack of participation by companies from the core sector** in the placement process especially for the electronics and telecommunications domain. **Attendance requirements** have again been cited as needing a relook along with enhanced support from office and accounts staff, submission processes, **need for digitization and improvement in infrastructure such as canteen and hostel facilities**.

The responses to a variety of questions has been tabulated below :

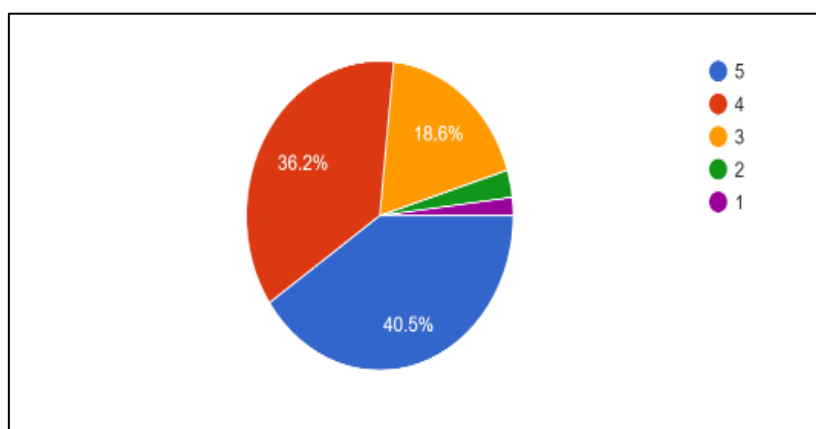

Sno	Area of feedback	Question	Responses (%)		
			5	4	3
1	Curriculum design	Focus on Employability and higher education	49.3	37.1	10.8
2		The undergraduate preparation at S.P.I.T vs other engineering college	40.5	36.2	18.6
3		Industry supported skill based courses in the syllabus	31.9	33.3	22.5
4		Technical knowhow (both theory and practice) obtained at S.P.I.T	23.6	44.2	25.5
5		Courses in the syllabus promote Entrepreneurship	25.2	34.7	23.8
6		Fundamental engineering knowledge	33.3	38.7	22.1
7		Syllabus designed to make students industry-ready	22.7	41.9	24.1
8		Academic flexibility	30.5	38	19.5
9	Co-Curricular & extra curricular activities	Holistic development of students	27.8	35.4	20.2
10		Generating awareness about Indian values, personal integrity and civic responsibility	42	36.1	16.1
11		Consideration for ethical practices, sensitivity for environment	41.6	33.2	19.8
12	College environment	Helpful for learning	37.1	42.7	16.4
13		Need to improve the general environment in the Institute/Department and attitude of the people?	29.1	34.5	21.7
14	Mentorship	Motivated to participate in various competitions	42.6	33.8	17.6
15		Research culture is encouraged	82.1	13.1	
16	Alumni Engagement	Pride at being associated with S.P.I.T as alumnus	56.1	39.2	
17		Recommend to relatives / friends	56.1	33.2	
18		Need to improve alumni involvement	36.9	35.5	
19		Willingness to be contribute to development of S.P.I.T	37.8	38.7	

I. Curriculum Design

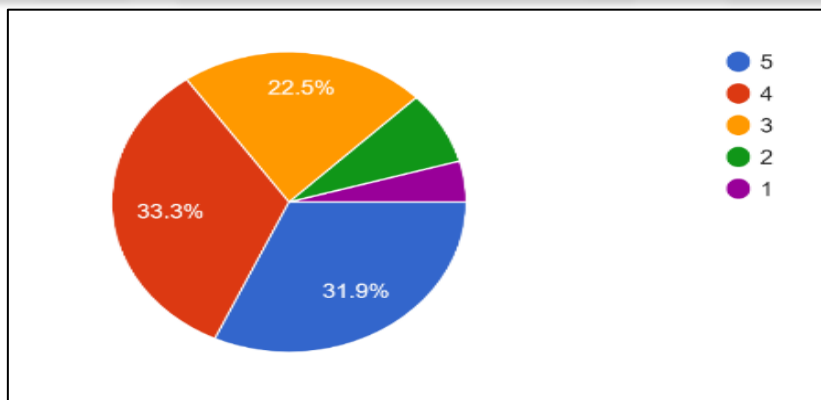

1. Employability is one of the prime focus in the Institute, as well as is the higher education

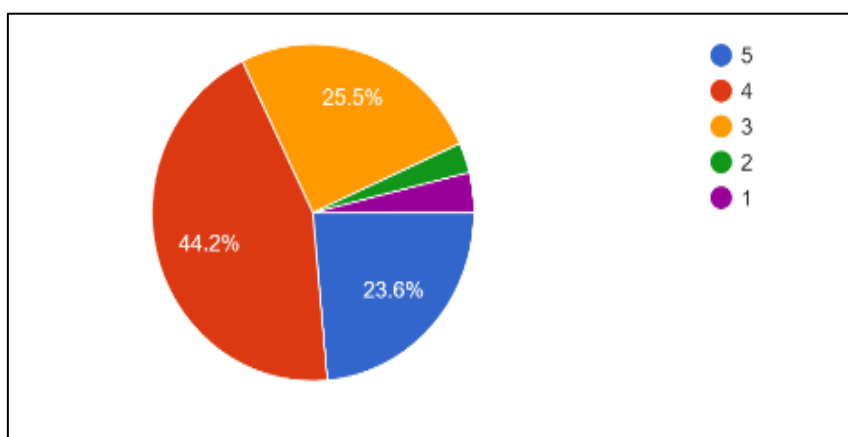

2. The undergraduate preparation at SPIT is better compared to that of your peers from other engineering college?

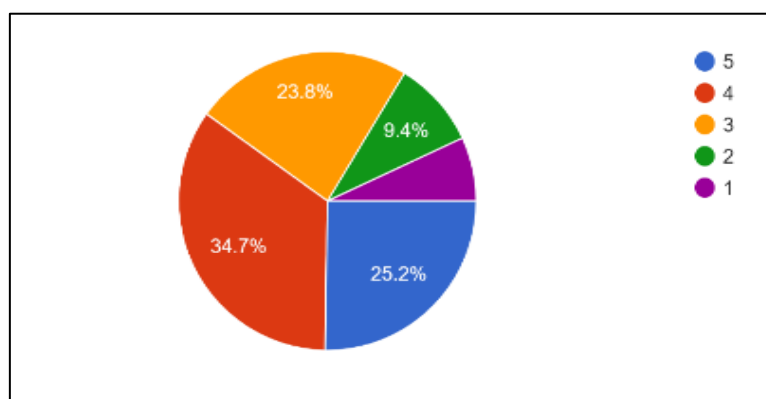

3. Industry supported skill based courses are introduced in the syllabus (through internships, visits, consultancy, projects, etc.)

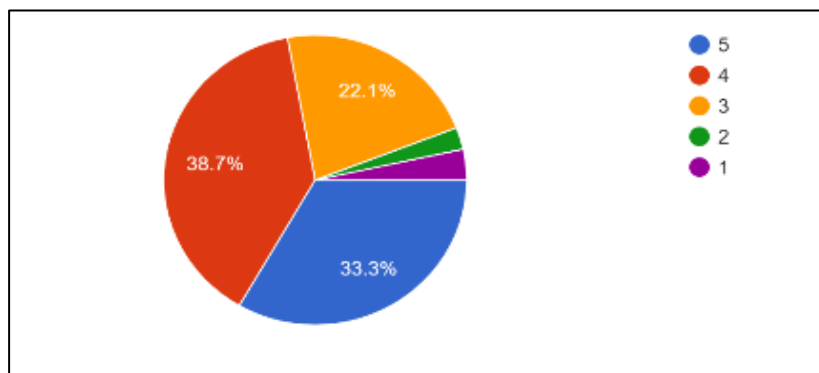

4. You have obtained sufficient technical knowhow (both theory and practice) at SPIT during your studentship period?

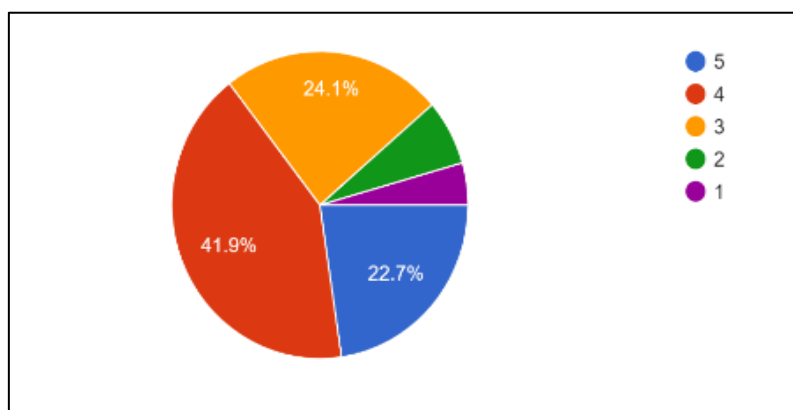

5. Courses in the syllabus promote Entrepreneurship (students are encouraged and supported to initiate startups by Startup school mentorship)

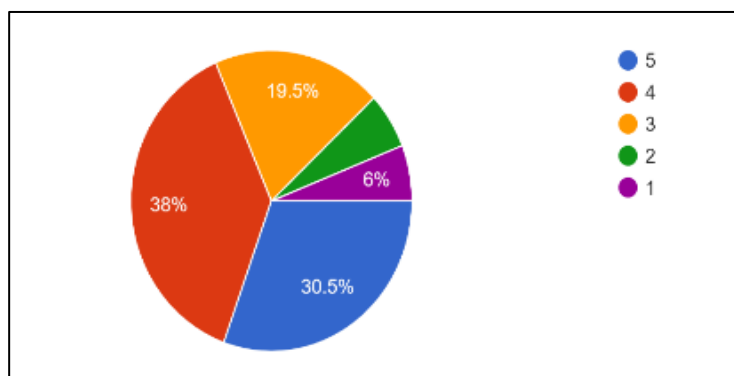

6. Fundamental engineering knowledge gained while at SPIT has helped you to become successful in your career/ profession

7. The syllabus has been designed to make students industry-ready (imparting analytical and reasoning, language and soft skills in addition to technical competencies, as demanded by the industry)

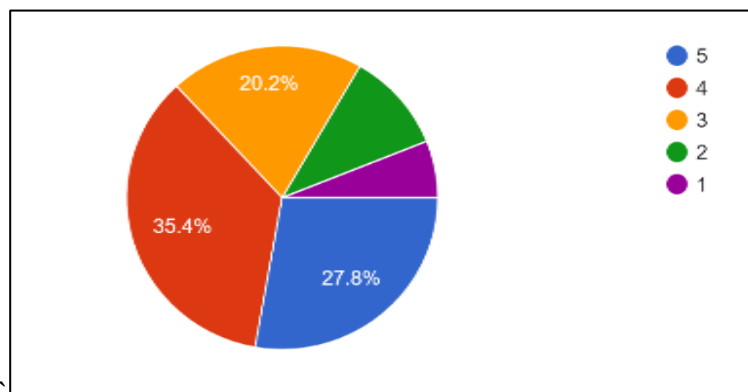

8. The academic flexibility provides opportunities to students to pursue their interest. (from vast number of pathways / electives from different areas of specialization)

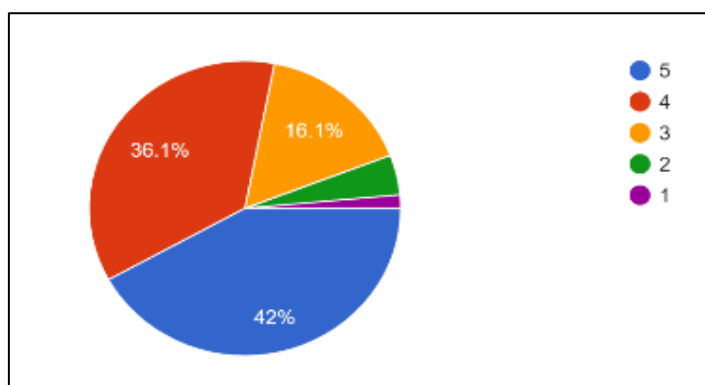

II. Co-curricular and extra-curricular activities

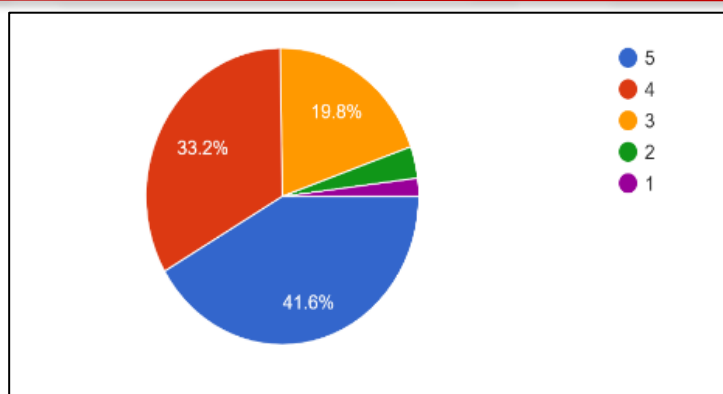

1. Holistic development of students is encouraged. (participation in various sports, cultural and co-curricular activities)

2. Institute takes efforts in generating awareness about Indian values, personal integrity and civic responsibility (through campaigns like community service/ blood donation drives/ /exhibitions on socially relevant issues/ gender equality, environment and sustainability/ ethics and values etc.)

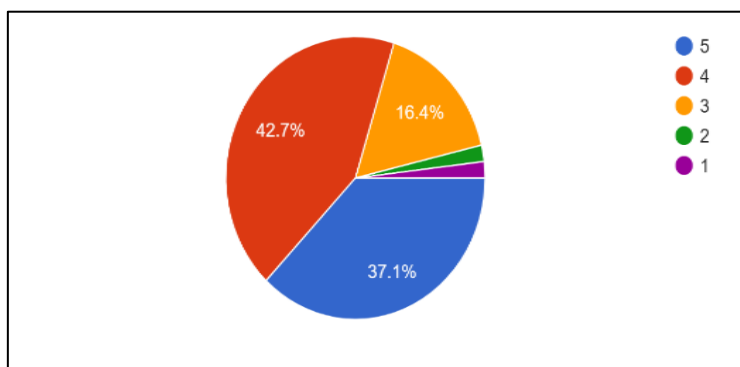

3. Education at SPIT has cultivated consideration for ethical practices, sensitivity for environment

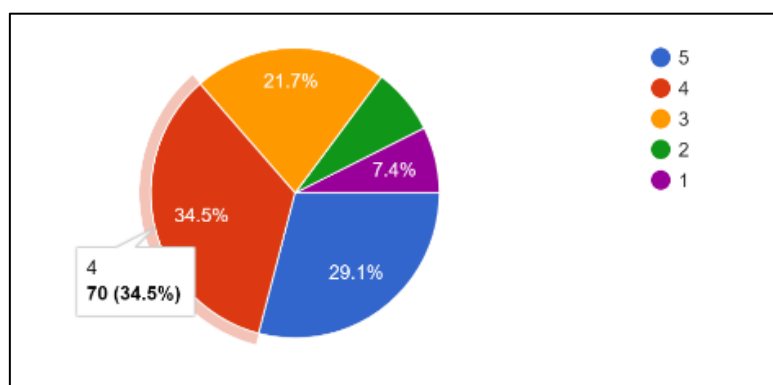

III. College Environment

1. The atmosphere at S.P.I.T is helpful for learning.

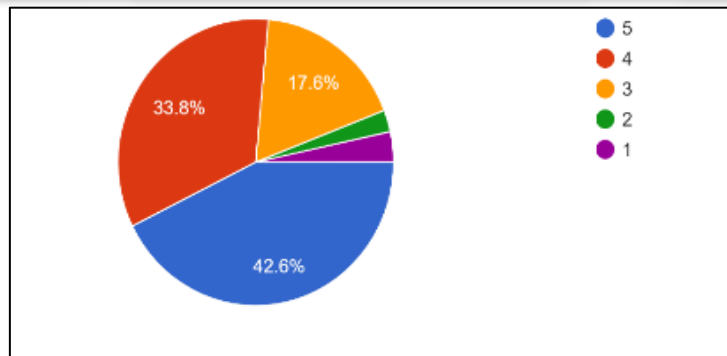

2. Is there a need to improve the general environment in the Institute/Department and attitude of the people?

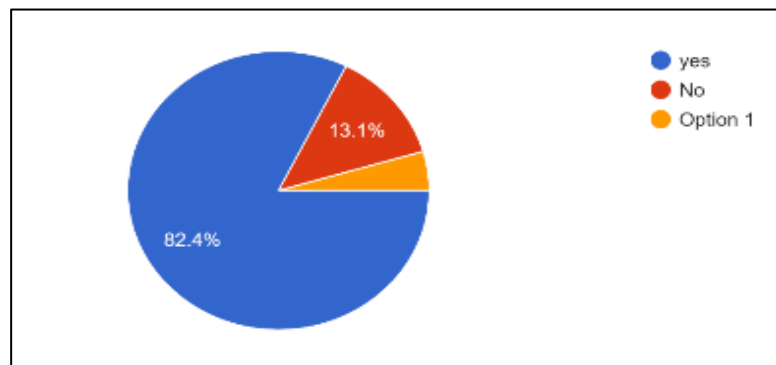

IV. Mentorship

1. Students are motivated to participate in various competitions (such as Hackathons/ trouble-shooting, coding/ethical hacking/ Moot courts for legal aspects/ debates)

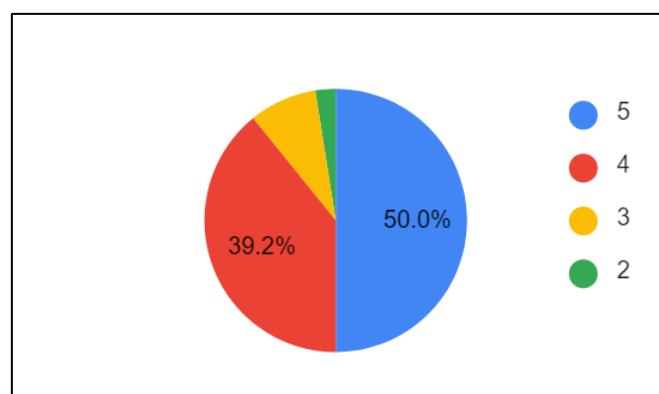

2. Research culture is encouraged (technical paper presentation / publications in journals/ motivation through funding for publications/ competitions / research projects / Faculty serving as research guides)

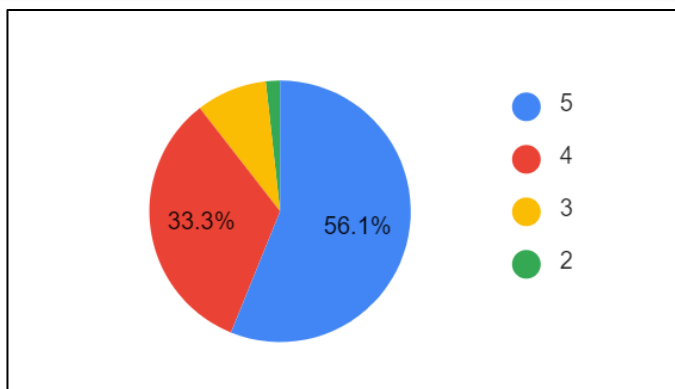

V. Alumni engagement

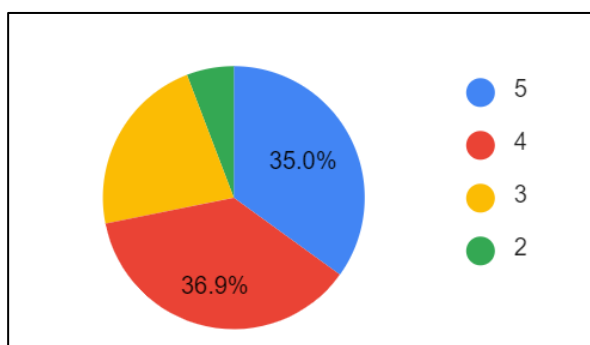

1. Do you feel proud to be associated with S.P.I.T as an Alumnus?

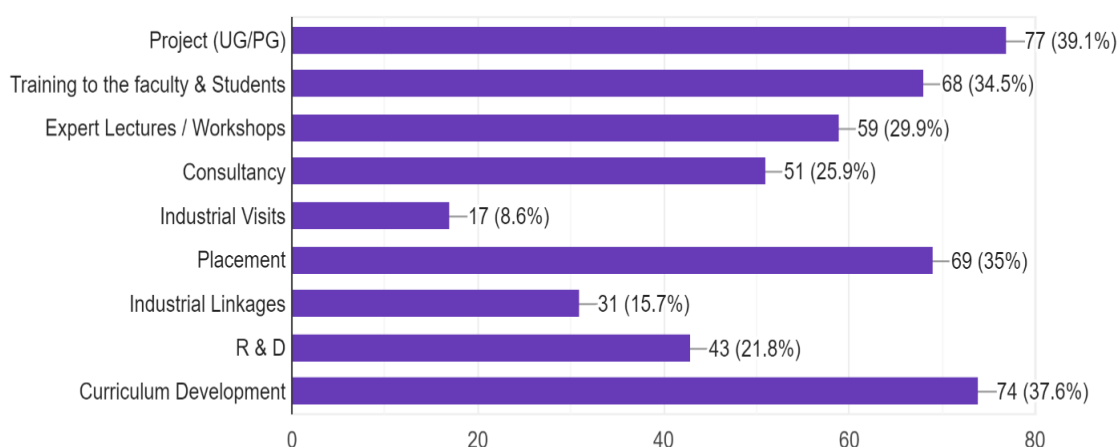

2. I will recommend relative/friends to enroll at SPIT

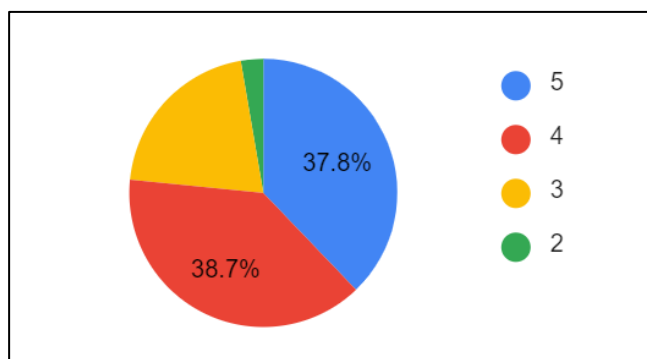

3. There is a need to improve alumni involvement in the development of the institute.

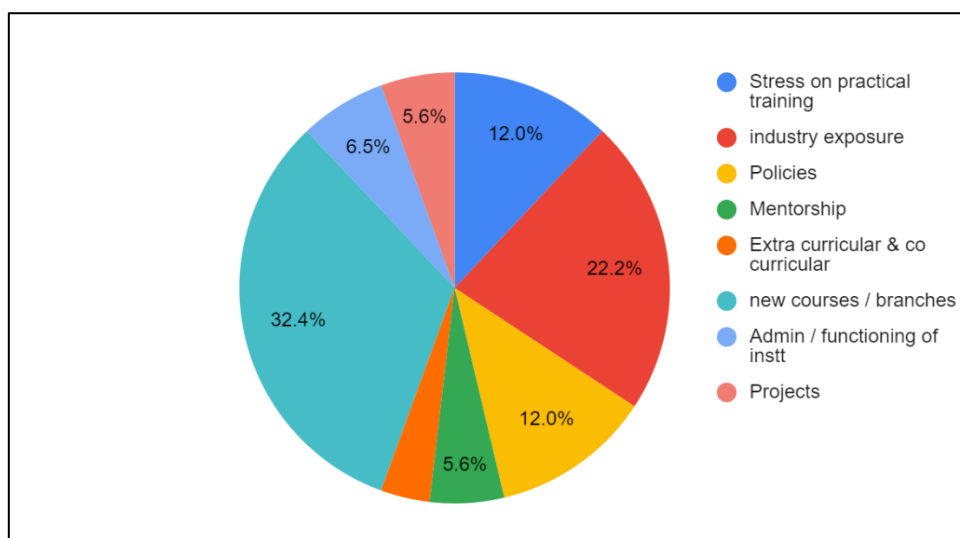

4. In what capacity would you like support institute/department towards academic development?

3. Are you willing to contribute to the development of the institution?

VI. Suggestions for Improvements

❖ Attendance :

- ✓ Should be liberalised like BITS Pilani.
- ✓ Students who are capable of managing academics without attending classes should be allowed to do that, so they can focus on other endeavours.
- ✓ Grades and marks should be less influenced by attendance or other factors and should reflect student's skills.
- ✓ 50%-75% Attendance during placement semester might help

❖ Academics and Credit requirements:

- ✓ Students should be allowed to drop courses in which they are not interested and should also be allowed to choose the professor from whom they want to study
- ✓ Relative grading system should be adopted

❖ Teaching & learning :

- ✓ Each student should be trusted, understood and should be motivated to improve, every student has potential to succeed.
- ✓ This optimism should be there in every aspect from teaching to placement training. Practicals should be conducted in a way that captures interest of the students.
- ✓ Teachers should be able to identify the merits of students beyond marks scored in subjects. Need to involve higher management more in the teacher - student relationship.
- ✓ Regular training programmes for Faculty

❖ Research :

- ✓ There should be an incentive for research and making it mandatory reduces enthusiasm and the quality of work.
- ✓ Extra credits must be offered for research work. Students must be allowed to drive research.
- ✓ Research requires a great deal of expertise that is currently lacking.
- ✓ Simply making research papers compulsory doesn't go a long way.
- ✓ Interested students need better guidance on how to go about doing research in a particular area. This guidance can be outsourced if the expertise isn't available internally.

❖ College environment :

- ✓ There should be incentives for students to create an atmosphere. The more time students spend at college the better the sense of belonging gets and the likelier they are to contribute towards the institution.
- ✓ Students should not be discouraged from taking initiatives that are non academic.
- ✓ If the institute wants to create engineers that are aware citizens it must realise that students should be given freedom to create, cultivate and nurture forums for open discussions.

Practical Knowledge : Nearly 12% of the respondents have requested greater emphasis on practical training. This includes :

- ✓ hands-on experience with industry development tools, mandatory internships,

- ✓ less theoretical subjects such as DIP
- ✓ more specialised subjects semester 7 onwards like statistical programming.
- ✓ more projects in lab sessions rather than just writing codes and project and assignment based approach by reducing the lecture hours.
- ✓ 6month internship which gives insights into real life problems has proved very useful paving the way for a smooth transition from college to industry.

The overall feedback seems to convey that we should focus on building real life skills which are usable and do away with obsolete subjects.

Industry exposure : A major section of the respondents (~22%) have suggested:

- ✓ greater exposure to industrial norms and environment through industrial visits and internship
- ✓ learning coding practices and standards used in industry
- ✓ newer technologies that are trending or have a potential rather than focusing entirely on curriculum and other formalities.
- ✓ exposure to corporate culture, ethics and social skills

Policies : A significant 12 % of the respondents have also requested for a relook at some of the institute policies. Some of these are :

❖ **Attendance :**

- ✓ Should be liberalised like BITS Pilani.
- ✓ Students who are capable of managing academics without attending classes should be allowed to do that, so they can focus on other endeavours.
- ✓ Grades and marks should be less influenced by attendance or other factors and should reflect student's skills.
- ✓ 50%-75% Attendance during placement semester might help

❖ **Academics and Credit requirements:**

- ✓ Students should be allowed to drop courses in which they are not interested and should also be allowed to choose the professor from whom they want to study
- ✓ Relative grading system should be adopted

❖ **Teaching & learning :**

- ✓ Each student should be trusted, understood and should be motivated to improve, every student has potential to succeed.
- ✓ This optimism should be there in every aspect from teaching to placement training. Practicals should be conducted in a way that captures interest of the students.
- ✓ Teachers should be able to identify the merits of students beyond marks scored in subjects. Need to involve higher management more in the teacher - student relationship.
- ✓ Regular training programmes for Faculty

❖ **Research :**

- ✓ There should be an incentive for research and making it mandatory reduces enthusiasm and the quality of work.
- ✓ Extra credits must be offered for research work. Students must be allowed to drive research.
- ✓ Research requires a great deal of expertise that is currently lacking.
- ✓ Simply making research papers compulsory doesn't go a long way.
- ✓ Interested students need better guidance on how to go about doing research in a particular area. This guidance can be outsourced if the expertise isn't available internally.

❖ **College environment :**

- ✓ There should be incentives for students to create an atmosphere. The more time students spend at college the better the sense of belonging gets and the likelier they are to contribute towards the institution.
- ✓ Students should not be discouraged from taking initiatives that are non academic.
- ✓ If the institute wants to create engineers that are aware citizens it must realise that students should be given freedom to create, cultivate and nurture forums for open discussions.

❖ **Mentorship :**

- ✓ Alumni mentorship with coordination of internal mentors can help in better development through regular alumni meets and sessions for guidance/training

- ✓ Better support for students wishing to go for masters by providing training and guidance
- ✓ More support from SPTBI for entrepreneurial students - Incubation / Investment / Training
- ✓ Mentors from industries to guide students and give them an idea of what kind of work goes on in the industry
- ✓ Support to students taking part in National level competitions academically and financially.
- ✓ Promote more participation towards hackathons

Curriculum Design

Nearly one third of the respondents have expressed their views on curriculum design. There is a view that we need to get aligned with IITs and Foreign Universities for the curriculum structure. Extensive feedback has been summarized below :

- ✓ An exposure on the Business Verticals (FSI, HCLS and so on) which are common in the IT sector
- ✓ Basics of Finance and Accounting : Not transition to industry, but in general a personal finance course would be very beneficial. Teaching about investing in UG would be useful for students so that they start early.
- ✓ More programming languages and Programming related Courses
- ✓ Courses/seminar on SDLC and Security
- ✓ Greater focus on ML, AI, Blockchain, Deep Learning, Data Science, Statistics including practical courses
- ✓ More in-depth knowledge for core subjects like data structures and algorithms
- ✓ Enhanced coding experience.
- ✓ Increase mock interview sessions
- ✓ New technology subjects, better core electronics placements.
- ✓ Hands on Application development. Java and JavaScript Udemy courses
- ✓ Include practical sessions for git, deployment processes on Linux servers, including newer web development technologies in curriculum,
- ✓ Increase Offering of Interdisciplinary subjects. Bringing back ABL activities.

- ✓ MOOC courses can be offered to be completed in Semester breaks there by being allotted credits for. MOOC courses especially related to Programming and Analytics
- ✓ Adding specialization option in third and final year
- ✓ College hours should be reduced to 3-4 hrs per day giving students the time to self learning.
- ✓ Each semester should have a group project activity. This will have an impact on students to co-operate and explore better. "
- ✓ Need to focus on employability / improving skillsets required for placements / attempting for foreign universities.
- ✓ More emphasis on coding for placement
- ✓ Soft skills training has to be consistent. Keeping a subject or two in the final semester leading up to placements will not help.

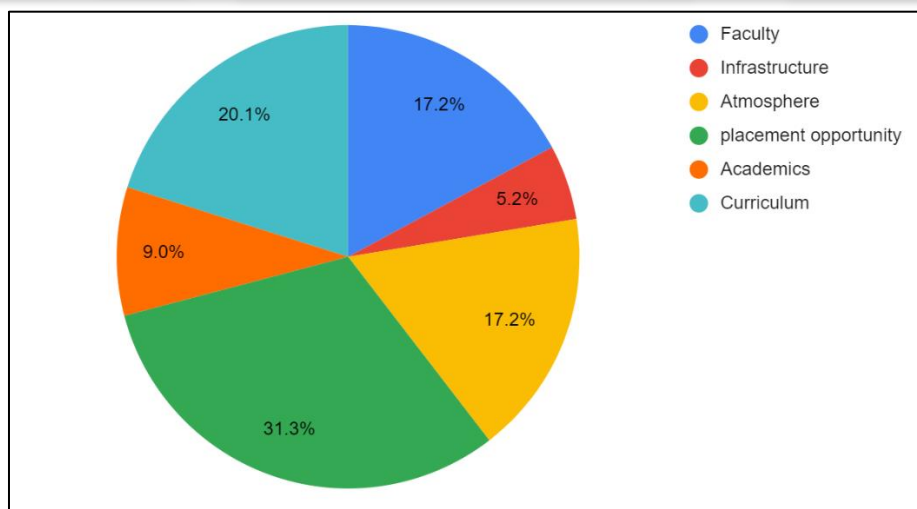

Projects : Specific feedback has also been provided on projects. These include

- ✓ Students can be required to work on Industry - like projects "
- ✓ Greater importance to projects
- ✓ Live projects
- ✓ Better guidance for projects
- ✓ Live Projects of 1 year duration as scope of live projects are large enough which takes time to build
- ✓ More Independent Projects
- ✓ More project & assignment based approach rather than long tiring lectures

Miscellaneous :

- ✓ Digitization and better administration to avoid unnecessary delays in processing of documents etc. Better infrastructure has also been sought in the form of canteens, hostels, maintenance of computers and so on

VII. Strengths

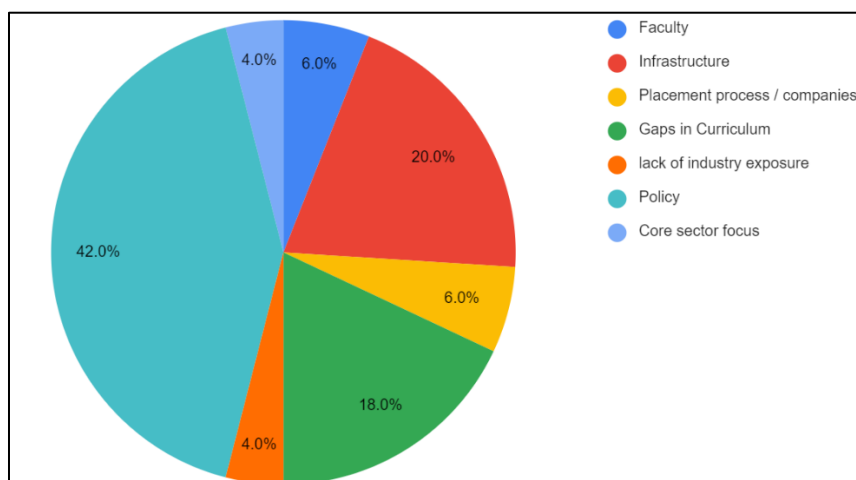

- ❖ **Faculty** : 17% of the respondents have stated the faculty of S.P.I.T as its greatest strength. The experience faculty and their interaction with students has been acknowledged in the feedback
- ❖ **College Environment** : Another 17% of the respondents have cited the atmosphere at S.P.I.T to be excellent for learning with a very good peer group, of students who are socially responsible, and a very good relationship between seniors and juniors. The institute' atmosphere is very conducive to learning and the institute is also supportive towards student growth
- ❖ **Placement Opportunities** : the biggest strength of the institute is the excellent placement opportunities according to nearly one third of the respondents. Placements at top MNCs, students going to top universities for higher studies with the institute bridging the gap between academics and industry as well as preparing the students for higher studies have been cited as some of the contributing factors
- ❖ **Curriculum** : 20% of the respondents have given a big thumbs up for the curriculum at S.P.I.T. Some of the highlights are summarized below :
 - ✓ Encouragement towards patents / papers and additional projects / scope courses
 - ✓ Activities like ABL , trouble shooting competition etc "
 - ✓ Scope and Extra curricular courses
 - ✓ Real Life Practical Subjects
 - ✓ Very good curriculum for each subject
 - ✓ Cognizant of the industry and it's requirements & thus designs curriculum.
 - ✓ Great collaborations specially with premier institutions (SPJIMR)

- ✓ Project approach
- ✓ Autonomous Institution
- ✓ Better and Up to date curriculum
- ✓ Focus on Academic and Practical Education , Industry Relevance , Involvement of SCOPE courses to supplement academics instead of conventional academic ones, Encouraging and Supportive Professors , Extra curricular activities like ABL , Yoga , Design thinking
- ✓ Exposure to various competitions
- ✓ Upto date with new technologies"
- ✓ Last semester Internship for category 1 students.
- ✓ The Scope program helped gain wider perspective both in terms of advanced development as well as additional fields like finance (tie up with SPJIMR).

❖ **Other strengths** that have been highlighted include infrastructure related like classrooms, computer labs, good laboratories, library facilities, best practices in academics with all rules and regulations being followed and so on.

VIII. Weaknesses

- ❖ **Policies :** The biggest chunk of responses on the weakness front is the one related to institute policy on variety of issues. These are highlighted below :
- ✓ Attendance rules seem to be a major source of dissatisfaction amongst students. Compulsory attendance even during placement times should be avoided. It is felt

that there is too much focus on submissions, documentation and other formalities.

- ✓ Frequent internal assessments don't leave much room for personal learning through online platforms."
- ✓ Giving too much importance to some rules which are not that significant such as mandatory attendance
- ✓ Grievances related to any matter are not handled properly. Office and examination staff is very stubborn. Curriculum is advanced however jobs are not offered for core Electronics jobs.
- ✓ Extra curricular activities are not given much priority due to attendance related issues
- ✓ College refund policies for NPTEL and other MOOC courses is not regulated properly"
- ✓ Tedious processes for submissions. Can be easily automated using technology.
- ✓ Changing rules & regulations
- ✓ General management and planning especially when introducing newer changes to curriculum and program
- ✓ The students should be provided with better assistance in selecting final year project topics as well as ensuring industrial level development is done. Otherwise the project is just treated as a part of curriculum and nothing new is learnt from it.

❖ **Gaps in curriculum**

- ✓ Curriculum focuses too much on marks and not enough on co-curricular activities like hackathons or competitive coding
- ✓ Less/No importance on Data structures and algorithms for non Computer branches. (DSA is a standard topic, a must for software companies)
- ✓ No encouragement for students to use open source technologies.

❖ **Miscellaneous :**

- ✓ Other miscellaneous feedback on weaknesses include lack of support from support staff, office staff and infrastructure issues like lack of hostel facilities and canteen facilities.

- ✓ More preparation for placement process is being sought and students have also complained about the lack of companies from the core sector in the placement process.

PARENTS FEEDBACK ANALYSIS 20-21

HIGHLIGHTS

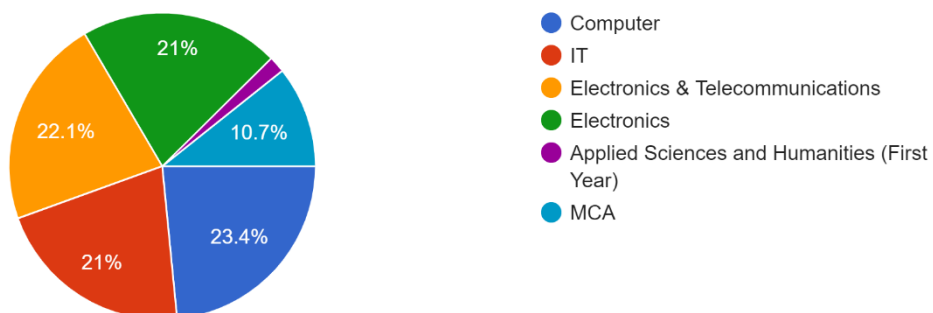

Most parents have expressed satisfaction on the various parameters covered in the feedback questionnaire. Few parents have also admired and expressed their pride at securing admission for their wards at S.P.I.T. While most of the responses are positive, some parents have given suggestions for improvements. The most common suggestion is for reduction of workload especially in the online mode. The compressed semesters and online teaching, exams and assessments seem to have taken a toll on the free time of students not allowing them to pursue other hobbies, interests and non-academic pursuits. A request has been made for not scheduling lectures, assignments, tests etc during weekends and public holidays. Some other suggestions include commencement of offline classes especially laboratory sessions, reduction of fees for online classes, greater involvement of parents in their ward's activities, and so on. A detailed analysis of feedback is provided below.

METHODOLOGY

The feedback questionnaire was framed so as to cover all aspects of the institute including vision, mission, overall comfort level of the students, holistic development, academic and exam processes, gender sensitivity and inclusivity, extra-curricular activities and so on. The feedback form was shared with the parents of all the undergraduate and postgraduate students and a total of 292 respondents contributed to the feedback process.

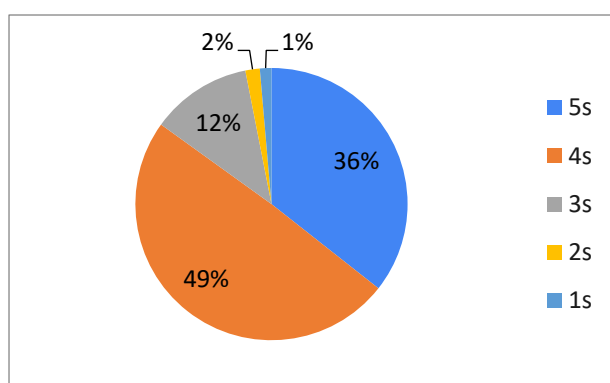

The department-wise responses of parents of undergraduates and postgraduates is given below. Parents of many first year students have chosen the respective branch names instead of the Applied Sciences and Humanities department due to which the ASH department is showing up negligible contribution to the feedback exercise. Most departments are evenly represented in the feedback exercise.

Department
290 responses

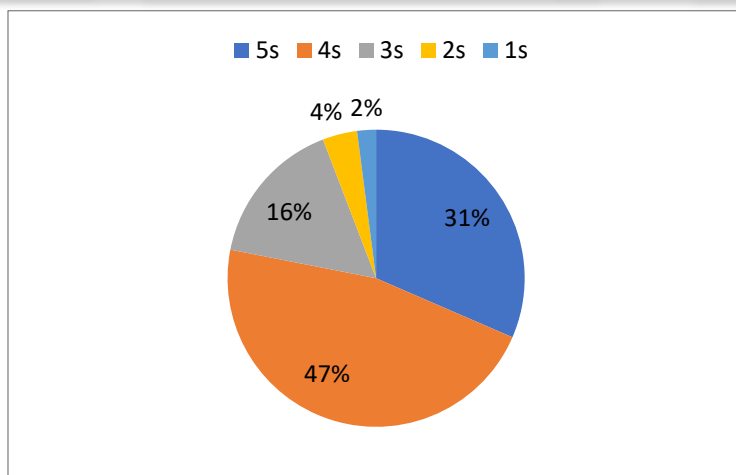

FEEDBACK ANALYSIS

1. S.P.I.T as compared to other engineering colleges

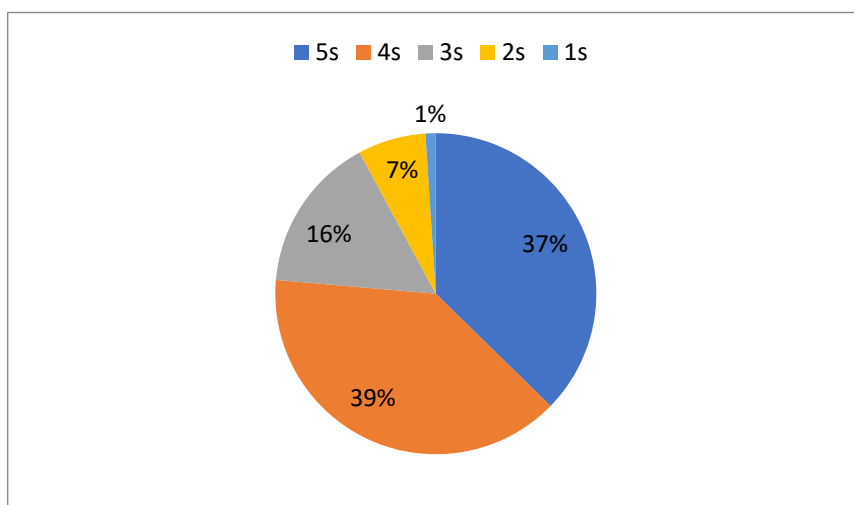

Nearly 85% of the respondents have rated the institute higher than other such institutions in the area.

2. Creation of awareness about Indian values, ethics, social and environmental responsibility

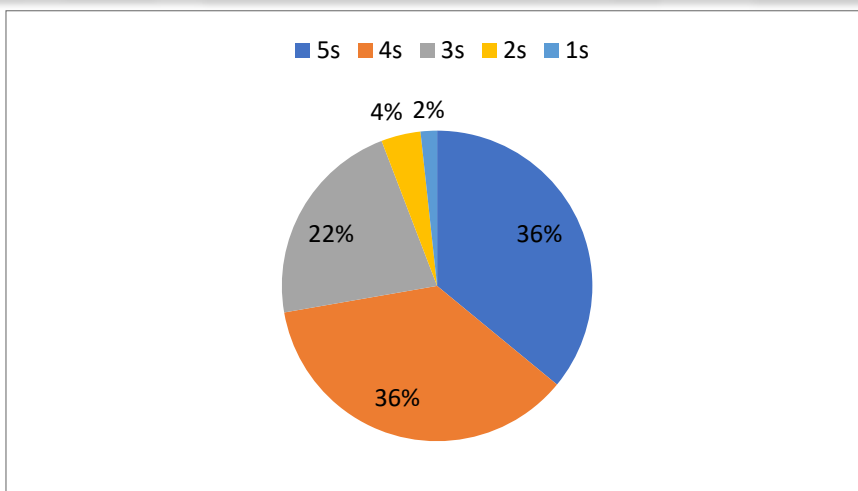

3. Overall comfort level of your son / daughter with respect to faculty / teaching / gender equality / social equality / etc

Nearly 75% of the respondents have expressed satisfaction at the overall comfort level of their wards which is a very important factor in the overall development of the students.

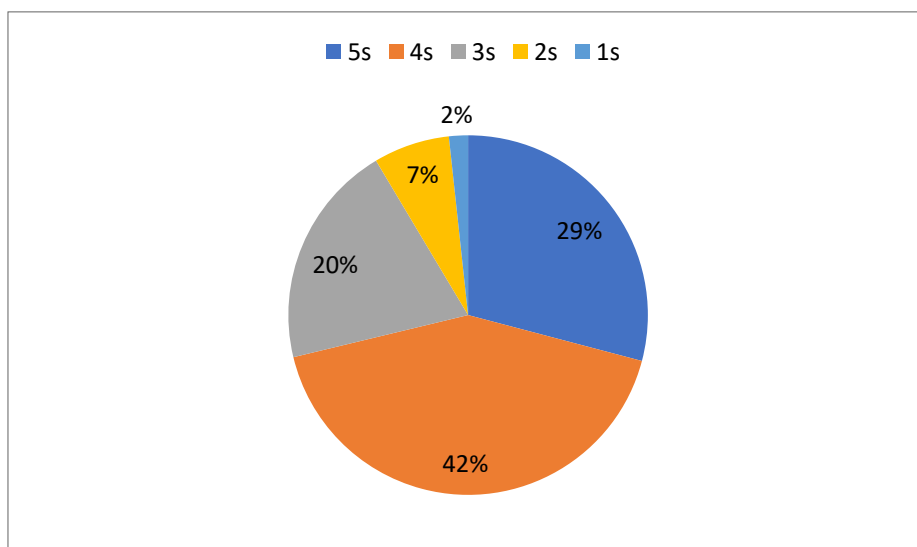

4. Student encouraged to participate in intercollegiate events like hackathons, coding competitions, debates etc.

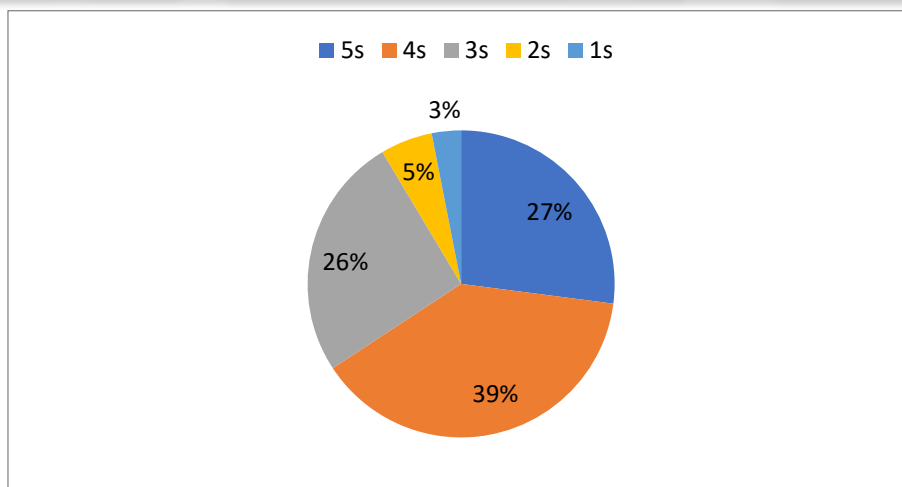

About 70% of the responses have expressed satisfaction at the involvement of students in intercollegiate events.

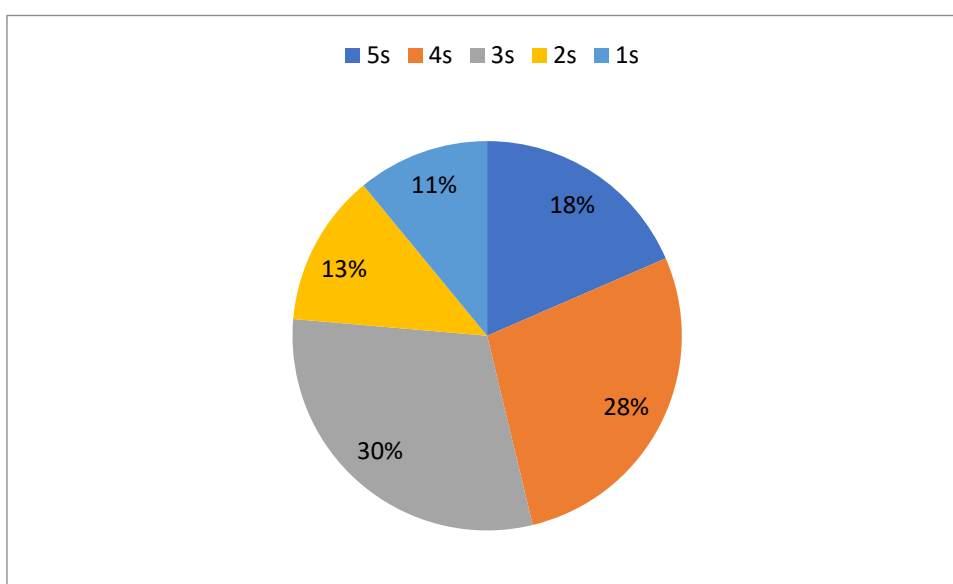

5. Alignment of curriculum / syllabus at S.P.I.T with industry needs and enough to get a placement?

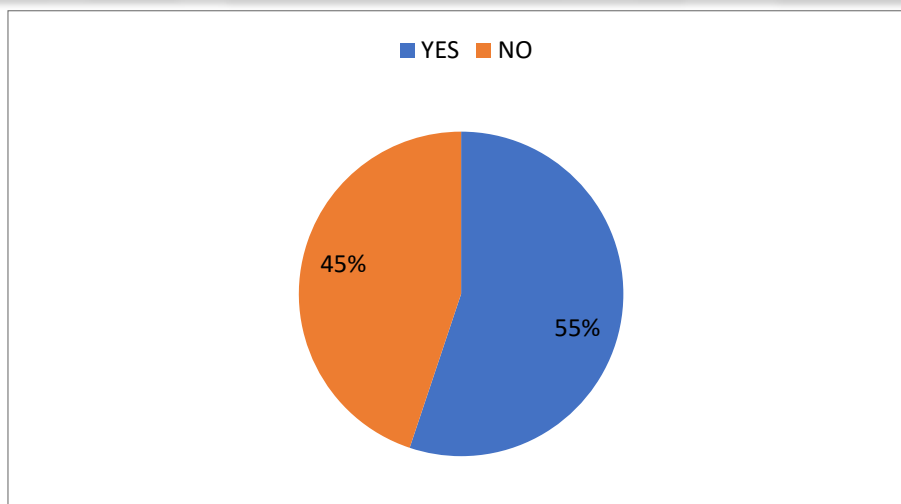

6. S.P.I.T Curriculum allows the student to explore his / her areas of interest

7. Availability of time devoted to extracurricular (sports, cultural) and co-curricular activities?

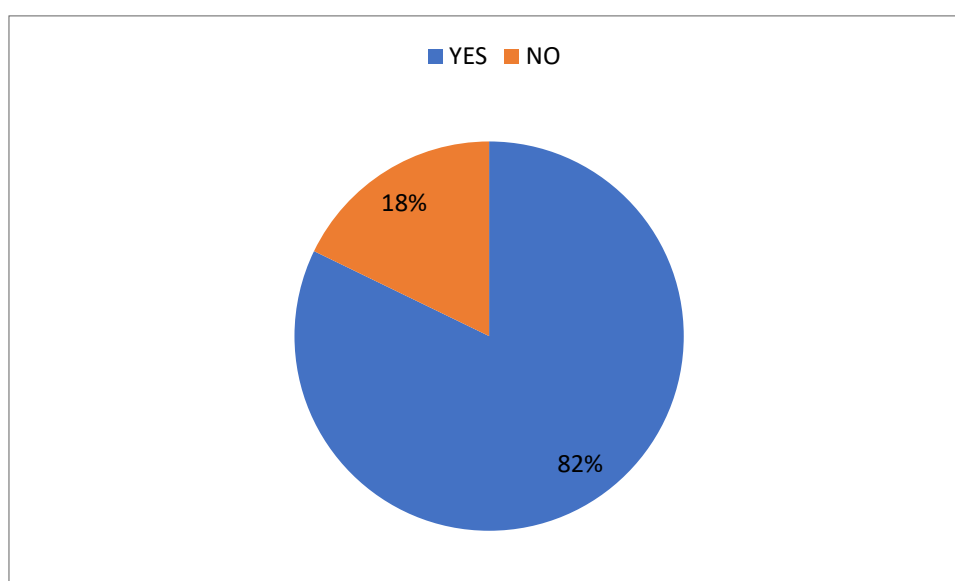

8. Is your son / daughter able to devote time for areas other than academics?

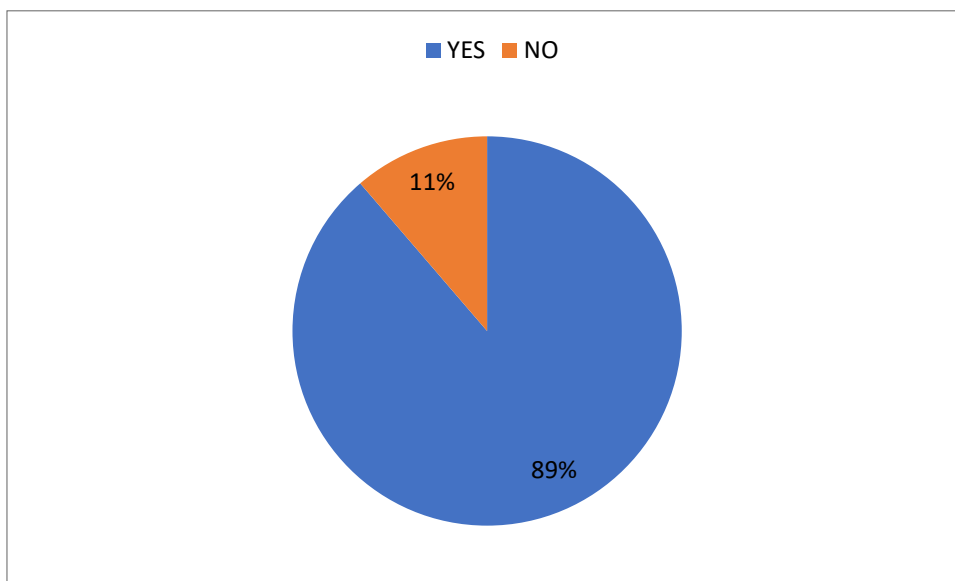

The response to questions 7 & 8 is a matter of concern as less than 60% of the respondents have expressed satisfaction with the workload demands. Similarly, more than 45 % respondents have stated that the demands of academics are preventing the students from taing interest and participating in non-academic pursuits. This is also in line with feedback for improvements as parents have raised a lot of concern on the long hours of academics, exams and assignments especially in online mode.

9. Are you satisfied with the quality of online exams and assessment? (is the result in line with your expectations?)

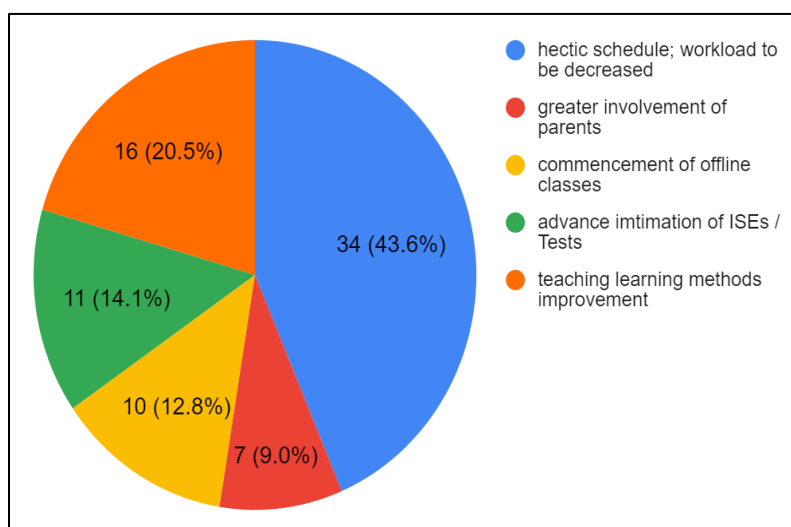

Our exam system has been appreciated by parents as more than 80% have expressed satisfaction with the examination process. A few stray feedback has been received in suggestions for improvements.

10. Are you satisfied with the information / announcements displayed on college website from time to time?

11. Suggestions for improvements

While most parents have not given any suggestions, some suggestions have come from many parents:

1. There is a very strong request made to decrease the workload of students especially in online mode during the pandemic. Nearly 50% of the parents who have provided suggestions for improvements have complained about the hectic schedule of the students.
2. Many parents have also requested for greater involvement in their ward's academic lives. They have requested for parent teachers meetings, exam notifications, result notifications and other such important updates.
3. A strong case has also been made for resuming classes especially lab sessions in offline mode
4. Regarding the exam system, many parents have requested advance intimation in written about exam / tests dates and syllabus
5. Many parents have requested slight modification in teaching learning methods some of which have been reproduced below :

• Student's views should also be considered for method of evaluation of CGPA.
• Try of turn student camera ON during lecture
• Keep a separate faculty who will be responsible for recording and uploading lectures
• Mechanism for the institute to check whether classes are engaging and interesting for students, this is applicable for Online classes
• The subject-wise scores for a student should be made available to the parents after each semester gets over.
• Please keep exam levels moderate. Due to very hard exams, the honest students who do not copy are facing unnecessary troubles and getting less marks. • Six semester internship has put lot of pressures on many students as they have just completed 2 years of engineering and not prepared as of now. • Making project groups in offline college is easy but as college is online, many students are facing issue while forming groups for various subjects.
• Revealing students corrected ESE paper so as to the student know where he/she has made mistake
• If possible conduct lab work during lab session and give students the rest time to explore by themselves.
• Provide lab practical video lecture from laboratory instead of software simulation

• There can be better coordination between the departments and within the departments. The result declaration was delayed which is leading to unnecessary delays for my son applying for further studies.
• Better Teaching in Online Mode. The teachers must try to recreate the classroom environment. Inspiration can be taken from teachers using boards and other methods of teaching - widely available on youtube.
• References books

EMPLOYER FEEDBACK ANALYSIS 2020-21

In the year 2020-21 the placements were held online for the first time. Despite Covid-19 and the critical environment, we were able to conduct drives of 60+ companies. In addition to this, the drives were also conducted with SP TBI startup and few off-campus startups.

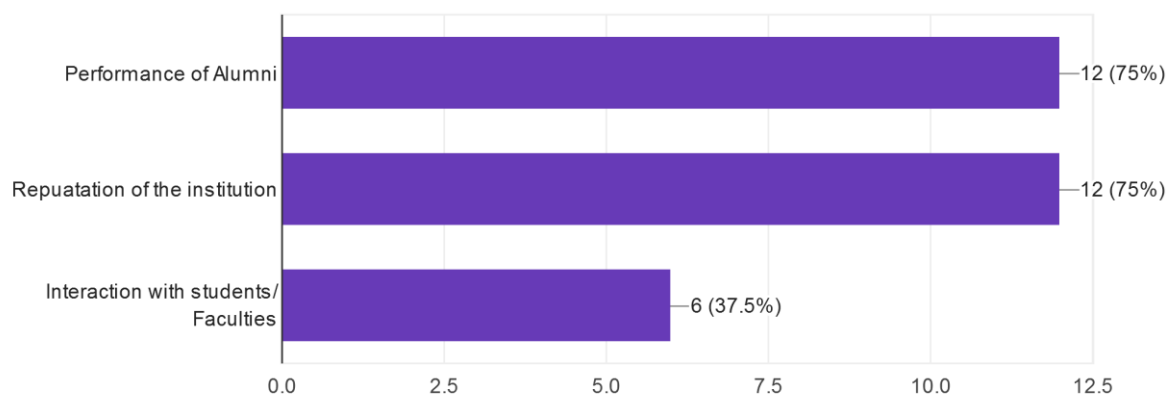

The feedback shows that most of our recruiters were happy with the students' performance. Student's attitude and overall knowledge was at par with the panel's expectation.

METHODOLOGY

The feedback questionnaire was framed so as to cover all aspects of the institute which includes performance evaluation, interaction quality with mentors, suggestion invites, alumni participation, hospitality, etc. The feedback form was shared with our employers for their valuable feedback.

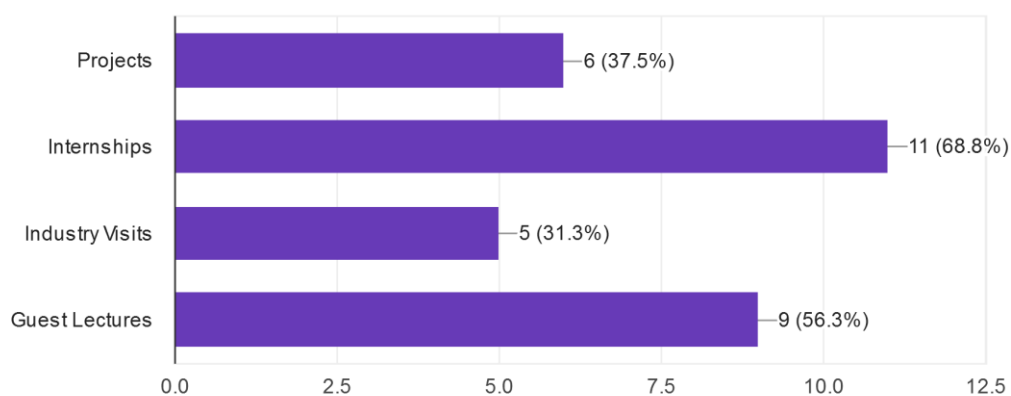

Please indicate the reasons from the following for considering Sardar Patel institute if Technology for Campus Recruitment

16 responses

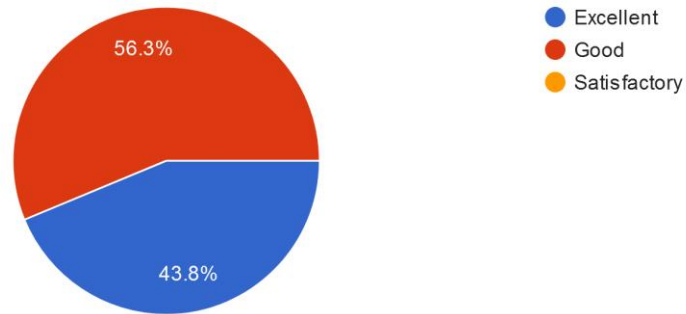

Any other way(s) in which you would like to interact with our students/faculty members:

16 responses

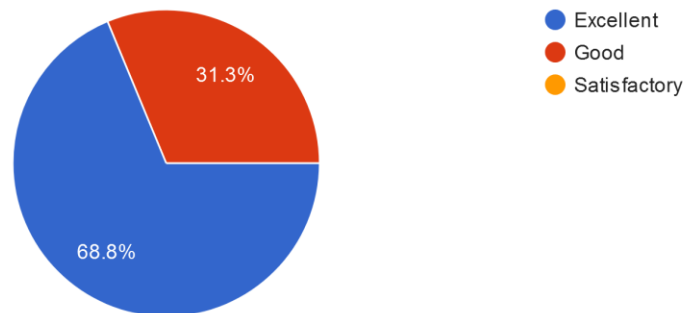

How do you find their performance in general?

16 responses

How did you find overall hospitality/interaction of the Training and Placement cell?

16 responses

Do you have any of our Alumni working with your organization?
