Parents Feedback (2019-20)

2 responses

[Publish analytics](#)

Particulars

 [Copy](#)

■ Poor ■ Average ■ Good ■ Very Good ■ Excellent

Name the courses that is directly/indirectly related to current job scenario.

2 responses

- Algorithms and data structures and the ability to develop pseudo codes effectively.
- Strong grasp on one programming language and the tools available for RAD using the programming language also knowing additional languages and/or working with databases is beneficial.
- Effective Communication Skills and related Soft Skills.
- Good Knowledge about Finance and related industry.

Security, DBA

Now Rate it accordingly with a,b,c,d sequence

Suggestions for further improvement

1 response

1. Focus more on languages/tools/databases that are used by the industry such as GIT.
2. Introduce students to ERP systems, AI, Cloud Computing and at least basics about Mainframes as still a lot of companies are using Mainframes as their back-end (This is moving to cloud at rapid pace but it will take an entire generation for full transition).
3. Include more financial courses (more about technical part such as Blockchain Technology) because of the evolution of Crypto Currency and adaptation by Banks to include more technology into their ecosystem (Eg. Finacle by Infosys is used by several PSBs) and Fin-Tech companies like ShareKhan and Zerodha which offer Online Trading Facilities.

Sardar Patel Institute of Technology

(An Autonomous College Affiliated to University of Mumbai)

Bhavan's Campus, Munshi Nagar, Andheri (West), Mumbai 400058, India

Program: All

Bharatiya Vidya Bhavan's
SARDAR PATEL INSTITUTE OF TECHNOLOGY
Munshinagar, Andheri(W), Mumbai – 400 058.
(Autonomous Institute Affiliated to University of Mumbai)

PARENTS FEEDBACK:

The institution collects the feedback on perception, Mission of the institute, curriculum aspects, Teaching Learning, Infrastructure from different stakeholders such as the students, alumni, Faculty and Employers. Institution established Academic Council in order to ensure and analyze the academic excellence at student and faculty levels.

SPIT thoroughly reviews the curriculum for every academic year. The college maintains an IQAC as a quality consistence and quality enhancement measure. Various departments and committees work for Career Guidance, Anti-Ragging and Sexual Harassment Committee, etc. reinforce the curriculum by incorporating suggestions from various stake holders and experts.

The college conducts annual Alumni Meet, in which suggestions and feedback is received from Alumni students. Feedback from industry/ recruiters and professionals is obtained through department feedback committee. The provided feedback data is analyzed and incorporated for necessary implementation in curriculum.

PARENTS FEEDBACK ANALYSIS 20-21

HIGHLIGHTS

Most parents have expressed satisfaction on the various parameters covered in the feedback questionnaire. Few parents have also admired and expressed their pride at securing admission for their wards at S.P.I.T. While most of the responses are positive, some parents have given suggestions for improvements. The most common suggestion is for reduction of workload especially in the online mode. The compressed semesters and online teaching, exams and assessments seem to have taken a toll on the free time of students not allowing them to pursue other hobbies, interests and non-academic pursuits. A request has been made for not scheduling lectures, assignments, tests etc during weekends and public holidays. Some other suggestions include commencement of offline classes especially laboratory sessions, reduction of fees for online classes, greater involvement of parents in their ward's activities, and so on. A detailed analysis of feedback is provided below.

METHODOLOGY

The feedback questionnaire was framed so as to cover all aspects of the institute including vision, mission, overall comfort level of the students, holistic development, academic and exam processes, gender sensitivity and inclusivity, extra-curricular activities and so on. The feedback form was shared with the parents of all the undergraduate and postgraduate students and a total of 292 respondents contributed to the feedback process.

The department-wise responses of parents of undergraduates and postgraduates is given below. Parents of many first year students have chosen the respective branch names instead of the Applied Sciences and Humanities department due to which the ASH department is showing up negligible contribution to the feedback exercise. Most departments are evenly represented in the feedback exercise.

A handwritten signature in blue ink, appearing to read "Sandhya", with a horizontal line underneath it.

FEEDBACK ANALYSIS

1. S.P.I.T as compared to other engineering colleges

Nearly 85% of the respondents have rated the institute higher than other such institutions in the area.

2. Creation of awareness about Indian values, ethics, social and environmental responsibility

Sanjay

3. Overall comfort level of your son / daughter with respect to faculty / teaching / gender equality / social equality / etc

Nearly 75% of the respondents have expressed satisfaction at the overall comfort level of their wards which is a very important factor in the overall development of the students.

4. Student encouraged to participate in intercollegiate events like hackathons, coding competitions, debates etc.

About 70% of the responses have expressed satisfaction at the involvement of students in intercollegiate events.

Schudhi

5. Alignment of curriculum / syllabus at S.P.I.T with industry needs and enough to get a placement?

6. S.P.I.T Curriculum allows the student to explore his / her areas of interest

Schudhi

7. Availability of time devoted to extracurricular (sports, cultural) and co-curricular activities?

8. Is your son / daughter able to devote time for areas other than academics?

The response to questions 7 & 8 is a matter of concern as less than 60% of the respondents have expressed satisfaction with the workload demands. Similarly, more than 45 % respondents have stated that the demands of academics are preventing the students from taking interest and participating in non-academic pursuits. This is also in line with feedback for improvements as parents have raised a lot of concern on the long hours of academics, exams and assignments especially in online mode.

Shruti

9. Are you satisfied with the quality of online exams and assessment? (is the result in line with your expectations?)

Our exam system has been appreciated by parents as more than 80% have expressed satisfaction with the examination process. A few stray feedback has been received in suggestions for improvements.

10. Are you satisfied with the information / announcements displayed on college website from time to time?

Signature

11. Suggestions for improvements

While most parents have not given any suggestions, some suggestions have come from many parents:

1. There is a very strong request made to decrease the workload of students especially in online mode during the pandemic. Nearly 50% of the parents who have provided suggestions for improvements have complained about the hectic schedule of the students.
2. Many parents have also requested for greater involvement in their ward's academic lives. They have requested for parent teachers meetings, exam notifications, result notifications and other such important updates.
3. A strong case has also been made for resuming classes especially lab sessions in offline mode
4. Regarding the exam system, many parents have requested advance intimation in written about exam / tests dates and syllabus
5. Many parents have requested slight modification in teaching learning methods some of which have been reproduced below :

• Student's views should also be considered for method of evaluation of CGPA.
• Try of turn student camera ON during lecture
• Keep a seperate faculty who will be responsible for recording and uploading lectures
• Mechanism for the institute to check whether classes are engaging and interesting for

A handwritten signature in blue ink, appearing to be "Sardar", with a long horizontal line extending to the right.

students, this is applicable for Online classes
• The subject-wise scores for a student should be made available to the parents after each semester gets over.
• Please keep exam levels moderate. Due to very hard exams, the honest students who do not copy are facing unnecessary troubles and getting less marks.
• Six semester internship has put lot of pressures on many students as they have just completed 2 years of engineering and not prepared as of now.
• Making project groups in offline college is easy but as college is online, many students are facing issue while forming groups for various subjects.
• Revealing students corrected ESE paper so as to the student know where he/she has made mistake
• If possible conduct lab work during lab session and give students the rest time to explore by themselves.
• Provide lab practical video lecture from laboratory instead of software simulation
• There can be better coordination between the departments and within the departments. The result declaration was delayed which is leading to unnecessary delays for my son applying for further studies.
• Better Teaching in Online Mode. The teachers must try to recreate the classroom environment. Inspiration can be taken from teachers using boards and other methods of teaching - widely available on youtube.
• References books

PARENTS FEEDBACK ANALYSIS : 2021-22

Parent
F/B
Sample

INTRODUCTION

S.P.I.T. collects the feedback on perception, Mission of the institute, curriculum aspects, Teaching Learning, Infrastructure from different stakeholders such as the Parents, students, alumni, Faculty and Employers. The Institution has established the Academic Council in order to ensure and analyze the academic excellence at student and faculty levels. The institute thoroughly reviews the curriculum for every academic year. The college maintains an IQAC as a quality consistence and quality enhancement measure. Various departments and committees work for Career Guidance, Anti-Ragging and Sexual Harassment Committee, etc. reinforce the curriculum by incorporating suggestions from various stakeholders and experts. The college conducts annual Alumni Meet, in which suggestions and feedback is received from Alumni students. Feedback from industry/ recruiters and professionals is obtained through department feedback committee. The provided feedback data is analyzed and incorporated for necessary implementation in curriculum and other developments.

Parent feedback is important for an engineering institute because it provides valuable insights into the experiences and expectations of the students' families. This information can help the institute identify areas where they are doing well and areas where they can improve, which can ultimately lead to a better overall learning experience for the students. Additionally, parent feedback can help the institute feel more connected to the families and foster a stronger sense of community.

METHODOLOGY

A google form was designed based on a template developed by the IQAC and circulated among parents of all students belonging to UG as well as PG program. The feedback was divided into different categories like perception, Institute's adherence to its mission statement, Curriculum, Teaching, Learning and Student performance, and Infrastructure and Facilities with few questions under each category. A total of 52 parents responded to the survey with 98% of the responses from the UG category.

FEEDBACK ANALYSIS

Perception

Nearly 82% of the parents expressed pride at their ward being students of S.P.I.T. while 90% of the parents have appreciated the learning environment especially in online mode

Samir

Nearly 95% parents also feel that employability is the one of the prime focus areas of S.P.I.T

Mission Statement

Feedback was collected from parents on various aspects of our mission statement which is as follows :

- Provide high quality education in engineering and technology promoting the Indian Values and Ethos that will prepare the participants to lead lives of personal integrity and civic responsibility in a global society.
- Promote an Educational Environment that combines academic study with the excitement of intellectual curiosity for engineers of tomorrow.
- Enhance career opportunities for students through Industry-Institute interaction, value-added courses and projects in cutting edge technology.
- Inculcate Entrepreneurial mindset in students to make them job creators.
- Focus on applied research to create next generation technologies.

The responses are outlined below:

Curriculum

Most parents feel that the curriculum gets the students ready for industry by imparting analytical and reasoning skills as well as language and soft skills apart from technical competencies required by industry at the same time providing academic flexibility and facilitating holistic development of students.

Teaching, Learning and Students Performance

Most parents are satisfied with the quality of teaching offered and mentorship and career guidance being provided by S.P.I.T

Signature

They have also expressed satisfaction with the information dissemination system of the institute and the unbiased evaluation process.

Infrastructure

Parents have rated the various infrastructure parameters of S.P.I.T as follows

Shruti

Handwritten signature

Suggestions for improvement

Some of the suggestions given by parents include timely declaration of results, regular update about their ward's performance, effective design of timetable which ensures students do not waste time in between lectures and use their time more efficiently. Parents have also suggested that equal emphasis should be placed on placements and higher education and students interested in higher education should be mentored as effectively as their placement counterparts. They have suggested that the Institute should invite foreign universities for seminars and guidance on admission processes there. Many parents from across the state have requested development of suitable hostel facilities

Samalhi
