MINUTES

The 12th Meeting of the Board of Governors was held on 27rd July 2022 at 11:00 a.m, in offline mode. On the behalf of the institute, the principal welcomed the Chairman and other esteemed members of the Governing Body. Following members of the GB attended the meeting:

- | | | | |
|----|----------------------|---|-----------------------------------|
| 1. | Prof. Sessa Iyer | - | Chairman |
| 2. | Shri. Asif Mulla | - | Member, Management Nominee |
| 3. | Shri. Suresh Mhatre | - | Member, Management Nominee |
| 4. | Prof. V. M. Gadre | - | Member, from academia |
| 5. | Prof. Y.S. Rao | - | Teaching Member [Attended online] |
| 6. | Prof. B.N. Chaudhari | - | Member Secretary |

Following members were granted the leave of absence:

- | | | | |
|----|-----------------------|---|----------------------------------|
| 1. | Prof. Ranjan Banerjee | - | Management Nominee |
| 2. | Prof. Pramod Naik | - | Nominee of State Government |
| 3. | Prof. Manju Singh | - | UGC Nominee |
| 4. | Shri Rahul Chari | - | Member, from industry |
| 5. | Prof. Prachi Gharpure | - | Management Nominee |
| 6. | Prof. S. G. Bhirud | - | Mumbai University representative |

1. Confirmation of the minutes of 11th Meeting of the Governing Body held on 23rd April 2022 in online mode.

The minutes of the 11th meeting of the Governing Body were circulated to the honorable members through email prior to the meeting and were also annexed as annexure A of the Agenda of 12th meeting. Prof. Gadre and Shri Mhatre appreciated the detailed commentary written capturing all discussions that took place during the meeting. They suggested to take this on record.

Resolution 01/12: The minutes of the 11th meeting of the GB as enclosed in annexure A of the Agenda are confirmed.

SL 1/8

Bharatiya Vidya Bhavan's

Munshi Nagar, Andheri(W), Mumbai – 400 058.

2. Action Taken Report for the 11th Meeting of the Governing Body

Actions taken on the resolutions of the 11th Meeting of the Governing Body were enclosed as annexure B of the agenda of 12th meeting. The Principal narrated the action taken. Members expressed their satisfaction over the actions taken.

Resolution 02/12 : The Governing Body has noted the actions taken over the minutes of the 11th meeting as enclosed in annexure B of the agenda.

3. Budget Approval for the year 2022-23.

The meeting of finance committee took place on 23rd July 2022 at 10:00 am in offline mode. The budget for the 21-22 (actual receipts and the expenditure) and the budget estimate for the year 22-23 was tabled for the discussions. The finance committee had given approval for the budget. The budget and the minutes of the finance committee meeting were enclosed as annexure C of the agenda. Principal narrated the highlights of the budget and summarized that in 2021-22 financial year, institute observed a surplus of Rs. 3.9 crore (post depreciation). Total revenue was 25.08 Crore and the total expenditure amounted to 19.98 crores. This resulted a surplus of 5.1 Crore and with 1.2 Crore depreciation a net surplus is Rs. 3.9 Crore. This financial year (2022-23) we will have more revenue due to increase in intake, more expenditure due to the civil works undertaken, and anticipated offline full functioning of the institute. The anticipated receipt and expenditure is 29.02 Crore and 29.68 Crore respectively making a deficit of Rs. 0.66 crore and net deficit after depreciation Rs. 1.86 crores.

The Chairman inquired about the impact of the surplus budget on the fees revision. The principal informed that the fees of the year 23-24 will be decided on the expenditure of the year 21-22. The fees for the year 22-23 will be based on the expenditure of the year 20-21. He has informed that the institute has submitted the proposal for the fees revision to the FRA and is awaiting its decision. Further he suggested that since 21-22 is a surplus budget, we will go for fees retention if permitted by the FRA. The expenditure of the financial year 22-23 will decide the institute fees for year 24-25.

The Chairman further inquired about the fees receivable from the Government. Principal informed that for the financial year 20-21, approximately Rs. 4 crores are pending. Similarly for the financial year 21-22, fees amounting to Rs. 6 crores are receivable from the Government. Principal pointed out that the budget also includes the purchase of the vehicle for the institute. Shri Mhatre suggested to go for the fuel-efficient vehicle to reduce the maintenance costs. He expressed that one-time cost is not an issue and suggested to go for the decent vehicle. With these discussions, the Members of the Governing Body ratified the minutes of the 6th meeting of finance committee and approved the budget for the year 2022-23.

Resolution 03-A/12 : The Governing Body has ratified the minutes of the 6th meeting of the finance committee.

Handwritten signature and date 2/8

Resolution 03-B/12 : The Governing Body has approved the budget for the financial year 2022-23

4. Faculty appointments for year 2022-23.

Principal briefed the GB regarding the present faculty position at SPIT. He also informed about the actions taken by the institute to curb the expenditure during the Covid period. He explained the need to induct few faculty members to take care of academic assignments and maintain STR of 1:20 as desired by AICTE. He has explained why it is not possible to target the 1:15 STR since present percentage of salary expenditure in terms of the total expenditure has reached 78 %. He suggested that this year institute may need @ 12 faculty members for the academic year 2022-23. He informed that institute shall try to induct Ph.D qualified faculty. This will help the institute in NIRF ranking and NBA/NAAC accreditation. Further, he suggested that the lumpsum salary to be paid be based on qualifications and experience. He suggested the payment between Rs. 50,000/- to Rs. 90,000/- as shown in the Table 1 below.

Table 1: Fixed consolidated salary for Adhoc faculty members

Sr. No	Qualification	Experience	Amount per month
01	Ph.D in Engineering	Nil	80,000/-
02	Ph.D in Engineering	2 years	85,000/-
03	Ph.D in Engineering	4 years	90,000/-
04	M.E/M.Tech from IITs/NITs/NIRF top 100 institutions with GATE score	Nil	70,000/-
05	--do--	2 years	75,000/-
06	--do--	4 years	80,000/-
07	Ph.D in Sciences, Mathematics and Arts, NET/SET	Nil	70,000/-
08	--do--	2 years	75,000/-
09	--do--	4 years	80,000/-
10	PG and NET/SET	Nil	50,000/-
11	--do--	2 years	55,000/-
12	--do--	4 years	60,000/-

Shri Mhatre commented that if for an assistant professor, Ph.D qualification is not mandatory, we may prefer PG qualified teachers. The Chairman suggested that since we are the institute running PG and Ph.D programs too, we should go for Ph.D candidates if available. The Principal explained how increase in Ph.D qualified faculty helps in the NIRF ranking and accreditation process.

Munshi Nagar, Andheri(W), Mumbai – 400 058.

Resolution 04/12 : The Governing Body approves the induction of ad hoc faculty members as per the academic needs and empowers the principal to make such need based appointments time to time in consultation with the Chairman.

5. Starting Micro-Specialization Programs at SPIT.

Principal has given the background for this proposal and narrated the rationale. He submitted that the SPIT wishes to launch Micro-Specialization Certificate programs in association with the IBM, TCS, Coursera, with an objective of empowering the institute students as well as outside students. To begin with it is proposed to start a Micro-Specialization in Data Science, AI&ML, Cloud Computing, Network Security, I²OT, and Electric Vehicle Technology. Out of these, I²OT and EVT will be designed and offered by SPIT faculty in consultation with the industry. It is anticipated this will increase the connect of SPIT, Visibility of SPIT and it will also help the needy students from the layer 2, and layer 3 cities, who are struggling for employment. Besides these, it will help institute to increase its IRG.

The GB members welcomed this idea and given approval for offering these certification programs from Jan. 2023 for learners inside or outside the campus.

Resolution 05/12 : The Governing Body approves the induction of Micro-Specialization Certificate Programs in emerging areas either designed in house or in collaboration of industry, for SPIT or outside students. It further empowers the Principal of the institute to decide the fees for such programs, case to case basis.

6. Faculty transfer within the institute

The principal explained the necessity and need for internal faculty transfers. He pointed out that the institute has (a) merged few undergraduate programs (b) started two undergraduate programs. He informed the board about the homework he has made to facilitate the internal transfers. He informed the board that he had discussed this in the open meetings with all faculty members of the institute. He invited the interests of faculty members to join the new department. Many faculty members have already positively responded to his appeal and come forward to join the new department. He informed that now the institute will have following departments.

- Department of Applied Science [Catering to the first-year engineering]
- Department of Computer Engineering [UG-120 intake, PG-18 intake]
- Department of Electronics and Telecommunication [UG-120 intake, PG-18 intake].
- Department of Computer Science and Engineering [UG-120 intake]
- MCA Department [PG-60 intake]

He informed that since the faculty members have voluntarily come forward to join the new department of Computer Science and Engineering, and since the new UG

4/8

Munshi Nagar, Andheri(W), Mumbai – 400 058.

programs have entered in the second year, it is necessary to make the internal faculty transfer.

The Chairman suggested to take care of the roster issues. Shri Mhatre sir suggested that due care should be taken related with seniority. Principal explained that we need to revisit the faculty positions in totality. We need to prepare the faculty requirements as per the revised norms, prepare the roster as per the latest rules, get it approved from the University of Mumbai and then only appointments can take place. He requested for approval of temporary transfers till the new appointments take place.

Resolution 06/12 : The Governing Body empowers the head of the institute to do the temporary internal faculty transfers in order to comply the faculty norms.

7. Study Leave/Flexibility for faculty pursuing Ph.D program.

This point was not discussed and deferred for the next meeting

8. Collapsing PG Education-Cause and Mitigation.

The principal briefed the current PG and Ph.D enrollment. He listed out the possible reasons as follows;

- Extremely stretched admission schedule of the State Government. We begin admissions almost when first term is over in the rest of the country.
- High tuition fees.
- Good employment scenario in the market.
- Less visibility of the institute outside the Mumbai
- Start of online PG programs at a few institutions of world repute.

He informed the GB about the deliberations and discussions he initiated with senior faculty of the institute to address this challenge. He briefed about the suggestions from the faculty of the institute such as;

- Systematic campaign and advertisement.
- Looking for industry partner and running a dedicated PG program for that industry.
- Starting an integrated PG program in one or two domains to ensure the guaranteed admissions.
- Reduction in tuition fees in the form of the scholarships.
- Reduction in tuition fees for Ph.D program

With this briefing he requested for the guidance from the Governing Body. Shri Mhatre sir inquired whether the reduced fees shall recover the expenses towards the PG. Principal replied that rarely PG costs are recovered from the fees. As to run one PG program two faculty members are required-one at a level of Professor and one at a level of Associate Professor. Often the salary expenditure is more than the fees

collected even if 100% seats are filled. The Chairman has suggested to work out on the cost on session basis.

Resolution 08/12 : The Governing Body takes a note of this and directs the institute to work out the PG education cost on session basis and resubmit the proposal.

9. Appointment of Estate Manager, Manager-Network Infrastructure, System administrator

The principal has given the background for this proposal. He explained the present scenario. At present institute has Civil Supervisor who is a full-time regular employee and takes care of all sorts of civil works, electrical works, supervising cleaning services, security services, lift /AC/water cooler maintenance, furniture and fixture maintenance of entire institute. He takes care of all new works as well as all maintenance works. It is becoming increasingly difficult to get work done from him with in the time. Often the quality and the time are hampered. He further pointed out that this year the institute has already planned a new civil work of 3.5 crores and Maintenance works of nearly 1.0 crore. He requested to appoint Estate manager with industry experience in full time or part time basis to accelerate the pace of the works, to ensure the quality of the works undertaken, to ensure the measurements, to supervise the major works, and also to supervise the services provided by the servicing agencies. Similarly, it was proposed to hire a Network Administrator, Linex System administrator and Website developer to manage the entire computer networking, server farm, website, email services, software license management.

The chairman inquired what will happen to civil supervisor. Answering to this query, the principal pointed out that present civil supervisor will report to the estate manager. Then the Chairman suggested to hire a "Project Manager" on year-on-year basis to take care of the projects undertaken.

Shri Mhatre sir suggested not to hire system administrator or network administrator. He suggested to outsource this work to external agencies which undertake such works. He remarked that often hired people stay only for 1-2 years, get trained and then leave the institute.

Resolution 09-A/12 : The Governing Body directs to change the title of post to "Project Manager" and approves appointment on this post on year on year basis. It empowers the head of the institute to make this appointment in consultation with the Chairman.

Resolution 09-B/12 : The Governing Body does not approve the induction of Manager-Network infrastructure and System Administrator. It suggests outsourcing this work to external agency, instead.

Munshi Nagar, Andheri(W), Mumbai – 400 058.

10. To consider the inquiry report.

The report submitted by Geetanjali Prabhu, inquiry officer in the chargesheet issued to Dr. Hemant Vasaikar, Assistant Professor, was circulated to all members of the Governing Body. The Chairman suggested that this being a serious matter would need a considerable time for discussions. He suggested to convey next meeting of the GB, within a month so that this can be discussed at a sufficient length. All members unanimously agreed to this. Thus, the item was deferred for the next meeting.

Resolution 10/12 : The Governing Body defers this agenda item for the next meeting. It directs the institute to convey the next Governing Body meeting within the month mainly for this item, ensuring sufficient time for the discussions.

11. Result and Placement Statistics.

The Principal presented the result and placement statistics. He invited the attention of the members of the GB towards the fact that during Covid time, the institute has not observed any abnormality in the results, as experienced by most of the institutions. He appreciated support of his faculty members, their hard work and vigilance, zeal towards maintaining the sanctity of the examinations. Further he informed that while most of the institutions had an adverse impact on their placements, SPIT has observed a rise of 24 % during the Covid period in terms of the Average CTC of the campus. The members noted and appreciated the efforts of the institute. Members congratulated Principal for these achievements.

Resolution 11/12 : The Governing Body put on record the appreciation of faculty members for maintaining the sanctity of examinations and demonstrating the growth in the placement parameters during the extraordinary time of Covid. It congratulates the Principal for these results.

12. Rotation of Heads of the Departments, Deans and Faculty Representatives on the Governing Body.

Principal narrated the underlying principle for the rotation of the Heads, Deans and Faculty Representatives on the GB. He suggested that for a small institute like SPIT having 60 faculty members, the present 5 positions of the Deans are not justified. He informed that normally after every 3 years, new nominations are carried out. Since the first nomination of deans was done in 2017, it is overdue now. He briefed about the homework he has already carried out such as initiating in formal discussions with the senior colleagues to catch their perceptions, took feedbacks from few faculty. Similarly, a review was taken regarding the work carried out by each Dean in past few years. He suggested to have 3 Deans positions as follows;

- Dean Academics and Research [AR]
- Dean Student Welfare, Alumni and External Relations [SWAER]
- Dean Administration and Quality Assurance [AQS]

8/7/8

**Bharatiya Vidya Bhavan's
SARDAR PATEL INSTITUTE OF TECHNOLOGY**

(Autonomous)

Munshi Nagar, Andheri(W), Mumbai – 400 058.

The Chairman appreciated the steps already carried out and suggested that for a small institute it is appropriate to do this informally taking opinion from senior faculty members. Principal shared his experiences with COEP and SPCOE.

Resolution 12/12 : The Governing Body approves the number and nomenclature of Dean positions in the institute. It empowers the head of the institute to do nominations on different positions of HoDs, Deans, etc. in consultation with the Chairman.

13. Any other item, with the permission of Chair.

With the permission of the Chairman, approval for the write-off lists was sought. The Principal narrated the procedure followed. The lists of recommended write-off items, department wise were circulated on the spot. Initially department committees proposed the items for write off after due inspection. At institute level a committee was formed to visit the departments and check the items. The institute level committee checked these lists and have recommended the items for write off. Members appreciated these efforts and commented that this should be done frequently so that space is made available for the new equipment and furniture.

Resolution 13/12 : The Governing Body approves the lists circulated for the write-off and directs the institute to initiate the auction at the earliest.

The principal thanked all members for their presence in person, active participation in the discussions and the guidance. With the permission of the chair, the meeting was adjourned.
